I. SUMMARY OF THE MANDATE

On July 31, 2009, the Commission on State Mandates (Commission) adopted a Statement of Decision finding that the test claim statutes impose a partially reimbursable state-mandated program upon school districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. The Commission approved this test claim for the following reimbursable activities:

- Reporting to the State Department of Education the reasons why training is not provided, whenever school districts do not train their employees specified in Penal Code section 11165.7, subdivision (a), in the duties of mandated reporters under the child abuse reporting laws. (Pen. Code, § 11165.7, subd. (d).)
- Informing a selected member of the staff of specified requirements prior to the interview whenever a suspected victim of child abuse or neglect is to be interviewed during school hours, on school premises, and has requested that a staff member of the school be present at the interview. (Pen. Code, § 11174.3, subd. (a).)

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Penal Code section 11167.5. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school.

II. ELIGIBLE CLAIMANTS

Any "school district" as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate is eligible to claim reimbursement. Charter schools are not eligible claimants.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, subdivision (e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The test claim was filed on June 28, 2002, establishing eligibility for fiscal year 2000-2001. Therefore, costs incurred for compliance with this mandate are reimbursable on or after July 1, 2000.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560, a school district may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. In the event that revised claiming instructions are issued by the Controller pursuant to Government Code section 17558, subdivision (c) between November 15 and February 15, a school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

- Reporting to the State Department of Education the reasons why training is not provided, whenever school districts do not train their employees specified in Penal Code section 11165.7, subdivision (a), in the duties of mandated reporters under the child abuse reporting laws. (Pen. Code, § 11165.7, subd. (d).)¹
- Informing a selected member of the staff of the following requirements prior to the interview whenever a suspected victim of child abuse or neglect is to be interviewed during school hours, on school premises, and has requested that a staff member of the school be present at the interview:

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Penal Code section 11167.5. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Pen. Code, § 11174.3, subd. (a).)²

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

¹ Added by Statutes 1987, chapter 1459; amended by Statutes 1991, chapter 132, Statutes 1992, chapter 459, Statutes 2000, chapter 916, Statutes 2001, chapter 133 (urgency), and Statutes 2001, chapter 754. Reimbursement for this activity begins July 1, 2000, based on the test claim filing date; the reimbursable activity was not substantively altered by later operative amendments.

² Added by Statutes 1987, chapter 640, and amended by Statutes 1998, chapter 311, Statutes 2000, chapter 916. Reimbursement for this activity begins July 1, 2000, based on the test claim filing date; the reimbursable activity was not substantively altered by later operative amendments.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter³ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

Child Abuse and Neglect Reporting

01-TC-21

San Bernardino Community College District, Claimant

STAFF ANALYSIS

Background and Summary of the Mandate

The test claim statutes require certain professionals, including teachers and other education professionals to report suspected child abuse to local law enforcement or child welfare authorities.

The claimant filed the test claim on June 28, 2002. The Commission on State Mandates (Commission) adopted a statement of decision on July 31, 2009 and the parameters and guidelines on July 29, 2010.¹ The Commission found that the test claim statute and regulations constitute a new program or higher level of service and impose a state-mandated program on school districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

Eligible claimants were required to file initial reimbursement claims for fiscal years 2000-2001 through 2008-2009 with the State Controller's Office (SCO) by February 1, 2011 and for fiscal year 2009-2010 by February 15, 2011. Claims filed more than one year after the applicable deadline will not be accepted.

Eligible Claimants and Period of Reimbursement

Any "school district" as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate is eligible to claim reimbursement. Charter schools are not eligible claimants.

The period of reimbursement for this program begins on July 1, 2000.

¹ Exhibit A.

Reimbursable Activities

This test claim was filed by a community college district. The Commission found that there were no reimbursable activities imposed on community college districts, but it did find that activities were imposed on school districts. The following is a summary of those activities described more fully in the parameters and guidelines attached hereto as Exhibit A:

- Reporting to the State Department of Education the reasons why training is not provided, whenever school districts do not train their employees specified in Penal Code section 11165.7(a), in the duties of mandated reporters under the child abuse reporting laws. (Pen. Code, § 11165.7(d).)²
- Informing staff members of their responsibilities prior to the interview whenever a suspected victim of child abuse or neglect is to be interviewed during school hours, on school premises, and has requested that a staff member of the school be present at the interview:

Statewide Cost Estimate

Staff reviewed the claims data submitted by two school districts. Based on this data, staff made the following assumptions and used the following methodology to develop a statewide cost estimate for this program.

Assumptions

- *The actual amount claimed for reimbursement may increase and exceed the statewide cost estimate.*

There are 1047 K-12 school districts in California. Of those, only two filed reimbursement claims for this program between 2001 and 2010. However, other eligible claimants could file reimbursement claims if they receive reports of child abuse or neglect, which could increase the cost of the program.

- *The total amount of reimbursement for this program may be lower than the statewide cost estimate, because the SCO may reduce any reimbursement claim for this program*

The SCO may conduct audits and reduce any claims it deems to be excessive or unreasonable.

- *There may be several reasons that non-claiming school districts did not file for reimbursement, including but not limited to:*
 - The Commission approved only a portion of this program as a mandate. Therefore, some school districts cannot reach the \$1,000 threshold for filing reimbursement claims.
 - School districts did not have supporting documentation to file a reimbursement claim.

² Added by Statutes 1987, chapter 1459; amended by Statutes 1991, chapter 132, Statutes 1992, chapter 459, Statutes 2000, chapter 916, Statutes 2001, chapter 133 (urgency), and Statutes 2001, chapter 754. Reimbursement for this activity begins July 1, 2000, based on the test claim filing date; the reimbursable activity was not substantively altered by later amendments.

Methodology*Fiscal Years 2009-2010*

The statewide cost estimate for fiscal year 2009-2010 was developed by totaling the two actual reimbursement claims filed with the SCO for that year.

The statewide cost estimate includes one fiscal year for a total of \$10,638. Following is the total cost per fiscal year:

Fiscal Year	Number of Claims Filed with SCO	Estimated Cost
2009-2010	2	\$10,638
TOTAL	2	\$10,638

Staff Recommendation

Staff recommends the Commission adopt the proposed statewide cost estimate of **\$10,638** for costs incurred in complying with the *Child Abuse and Neglect Reporting* program.

I. SUMMARY OF THE MANDATE

On July 31, 2009, the Commission on State Mandates (Commission) adopted a Statement of Decision finding that the test claim statutes impose a partially reimbursable state-mandated program upon school districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. The Commission approved this test claim for the following reimbursable activities:

- Reporting to the State Department of Education the reasons why training is not provided, whenever school districts do not train their employees specified in Penal Code section 11165.7, subdivision (a), in the duties of mandated reporters under the child abuse reporting laws. (Pen. Code, § 11165.7, subd. (d).)
- Informing a selected member of the staff of specified requirements prior to the interview whenever a suspected victim of child abuse or neglect is to be interviewed during school hours, on school premises, and has requested that a staff member of the school be present at the interview. (Pen. Code, § 11174.3, subd. (a).)

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Penal Code section 11167.5. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school.

II. ELIGIBLE CLAIMANTS

Any "school district" as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate is eligible to claim reimbursement. Charter schools are not eligible claimants.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, subdivision (e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The test claim was filed on June 28, 2002, establishing eligibility for fiscal year 2000-2001. Therefore, costs incurred for compliance with this mandate are reimbursable on or after July 1, 2000.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560, a school district may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. In the event that revised claiming instructions are issued by the Controller pursuant to Government Code section 17558, subdivision (c) between November 15 and February 15, a school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

- Reporting to the State Department of Education the reasons why training is not provided, whenever school districts do not train their employees specified in Penal Code section 11165.7, subdivision (a), in the duties of mandated reporters under the child abuse reporting laws. (Pen. Code, § 11165.7, subd. (d).)¹
- Informing a selected member of the staff of the following requirements prior to the interview whenever a suspected victim of child abuse or neglect is to be interviewed during school hours, on school premises, and has requested that a staff member of the school be present at the interview:

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Penal Code section 11167.5. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Pen. Code, § 11174.3, subd. (a).)²

V. CLAIM PREPARATION AND SUBMISSION

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter³ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
