Contra Costa Community College District, Claimant

**STAFF ANALYSIS**

**Background and Summary of the Mandate**

The test claim statutes, regulations and executive order involve determining student residence status and nonresident student tuition fee charges or waivers at community colleges.

The claimant filed the test claim on May 23, 2003. The Commission on State Mandates (Commission) adopted a statement of decision on March 27, 2009, and parameters and guidelines on October 30, 2009.<sup>1</sup> The Commission found that the test claim statutes and executive orders impose a partially reimbursable state-mandated program upon community college districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

---

<sup>1</sup> Exhibit A.

Eligible claimants were required to file initial reimbursement claims with the State Controller's Office (SCO) by May 11, 2010.

### Eligible Claimants and Period of Reimbursement

Any "community college district" as defined in Government Code section 17519, which incurs increased costs as a result of this mandate, is eligible to claim reimbursement.

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The Contra Costa Community College District filed the test claim on May 23, 2003, establishing eligibility for reimbursement on or after July 1, 2001. The costs incurred for compliance with most of the mandated activities are reimbursable on or after July 1, 2001. However, portions of the Education Code, the registers, and the revised guidelines from the Chancellor's Office became effective on different dates after July 1, 2001, as described in the parameters and guidelines attached hereto as Exhibit A.

### **Reimbursable Activities**

The Commission approved the following activities for reimbursement: adopting rules and regulations on the method of payment for nonresident tuition; determining residence classification; providing nonresident students with notice of nonresident tuition fee charges; determining exemptions from paying nonresident tuition; waiving mandatory fees for a student who is the surviving dependent of an individual killed in the September 11, 2001 attacks; and notifying students of residence classification decisions and appeal procedures. These activities are described more fully in the parameters and guidelines attached hereto as Exhibit A.

### **Statewide Cost Estimate**

Staff reviewed the claims data submitted by 12 community college districts and compiled by the SCO. The actual claims data showed that 1082 claims were filed between fiscal years 2001-2002 and 2009-2010 for a total of \$6,179,742.<sup>2</sup> Based on this data, staff made the following assumptions and used the following methodology to develop a statewide cost estimate for this program.

#### Assumptions

- *The actual amount claimed for reimbursement may increase and exceed the statewide cost estimate.*

There are 72 community college districts in California. Of those, only 12 filed reimbursement claims for this program between 2001 and 2009. However, other eligible claimants could file reimbursement claims, which could increase the cost of the program. Initial claims were due by May 11, 2010; late claims were due by May 11, 2011.

- *The total amount of reimbursement for this program may be lower than the statewide cost estimate because the SCO may reduce any reimbursement claim for this program. There is a wide variation in costs claimed for this program. Therefore, an SCO audit of this program may be warranted.*

Staff reviewed the claims data and found a wide variation in costs among claimants. The program requires districts to determine whether students are qualified for lower in-state tuition fees. Therefore, there appears to be a connection between the cost of the program

---

<sup>2</sup> Claims data reported as of June 1, 2011.

and the size of the district's student population. Nevertheless, for fiscal year 2002-2003 Santa Clarita Community College, with a student population of 23,636, submitted claims for \$203,578. In contrast, Los Rios Community College District, with a student population of 115,864, submitted claims totaling \$5,189. Based on the wide variation in costs claimed, an SCO audit of the claims may be warranted to reduce any claims it deems to be excessive or unreasonable.

- *There may be several reasons that non-claiming community college districts did not file claims including, but not limited to:*
  - They did not incur more than \$1000 in increased costs for this program.
  - They did not have supporting documentation to file a reimbursement claim.

Methodology

*Fiscal Years 2000-2001 through 2009-2010*

The statewide cost estimate for fiscal years 2000-2001 through 2009-2010 was developed by totaling the 102 actual reimbursement claims filed with the SCO for these years.

The statewide cost estimate includes nine fiscal years for a total of \$6,179,742. This averages to \$686,638 annually in costs for the state for this nine year period. Following is a breakdown of estimated total costs per fiscal year:

<b>Fiscal Year</b>	<b>Number of Claims Filed with SCO</b>	<b>Estimated Cost</b>
2001-2002	9	\$475,140
2002-2003	11	\$571,497
2003-2004	11	\$629,328
2004-2005	11	\$678,167
2005-2006	12	\$771,160
2006-2007	12	\$821,439
2007-2008	12	\$827,080
2008-2009	12	\$642,515
2009-2010	12	\$763,416
<b>TOTAL</b>	<b>102</b>	<b>\$6,179,742</b>

**Staff Recommendation**

Staff recommends the Commission adopt the proposed statewide cost estimate of **\$6,179,742** for costs incurred in complying with the *Tuition Fee Waivers* program.

Adopted: October 30, 2009

### *Tuition Fee Waivers*

02-TC-21

Contra Costa Community College District, Claimant

#### **I. SUMMARY OF THE MANDATE**

The test claim statutes, regulations and executive order involve determining student residence status and nonresident student tuition fee charges or waivers at community colleges, including students who are members of the armed forces; military dependents, aliens; graduates of Bureau of Indian Affairs schools; public school employees holding a valid credential; Native Americans; amateur student athletes at the Olympic Training Center; federal civil service employees and dependents in California due to military mission realignments; nonresident California high school graduates; and dependents of victims of the September 11, 2001 terrorist attacks.

On March 27, 2009, the Commission on State Mandates (Commission) adopted a Statement of Decision finding that the test claim statutes and executive orders impose a partially reimbursable state-mandated program upon community college districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. The Commission approved this test claim for the reimbursable activities listed in Section IV. Reimbursable Activities, on page 3:

## II. ELIGIBLE CLAIMANTS

Any "community college district" as defined in Government Code section 17519, which incurs increased costs as a result of this mandate is eligible to claim reimbursement.

## III. PERIOD OF REIMBURSEMENT

Government Code section 17557, subdivision (e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The Contra Costa Community College District filed the test claim on May 23, 2003, establishing eligibility for reimbursement on or after July 1, 2001. The costs incurred for compliance with most of the mandated activities are reimbursable on or after July 1, 2001. However, portions of the Education Code, the registers, and the revised guidelines from the Chancellor's Office became effective on different dates after July 1, 2001. Therefore costs incurred for compliance with the mandated activities found in these sections are reimbursable on the following dates:

1. Education Code section 68130.5 (Stats. 2001, ch. 814), became effective on January 1, 2002. Therefore, the following activities are reimbursable on or after January 1, 2002.: exempt a student (other than a nonimmigrant alien within the meaning of paragraph (15) of subsection (a) of Section 1101 of title 8 of the United States Code) from paying nonresident tuition if he or she meets the following criteria: (1) high school attendance in California for three or more years; (2) graduation from a California high school or attainment of the equivalent thereof; (3) registers for or is enrolled in a course offered by any college in the district for any term commencing on or after January 1, 2002; (4) in the case of a person without lawful immigration status, the filing of an affidavit with the institution of higher education stating that the student has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.
2. Register 02, No. 25 became effective on June 21, 2002. Therefore the following activity is reimbursable on or after June 21, 2002: completion of a questionnaire form prescribed by the Chancellor and furnished by the district of enrollment verifying eligibility for this nonresident tuition exemption.
3. The Chancellor's Revised Guidelines and Information on AB 540 Exemption from Nonresident Tuition became effective on May 1, 2002. Therefore the following activities are reimbursable on or after May 1, 2002:
  - Retain indefinitely, as Class 1 permanent records, the original certified affidavit and other materials utilized by a district in meeting the certification requirements; or, copying or reproducing by photograph, microphotograph or reproduced on film or electronically the original certified affidavit and other materials utilized by a district in meeting the certification requirements (Chancellor of the California Community Colleges, "Revised Guidelines and Information on AB 540 Exemption From Nonresident Tuition" May 2002, p. 4, par. 20).
  - Refund the student's nonresident tuition if the student is determined eligible for the exemption after he or she has paid nonresident tuition (*Id.*, p. 2, par. 8).

- Discard and replace old questionnaire forms with the newly prescribed Chancellor's form in printed materials for Summer or Fall 2002, unless the district's form is part of a major preprinted document such as a Schedule of Classes. This is a one-time activity (*Id.* at p. 3, par. 14).

Actual costs for one fiscal year shall be included in each claim. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

#### **IV. REIMBURSABLE ACTIVITIES**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

##### **District Governing Board Rules and Regulations on Nonresident Tuition**

- Adopt rules and regulations relating to the method of payment, and the method and amount of refund of nonresident tuition (Ed. Code, § 68051, Stats. 1990, ch. 1372).

##### **Determining Residence Classification**

- Require student applicant to supply, and district to weigh, the residence determination factors: Require student applicants to supply, and for the district to weigh, the following

information to determine the student's residence classification (Cal. Code Regs., tit. 5, § 54024, subd. (e)).<sup>1</sup>

- Ownership of residential property
- Registering to vote in California
- Active membership in service or social clubs.
- Being the petitioner for a divorce in California.

Require a student to supply, and for the district to weigh, information regarding whether the student or the parents of a minor student who relinquished California residence after moving from the state has reestablished residence by one full year of physical presence coupled with demonstrated intent to be a California resident. (Cal.Code Regs., tit. 5, § 54030, Register 82, No. 48 (Nov. 27, 1982) p. 637.)

- Residence classification questionnaires: To revise the residence questionnaire based on a sample residence questionnaire provided by the Chancellor's Office (a one-time activity).

To require the student to supply, and for the district to weigh, the following information in a residence questionnaire to determine the student's residence classification:

- Where the student has maintained his or her home for the last two years and whether the student has engaged in any activity listed in subdivision (f) of section 54024 of the title 5 regulations, i.e., has maintained voter registration in another state and voted in another state; was a petitioner for a divorce in another state, as attended an out-of-state institution as a resident of that other state; has declared nonresidence for state income tax purposes.
- For each student under 19 years of age, consideration of where the parent has lived for the last two years and where the parent has engaged in any activity listed in subsection (f) of section 54024 of the title 5 regulations.
- If the student, or the student's parent if the student is under age 19, has either maintained a home outside of California at any time during the last two years, or has engaged in any activity listed in subsection (f) of section 54024 of the title 5 regulations, the student shall be asked for additional evidence of intent to reside in California such as that identified in subsection (e) of section 54024. (Cal.Code Regs., tit. 5, § 54012, subs. (b), (c) & (d).)<sup>2</sup>
- Financial independence: Determine whether the student is financially independent or dependent, in accordance with Education Code section 68044, when a student is seeking reclassification as a resident who was classified as a nonresident in the preceding term. (Cal. Code Regs., tit. 5, § 54032, subd (a).)<sup>3</sup>

### **Nonresident Tuition Fee**

- Provide nonresident students with notice of nonresident tuition fee charges during the spring term before the fall term in which the change will take effect, and to consider nonresident tuition fees of public community colleges in other states in determining nonresident tuition fees, and to make nonresident tuition fee increases gradual, moderate, and predictable. (Ed. Code, § 76140, subd. (d), Stats. 1989, ch. 985.)

### **Exceptions to Determination of Nonresidence**

The following are entitled to resident tuition or are exempted from paying nonresident tuition:

- Dependent of member of armed forces: Classify as residents for the purpose of determining the amount of tuition and fees those dependents (defined as a natural or adopted child, stepchild, or spouse who is a dependent of a member of the armed forces) of military personnel who retire from active duty after the residence determination date until the student dependent has resided in the state the minimum time necessary to become a resident. (Ed. Code, § 68074, Stats. 1980, ch. 580, Stats. 1989, ch. 900, Stats. 2000, ch. 571.)

- A statement from the military person's commanding officer or personnel officer that: (1) the military person's duty station is in California on active duty as of the residence determination date; or (2) that the military person is outside of California on active duty after having been transferred immediately and directly from a California duty station after the residence determination date; or (3) that the military person has, after the residence determination date, retired as an active member of the armed forces of the United States.
- A statement that the student who qualifies for resident classification as a natural or adopted child or stepchild is a dependent of the military person for an exemption on federal taxes (Cal.Code. Regs., tit. 5, § 54041).<sup>4</sup>

<sup>6</sup> On September 15, 2008, California's Third District Court of Appeal issued an opinion on section 68130.5 (Stats. 2001, ch. 814). The opinion reverses a lower court's decision to grant a demurrer, and holds that plaintiffs stated a viable claim that section 68130.5 conflicts with and is preempted by federal title 8 U.S.C. sections 1623 and 1621. (*Martinez v. Regents of the University of California* (2008) 166 Cal.App.4th 1121.) The case was remanded back to the trial court. If the court ultimately finds that section 68130.5 is invalid, the statute would become void. At that point reimbursement for activities under section 68130.5 would end on the date the court's decision becomes final.

- Refund the student's nonresident tuition if the student is determined eligible for the exemption after he or she has paid nonresident tuition (*Id.*, p. 2, par. 8).
- Discard and replace old questionnaire forms with the newly prescribed Chancellor's form in printed materials for Summer or Fall 2002, unless the district's form is part of a major preprinted document such as a Schedule of Classes. This is a one-time activity (*Id.* at p. 3, par. 14). (These activities are reimbursable on or after May 1, 2002.)
- Alien students: Require a student alien to supply, and for the district to weigh, information on whether the student is precluded from establishing domicile. An alien is precluded from establishing domicile in the United States if the alien: (1) entered the United States illegally; (2) entered the United States under a visa requiring that the alien have a residence outside the United States; or (3) entered the United States under a visa that permits entry solely for some temporary purpose. And for the community college district to determine, for an alien who is precluded from establishing domicile in the United States pursuant to subdivision (b) of section 54045 of the title 5 regulations, whether that alien has (1) taken appropriate steps to obtain a change of status with the Immigration and Naturalization Service to a classification which does not preclude establishing domicile, and (2) met the residence requirements of sections 54020-54024 of the title 5 regulations related to physical presence and the intent to make California home for other than a temporary purpose. #### **Tuition and Fee Waivers for Dependents of Victims of the 9/11 Terrorist Attacks**

- Surviving dependents of victims of 9/11 terrorist attacks: Waive mandatory systemwide fees or tuition of any kind for a student in an undergraduate program who is the surviving dependent (as defined) of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student is determined eligible by the California Victim Compensation and Government Claims Board. The waiver lasts until January 1, 2013, unless the dependent is the surviving child, natural or adopted, of an individual killed in the terrorist attacks of September 11, 2001, in which case the tuition and fees are waived until the person obtains the age of 30 years (Ed. Code, § 68121, Stats. 2002, ch. 450).

#### **Notifying Students of Classification Decision and Appeal Procedure**

- Notification and appeal of classification decision: Notify a student of his or her residence classification not later than fourteen (14) calendar days after the beginning of the session for which the student has applied, or fourteen (14) calendar days after the student's application for admission, whichever is later. (Cal. Code Regs., tit. 5, § 54060, subd. (a); Register 82, No. 48 (Nov. 27, 1982) p. 638.2.)

Establish procedures for appeals of residence classifications (Cal Code Regs., tit. 5, § 54060, subd. (b).)<sup>8</sup>

The Commission also finds that all other statutes, regulations, and executive orders in the test claim do not constitute a reimbursable state-mandated program.

## V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

### A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

#### 1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

#### 2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

#### 3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

#### 4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

#### 5. Travel

<sup>8</sup> Register 82, No. 48 (Nov. 27, 1982) p. 638.2); Register 91, No. 23 (April 5, 1991) p. 336; Register 95, No. 19 (May 19, 1995) p. 336.

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

#### B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

Community colleges have the option of using: (1) a federally approved rate, utilizing the cost accounting principles from the Office of Management and Budget Circular A-21, "Cost Principles of Educational Institutions"; (2) the rate calculated on State Controller's Form FAM-29C; or (3) a 7% indirect cost rate.

### VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter<sup>9</sup> is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

### VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

An amount equal to 2 percent of the fees shall be waived and an amount equal to ninety-one cents (\$0.91) per credit unit shall be waived (Ed. Code, § 76300 subd. (m)(2)) for any student in

an undergraduate program, including a student who has previously graduated from another undergraduate or graduate program, who is the dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, DC, or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if he or she meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either of the following apply: (1) The dependent was a resident of California on September 11, 2001. (2) The individual killed in the attacks was a resident of California on September 11, 2001.

### **VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS**

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

### **IX. REMEDIES BEFORE THE COMMISSION**

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

### **X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES**

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
