Fiscal Years: 2000-2001, 2001-2002, and 2002-2003
Rancho Santiago Community College District, Claimant

Dear Ms. Halsey:

The State Controller's Office (SCO) is transmitting our response to the IRC named above.

The district did not comply with the requirements of the claiming instructions in developing its indirect cost rates. The SCO's adjustment to the indirect cost rates based on the SCO's FAM-29C methodology is supported by the Commission's decisions on previous IRCs (e.g., statement of decision adopted on January 24, 2014, for the San Mateo County and San Bernardino community college districts on this same program). The parameters and guidelines, which were duly adopted at a Commission hearing, require compliance with the claiming instructions. The claiming instructions and related general provisions of the SCO's Mandated Cost Manual provide ample notice for claimants to properly claim indirect costs.

The district offset revenues collected from student health fees rather than by the fee amount the district was authorized to impose. The SCO's reduction of reimbursement to the extent of fee authority is supported by Education Code section 76355, the Commission decisions on previous IRCs, as mentioned above, and the appellate court decision in *Clovis Unified School District v. Chiang*.

TO THE INCORRECT REDUCTION CLAIM BY
RANCHO SANTIAGO COMMUNITY COLLEGE DISTRICT
For Fiscal Year (FY) 2000-01, FY 2001-02, and FY 2002-03**

**Health Fee Elimination Program
Chapter 1, Statutes of 1984, 2nd Extraordinary Session;
and Chapter 1118, Statutes of 1987**

SUMMARY

The following is the State Controller's Office's (SCO) response to the Incorrect Reduction Claim that the Rancho Santiago Community College District submitted on October 2, 2007. The SCO audited the district's claims for costs of the legislatively mandated Health Fee Elimination Program for the period of July 1, 2000, through June 30, 2003. The SCO issued its final report on October 29, 2004 (**Exhibit E**).

The district submitted reimbursement claims totaling \$1,319,583-\$393,704 for FY 2000-01 (\$394,704 less a \$1,000 penalty for filing a late claim), \$518,510 for FY 2001-02, and \$407,369 for FY 2002-03 (**Exhibit H**). Subsequently, the SCO performed an audit for the period of July 1, 2000, through June 30, 2003, and determined that the entire amount is unallowable. The costs are unallowable because the district claimed unallowable costs and understated revenue offsets. The following table summarizes the audit results:

In responding to the draft audit report dated August 31, 2004, the district agreed with Finding 1 – Unallowable Salary and Benefit Costs, Finding 2 – Unallowable Services and Supplies, and Finding 5 – Understated Offsetting Revenues; and disagreed with Finding 3 – Overstated Indirect Costs Rate Claimed and Finding 4 – Understated Authorized Health Fee Revenue Claimed.

In responding to this IRC, the district contests all of the audit adjustments, except for Finding 5.

I. HEALTH FEE ELIMINATION PROGRAM CRITERIA

Parameters and Guidelines – May 25, 1989

On August 27, 1987, the Commission on State Mandates (CSM) adopted the parameters and guidelines for Chapter 1, Statutes of 1984, 2nd Extraordinary Session. The CSM amended the parameters and guidelines on May 25, 1989 (**Exhibit C**), because of Chapter 1118, Statutes of 1987.

Section V. identifies the scope of the mandate and the reimbursable activities as follows:

V. REIMBURSABLE COSTS

A. Scope of Mandate

Eligible community college districts shall be reimbursed for the costs of providing a health services program. Only services provided in the 1986-87 fiscal year may be claimed.

B. Reimbursable Activities

For each eligible claimant, the following cost items are reimbursable to the extent they were provided by the community college district in fiscal year 1986-87 . . . [see Exhibit B for a list of reimbursable items.]

Section VI.B. provides the following claim preparation criteria:

VI. CLAIM PREPARATION

B. Actual Costs of Claim Year for Providing 1986-87 Fiscal Year Program Level of Service

Claimed costs should be supported by the following information:

1. Employee Salaries and Benefits

Identify the employee(s), show the classification of the employee(s) involved, describe the mandated functions performed and specify the actual number of hours devoted to each function, the productive hourly rate, and the related benefits. The average number of hours devoted to each function may be claimed if supported by a documented time study.

2. Services and Supplies

Only expenditures which can be identified as a direct cost of the mandate can be claimed. List cost of materials which have been consumed or expended specifically for the purpose of this mandate.

3. Allowable Overhead Cost

Indirect costs may be claimed in the manner described by the State Controller in his claiming instructions.

Section VII. defines supporting data as follows:

VII. SUPPORTING DATA

For auditing purposes, all costs claimed must be traceable to source documents and/or worksheets that show evidence of the validity of such costs. This would include documentation for the fiscal year 1986-87 program to substantiate a maintenance of effort. These documents must be kept on file by the agency submitting the claim for a period of no less than three years from the date of the final payment of the claim pursuant to this mandate, and made available on the request of the State Controller or his agent.

Section VIII. defines offsetting savings and other reimbursements as follows:

VIII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENTS

Any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, e.g., federal, state, etc., shall be identified and deducted from this claim. This shall include the amount . . . authorized by Education Code Section 72246 for health services [now Education Code Section 76355].

SCO Claiming Instructions and Filing Instructions

The SCO annually issues claiming instructions, which contain filing instructions for mandated cost programs. The September 2002 claiming instructions provide indirect cost claiming instructions (Tab 3). The September 2002 indirect cost claiming instructions are believed to be, for the purposes

and scope of the audit period, substantially similar to the version extant at the time the district filed its FY 2000-01, FY 2001-02 and FY 2002-03 mandated cost claims.

II. THE DISTRICT CLAIMED UNALLOWABLE SALARIES AND BENEFITS

Issue

The district claimed unallowable salaries and benefits totaling \$143,836 for the audit period.

The district claimed the salary and benefit costs of employees funded by state categorical funds (restricted revenues) totaling \$117,847 as follows:

- An employee funded by the Academic Senate totaling \$34,051;
- Employees funded by the Partnership for Excellence I program totaling \$32,998;
- Employees funded by the Partnership for Excellence II program totaling \$16,824; and
- Employees funded by the Matriculation program totaling \$33,974.

In addition, the district claimed unsupported costs for a school psychologist totaling \$25,989. The district used a 60% rate to allocate the employee's work time to the health services center; the time records supported only a 45% rate.

SCO Analysis:

The program's parameters and guidelines specify that community college districts shall be reimbursed only for costs of health services programs that are traceable to supporting documentation that shows evidence of the validity of such costs.

Additionally, the parameters and guidelines specify that any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. They also state that reimbursement for this mandate received from any source (e.g., federal, state, etc.), shall be identified and deducted from this claim.

District's Response

The audit report asserts that the District "overstated" employee salary and benefit costs in the amount of \$143,836 for the three fiscal years audited....The audit report asserts that the legal basis for these adjustments is that the "Parameters and Guidelines specifies that community college districts shall be reimbursed only for costs of health services programs that are traceable to supporting documentation showing evidence of the validity of such costs." This citation merely asserts that reported costs must be traceable to supporting documentation and does not explain why these amounts funded by other programs are unallowable. . . .

Partnership in Excellence Funding

The audit report treats the Partnership in Excellence funding as a reduction of the costs claimed without citing factual or legal reason for this treatment. . . .

The Partnership in Excellence program funds were not "a direct result" of the statute which established the requirement to maintain the student health services program...The Partnership in Excellence funds are by statute a supplement to regular community college state funding, similarly allocated based on FTE's, and may be applied as desired by each community college as long as the use of the funds meets the goals of the Partnership in Excellence program. Since these funds are not a specific reimbursement for the student health services program, they, cannot reduce the amounts claimed.

Academic Senate and Matriculation Funding

This is a reappropriation of funds from other general ledger accounts to fund positions providing services to the student health services program. . . .Therefore, these funding sources cannot reduce the amount claimed.

Psychologist Allocation

The District allocated 60% of the costs for a psychologist to provide personal needs counseling to students...The documentation provided by the District supports the type of services provided and the allocation to the student health services program. . . .

Source Documentation

Since no reason related to the mandated activities was stated to explain the disallowance of these specific employees, it appears that the entire basis of the Controller's adjustments is the quantity and quality of District documentation. . . .The salary and benefits were reported in the District general ledger in the normal course of financial accounting pursuant to state mandated financial accounting procedures. . . .Thus, the District has provided documentation generated in the usual course of business as well as generated for the purpose of claiming mandate reimbursement.

Unreasonable or Excessive

None of the adjustments were made because the costs claimed were excessive or unreasonable. The audit report does not assert that the claimed costs were excessive or unreasonable, which is the only mandated cost audit standard in statute (Government Code Section 17561(d) (2)). It would therefore appear that this finding is based upon the wrong standard for review. If the Controller wishes to enforce other audit standards for mandated cost reimbursement, the Controller should comply with the Administrative Procedures Act.

SCO's Comment

Our audit report disclosed that the district claimed unallowable salaries and benefits totaling \$143,836 for the audit period. The unallowable costs occurred because the district claimed salary and benefit costs of employees that were funded by state categorical funds (i.e., Academic Senate, Partnership for Excellence I, Partnership for Excellence II, and Matriculation) totaling \$117,847. In addition, the district claimed unsupported costs of a psychologist totaling \$25,989. The adjustments total \$143,836. These adjustments were discussed with Rennie Velasquez, Director of Accounting, and Judy Strong, Senior Accountant on April 12, 2004. In responding to the draft audit report dated, August 31, 2004, the district agreed with this finding.

Partnership in Excellence, Academic Senate, and Matriculation Funding

We prepared a summary worksheet identifying employees funded by state categorical funds (restricted revenues) for each fiscal year of the audit period. This worksheet ("Summary of Salary Costs with Other Funding Sources") breaks down the unallowable costs found under the four different funding sources. The funding sources were obtained from the district's Transaction Listing, SC85F3 payroll reports, Personnel Data Maintenance printouts, and Academic/Administrative Employee Status Change Forms for FY 2000-01, FY 2001-02, and FY 2002-03.

As for the benefits claimed, the district provided the Transaction Listing for each fiscal year of the audit period. We noted that some of the employee benefit costs claimed were also funded by other sources, such as Partnership for Excellence I, Partnership for Excellence II, and Matriculation. We prepared a schedule ("Summary of Benefits by Object/Project") for each fiscal year identifying the total unallowable costs found in certain object codes funded by other sources.

The parameters and guidelines state that, "reimbursement for this mandate received from any source, e.g., federal, state, etc., shall be identified and deducted from this claim." Academic Senate, Matriculation, Partnership for Excellence I, and Partnership for Excellence II are restricted state categorical programs not general fund programs. On January 20, 2009, we confirmed with Chris Yatooma, Administrator, State Apportionment Process & System Budget Development, CCCCCO, that these funds are restricted state categorical funds. To allow such costs would result in the district being reimbursed from restricted state revenues and again from the mandate. Consequently, such costs are not valid, i.e., claiming salary and benefit costs without offsetting the related reimbursements.

Psychologist Allocation

We also prepared a summary page of the salary claimed for the psychologist. This worksheet ("Summary of Salary Claimed for Bernard Schwartz") identifies the amount claimed, which allocated 60% of the psychologist's work time to health center duties. However, the district did not provide timesheets to validate the hours worked. In an email dated March 30, 2004 (**Tab 4**), the health center coordinator informed the SCO auditors that the psychologist worked only 18 hours per week at the health center for FY 2001-02 and FY 2002-03. As a result, only 45% of a 40 hour work week was related to mandate-related activities. Therefore, the district did not support the remaining 15% of claimed costs totaling \$25,989 for the psychologist (\$12,874 for FY 2001-02 and \$13,115 for FY 2002-03).

Source Documentation

We do not dispute that \$117,847 of the \$143,836 adjustment to salaries and benefits costs were supported. Rather, the district did not deduct from claimed costs the corresponding offsetting revenues described above.

The district's time records supported only that 45% rather than 60% of the psychologist time was for mandate-related activities. The unsupported costs total \$25,989. We discussed this with the district staff during the audit.

In summary, the worksheet named "Audit Review of Salary Costs Claimed" combines the audit adjustments from the "Summary of Salary Costs with Other Funding Sources" and "Summary of Salary Claimed for Bernard Schwartz." Copies of the aforementioned summary worksheets and supporting documentation are provided for review (**Tab 7**).

Unreasonable or Excessive

The district concludes that, the Controller is authorized to reduce a claim only if it determines the claim to be "excessive or unreasonable." We disagree. Government Code section 17558.5 requires the district to file a reimbursement claim for *actual* mandate-related costs. Government Code section 17561, subdivision (d) (2), allows the SCO to audit the district's records to *verify actual mandate-related costs* and reduce any claim that the SCO determines is excessive or unreasonable. In addition, Government Code section 12410 states, "The Controller shall audit all claims against the state, and may audit the disbursement of any state money, for correctness, legality, and for sufficient provisions of law for payment." Therefore, the SCO has sufficient authority to impose these audit adjustments.

The SCO did report that the district's claimed indirect costs that were excessive. "Excessive" is defined as "exceeding what is usual, *proper, necessary*, [emphasis added] or normal. . . ." ² The district did not properly offset reduce claimed costs by costs of employees funded with state restricted revenue. Therefore, the district claimed costs that were funded by other restricted revenues. In addition, the district did not properly support claimed school psychologist costs.

III. THE DISTRICT CLAIMED UNALLOWABLE SERVICES AND SUPPLIES

Issue

The district claimed \$77,198 in services and supplies that were funded by:

- Partnership for Excellence 1 of \$16,804; and
- Partnership for Excellence 11 of \$60,394.

SCO Analysis:

The parameters and guidelines specify that community college districts shall be reimbursed only for costs of health services programs that are traceable to supporting documentation that shows evidence of the validity of such costs.

Additionally, the parameters and guidelines specify that any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. They also state that reimbursement for this mandate received from any source (e.g., federal, state, etc.), shall be identified and deducted from this claim.

District's Response

The audit report asserts that District overstated its services and supplies by \$77,198 for all three fiscal years. The audit report further states "the district overstated services and supplies for costs funded by: 1. Partnership for Excellence I of \$16,804; and 2. Partnership for Excellence II of \$60,394. . . . The audit report rationale for these adjustments is the same as Finding 1, therefore, the District's response to Finding 2 is the same as its response to Finding 1. . . ."

SCO's Comment

Our audit report disclosed that the district claimed unallowable services and supplies totaling \$77,198 for the audit period. The unallowable costs occurred because the district claimed services and supplies costs that were funded 100% with state categorical funds (i.e., Partnership for Excellence I and Partnership for Excellence II).

We created a schedule identifying claimed costs funded by state categorical funds for each fiscal year of the audit period. This worksheet ("Summary of Services and Supplies by Object/Project Codes") breaks down the unallowable costs found under the two different funding sources. The SCO obtained the funding sources from the district's Transaction Listing for FY 2000-01, FY 2001-02, and FY 2002-03. While the district adequately supported services and supplies costs totaling \$77,198, the district did not report the corresponding offsetting revenues totaling \$77,198 that funded these costs. The remaining comment is the same as in Finding 1.

Copies of the SCO auditor's schedule and supporting documentation are provided for review (Tab 2).

IV. THE DISTRICT OVERSTATED INDIRECT COST RATE CLAIMED

Issue

The district overstated its indirect cost rates, and thus claimed unallowable indirect costs totaling \$570,878 (\$172,093 for FY 2000-01, \$247,577 for FY 2001-02, and \$151,208 for FY 2002-03).

The district claimed indirect costs based on FY 2000-01 through FY 2002-03 indirect cost rate proposals (ICRPs) prepared by an outside consultant using the methodology from Office of Management and Budget (OMB) Circular A-21. The district did not receive federal approval of these ICRPs.

SCO Analysis:

The parameters and guidelines states, "Indirect costs may be claimed in the manner described by the State Controller in his claiming instructions." For FY 2000-01 through FY 2002-03, the claiming instructions require the use of OMB Circular A-21 methodology to be federally approved.

For FY 2000-01 through FY 2002-03, the SCO's claiming instructions (**TAB 3**) states:

A college has the option of using a federally approved rate, utilizing the cost accounting principles from Office of Management and Budget Circular A-21 "Cost Principles for Educational Institutions," or the Controller's [FAM-29C] methodology. . . .

FAM-29C calculates indirect cost rates using total expenditures reported on the *California Community Colleges Annual Financial and Budget Report, Expenditures by Activity (CCFS-311)*. FAM-29C eliminates unallowable expenses and segregates the adjusted expenses between those incurred for direct and indirect activities relative to the mandated cost program.

The SCO calculated indirect cost rates using the FAM-29C methodology described in the SCO claiming instructions. The FAM-29C methodology did not support the rates that the district claimed.

District's Response

Federal Approval

The audit report also states, "SCO claiming instructions. . . state that districts must obtain federal approval for an ICRP" [Indirect Cost Rate Proposal] "prepared in accordance with Office of Management and Budget (OMB) Circular A-21." Contrary to the Controller's ministerial preferences, there is no requirement in law that the claimant's indirect cost rate must be "federally" approved, and neither the Commission nor the Controller has ever specified the federal agencies which have the authority to "approve" indirect cost rates. Further, it should be noted that the Controller did not determine that the District's rate was excessive or unreasonable, just that it wasn't federally approved.

Regulatory Requirements

No particular indirect cost rate calculation is required by statute. The parameters and guidelines state that "Indirect costs *may be claimed* in the manner described by the Controller in his claiming instructions." The District claimed these indirect costs "in the manner" described by the Controller. The correct forms were used and the claimed amounts were entered at the correct locations. Most importantly, "may" is not "shall;" the parameters and guidelines do not require that indirect costs be claimed in the manner described by the Controller.

CCFS-311

In fact, both the District's method and the Controller's method utilize the same source document, the CCFS-311 annual financial and budget report required by the state. The difference in the claimed and audited methods is in the determination of which of those cost elements are direct costs and which are indirect costs. . .

Unreasonable or Excessive

Government Code Section 17561(d)(2) requires the Controller to pay claims, provided that the Controller may audit the records of any school district to verify the actual amount of the mandated costs, and may reduce any claim that the Controller determines is excessive or unreasonable. The parameters and guidelines *do not require* that indirect costs be claimed in the manner described by the Controller. The Controller's claiming instructions were never adopted as rules or regulations, and therefore have no force of law. The burden is on the Controller to show either factual or as a matter of law, that the indirect cost rate method used by the District is excessive or unreasonable, which is the only mandated cost audit standard in statute. If the Controller wishes to enforce other audit standards for mandated cost reimbursement, the Controller should comply with the Administrative Procedures Act.

SCO's Comment

Federal Approval

The parameters and guidelines state, "Indirect costs may be claimed in the manner described by the State Controller in his claiming instructions." The SCO issued claiming instructions pursuant to Government Code section 17558, subdivision (b) (effective during the audit period), which states in part, "The Controller shall issue claiming instructions for each mandate that requires state reimbursement, to assist local agencies and school districts in claiming costs to be reimbursed. . . . The claiming instructions shall be derived from the statute or executive order creating the mandate and the parameters and guidelines adopted by the commission." The SCO's claiming instructions, Part 5, subdivision B (2), states in part, "A college has the option of using a federally approved rate . . . or the Controller's methodology [FAM-29C]. . . ." Therefore, a district must obtain federal approval when it prepares indirect cost rates using Office of Management and Budget (OMB) Circular A-21 principles. The claiming instruction is consistent with the parameters and guidelines for other community college district mandated programs, including the following:

- Absentee Ballots
- Collective Bargaining
- Health Benefits for Survivors of Peace Officers and Firefighters
- Law Enforcement College Jurisdiction Agreements
- Mandate Reimbursement Process
- Open Meetings Act
- Photographic Record of Evidence
- Sex Offenders Disclosure by Law Enforcement Officers
- Sexual Assault Response Procedure

(Note: These parameters and guidelines provide a third option, a 7% flat rate.) Therefore, the SCO did not act arbitrarily by using the federally approved rate to calculate allowable indirect cost rates.

Neither the Commission nor the SCO is responsible for identifying the district's responsible federal agency. OMB Circular A-21 states:

[Cognizant agency responsibility] is assigned to the Department of Health and Human Services (HHS) or the Department of Defense's Office of Naval Research (DOD), normally depending on which of the two agencies (HHS or DOD) provides more funds to the educational institution for the

most recent three years. . . . In cases where neither HHS nor DOD provides Federal funding to an educational institution, the cognizant agency assignment shall default to HHS.

The SCO's claiming instructions (**Tab 3**) state, "A college has the option of using a federally approved rate, utilizing the cost accounting principles from Office of Management and Budget Circular A-21 'Cost Principles for Educational Institutions,' or the Controller's methodology outlined in the following paragraphs [FAM-29C]. . . ."

Regulatory Requirements

The parameters and guidelines state, "Indirect costs may be claimed in the manner described by the State Controller in his claiming instructions." The district states, "No particular indirect cost rate calculation is required by statute." The indirect cost rate calculation is prescribed by the parameters and guidelines. We disagree with the district's interpretation of the parameters and guidelines. The phrase "may be claimed" simply permits the district to claim indirect costs. However, if the district chooses to claim indirect costs, then the parameters and guidelines require that it comply with the SCO's claiming instructions. If the district believes the parameters and guidelines are deficient, it should initiate a request to amend the parameters and guidelines pursuant to Government Code section 17557, subdivision (d). However, any such amendment would not apply to this audit period.

The district states that it "claimed these indirect costs 'in the manner' described by the Controller." The district did not claim indirect costs in accordance with the SCO's claiming instructions. The district prepared its FY 2000-01 through FY 2002-03 ICRPs using OMB Circular A-21 methodology. However, the district failed to obtain federal approval for these ICRPs, as the claiming instructions require.

The district also states that it used the correct forms and the claimed amounts were entered at the correct locations. We disagree. The district did not properly allocate costs as indirect costs or direct costs.

Unreasonable or Excessive

In addition to the statutory provision identified by the district, Government Code sections 17558.5 and 12410 are relevant. Government Code section 17558.5 requires the district to file a reimbursement claim for actual mandate-related costs. In addition, Government Code section 12410 states, "The Controller shall audit all claims against the state, and may audit the disbursement of any state money, for correctness, legality, and for sufficient provisions of law for payment." Therefore, the SCO has sufficient authority to impose these adjustments.

In any case, the SCO did conclude that the district's claim was excessive. Excessive is defined as "Exceeding what is usual, *proper*, *necessary*, [emphasis added] or normal."³ The district's indirect cost rates exceeded the proper amount based on audited indirect cost rates that the SCO calculated according to the claiming instructions. The district did not obtain federal approvals of its ICRPs; therefore, the SCO calculated indirect cost rates using the FAM-29C methodology described in the SCO claiming instructions. The FAM-29C indirect cost rates did not support the rates that the district claimed; thus, the rates claimed were excessive.

The district did not follow the parameters and guidelines. The parameters and guidelines state, "Indirect costs may be claimed in the manner described by the State Controller in his claiming instructions." The district did *not* comply with the claiming instructions applicable to each fiscal year during the audit period.

³ Ibid.

In addition, neither this district nor any other district requested that the Commission review the SCO's claiming instructions pursuant to Title 2, California Code of Regulations (CCR), section 1186. Furthermore, the district may not now request a review of the claiming instructions applicable to the audit period. Title 2, CCR, section 1186(j)(2) states, "A request for review filed after the initial claiming deadline must be submitted on or before January 15 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year."

The district states:

The Controller's claiming instructions were never adopted as rules or regulations, and therefore have no force of law. . . . If the Controller wishes to enforce other standards for mandated cost reimbursement, the Controller should comply with the Administrative Procedures Act.

We disagree. The Commission adopted the parameters and guidelines pursuant to Government Code section 17557. The parameters and guidelines specifically reference the SCO's claiming instructions for claiming indirect costs. Government Code section 17527, subdivision (g), states that in carrying out its duties and responsibilities, the Commission shall have the following powers:

(g) To adopt, promulgate, amend, and rescind rules and regulations, *which shall not be subject to the review and approval of the Office of Administrative Law pursuant to the provisions of the Administrative Procedure Act* [emphasis added]. . . .

Therefore, the district's comments regarding the Administrative Procedure Act are without merit.

V. THE DISTRICT UNDERSTATED AUTHORIZED HEALTH SERVICE FEES

Issue

For the audit period, the district understated authorized health fee revenue by \$796,744.

The district used the student counts from Report No. 1920 rather than Report No. 1365. Report No. 1920 includes selected students used for census purposes. Report No. 1365 includes students taking credit courses, exclusive of students in non-credit courses. Report No. 1365 also includes the number of health fee exemptions. In addition, the district underreported authorized student health fees by one dollar (\$1) for the Summer Session of 2001 and the Fall and Spring Semesters of Academic Year 2001-02.

Note: Subsequent to this audit, we determined that students taking non-credit courses should also be counted. Consequently, the district should include these students in future claims. In addition, the cost claimed by the district incorrectly reported the enrollment counts for the summer sessions subsequent to the end of the academic school year. The district inappropriately reported enrollments for each fiscal year in the order of fall semester, spring semester, and then the summer sessions. The academic school year for community colleges starts with the summer session. Therefore, the district should report in its cost claims the enrollment for the summer session that initiates the academic school year. Since the district consistently reported the summer session a year early, we did not take an adjustment for this error. However, the district should correct this error in subsequent claims.

SCO Analysis:

We recalculated authorized health service fees using Report No. 1365 (actual billable student count) and the correct authorized student health fees.

The parameters and guidelines require a district to deduct authorized health services fees from costs claimed. For the audit period, Education Code section 76355, subdivision (c), states that health fees are authorized from all students except those students who: (1) depend exclusively on prayer for healing; (2) are attending a community college under an approved apprenticeship training program;

(3) demonstrate financial need. Effective with the summer of 1987, authorized health service fees, pursuant to Education Code section 76355, were \$8 per student for summer and \$11 per student for the fall and spring semesters. (Effective with the Summer 2001 session, Education Code section 76355, subdivision (a), authorized a \$1 increase to health service fees.)

Government Code section 17514 defines "costs mandated by the state" as any increased costs that a school district is required to incur. To the extent community college districts can charge a fee, they are not required to incur a cost. In addition, Government Code section 17556 states that the CSM shall not find costs mandated by the State if the school district has the authority to levy fees to pay for the mandated program or increased level of service.

District's Response

Education Code Section 76355

Education Code Section 76355, subdivision (a), in relevant part, provides: "The governing board of a district maintaining a community college *may require* community college students to pay a fee . . . for health supervision and services. . . . The permissive nature of the provision is further illustrated in subdivision (b) which states "*If*, pursuant to this Section, a fee is required, the governing board of the district shall decide the amount of the fee, *if any*, that a part-time student is required to pay. *The governing board may decide whether the fee shall be mandatory or optional.*" Therefore, there is no requirement that community colleges levy these fees. [Emphasis added by district.]

Government Code Section 17514

Nor can the Controller rely upon Government Code Section 17514 for the conclusion that to the extent community college districts can charge a fee, they are not required to incur a cost. . . . There is nothing in the language of the statute regarding the authority to charge a fee, any nexus of fee revenue to increased cost, nor any language which describes the legal effect of fees collected. . . .

Government Code Section 17556

Nor can the Controller rely upon Government Code Section 17556 for the conclusion that there are no claimable costs mandated by the State where the claimants have the authority to collect a service fee. . . . Government Code Section 17556 prohibits the Commission on State Mandates from finding costs subject to reimbursement, that is, approving a test claim activity for reimbursement, where there is authority to levy fees in an amount sufficient to offset the entire mandated costs. Here, the Commission, when it approved the test claim, made a finding of a new program or higher level of service for which the claimants do not have the ability to levy a fee in an amount sufficient to offset the entire mandated costs.

Health Service Fee Amount

The audit report concluded that since the Chancellor's Office by letter notified community colleges districts that they may change a fee of \$12 per semester and \$9 per summer session, effective summer session 2001, it was reason for adjustment. . . . An example of one such notice is the Chancellor's letter dated March 5, 2001, attached as Exhibit "G." While Education Code Section 76355 provides for an increase in the student health service fee, it did not grant the Chancellor the authority to establish mandatory fee amounts or mandatory fee increases. . . . Therefore, the Controller cannot rely upon the Chancellor's notice as a basis to adjust the claim for "collectible" student health services fees.

Fees Collected vs. Fees Collectible

This issue is one of student health fees revenue actually received, rather than student health fees which might be collected. Student fees not collected are student fees not "experienced" and as such should not reduce reimbursement. Further, the amount "collectible" will never equal actual revenues collected due to changes in a student BOGG eligibility, bad debt accounts, and refunds.

Because districts are not required to collect a fee from students for student health services, and if such a fee is collected, the amount is to be determined by the District and not the Controller, the Controller's adjustment is without legal basis. What claimants are required by the parameters and guidelines to do is to reduce the amount of their claimed costs by the amount of student health services fee revenue actually received, which the District has done for this incorrect reduction claim. Therefore, student health fees are merely collectible, they are not mandatory, and it is inappropriate to reduce claim amounts by revenues not received.

SCO's Comment

Education Code Section 76355

We agree that community college districts may choose not to levy a health service fee or to levy a fee less than the authorized amount. Regardless of the district's decision to levy or not levy the authorized health service fee, Education Code section 76355, subdivision (a), provides districts with the authority to levy a health service fee.

Government Code Section 17514

Government Code section 17514 states, "Costs mandated by the state' means any increased costs which a local agency or school district is *required* to incur" [emphasis added] to incur . . ." If the district has authority to collect fees attributable to health service expenses, then it is not *required* to incur a cost. Therefore, mandated costs do not include those health service expenses that may be paid by authorized fees.

Government Code Section 17556

The district states, "Nor can the Controller rely upon Government Code section 17556 for the conclusion that there are *no claimable costs* [emphasis added] mandated by the State where the claimants have the authority to collect a service fee." The district misstates our position, which is that costs recoverable from a health service fee are not reimbursable as mandated costs.

The district misrepresents the Commission's determination regarding authorized health service fees. The Commission clearly recognized the availability of another funding source by including the fees as offsetting savings in parameters and guidelines. The Commission's staff analysis of May 25, 1989, states the following regarding the proposed parameters and guidelines amendments (Tab 5), states:

Staff amended Item "VIII. Offsetting Savings and Other Reimbursements" to reflect the reinstatement of [the] fee authority.

In response to that amendment, the [Department of Finance (DOF)] has proposed the addition of the following language to Item VIII. to clarify the impact of the fee authority on claimants' reimbursable costs:

"If a claimant does not levy the fee authorized by Education Code Section 72246(a), it shall deduct an amount equal to what it would have received had the fee been levied."

Staff concurs with the DOF proposed language which does not substantively change the scope of Item VIII [emphasis added].

Thus, it is clear that the Commission intended that claimants deduct authorized health service fees from mandate-reimbursable costs claimed. Furthermore, the staff analysis included an attached letter from the CCCCCO dated April 3, 1989. In that letter, the CCCCCO concurred with the DOF and the Commission regarding authorized health service fees.

Since the Commission's staff concluded that DOF's proposed language did not substantively change the scope of staff's proposed language, the Commission staff did not further revise the proposed parameters and guidelines. However, the Commission's meeting minutes of May 25, 1989 (**Tab 6**), show that the Commission adopted the proposed parameters and guidelines on consent, with no additional discussion. Therefore, there was no change to the Commission's interpretation regarding authorized health service fees.

The district presents an argument that the statutory language applies only when the fee authority is sufficient to offset the "entire" mandated costs. We disagree. The Commission recognized that the Health Fee Elimination Program's costs are not uniform among districts. Districts provided different levels of service in FY 1986-87 (the "base year"). Furthermore, districts provided these services at varying costs. As a result, the fee authority may be sufficient to pay for some districts' mandated program costs, while it is sufficient to pay the "entire" costs of other districts. Meanwhile, Education Code section 76355 (formerly section 72246) established a uniform health service fee assessment for students statewide. Therefore, the Commission adopted parameters and guidelines that clearly recognize an available funding source by identifying the health service fees as offsetting reimbursements. Government Code section 17556, subdivision (d), states that the Commission shall not find costs mandated by the State if the school district has the authority to levy fees to pay for the mandated program or increased level of service. To the extent that districts have authority to charge a fee, they are not required to incur a cost.

Two court cases addressed the issue of fee authority.⁵ Both cases concluded that "costs" as used in the constitutional provision, exclude "expenses that are recoverable from sources other than taxes." In both cases, the source other than taxes was fee authority.

⁵ *County of Fresno v. California* (1991) 53 Cal. 3d 482; *Connell v. Santa Margarita* (1997) 59 Cal. App. 4th 382.

Health Service Fee Amount

We agree that the CCCCDO does not have the authority to establish mandatory fee amounts or mandatory fee increases. The CCCCDO merely notifies districts of changes to the authorized fee amount, pursuant to Education Code section 76355, subdivision (a).

Effective the Summer session of 2001, authorized health service fees, pursuant to Education Code section 76355, were \$9 per student for Summer session and \$12 per student for the Fall and Spring semesters (**Exhibit G**). Education Code section 76355, subdivision (c), effective during the audit period, exempts collection of health fees from those students who: (1) depend exclusively on prayer for healing; (2) are attending a community college under an approved apprenticeship training program; and (3) demonstrate financial need.

It is irrelevant whether or not the district levies a health service fee or levies a fee that is less than the fee authorized by Education Code section 76355, subdivision (a). The district has the *authority* to levy the fees. To the extent districts have authority to charge a fee, they are not required to incur a cost.

Fees Collected vs. Fees Collectible

The district states, ". . . the amount 'collectible' will never equal actual revenues collected due to changes in a student's BOGG eligibility, bad debt accounts, and refunds." The SCO calculated authorized health service fees based on enrollment and BOGG recipient data that the district reported to the CCCCDO after each school term. The district is responsible for providing accurate enrollment and BOGG recipient data, including any changes that result from BOGG grant eligibility or students who disenroll.

The district is authorized to assess health service fees. If the district fails to collect fees, it is not relieved from its responsibility to offset those fees from its mandated program claims nor permitted to claim bad debt expenses.

We agree that districts are not required to collect a fee. However, the Education Code authorizes the district to collect a fee and defines the authorized fee amount. To the extent that the Education Code authorizes the district to collect fees, it is not required to incur a cost. Pursuant to Government Code section 17514, mandated costs do not include any costs that the district may pay from authorized fees since the district is not *required* to incur a cost.

VI. THE DISTRICT UNDERSTATED OFFSETTING REVENUES

Issue

The district understated offsetting revenues by \$51,724 because it did not deduct clinical receipts recorded in revenue account 7752.

District's Response

The district does not dispute this adjustment.

VII. CONCLUSION

The State Controller's Office audited the Rancho Santiago Community College District's claims for costs of the legislatively mandated Health Fee Elimination Program (Chapter 1, Statutes of 1984, 2nd Extraordinary Session; and Chapter 1118, Statutes of 1987) for the period of July 1, 2000, through June 30, 2003. The district claimed \$1,319,583 for the mandated program. Our audit disclosed that the entire claimed costs are unallowable. The costs are unallowable costs because the district overstated salaries and benefits, overstated services and supplies costs, overstated indirect costs, understated health fees, and understated offsetting revenues.

The district overstated salary and benefits and related offsetting revenues by \$143,836 for the audit period. The district claimed salaries and benefits funded by Academic Senate for \$34,051; Partnership for Excellence I for \$32,998; Partnership for Excellence II for \$16,824; and Matriculation for \$33,974 without reporting the related offsetting revenues. It also claimed unsupported costs for a school psychologist totaling \$25,989.

The district claimed \$77,198 in services and supplies that were funded 100% with state categorical funds. Rather the reporting offsetting revenues of \$77,198, we reduced services and supplies to zero as the entire costs were funded by state categorical funds.

The district overstated its indirect cost rates, thus claimed unallowable indirect costs by \$570,878 for the audit period. The district did not obtain federal approval of its indirect cost rate proposals prepared using OMB Circular A-21 methodology. The SCO calculated indirect cost rates using the alternate FAM-29C methodology; these rates did not support the rates claimed.

The district understated authorized health fees by \$796,744 for the audit period. The district reported actual revenue received rather than health fees the district was authorized to collect.

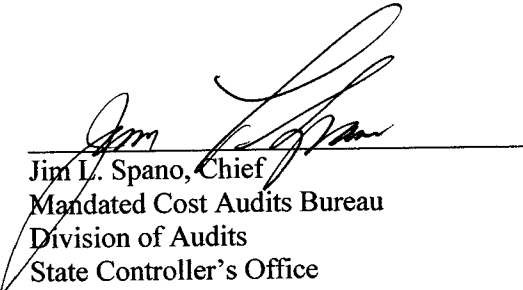

The district understated offsetting revenues by \$51,724 for the audit period. The district did not deduct clinical receipts recorded in revenue account 7752.

In conclusion, the Commission on State Mandates should find that: (1) the SCO correctly reduced the district's FY 2000-01 claim by \$393,704; (2) the SCO correctly reduced the district's FY 2001-02 claim by \$518,510; and (3) the SCO correctly reduced the district's FY 2002-03 claim by \$407,369.

B. Indirect Cost

Indirect costs are: (a) Incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefited, without effort disproportionate to the results achieved. Indirect costs can originate in the department performing the mandate or in departments that supply the department performing the mandate with goods, services and facilities. As noted previously, in order for a cost to be allowable, it must be allocable to a particular cost objective. With respect to indirect costs, this requires that the cost be distributed to benefiting cost objectives on bases, which produce an equitable result in relation to the benefits derived by the mandate.

(1) Indirect Costs for Schools

School districts and county superintendents of schools may claim indirect costs incurred for mandated costs. For fiscal years prior to 1986-87, school districts and county superintendents of schools may use the Department of Education Form Nos. J41A or J-73A, respectively, applicable to the fiscal year of the claim. The rate, however, must not be applied to items of direct costs claimed in complying with the mandate if those same costs are included in cost centers identified as General Support (i.e., EDP Codes 400, 405, 410 in Column 3). For the 1986-87 and subsequent fiscal years, school districts and county superintendents of schools may use the Annual Program Cost Data Report, Department of Education Form Nos. J-380 or J-580, respectively, applicable to the fiscal year of the claim.

The amount of indirect costs the claimant is eligible to claim is computed by multiplying the rate by direct costs. When applying the rate, multiply the rate by direct costs not included in total support services EDP No. 422 of the J-380 or J-580. If there are any exceptions to this general rule for applying the indirect cost rate, they will be found in the individual mandate instructions.

(2) Indirect Cost Rate for Community Colleges

A college has the option of using a federally approved rate, utilizing the cost accounting principles from Office of Management and Budget Circular A-21 "Cost Principles for Educational Institutions," or the Controller's methodology outlined in the following paragraphs. If the federal rate is used, it must be from the same fiscal year in which the costs were incurred.

The Controller allows the following methodology for use by community colleges in computing an indirect cost rate for state mandates. The objective of this computation is to determine an equitable rate for use in allocating administrative support to personnel that performed the mandated cost activities claimed by the community college. This methodology assumes that administrative services are provided to all activities of the institution in relation to the direct costs incurred in the performance of those activities. Form FAM-29C has been developed to assist the community college in computing an indirect cost rate for state mandates. Completion of this form consists of three main steps:

- The elimination of unallowable costs from the expenses reported on the financial statements.
- The segregation of the adjusted expenses between those incurred for direct and indirect activities.
- The development of a ratio between the total indirect expenses and total direct expenses incurred by the community college.

The computation is based on total expenditures as reported in "California Community Colleges Annual Financial and Budget Report, Expenditures by Activity (CCFS-311)." Expenditures classified by activity are segregated by the function they serve. Each function may include expenses for salaries, fringe benefits, supplies, and capital outlay. OMB Circular A-21 requires expenditures for capital outlays to be excluded from the indirect cost rate computation.

Generally, a direct cost is one incurred specifically for one activity, while indirect costs are of a more general nature and are incurred for the benefit of several activities. As previously noted, the objective of this computation is to equitably allocate administrative support costs to personnel that perform mandated cost activities claimed by the college. For the purpose of this computation we have defined indirect costs to be those costs which provide administrative support to personnel who perform mandated cost activities. We have defined direct costs to be those indirect costs that do not provide administrative support to personnel who perform mandated cost activities and those costs that are directly related to instructional activities of the college. Accounts that should be classified as indirect costs are: Planning and Policy Making, Fiscal Operations, General Administrative Services, and Logistical Services. If any costs included in these accounts are claimed as a mandated cost, i.e., salaries of employee performing mandated cost activities, the cost should be reclassified as a direct cost. Accounts in the following groups of accounts should be classified as direct costs: Instruction, Instructional Administration, Instructional Support Services, Admissions and Records, Counseling and Guidance, Other Student Services, Operation and Maintenance of Plant, Community Relations, Staff Services, Non-instructional Staff-Retirees' Benefits and Retirement Incentives, Community Services, Ancillary Services and Auxiliary Operations. A college may classify a portion of the expenses reported in the account Operation and Maintenance of Plant as indirect. The claimant has the option of using a 7% or a higher expense percentage is allowable if the college can support its allocation basis.

The rate, derived by determining the ratio of total indirect expenses and total direct expenses when applied to the direct costs claimed, will result in an equitable distribution of the college's mandate related indirect costs. An example of the methodology used to compute an indirect cost rate is presented in Table 4.

PROPOSED PARAMETERS AND GUIDELINES AMENDMENTS
Chapter 1, Statutes of 1984, 2nd E.S.
Chapter 1118, Statutes of 1987
Health Fee Elimination ✓

Executive Summary

At its hearing of November 20, 1986, the Commission on State Mandates found that Chapter 1, Statutes of 1984, 2nd E.S., imposed state mandated costs upon local community college districts by (1) requiring those community college districts which provided health services for which it was authorized to and did charge a fee to maintain such health services at the level provided during the 1983-84 fiscal year in the 1984-85 fiscal year and each fiscal year thereafter and (2) repealing the district's authority to charge a health fee. The requirements of this statute would repeal on December 31, 1987, unless subsequent legislation was enacted.

Chapter 1118, Statutes of 1987, was enacted September 24, 1987, and became effective January 1, 1988. Chapter 1118/87 modified the requirements contained in Chapter 1/84, 2nd E.S., to require those community college districts which provided health services in fiscal year 1986-87 to maintain such health services in the 1987-88 fiscal year and each fiscal year thereafter. Additionally, the language contained in Chapter 1/84, 2nd E.S., which repealed the districts' authority to charge a health fee to cover the costs of the health services program was allowed to sunset, thereby reinstating the districts' authority to charge a fee as specified. Parameters and guidelines amendments are appropriate to address the changes contained in Chapter 1118/87 because this statute amended the same Education Code sections previously enacted by Chapter 1/84, 2nd E.S., and found to contain a mandate.

Commission staff included the Department of Finance suggested non-substantive amendment to the staff's proposed parameters and guidelines amendments. The Chancellor's Office, the State Controller's Office, and the claimant are in agreement with these amendments. Therefore, staff recommends that the Commission adopt the parameters and guidelines amendments as requested by the Chancellor's Office and as developed by staff.

Summary of Mandate

Chapter 1/84, 2nd E.S., effective July 1, 1984, repealed Education Code (EC) Section 72246 which had authorized community college districts to charge a health fee for the purpose of providing health supervision and services, direct and indirect medical and hospitalization services, and operation of student health centers. The statute also required that any community college district which provided health services for which it was authorized to charge a fee shall maintain health services at the level provided during the 1983-84 fiscal year in the 1984-85 fiscal year and each fiscal year thereafter.

Prior to the passage of Chapter 1/84, 2nd E.S., the implementation of a health services program was at the local community college district's option. If implemented, the respective community college district had the authority to charge a health fee up to \$7.50 per semester for day and evening students, and \$5 per summer session.

Proposed Amendments

The Community Colleges Chancellor's Office (Chancellor's Office) has requested parameters and guidelines amendments be made to address the changes in mandated activities effectuated by Chapter 1118/87. (Attachment G) In order to expedite the process, staff has developed language to accomplish the following: (1) change the eligible claimants to those community college districts which provided a health services program in fiscal year 1986-87; and (2) change the offsetting savings and other reimbursements to include the reinstated authority to charge a health fee. (Attachment B)

Recommendations

The Department of Finance (DOF) proposed one non-substantive amendment to clarify the effect of the fee authority language on the scope of the reimbursable costs. With this amendment, the DOF believes the amendments to the parameters and guidelines are appropriate for this mandate and recommends the Commission adopt them. (Attachment C)

The Chancellor's Office recommends that the Commission approve the amended parameters and guidelines developed by staff with the additional language suggested by the DOF. (Attachment D)

The State Controller's Office (SCO), upon review of the proposed amendments, finds the proposals proper and acceptable. (Attachment E)

The claimant, in its recommendation, states its belief that the revisions are appropriate and concurs with the proposed changes. (Attachment F)

Staff Analysis

Issue 1: Eligible Claimants

The mandate found in Chapter 1/84, 2nd E.S., was for a new program with a required maintenance of effort at the fiscal year 1983-84 level. Chapter 1118/87 superseded that level of service by requiring that community college districts which provided a health services program in fiscal year 1986-87 maintain that level of effort in fiscal year 1987-88 and each subsequent year thereafter. Additionally, this expanded the group of eligible claimants because the requirement is no longer imposed on only those community college districts which had charged a health fee for the program. At the time of enactment of Chapter 1118/87, there were 11 community college districts which provided the health services program but had never charged a health fee for the service.

Therefore, staff has amended the language in Item III. "Eligible Claimants" to reflect this change in the scope of the mandate.

Issue 2: Reimbursement Alternatives

In response to Chapter 1/84, 2nd E.S., Item VI.B. contained two alternatives for claiming reimbursement costs. This gave claimants a choice between claiming actual costs for providing the health services program, or funding the program as was done prior to the mandate when a health fee could be charged.

The first alternative was in Item VI.B.1. and provided for the use of the formula which the eligible claimants were authorized to utilize prior to the implementation of Chapter 1/84, 2nd E.S.--total eligible enrollment multiplied by the health fee charged per student in fiscal year 1983-84. With the sunset of the repeal of the health fee authority as contained in Chapter 1/84, 2nd E.S., claimants can now charge the health fee as was allowed prior to fiscal year 1983-84, thereby funding the program as was done prior to the mandate. Therefore, this alternative is no longer applicable to this mandate and has been deleted by staff.

The second alternative was in Item VI.B.2. and provided for the claiming of actual costs involved in maintaining a health services program at the fiscal year 1983-84 level. This alternative is now the sole method of reimbursement for this mandate. However, it has been amended to reflect that Chapter 1118/87 requires a maintenance of effort at the fiscal year 1986-87 level.

Issue 3: Offsetting Savings and Other Reimbursements

With the sunset of the repeal of the fee authority contained in Chapter 1/84, 2nd E.S., Education Code (EC) section 72246(a) again provides community college districts with the authority to charge a health fee as follows:

"72246.(a) The governing board of a district maintaining a community college may require community college students to pay a fee in the total amount of not more than seven dollars and fifty cents (\$7.50) for each semester, and five dollars (\$5) for summer school, or five dollars (\$5) for each quarter for health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, authorized by Section 72244, or both."

Staff amended Item "VIII. Offsetting Savings and Other Reimbursements" to reflect the reinstatement of this fee authority.

In response to that amendment, the DOF has proposed the addition of the following language to Item VIII. to clarify the impact of the fee authority on claimants' reimbursable costs:

"If a claimant does not levy the fee authorized by Education Code Section 72246(a), it shall deduct an amount equal to what it would have received had the fee been levied."

Staff concurs with the DOF proposed language which does not substantively change the scope of Item VIII.

Issue 4: Editorial Changes

In preparing the proposed parameters and guidelines amendments, it was not necessary for staff to make any of the normal editorial changes as the original parameters and guidelines contained the language usually adopted by the commission.

Staff, the DOF, the Chancellor's Office, the SCO, and the claimant are in agreement with the recommended amendments which are shown in Attachment A with additions indicated by underlining and deletions by strikeout.

Staff Recommendation

Staff recommends the adoption of the staff's proposed parameters and guidelines amendments, which are based on the original parameters and guidelines adopted in response to Chapter 1/84, 2nd E.S., and amended in response to Chapter 1118/87, as well as incorporating the amendment recommended by the DOF. All parties concur with these amendments.

PARAMETERS AND GUIDELINES
Chapter 1118, Statutes of 1987 ~~1/2nd/1/8/~~
Health Fee Elimination

I. SUMMARY OF MANDATE

Chapter 1, Statutes of 1984, 2nd E.S. repealed Education Code Section 72246 which had authorized community college districts to charge a health fee for the purpose of providing health supervision and services, direct and indirect medical and hospitalization services, and operation of student health centers. This statute also required that health services for which a community college district charged a fee during the 1983-84 fiscal year had to be maintained at that level in the 1984-85 fiscal year and every year thereafter. The provisions of this statute would automatically repeal on December 31, 1987, which would reinstate the community colleges districts' authority to charge a health fee as specified.

Chapter 1118, Statutes of 1987, amended Education Code section 72246 to require any community college district that provided health services in 1986-87 to maintain health services at the level provided during the 1986-87 fiscal year in 1987-88 and each fiscal year thereafter.

II. COMMISSION ON STATE MANDATES' DECISION

At its hearing on November 20, 1986, the Commission on State Mandates determined that Chapter 1, Statutes of 1984, 2nd E.S. imposed a "new program" upon community college districts by requiring any community college district which provided health services for which it was authorized to charge a fee pursuant to former Section 72246 in the 1983-84 fiscal year to maintain health services at the level provided during the 1983-84 fiscal year in the 1984-85 fiscal year and each fiscal year thereafter. This maintenance of effort requirement applies to all community college districts which levied a health services fee in the 1983-84 fiscal year, regardless of the extent to which the health services fees collected offset the actual costs of providing health services at the 1983-84 fiscal year level.

At its hearing of April 27, 1989, the Commission determined that Chapter 1118, Statutes of 1987, amended this maintenance of effort requirement to apply to all community college districts which provided health services in fiscal year 1986-87 and required them to maintain that level in fiscal year 1987-88 and each fiscal year thereafter.

III. ELIGIBLE CLAIMANTS

Community college districts which provided health services ~~for the~~ in 1986-87 fiscal year and continue to provide the same services as a result of this mandate are eligible to claim reimbursement of those costs.

IV. PERIOD OF REIMBURSEMENT

Chapter 1, Statutes of 1984, 2nd E.S., became effective July 1, 1984. Section 17557 of the Government Code states that a test claim must be submitted on or before November 30th following a given fiscal year to establish for that fiscal year. The test claim for this mandate was filed on November 27, 1985; therefore, costs incurred on or after July 1, 1984, are reimbursable. Chapter 1118, Statutes of 1987, became effective January 1, 1988. Title 2, California Code of Regulations, section 1185.3(a) states that a parameters and guidelines amendment filed before the deadline for initial claims as specified in the Claiming Instructions shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines; therefore, costs incurred on or after January 1, 1988, for Chapter 1118, Statutes of 1987, are reimbursable.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim if applicable. Pursuant to Section 17561(d)(3) of the Government Code, all claims for reimbursement of costs shall be submitted within 120 days of notification by the State Controller of the enactment of the claims bill.

If the total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed; except as otherwise allowed by Government Code Section 17564.

V. REIMBURSEMENTABLE COSTS

A. Scope of Mandate

Eligible community college districts shall be reimbursed for the costs of providing a health services program ~~without the authority to levy a fee~~. Only services provided ~~for fee~~ in 1986-87 fiscal year may be claimed.

B. Reimbursable Activities

For each eligible claimant, the following cost items are reimbursable to the extent they were provided by the community college district in fiscal year ~~1987-88~~ 1986-87:

VII. SUPPORTING DATA

For auditing purposes, all costs claimed must be traceable to source documents and/or worksheets that show evidence of the validity of such costs. This would include documentation for the fiscal year 19836-847 program to substantiate a maintenance of effort. These documents must be kept on file by the agency submitting the claim for a period of no less than three years from the date of the final payment of the claim pursuant to this mandate, and made available on the request of the State Controller or his agent.

VIII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENTS

Any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, e.g., federal, state, etc., shall be identified and deducted from this claim. This shall include the amount of \$7.50 per full-time student per semester, \$5.00 per full-time student for summer school, or \$5.00 per full-time student per quarter, as authorized by Education Code section 72246(a). This shall also include payments (fees) now received from individuals other than students who were not covered by former Education Code Section 72246 for health services.

IX. REQUIRED CERTIFICATION

THAT Section 1090 to 1096, inclusive, of the Government Code and other applicable provisions of the law have been complied with;

and

Mr. Robert W. Eich
Executive Director

1130 "K" Street, Suite LL50
Sacramento, CA 95814-3927

Dear Mr. Eich:

As you know, the Commission on August 27, 1987 adopted Parameters and Guidelines for claiming reimbursements of mandated costs related to community college health services. Fees formerly collected by community colleges had been eliminated by Chapter 1, Statutes of 1984, Second Extraordinary Session. Last year's mandate claims bill (AB 2763) included funding to pay all these claims through 1988-89.

The Governor's partial approval of AB 2763 last September included a stipulation that claims for the current year would be paid this fiscal year, but prior-year claims will be paid in equal installments from the next three budget acts. The Governor did not address the fact that the ongoing costs of providing the mandated level of service will continue to exceed the maximum permissible fee of \$7.50 per student per semester.

On behalf of all eligible community college districts, the Chancellor's Office proposes the following changes in the Parameters and Guidelines:

- o Payment of 1988-89 mandated costs in excess of maximum permissible fees. (This amount is payable from AB 2763.)
- o Payment of all prior-year claims in installments over the next three years. (Funds for these payments will be included in the next 3 budget acts.)
- o Payment of future-years mandated costs in excess of the maximum permissible fees. (No funding has yet been provided for these costs.)

Mr. Eich

Proposed Amendments to Parameters and Guidelines for Claim No. CSM-4206 -- Chapter 1, Statutes of 1984, 2nd E.S. and Chapter 1118, Statutes of 1987 -- Health Fee Elimination

Pursuant to your request, the Department of Finance has reviewed the proposed amendments to the parameters and guidelines related to community college health services. These amendments, which are requested by the Chancellor's Office, reflect the impact that Chapter 1118/87 has on the original parameters adopted by the Commission for Chapter 1/84 on August 27, 1987. Specifically, Chapter 1118/87:

- (1) requires districts which were providing health services in 1986-87, rather than 1983-84, to continue to provide such services, irrespective of whether or not a fee was charged for the services; and
- (2) allows all districts to again charge a fee of up to \$7.50 per student for the services. In this regard, we would point out that the proposed amendment to "VIII. Offsetting Savings, and Other Reimbursements" could be interpreted to require that, if a district elected not to charge fees it would not have to deduct anything from its claim. We believe that, pursuant to Section 17556 (d) of the Government Code, an amount equal to \$7.50 per student must be deducted whether or not it is actually charged since the district has the authority to levy the fee. We suggest that the following language be added as a second paragraph under "VIII": "If a claimant does not levy the fee authorized by Education Code Section 72246 (a), it shall deduct an amount equal to what it would have received had the fee been levied."

With the amendment described above, we believe the amendments to the parameters and guidelines are appropriate for this mandate and recommend the Commission adopt them at its April 27, 1989, meeting.

Any questions regarding this recommendation should be directed to James M. Apps or Kim Clement of my staff at 324-0043.

Dear Mr. Eich:

In response to your request of March 8, we have reviewed the proposed language changes necessary to amend the existing parameters and guidelines to meet the requirements of Chapter 1118, Statutes of 1987.

The Department of Finance has also provided us a copy of their suggestion to add the following language in part VIII: "If a claimant does not levy the fee authorized by Education Code Section 72246(a), it shall deduct an amount equal to what it would have received had the fee been levied." This office concurs with their suggestion which is consistent with the law and with our request of February 22.

With the additional language suggested by the Department of Finance, the Chancellor's Office recommends approval of the amended parameters and guidelines as drafted for presentation to the Commission on April 27, 1989.

There being no discussion or appearances on Items 2, 3, 4, 5, 6, 7, 10, and 12, Member Buenrostro moved adoption of the staff recommendation on these items on the consent calendar. Member Martinez seconded the motion. The vote on the motion was unanimous. The motion carried.

The following items were continued:

The next item to be heard by the Commission was:

- Item 8 Proposed Parameters and Guidelines Amendment
Chapter 961, Statutes of 1975
Collective Bargaining

The party requesting the proposed amendment, Fountain Valley School District, did not appear at the hearing. Carol Miller, appearing on behalf of the Education Mandated Cost Network, stated that the Network was interested in the issue of reimbursing a school district for the time the district Superintendent spent in, or preparing for, collective bargaining issues.

The Commission then discussed the issue of reimbursing the Superintendent's time as a direct cost to the mandated program or as an indirect cost as required by the federal publications OASC-10, and Federal Management Circular 74-4. Upon conclusion of this discussion, the Commission, staff, and Ms. Miller, agreed that the Commission could deny this proposed amendment by the Fountain Valley School District, and Ms. Miller could assist another district in an attempt to amend the parameters and guidelines to allow reimbursement of the Superintendent's cost relative to collective bargaining matters.

Member Creighton then inquired on the issue of holding collective bargaining sessions outside of normal working hours and the number of teachers the parameters and guidelines reimburse for participating in collective bargaining sessions. Ms. Miller stated that because of the classroom disruption that can result from the use of a substitute teacher, bargaining sessions are sometimes held outside of normal work hours for practical reasons. Ms. Miller also stated that the parameters and guidelines permit reimbursement for five substitute teachers.

Member Martinez moved and Member Buenrostro seconded a motion to adopt the staff recommendation to deny the proposed amendments to the parameters and guidelines. The roll call vote on the motion was unanimous. The motion carried.

Item 9 Proposed Statewide Cost Estimate
Chapter 498, Statutes of 1983
Education Code Section 51225.3
Graduation Requirements

Carol Miller appeared on behalf of the claimant, Santa Barbara Unified School District, Jim Apps and Don Enderton appeared on behalf of the Department of Finance, and Rick Knott appeared on behalf of the San Diego Unified School District.

Carol Miller began the discussion on this matter by stating her objection to the Department of Finance raising issues that were already argued in the parameters and guidelines hearings for this mandate. Based on this objection, Ms. Miller requested that the Commission adopt staff's recommendation and allow the Controller's Office to handle any audit exceptions.

Jim Apps stated that because school districts did not report funds that have been received by them, then the data reported in the survey is suspect. Therefore, the Department of Finance is not convinced that the cost estimate based on the data received by the schools is legitimate.

Discussion continued on the validity of the cost estimate and on the figures presented to the Commission for its consideration.

Member Creighton then made a motion to adopt staff's recommendation. Member Shuman seconded the motion. The vote on the motion was: Member Buenrostro, no; Member Creighton, aye; Member Martinez, no; Member Shuman, aye; and Chairperson Gould, no. The motion failed.

Chairperson Gould made an alternative motion that staff, the Department of Finance, and the school districts, conduct a pre-hearing conference and agree on an estimate to be presented to the Commission at a future hearing. Member Buenrostro seconded the motion. The roll call vote on the motion was unanimous. The motion carried.

Item 11 Statewide Cost Estimate
Chapter 815, Statutes of 1979
Chapter 1327, Statutes of 1984
Chapter 757, Statutes of 1985
Short-Doyle Case Management

Pamela Stone, representing the County of Fresno, stated that the county was in agreement with the staff proposed statewide cost estimate of \$20,000,000 for the 1985-86 through 1989-90 fiscal years, and was opposed to the reduction of the costs estimate being proposed by the Department of Mental Health's late filing.

Lynn Whetstone, representing the Department of Mental Health, stated that the Department agrees with the methodology used by Commission staff to develop the cost estimate, however, the Department questioned the manner in which Commission staff extrapolated its survey figures into a statewide estimate. Ms. Whetstone stated that due to the reasons stated in its late filing, the Department believes that the cost estimate be reduced to \$17,280,000.

Member Shuman moved, and Member Martinez seconded a motion to adopt the staff proposed statewide cost estimate of \$20,000,000 for the 1985-86 through 1989-90 fiscal years. The roll call vote on the motion was unanimous. The motion carried.

Item 14 State Mandates Apportionment System
Request for Review of Base Year Entitlement
Chapter 1242, Statutes of 1977
Senior Citizens' Property Tax Postponement

Leslie Hobson appeared on behalf of the claimant, County of Placer, and stated agreement with the staff analysis.

There were no other appearances and no further discussion.

Member Creighton moved approval of the staff recommendation. Member Shuman seconded the motion. The roll call vote was unanimous. The motion carried.

Item 15 Test Claim
Chapter 670, Statutes of 1987
Assigned Judges

Vicki Wajdak and Pamela Stone appeared on behalf of the claimant, County of Fresno. Beth Mullen appeared on behalf of the Administrative Office of

the Courts. Jim Apps appeared on behalf of the Department of Finance. Allan Burdick appeared on behalf of the County Supervisors Association of California. Pamela Stone restated the claimant's position that the revenue losses due to this statute were actually increased costs because Fresno is now required to compensate its part-time justice court judges for work performed for another county while on assignment. Beth Mullen stated her opposition to this interpretation because Fresno's part-time justice court judge cannot be assigned elsewhere until all work required to be performed for Fresno has been completed; therefore, Fresno is only required to compensate the judge for its own work.

There followed discussion by the parties and the Commission regarding the applicability of the Supreme Court's decisions in County of Los Angeles and Lucia Mar. Chairperson Gould asked Commission Counsel Gary Hori whether this statute imposed a new program and higher level of service as contemplated by these two decisions. Mr. Hori stated that it did meet the definition of new program and higher level of service as contemplated by the Supreme Court.

Member Creighton moved to adopt the staff recommendation to find a mandate on counties whose part-time justice court judge is assigned within the home county. Member Shuman seconded the motion. The roll call vote was unanimous. The motion carried.

Item 18 Test Claim
Chapter 1247, Statutes of 1977
Chapter 797, Statutes of 1980
Chapter 1373, Statutes of 1980
Public Law 99-372
Attorney's Fees - Special Education

Chairperson Gould recused himself from the hearing on this item.

Clayton Parker, representing the Newport-Mesa Unified School District, submitted a late filing on the test claim rebutting the staff analysis. Member Creighton stated that he had not had an opportunity to review the late filing and inquired on whether the claim should be heard at this hearing. Staff informed Member Creighton and Member Buenrostro that in reviewing the filing before this item was called, the filing appeared to be summary of the claimant's position on the staff analysis, and that there appeared to be no reason to continue the item.

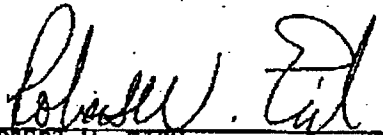

Mr. Parker stated that Commission staff had misstated the events that resulted in the claimant having to pay attorneys' fees to a pupil's guardians, and because of case law, courts do not have any discretion in awarding attorney's fees. Mr. Parker stated that because state legislation has codified the federal Education of the Handicapped Act, school districts are subject to the provisions of Public Law 94-142 and Public Law 99-372. Member Buenrostro then inquired whether staff was comfortable with discussing the issue of a state executive order incorporating federal law.

Minutes
Hearing of May 25, 1989
Page 6

Staff informed the Commission that it was not comfortable discussing this issue, and further noted that it appeared that Mr. Parker was basing his reasoning for finding P.L. 99-372 to be a state mandated program, on the Board of Control's finding that Chapter 1247, Statutes of 1977, and Chapter 797, Statutes of 1980, were a state mandated program. Staff noted that Board of Control's finding is currently the subject of the litigation in Huff v. Commission on State Mandates (Sacramento County Superior Court Case No. 352295).

Member Creighton moved and Member Martinez seconded a motion to continue this item and have legal counsel and staff review the arguments presented by Mr. Parker. The vote on the motion was unanimous. The motion carried.

With no further items on the agenda, Chairperson Gould adjourned the hearing at 11:45 a.m.

Please let me know if you received this and if I can help with anything else.
By the way did you get the document I faxed with the listing of in-house charges?
