To: Heather Halsey, Executive Director,

I request that the hearing set for Friday, May 25, 2012 be postponed. I intend to personally appear at the hearing.

My conflict was not apparent at the time the hearing was set initially.

This test claim was pending for three and one-half years when the hearing was scheduled. Therefore, there should be no prejudice in a short delay.

I understand that the primary claimant, Newport Beach, will not be attending the hearing.
