Nancy Patton, Acting Executive Director Commission on State Mandates 980 Ninth Street, Suite 300 Sacramento, CA 95814

Dear Ms. Patton:

LOS ANGELES REGION WATER PERMIT – VENTURA COUNTY, 11-TC-01: REQUEST FOR ADDITIONAL 90-DAY EXTENSION OF TIME TO SUBMIT WRITTEN COMMENTS

This is a request for an additional 90-day extension of time in which to submit comments in the above-noted matter. The September 8, 2011 Notice of Complete Test Claim Filing and Schedule for Comments provides that requests for extensions of time may be filed in accordance with California Code of Regulations, title 2, sections 1183.01, subdivision (c), and 1181.1, subdivision (g). The Commission has granted the California Regional Water Quality Control Board, Los Angeles Region (Los Angeles Water Board) previous extensions of time for comments. Currently, the Los Angeles Water Board's comments are due on March 19, 2012. As explained herein, the Los Angeles Water Board believes that good cause exists for granting an additional 90-day extension of time, which would extend the deadline for submitting comments to **June 18, 2012**.

California Code of Regulations, title 2, section 1183.01, subdivision (c), provides that a party may request an extension of time before the date set for the filing of comments. (Cal. Code Regs., tit. 2, § 1183.01, subd. (c)(1).) The Executive Director may approve a request filed by a state agency for good cause. (*Id.*, at § 1183.01, subd. (c)(1)(B).) The applicable regulations define "good cause" to include, but not be limited to, the following factors:

(1) the number and complexity of the issues raised; (2) a party is new to the case, or other counsel is needed; (3) the individual responsible for preparing the document has other time-limited commitments during the affected period; (4) the individual responsible for appearing at the hearing has other time-limited commitments; (5) illness of a party; (6) a personal emergency; (7) a planned vacation that cannot reasonably be rearranged; (8) a pending public records act request; and (9) any other factor, which in the context of a particular claim constitutes good cause. Good cause may be established by a specific showing of other obligations involving deadlines that as a practical matter preclude filing the document by the due date without impairing quality.

Ms. Nancy Patton

(Cal. Code Regs., tit. 2, § 1181.1, subd. (h).)

The Test Claim filed by the Claimants concerns permit requirements established in Los Angeles Water Board Order No. R4-2010-0108 adopted on July 8, 2010. The Test Claim raises numerous and complex issues specific to Order No. R4-2010-0108. The Claimants contend that Order No. R4-2010-0108 includes requirements that are "more stringent and exceed the requirements of federal law," and that were not included in earlier versions of the challenged national pollutant discharge elimination system permit. They seek a determination that these requirements are unfunded state mandates for which they should receive reimbursement pursuant to Article XIIIB, section 6, of the California Constitution.

- 2 -

The Los Angeles Water Board wishes to closely evaluate the Test Claim and the provisions alleged to be unfunded state mandates and anticipates that it will not be possible to complete its review and submit comments by March 19, 2012. Analyzing the merits of the Test Claim will require considerable attorney and staff time to research and provide comments on these issues. I am the sole attorney assigned to this matter and will be preparing comments on behalf of the Los Angeles Water Board. Although I had fully intended to submit the Los Angeles Water Board's comments by March 19, 2012, other work obligations have limited my ability to effectively respond to the Test Claim. The majority of my time in the past few months has been devoted to assisting Los Angeles Water Board staff in preparing priority orders for consideration by both the Los Angeles Water Board and State Water Board at their monthly meetings. In the upcoming months, I will be advising the Los Angeles Water Board and its staff on multiple priority items, most of which are controversial, and will need time to, inter alia, prepare responses to public comments and make other preparations beforehand. Preparation for these monthly board meetings takes a substantial amount of attorney time leading up to the meeting, especially when controversial items appear on the agenda. In addition, I just learned that one of my colleagues will be leaving state service this month, which will cause my workload" to increase. Lastly, key staff in the Los Angeles Water Board's Municipal Stormwater Permitting Unit, the unit responsible for the subject of this Test Claim, has also been constrained by other priority work obligations. Accordingly, I will not have sufficient time to prepare comments on the Test Claim by March 19, 2012. Extending the deadline for comments on the Test Claim will provide me with the necessary time to consult with Los Angeles Water Board staff and prepare the Board's response on this Test Claim, as well as tend to my other legal responsibilities.

Therefore, for the reasons set forth above, the Los Angeles Water Board respectfully requests an additional 90-day extension of time, which would extend the deadline for submitting comments analyzing the merits of the Test Claim to **June 18, 2012**. The Los Angeles Water Board believes that good cause exists to allow the Executive Director to grant this requested extension and appreciates your consideration of this request.

Sincerely,

lenniter & Gordyce Jennifer L. Fordvce
