Re: 2/22/12 Draft Staff Analysis of the proposed amendments to the Ps & Gs for AIDS Instruction and AIDS Prevention Instruction

Hi, Heidi...

I tried calling your office, but there was no answer (not even voice mail). Will you please forward my note to the appropriate staff person? Thank you in advance :)

I have reviewed the DSA cited above (to be heard March 23) as well as the SCO's 9/29/11 request for amendments. The SCO's request points out that Chapter 650, Statutes of 2003, renumbered Education Code Section 51229.8 to 51935, and I confirmed this by reviewing the Ed Code before and after this legislation passed.

Although the original Ps & Gs reference Education Code Section 51229.8, the proposed Ps & Gs amendment does not reference Education Code Section 51935. I believe this is an oversight, but if not, can someone call me to explain?

Thank you,

Laurie Carney
