- **Supreme Court Denies Petition for Review**
State of California Department of Finance, State Water Resources Control Board, and California Regional Water Quality Control Board, San Diego Region v. Commission on State Mandates and County of San Diego, et al.
California Supreme Court, Case No. S277832
Third District Court of Appeal, Case No. C092139
Sacramento County Superior Court, Case No. 34-2010-80000604
Discharge of Stormwater Runoff, 07-TC-09

On October 24, 2022, the Third District Court of Appeal issued a decision, finding that except for the activity of street sweeping (which is reversed consistent with the court's earlier decision in *Paradise Irrigation Dist. v. Commission on State Mandates* on the ground that the claimants have sufficient fee authority pursuant to Government Code section 17556(d)), the remainder of the Commission's findings on the new program and higher level of service and costs mandated by the state issues are correct as a matter of law.

On December 22, 2022, the State filed a petition for review on the fee authority issues, as well as the court's earlier decision finding that the activities are mandated by the state and not by federal law.

On March 2, 2023, the Supreme Court denied review.
