8 testimony which you are about to give is true and  
9 correct, based on your personal knowledge, information,  
10 or belief?

11 (Affirmative responses.)

12 MS. GMUR: Thank you.

13 Next is Item 2. Chief Legal Counsel,  
14 Camille Shelton, will please present a proposed decision  
15 on Lead Sampling in Schools, Public Water System Number  
16 3710020, 17-TC-03-R2.

17 At this time, we invite the parties and witnesses  
18 for Item 2 participating remotely to please turn on your  
19 video and unmute your microphone. And those  
20 participating in person, please come to the table.

21 MS. SHELTON: Good morning. This test claim  
22 addresses a domestic water supply permit amendment  
23 issued by the State Water Resources Control Board to the  
24 City of San Diego and requires the City's Public Water  
25 System, beginning January 18th, 2017, to submit to the

1 Water Board a list of all K-12 schools it serves and  
2 upon request of an authorized representative of a school  
3 made before November 1st, 2019, to sample and test  
4 drinking water in the school for the presence of lead.

5 The courts have already determined that the permit  
6 amendment mandates a new program or higher level of  
7 service.

8 Thus, the only issue remaining is whether there are  
9 costs mandated by the state.

10 The courts have held that once a state statute or  
11 executive order mandates a new program or higher level  
12 of service, reimbursement is required for the increased  
13 cost unless an exception applies.

14 The state cannot force local government to absorb  
15 the cost of the new state mandated program.

16 Here the City has filed evidence that its increased  
17 costs exceed the \$1,000 minimum requirement for  
18 reimbursement.

19 The State Water Board contends, however, that the  
20 City has the legal authority to increase property fees  
21 on all rate payers, including the schools receiving the  
22 service and that the fee authority exception in  
23 Government Code Section 17556(d), applies to deny the  
24 test claim.

25 Staff finds that the exception does not apply in

1 this case.

2 First, the permit amendment states that the  
3 claimant is responsible for all costs of the mandated  
4 program, and documents issued by the State Water Board  
5 at the time the permit amendment was adopted indicated  
6 that schools would receive the service for free.

7 Thus, there is no authority for the claimant to  
8 impose any fees on the schools receiving the mandated  
9 service.

10 Second, staff finds that the City cannot increase  
11 the water rates on the remaining rate payers without  
12 violating Propositions 218 and 26, which require that  
13 the amount of a fee or charge imposed upon any parcel or  
14 person as an incident of property ownership shall not  
15 exceed the proportional cost of the service attributable  
16 to the parcel.

17 This requirement ensures that the aggregate fee  
18 collected on all parcels is distributed among those  
19 parcels in proportion to the cost of service for each  
20 parcel.

21 This requirement would be satisfied if all  
22 customers could legally share in the cost of lead  
23 testing. However, the claimant is prohibited by the  
24 permit amendment from passing those increased costs onto  
25 the schools receiving the lead testing, thus passing the

1 increased costs on to the remaining customers making the  
2 costs of service to their parcels higher than the cost  
3 of service of schools receiving the additional lead  
4 testing would violate Proposition 218 and would require  
5 the voters' approval as a tax under Prop. 2 -- Prop. 26;  
6 therefore, staff finds that the cost -- there are costs  
7 mandated by the state.

8 Accordingly, staff recommends that the Commission  
9 adopt the proposed decision to approve this test claim  
10 and authorize staff to make any non-substantive or  
11 technical changes to the proposed decision following the  
12 hearing.

13 CHAIRPERSON PERRAULT: Thank you.

14 If the parties and witnesses would please state  
15 your name for the record, again.

16 MS. MUNOZ: Marilyn Munoz, Department of Finance.

17 MR. KING: Kevin King with the City of San Diego.

18 MR. RICE: I'm David Rice with the State Water  
19 Resources Control Board.

20 CHAIRPERSON PERRAULT: Very good. Thank you.

21 Mr. King, for the claimant City of San Diego, would  
22 you like to begin?

23 MR. KING: Thank you. Yes.

24 So, I'll just start with any point that the City  
25 disagrees with and that's on the analysis part of the

1 analysis, with Prop 218 and that's Article XIII D  
2 Section 6(b)(4), which states that you can't charge for  
3 a fee or service unless the property owner can actually  
4 use that service.

5 The Commission focuses on water service as the  
6 service and says that everyone that's -- that that's  
7 available to everyone.

8 But I think that's the wrong focus here. The  
9 service should be lead testing, because that's what's at  
10 issue in the permit amendment. And only those schools  
11 receive the lead testing so we can't charge other  
12 property owners for that lead testing.

13 So I just, again, the City disagrees on that point.

14 But otherwise, agrees with the decision  
15 specifically on proportionality as Ms. Shelton  
16 discussed.

17 The evidence clearly shows that these -- these  
18 schools have to get the testing for free. That's in the  
19 permit amendment.

20 It says that the water system's responsible for the  
21 cost. I think the Water Board got it right in 2017 in  
22 their press release about this. As the Commission notes  
23 in their proposed decision in the first line, it states  
24 that, "In an effort to further safeguard California  
25 Water Quality, K through 12 schools in the state can

1 receive free testing for lead under a new initiative  
2 announced today by the State Water Resource Board."

3 Again, the keyword is "free."

4 And then in that same group press release, it's  
5 reiterated, "The Board's new requirement ensures schools  
6 that want lead testing can receive it for free."

7 So, Water Board got right then.

8 And then the Water Board got it right again in 2018  
9 when they commented on the test claim and they said, "An  
10 important element of the lead testing in schools  
11 programs is that the requesting schools receive the lead  
12 testing at no charge."

13 That's how the Water Board interpreted the permit  
14 amendment then, that's how everyone interpreted it.

15 So I think the Commission has it right in giving  
16 all of that evidence much more weight than the newly  
17 submitted evidence from the Water Board stating the  
18 Water Board's intent eight years later.

19 That's all I have.

20 CHAIRPERSON PERRAULT: Thank you so much, Mr. King.

21 Ms. Munoz from the Department of Finance, do you  
22 have any comments?

23 MS. MUNOZ: Yes. The Department of Finance concurs  
24 with staff's recommendation for the adoption of the  
25 proposed decision.

1           CHAIRPERSON PERRAULT: Thank you very much.

2           Mr. Rice from the State Water Resources Control  
3 Board and State Water Resources Control Board, Division  
4 of Drinking Water, do you have any comments?

5           MR. RICE: I do. Thank you so much.

6           Good morning members of the Commission. My name is  
7 David Rice. And I'm an attorney with the State Water  
8 Resources Control Board.

9           And thank you so much for the opportunity to  
10 address you this morning, especially since we're all  
11 here in this nice intimate setting.

12          This has certainly been a long road.

13          And I want to commend the Commission staff on their  
14 consistently excellent work on this matter.

15          Although the State Board doesn't agree with the  
16 conclusion of the proposed decision, I appreciate the  
17 Commission staff's consideration of our comments and as  
18 always, very thoughtful analysis.

19          You know, I actually remember when this test claim  
20 was filed in 2018. I had only been assigned to the  
21 Division of Drinking Water for about two months. And  
22 prior to that I had served as the sole attorney for the  
23 Santa Ana Regional Water Quality Control Board for about  
24 ten years. In that capacity, I had been involved in  
25 several test claims challenging storm water permits.

1           And actually when I moved over into the Division of  
2 Drinking Water, I thought my mandates work was done.  
3 But that was not the case.

4           So when this test claim was filed in 2018, and it  
5 was assigned to me, I immediately called Kurt Souza.  
6 You may recognize his name because he testified during  
7 the first Commission hearing on this matter back in, I  
8 don't even know when that was, back in 2019. Somewhere  
9 around there.

10          So I immediately called him because at the time he  
11 was the most senior assistant deputy director of the  
12 Division of Drinking Water. And I recall that he was  
13 just completely surprised that the City of San Diego was  
14 claiming they that they couldn't pay for these charges.

15          And I recall him saying something to the effect of  
16 "This has just got to be budget dust. I mean, what is  
17 really the big deal?"

18          And it turns out he was kind of right, because  
19 according to the proposed decision, the City's cost of  
20 compliance is about \$400,000.

21          And when you compare that with its budget for the  
22 water enterprise facility, it is less than 1/1000th of a  
23 percent.

24          I want to get that right. Less than 1/1000th of a  
25 percent of the City's annual budget.

1 But more importantly when you spread that cost out  
2 among all the customers, 1.3 million customers, you are  
3 talking about 40 cents per customer.

4 And it is this small fee, or more specifically who  
5 can pay this 40-cent fee, that forms the only  
6 disagreement that the State Water Board has with this  
7 decision.

8 But obviously that is the real issue here. Who  
9 gets to pay that fee? Who's allowed to pay that fee,  
10 that 40-cent fee?

11 The State Board agrees with the proposed decision  
12 that if the City could charge all customers the same  
13 40-cent fee, that for the -- including the schools  
14 receiving lead testing, that the City would have fee  
15 authority and the test claim would be rejected.

16 But the proposed decision concludes that the test  
17 claim order itself -- not the law, but the test claim  
18 order itself -- prohibits the City from charging the  
19 schools that 40-cent fee and therefore there's no fee  
20 authority.

21 The State Board disagrees with that interpretation  
22 and respectfully submits that the more reasonable  
23 interpretation of the State Board's own order is that  
24 the City can charge the school the same 40-cent fee as  
25 all other customers to cover the cost of compliance for

1 the test claim order.

2 So let's take a look at the plain language of the  
3 test claim order.

4 To summarize, the relevant portion of the order --  
5 which is in Section 5 of the directives -- the test  
6 claim order requires the community water system cover  
7 all costs associated with complying with the order.

8 And it does say "all costs." Community water  
9 system must cover all costs.

10 School testing, lab analysis, staff time,  
11 et cetera. And it is the use of this word "all" that  
12 the proposed decision really relies on to reach its  
13 conclusion. According to the decision, "all" means all.

14 And so, not only is the City prohibited from  
15 charging a separate fee, but the City can't even ask the  
16 schools to pay the same 40 cents as everybody else.

17 The State Water Board has never interpreted this  
18 language so narrowly.

19 The language in question only states that the  
20 community water system must pay for, but does not  
21 identify what revenues the City can use to pay for cost  
22 of compliance.

23 How is the community water system supposed to pay  
24 for these costs?

25 I submit the City can use the same revenues it uses

1 to pay for most of its operations, the regular monthly  
2 fees that customers, including the schools, pay.  
3 Nothing in the test claim language nor the guidance  
4 documents, or the press releases, says the City cannot  
5 use its regular customer revenues to pay for the cost of  
6 compliance.

7 And given the small amount of money we're talking  
8 about, this isn't surprising.

9 I think the underlying assumption, and frankly this  
10 kind of explains why the State Board used the term  
11 "free," is that they would just use their regular rates.  
12 It was the entire purpose of that language was that so  
13 the community water system in the City wouldn't shift  
14 the burden to the schools, which could have been several  
15 thousands of dollars.

16 I don't think anybody was thinking about, like, an  
17 increase of 40 cents. Or what would have been 40 cents.

18 And so that's why the term was used "free," or "at  
19 no charge," because on a relative basis in reality it  
20 really is "free" and "no charge."

21 So -- and my guess is this is kind of what happened  
22 here. And what had had happened in response to the  
23 other 1,100-plus lead testing permits amendments issued  
24 to other public water systems. They just used the  
25 regular rates, including those submitted by the schools,

1 and paid for the cost of compliance.

2 So not only is this the more reasonable  
3 interpretation, but it's consistent with the intent of  
4 the language as stated in declaration of Darrin  
5 Polhemus, the deputy director of the Division of  
6 Drinking Water, which was submitted along with the --  
7 our comment letter.

8 In his declaration, Mr. Polhemus provided the  
9 purposes and intent of the test claim language was to  
10 prevent the City from issuing a separate fee to the  
11 schools receiving testing.

12 Again, it could have been \$1,000. What that would  
13 have done is it would have chilled the desire of the  
14 schools to actually receive testing.

15 But it was not, and I quote directly from the  
16 declaration, "... intended to nor drafted in a manner to  
17 exempt a school from paying all normal rates, including  
18 any incremental charge associated with the cost of  
19 complying with the Permit Amendment requirements."

20 Again, the intent was just to prohibit the  
21 community water system from shifting the burden of costs  
22 from the community water system itself to those  
23 particular schools. It didn't at all speak to how to  
24 use those existing rates and revenues that everybody  
25 pays.

1       And I think it's worth mentioning, as far as I can  
2 tell from the filings, the City never argued that the  
3 schools receiving testing may not need to pay the same  
4 40-cent charge of other customers.

5       This may be because the City was focused on  
6 different arguments. Or as I suspect, maybe because not  
7 even the City interpreted the language to prohibit it  
8 from spreading the cost equally among other customers.

9       So, in conclusion, the State Water Board submits  
10 that when considering the language of the test claim  
11 order, the intent behind the language in question, and  
12 the underlying factual context, the most reasonable  
13 conclusion the test claim order does not prohibit the  
14 City from spreading the cost equally amongst all rate  
15 payers, including the schools receiving testing.

16       The State Water Board respectfully requests that  
17 the Commission reject the test claim on the basis that  
18 the City has fee authority under Government Code Section  
19 17556(d).

20       And I'm happy to answer any questions.

21       And thank you for your time.

22       CHAIRPERSON PERRAULT: Thank you.

23       And are there any public comments on this item?

24       MR. SUPACHANA: Madam Chair, I do not see any  
25 online public comments.

1 CHAIRPERSON PERRAULT: Okay. And I don't have any  
2 here in the room.

3 So with that, I will bring it back to Commission  
4 members.

5 Are there questions or further conversation,  
6 discussion, from Commission members on this item?

7 MEMBER PAHLAND: I have -- I have a question.

8 Sir, with your argument, it boils down to "all"  
9 doesn't mean "all" at the end of the day; right?

10 I mean, you're saying "all" doesn't mean a  
11 de minimis amount; that should be acceptable.

12 But shouldn't any contract, order, statute, simply  
13 follow the plain language used to create that contract,  
14 statute, order, et cetera?

15 And so wouldn't, then, "all" be taken at face value  
16 and wouldn't that support the Commission staff's  
17 opinion?

18 MR. RICE: I think it does. I think that's a  
19 plausible interpretation.

20 But I think given the context, the intent of the  
21 language, the way that I think everybody's interpreted  
22 the language and the way that I think it's played out in  
23 the real word, in just a very, very small amount, that  
24 it's -- it's more reasonable that what was meant by the  
25 language was that the cost wouldn't be shifted directly

1 to schools. But that everybody could -- could -- could  
2 equally share in the -- in the cost of compliance.

3 MEMBER PAHLAND: Sure. But were that the case,  
4 then, couldn't a word other than "all" have been used?  
5 Or a phrase other than "all" if the intent was truly to  
6 require de minimis costs be passed along? That could  
7 have been drafted into the language, but, you know,  
8 intentionally it wasn't.

9 MR. RICE: Yeah, well, I don't think -- I don't  
10 think that it was intent.

11 I -- I don't -- it -- certainly the language was --  
12 it could have been drafted better.

13 But, it does -- but I don't think that that leads  
14 to the conclusion that the proposed decision reaches to  
15 be the most reasonable reading of that language.

16 Could the language have been better? Absolutely.

17 But I think at the time what we were concerned with  
18 was really just shifting the burden of, you know, as I  
19 explained, of several thousands of dollars. And that at  
20 the time, the intent had nothing to do -- you know, I  
21 don't think anybody, frankly, was even thinking about  
22 the possibility that, you know, 40 cents or a dollar,  
23 whatever it is, couldn't be shared equally by everybody.

24 MEMBER PAHLAND: So, I don't intend to put words in  
25 your mouth, but I think what I'm hearing is: The plain

1 language of the words used would support the  
2 Commission's opinion, but you're seeking, you know, kind  
3 of collateral sources to, you know, argue for a  
4 different intent and therefore, a result different  
5 than -- excuse me -- the proposed decision.

6 MR. RICE: I think that the language is a little  
7 bit ambiguous. So I think when "all" means "all," I  
8 think within the context of the -- I think in the  
9 context of the way the fees are actually distributed,  
10 and the way that things are paid for and the legis --  
11 and that the intent, as identified by the deputy  
12 director, that while the Commission's conclusion is  
13 plausible, I just don't think that it is the most  
14 reasonable read of what that language really means.

15 MEMBER PAHLAND: No further questions from me.

16 CHAIRPERSON PERRAULT: Okay.

17 Is there any other additional questions from the  
18 Commission members?

19 Yes, Mr. Adams.

20 MEMBER ADAMS: Chair, just a comment, I was on the  
21 Commission when we first decided this. And we had  
22 talked about whether this was a mandate or not, because  
23 the City decided to go into the water business but was  
24 not mandated.

25 And I just find the whole concept of, you know,

1 "legally compelled" and "practically compelled" very,  
2 very interesting, and when that shifts for local  
3 government to make that argument.

4 So, this is a fascinating subject.

5 Thanks.

6 CHAIRPERSON PERRAULT: Thank you.

7 All right. Other comments?

8 Okay. So, seeing none, would you -- is there -- is  
9 there a motion?

10 MEMBER ADAMS: Madam Chair, I would move that we  
11 adopt staff's recommendation.

12 CHAIRPERSON PERRAULT: Okay. We have a motion by  
13 Mr. Adams.

14 Is there a second?

15 MEMBER GREENE ROSS: Second.

16 CHAIRPERSON PERRAULT: Second by Ms. Greene Ross.  
17 May we please have a roll call.

18 MS. GMUR: Mr. Adams.

19 MEMBER ADAMS: Aye.

20 MS. GMUR: Ms. Gallegos.

21 MEMBER GALLEGOS: Aye.

22 MS. GMUR: Ms. Greene Ross.

23 MEMBER GREENE ROSS: Aye.

24 MS. GMUR: Ms. Nash.

25 MEMBER NASH: Aye.

1 MS. GMUR: Mr. Pahland.

2 MEMBER PAHLAND: Aye.

3 MS. GMUR: Ms. Perrault.

4 CHAIRPERSON PERRAULT: Aye.

5 MS. GMUR: Mr. Read.

6 MEMBER READ: Aye.

7 MS. GMUR: We now ask the presenters participating

8 remotely for Item 2, to please turn off their video and

9 mute their microphone. And those presenting in person,

10 please return to your seat.

11 CHAIRPERSON PERRAULT: Thank you.

12 I apologize for the small pause, but my computer

13 has just informed me that it's going to update itself.

14 And I have no choice, but it's going to shut down in

15 five minutes.

16 So I'm wondering if I should either move or if I

17 can get it to restart now and take a short break.

18 MEMBER PAHLAND: I would take a recess.

19 CHAIRPERSON PERRAULT: Okay. So let's -- if we

20 could do that before we move to Item 3, I will force it

21 to do it now.

22 These are always untimely I feel like.

23 MS. GMUR: Yes.

24 CHAIRPERSON PERRAULT: We will take a short recess

25 at 10:33. Probably five minutes. Hopefully it doesn't

1 need that many updates. And then we will be back  
2 online.

3 (Brief interruption in proceedings.)

4 CHAIRPERSON PERRAULT: All right. Thank you so  
5 much. I -- I appreciate everybody's patience. When  
6 technology tells you it's going to do something, I guess  
7 sometimes you're just forced to listen. So luckily it  
8 was a quick update to the computer and we're going to go  
9 ahead and resume our -- our meeting here at 10:39.

10 And we're going to go ahead and move on now to  
11 Item 3.

12 MS. GMUR: Very good.

13 Chief Legal Counsel Camille Shelton will please  
14 present a proposed decision and parameters and  
15 guidelines on California Regional Water Quality Control  
16 Board, San Francisco Bay Region, order number  
17 R2-2009-0074, 10-TC-02, 10-TC-03, and 10-TC-05.

18 At this time, we invite the parties and witnesses  
19 for Item 3 participating remotely to please turn on your  
20 video and unmute your microphone.

21 MS. SHELTON: Good morning.

22 These parameters and guidelines address the State  
23 mandated activities required by the 2009 Storm Water  
24 Permit issued by the San Francisco Bay Regional Water  
25 Quality Control Board.

1       The Commission partially approved the test claim at  
2       the January hearing for costs incurred to perform the  
3       mandated activities from December 1st, 2009, through  
4       December 31st, 2017.

5       Draft expedited parameters and guidelines were  
6       issued in January and no comments were filed.

7       Staff recommends that the Commission adopt the  
8       proposed decision and parameters and guidelines and  
9       authorize staff to make any technical, non-substantive  
10      edits following the hearing.

11      CHAIRPERSON PERRAULT: Thank you so much.

12      Would the parties and witnesses please state your  
13      name for the record.

14      MR. NEWMARK: Gregory Newmark for the claimant City  
15      of Dublin, Cities of Union City and the Alameda  
16      Countywide Clean Water Program.

17      CHAIRPERSON PERRAULT: Thank you.

18      MS. FEREBEE: Donna Ferebee, Department of Finance.

19      CHAIRPERSON PERRAULT: Thank you, Donna.

20      And do we have anybody from State -- State Water  
21      Resources?

22      MS. GMUR: No.

23      CHAIRPERSON PERRAULT: No. All right.

24      MS. GMUR: She has not arrived.

25      CHAIRPERSON PERRAULT: Okay. All right. Thank

1 you.

2 Then we'll go ahead and move, Mr. Newmark, for the  
3 claimant, City of Dublin, would you like to begin?

4 MR. NEWMARK: We didn't submit any comments.

5 We support the staff's recommendation and I just  
6 would like to express the program and my clients'  
7 appreciation for Commission staff's moving these forward  
8 so quickly.

9 So, thank you, Commission staff, for the hard and  
10 expeditious work.

11 CHAIRPERSON PERRAULT: Thank you.

12 Ms. Ferebee from the Department of Finance, do you  
13 have any further comments?

14 MS. FEREBEE: Hi, thank you. I would also say  
15 thank you to the Commission staff as well.

16 And as to this matter, finance has no comments to  
17 add. Thank you.

18 CHAIRPERSON PERRAULT: Thank you.

19 Are there any public comments on this item?

20 MR. SUPACHANA: Madam Chair, I do not see any  
21 online public comments.

22 CHAIRPERSON PERRAULT: Okay. Thank you. And it  
23 appears we have none in the room, so I'll bring it back  
24 to the Commission members.

25 Are there any questions or further conversations

1 from Commission members on this item?

2 No. Okay. All right. Well, with that, is there a  
3 motion either to adopt staff recommendations or  
4 otherwise?

5 MEMBER GREENE ROSS: I move to adopt.

6 CHAIRPERSON PERRAULT: Moved by Ms. Green Ross.

7 Is there a second?

8 MEMBER NASH: Second.

9 CHAIRPERSON PERRAULT: Second by Ms. Nash.

10 If we could please have a roll call.

11 MS. GMUR: Mr. Adams.

12 MEMBER ADAMS: Aye.

13 MS. GMUR: Ms. Gallegos.

14 MEMBER GALLEGOS: Aye.

15 MS. GMUR: Ms. Greene Ross.

16 MEMBER GREENE ROSS: Aye.

17 MS. GMUR: Ms. Nash.

18 MEMBER NASH: Aye.

19 MS. GMUR: Mr. Pahland.

20 MEMBER PAHLAND: Aye.

21 MS. GMUR: Ms. Perrault.

22 CHAIRPERSON PERRAULT: Aye.

23 MS. GMUR: Mr. Read.

24 MEMBER READ: Aye.

25 CHAIRPERSON PERRAULT: Great. That motion carries.

1 MS. GMUR: We now ask the presenters participating  
2 remotely for Item 3 to please turn off their video and  
3 mute their microphones.

4 Next, program analyst Jill Magee will please  
5 present Item 5, the legislative update.

6 MS. MAGEE: Good morning.

7 The following are the legislative updates since the  
8 last time the Commission met.

9 First, SB 799 State government: local costs.

10 SB 799 was introduced by Senator Allen.

11 This bill amends Government Code Section 17552 to  
12 include non-substantive changes. On March 12th, 2025,  
13 this bill was referred to the Senate Rules Committee.

14 Next, AB 964, Commission on State Mandates:  
15 state mandates.

16 AB 964 was introduced by Assembly Member Hadwick.  
17 This bill amends Government Code Section 17558.5.

18 This bill would require the controller to notify  
19 the claimant in writing within 30 days of any adjustment  
20 that results from an audit or review and require the  
21 Controller, at its sole election, to allow a local  
22 agency or school district to offset any reduced  
23 reimbursement as prescribed or to remit funds to the  
24 Controller.

25 On March 10th, 2025, this bill was referred to the

1 assembly committees on local government and education.

2 Next, AB 1452, State Mandates: claims.

3 AB 1452 was introduced by Assembly Member Ta.

4 This bill amends Government Code Section 17654.

5 This bill would change the minimum claim amount that  
6 requires the State to reimburse a local government from  
7 \$1,000 to \$800.

8 On March 13th, 2025, this bill was referred to the  
9 assembly committee on local government.

10 Finally, SB 470, Bagley-Keene Open Meeting Act:  
11 teleconferencing.

12 SB 470 was introduced by Senator Laird.

13 This bill amends Government Code Section 11123.2  
14 and amends and repeals section 11123.5.

15 The act authorizes a multimember state body,  
16 advisory body, to hold an open meeting by teleconference  
17 pursuant to specified requirements.

18 Existing law repeals these provisions on  
19 January 1st, 2026.

20 This bill would delete the January 1st, 2026,  
21 repeal date, thereby authorizing the alternative set of  
22 teleconferencing provisions for multimember state  
23 advisory bodies indefinitely.

24 On March 12th, 2025, this bill was set for hearing  
25 in the Senate Committee on Governmental Organization and

1 on March 25th, 2025, it passed and was re-referred to  
2 the Senate Judiciary Committee.

3 Staff will continue to monitor legislation for  
4 bills that impact the mandates process.

5 Thank you.

6 CHAIRPERSON PERRAULT: Thank you.

7 MS. GMUR: Thank you, Jill.

8 Next, Chief Legal Counsel Camille Shelton will  
9 please present Item 6, the Chief Legal Counsel report.

10 MS. SHELTON: Good morning. The Commission is not  
11 involved in any pending litigation so I don't have any  
12 updates for you today.

13 CHAIRPERSON PERRAULT: Okay. Thank you, Camille.

14 MS. GMUR: Item 7 is the Executive Director report  
15 and I have five information items for the Commission.

16 First, new Commission staff. Senior Commission  
17 Counsel, Laura Dougherty, please come to the table.

18 I am pleased to introduce Laura Dougherty, who  
19 recently joined Commission staff as the Senior  
20 Commission Counsel, Attorney IV.

21 Ms. Dougherty brings over 16 years of experience as  
22 a practicing attorney. In her most recent role at  
23 Howard Jarvis Taxpayers Foundation, she advanced from  
24 Senior Staff Counsel to Director of Legal Affairs where  
25 her practice focused on constitutional law and

1 government finance.

2 She's argued in both state and federal trial and  
3 appellate courts, as well as drafted amicus briefs and  
4 petitioned for review to the California Supreme Court  
5 and two petitions for writ of certiorari to the US  
6 Supreme Court.

7 Ms. Dougherty graduated from McGeorge School of Law  
8 with honors. During her studies in law school she found  
9 a passion for legal research. She has a Bachelor of  
10 Arts in the French Language.

11 Ms. Dougherty started with the Commission on  
12 February 13th, 2025.

13 Welcome to the Commission, Laura.

14 And thank you for joining us this morning.

15 MS. DOUGHERTY: Thank you, Juliana.

16 MEMBER ADAMS: Bonjour.

17 MEMBER PAHLAND: Bonjour.

18 MS. DOUGHERTY: Bonjour, everyone. Thank you for  
19 making me blush. That was a very thoughtful  
20 introduction.

21 It's been wonderful meeting everyone and it's  
22 wonderful continuing to meeting everyone. I'm looking  
23 forward to many years of service. Thank you.

24 CHAIRPERSON PERRAULT: Thank you.

25 MS. GMUR: Item 2, the Commission's 2025-2026

1 budget. The governor introduced his proposed 2025-2026  
2 budget on January 10, which includes the Commission's  
3 operating budget of \$3.438 million. This is a decrease  
4 of \$124,000 from the last budget after adjustments for  
5 salaries and benefits.

6 The governor's budget also includes \$91.456 million  
7 for Local Assistance or local agency mandated programs.  
8 This is a decrease of \$40.771 million.

9 Please see my report for more detailed information.

10 We have a regulations update. The subject of our  
11 2025 rule making will be a full review and update of the  
12 Commission's regulations.

13 Staff has prepared draft proposed amendments, which  
14 will be reviewed and discussed with local and state  
15 agencies at an informal conference which will be set in  
16 April.

17 After reviewing the informal conference feedback  
18 and making any necessary changes, staff will have the  
19 proposed language and the order to initiate rule making,  
20 rule package, for the Commission's consideration at the  
21 May hearing.

22 Workload. As of March 1, 2025, there are 37  
23 pending test claims, 32 of which are regarding storm  
24 water NPDES permits.

25 There are four parameters and guidelines, four

1 statewide cost estimates, and one IRC pending.

2 Tentative agenda items.

3 A reminder to please check the tentative agenda  
4 items on the Executive Director's report or use the  
5 pending caseload documents on the Commission's website,  
6 which are updated at least bi-monthly to see when  
7 something is tentatively set for hearing.

8 Draft proposed decisions on all test claims and IRC  
9 matters are issued for review and comment at least eight  
10 weeks prior to the hearing date and a proposed decision  
11 approximately two weeks before the hearing.

12 That's all I have, Madam Chair.

13 CHAIRPERSON PERRAULT: Thank you so much.

14 Okay. Any comments or questions from the  
15 Commission on any of the reports? Okay.

16 Well, we will go ahead now and move into and recess  
17 to closed session.
