INCORRECT REDUCTION CLAIM FORM

Section 1

Proposed Incorrect Reduction Claim Title:
Custody of Minors - Child Abduction and Recovery Program

Section 2

Local Government (Local Agency/School District) Name:
County of Los Angeles

Name and Title of Claimant's Authorized Official pursuant to CCR. tit. 2, § 1185.1(a)(1-5):

Oscar Valdez, Auditor-Controller

Street Address, City, State, and Zip:

500 West Temple Street, Room 525, Los Angeles, CA 90012

Telephone Number	Email Address
(213) 974-8302	ovaldez@auditor.lacounty.gov

Section 3 – Claimant designates the following person to act as its sole representative in this incorrect reduction claim. All correspondence and communications regarding this claim shall be forwarded to this representative. Any change in representation must be authorized by the claimant in writing, and sent to the Commission on State Mandates. (CCR, tit.2, § 1185.1(a)(1-5).)

Name and Title of Claimant Representative:

Howard Gest

Organization:

Burhenn & Gest LLP

Street Address, City, State, Zip:

12401 Wilshire Boulevard, Suite 200, Los Angeles, CA 90025

Telephone Number	Email Address
(213) 629-8787	hgest@burhenngest.com

Section 4 – Identification of Statutes or Executive Orders

Please specify the subject statute or executive order that claimant alleges is not being fully reimbursed pursuant to the adopted parameters and guidelines.

Statutes 1976, Chapter 1399
Statute 1983, Chapter 990
Statute 1992, Chapter 162
Statutes 1996, Chapter 988
Family Code Sections 3060 to 3064, 3130 to 3134.5, 3408, 3411, and 3421,
Penal Code Sections 277, 278, and 278.5

☑ Incorrect Reduction Claim is Timely Filed on [Insert Filing Date]: 07 / 25 / 2025

☑ Which is not later than three years following the date [Insert Receipt Date of Notice that Complies with Government Code section 17558.5(c)]: 05 / 02 / 2024 the claimant first received from the Office of State Controller a final state audit report, letter, or other written notice of adjustment to a reimbursement claim, which complies with Government Code section 17558.5(c) by specifying the claim components adjusted, the amounts adjusted, interest charges on claims adjusted to reduce the overall reimbursement to the claimant, and the reason for the adjustment. The filing shall be returned to the claimant for lack of jurisdiction if this requirement is not met.

(Gov. Code section 17558.5(c); Cal. Code Regs., tit.2, sections 1185.1(c) and 1187.5.)

Section 5 – Amount of Incorrect Reduction

Please specify the fiscal year and amount of reduction. More than one fiscal year may be claimed.

FY 2017-2018	3,136,557
FY 2018-2019	2,703,020
FY 2019-2020	2,307,814
FY 2020-2021	2,144,841
TOTAL	10,292,232

Section 6 – Written Detailed Narrative

Under the heading "6. Written Detailed Narrative," please describe the alleged incorrect reduction(s). The narrative shall include a comprehensive description of the reduced or disallowed area(s) of cost(s). Pages 1 **to** 25**.**

☑ This incorrect reduction claim includes a description of the alleged incorrect reduction(s) and includes a comprehensive description of the reduced or disallowed area(s) of cost(s). (*Cal. Code Regs., tit. 2, § 1185.1(f)(2)*.)

Section 7 – Documentary Evidence and Declarations

If the narrative describing the alleged incorrect reduction(s) involves more than discussion of statutes or regulations or legal argument and utilizes assertions or representations of fact, such assertions or representations shall be supported by testimonial or documentary evidence and shall be submitted with the claim under the heading "7. Documentary Evidence and Declarations." All documentary evidence must be authenticated by declarations under penalty of perjury signed by persons who are authorized and competent to do so and be based on the declarant's personal knowledge or information or belief.
Pages 26 **to** 1008**.**

☑ This incorrect reduction claim's narrative describing the alleged incorrect reduction(s) involves more than discussion of statutes or regulations or legal argument and utilizes assertions or representations of fact that are supported by testimonial or documentary evidence and are included with the incorrect reduction claim. (*Cal. Code Regs., tit. 2, § 1185.1(f)(3)*.)

☑ All documentary evidence must be authenticated by declarations under penalty of perjury signed by persons who are authorized and competent to do so and be based on the declarant's personal knowledge, information, or belief. *Assertions or representations of fact shall be supported by testimonial or documentary evidence. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. (Cal. Code Regs., tit. 2, § 1187.5.)*

Section 8 – Claiming Instructions

Under the heading "8. Claiming Instructions," please include a copy of the Office of the State Controller's claiming instructions that were in effect during the fiscal year(s) of the reimbursement claim(s). Pages 1009 **to** 1077**.**

☑ The incorrect reduction claim includes a copy of the Office of the State Controller's claiming instructions that were in effect during the fiscal year(s) of the reimbursement claims. (*Cal. Code Regs., tit. 2, § 1185.1(f)(1)*.)

Section 9 – Final State Audit Report or Other Written Notice of Adjustment

Under the heading "9. Final State Audit Report or other Written Notice of Adjustment," please include a copy of the final state audit report, letter, or other written notice of adjustment from the Office of the State Controller that explains the reason(s) for the reduction or disallowance. Pages 1078 **to** 1119**.**

☑ The incorrect reduction claim includes a copy of any final state audit report, letter, or other written notice of adjustment from the Office of State Controller that explains the claim components adjusted, amounts reduced, and the reasons for the reduction or disallowance. (*Cal. Code Regs., tit. 2, § 1185.1(f)(4)*.)

Section 10 – Reimbursement Claims

Under the heading "10. Reimbursement Claims," please include a copy of the subject reimbursement claims the claimant submitted to the Office of State Controller. Pages 1120 **to** 1199**.**

☑ The incorrect reduction claims includes a copy of the subject reimbursement claims the claimant submitted to the Office of State Controller. (*Cal. Code Regs., tit. 2, § 1185.1(f)(5)*.)

Section 11 – Notice of Intent to File a Consolidated Incorrect Reduction Claim
This claim is being filed with the intent of acting as lead-claimant to consolidate on behalf of other claimants. (*Cal. Code Regs., tit. 2, § 1185.3*.): Yes ☐ or No ☑

If yes is checked, the claimant certifies the following:

(1) The method, act, or practice that the claimant alleges led to the reduction has led to similar reductions of other parties' claims, and all of the claims involve common questions or law or fact.
(2) The common questions of law or fact among the claims predominate over any matter affecting only an individual claim.
(3) The consolidation of similar claims by individual claimants would result in consistent decision making by the Commission.
(4) The claimant filing the consolidated claim would fairly and adequately protect the interests of the other claimants: Yes ☐ or No ☐

Section 12 - Notice of Intent to Join a Consolidated Incorrect Reduction Claim

I intend to join a consolidated claim: Yes ☐ or No ☑

If yes is checked, please complete the following:

Title of Consolidated Incorrect Reduction Claim:

_____

Lead-Claimant Local Government (Local Agency/School District) Name:

_____

Name and Title of Lead-Claimant's Authorized Official pursuant to CCR. tit. 2, § 1185.1(a)(1-5):

_____

Street Address, City, State, and Zip:

_____

Telephone Number Email Address

_____ _____

The claimant certifies that (1) The method, act, or practice that the claimant alleges led to the reduction is similar to that for the reductions of lead-claimant's claim, and involves common questions or law or fact; (2) The common questions of law or fact predominate over any matter affecting only an individual claim; (3) The consolidation of these claims by would result in consistent decision making by the Commission; (4) The lead-claimant in the consolidated claim would fairly and adequately protect the interests of the claimants; and authorizes the lead-claimant in the above-named incorrect reduction claim to act as its sole representative in this consolidated incorrect reduction claim, which is filed pursuant to Government Code section 17558.7:

Yes ☐ or No ☐

Section 13 – INCORRECT REDUCTION CLAIM CERTIFICATION Pursuant to *Government Code section 17553*

☑ The incorrect reduction claim form is signed and dated at the end of the document, under penalty of perjury by the eligible claimant, with the declaration that the incorrect reduction claim is true and complete to the best of the declarant's personal knowledge, information, or belief.

Read, sign, and date this section. Incorrect reduction claims that are not signed by authorized claimant officials pursuant to California Code of Regulations, title 2, section 1185.1(a)(1-5) will be returned as incomplete. In addition, please note that this form also serves to designate a claimant representative for the matter (if desired) and for that reason may only be signed by an authorized local government official as defined in section 1185.1(a)(1-5) of the Commission's regulations, and not by the representative.

This incorrect reduction claim alleges an incorrect reduction of a reimbursement claim filed with the State Controller's Office pursuant to Government Code section 17561. This incorrect reduction claim is filed pursuant to Government Code section 17551, subdivision (d). I hereby declare, under penalty of perjury under the laws of the State of California, that the information in this incorrect reduction claim is true and complete to the best of my own personal knowledge, information, or belief. All representations of fact are supported by documentary or testimonial evidence and are submitted in accordance with the Commission's regulations. (Cal. Code Regs., tit. 2 sections 1185.1 and 1187.5.)

SECTION 6

WRITTEN DETAILED NARRATIVE

I. INTRODUCTION

This is an Incorrect Reduction Claim challenging the State Controller's Office ("Controller's Office") disallowance in its entirety of reimbursement to the County of Los Angeles ("County") for services mandated by the Custody of Minors-Child Abduction and Recovery Program ("Child Abduction Program") for the fiscal years (FYs) July 1, 2017, through June 30, 2021.

During this period, the Los Angeles County District Attorney's Office filed 141 cases under this program and declined 244 more. The Office also handled 112 Hague cases submitted to it from the California Attorney General's Office. Its investigators in its Child Abduction Unit opened an additional approximately 535 civil recovery order cases. The District Attorney's Office and its investigators expended approximately 67,328 hours. For the calendar years 2017 through 2021, these efforts resulted in the recovery or reunification of over 300 minors from throughout the country.[1] *See* Alarcon Declaration, ¶ 7. The Controller's Office, however, values this work at $0.00.

The Controller's Office based its finding solely on the grounds that the District Attorney's time studies, which were consistently used and reimbursed in the past, were now not adequate contemporaneous source documents (Audit Report, Custody of Minors-Child Abduction and Recovery Program, Los Angeles County, dated May 2024 ("Audit Rpt."), Section 9, pp 1083, 1088 (Audit Rpt., p.1, 6). The Controller's Office did this without prior notice or warning and after the fiscal periods had passed, effectively precluding the County from providing the documentation the Controller's Office now seeks.

The Controller's actions are erroneous and an abuse of discretion for the following reasons:

1. The audit for the fiscal year 2017-2018 was not commenced within three years of the filing of the claim. Because the audit was not timely commenced, the audit of this fiscal year is barred by the statute of limitations.

2. The County's claims were in fact supported by adequate documentation in accordance with the Parameters and Guidelines.

3. The Controller's Office's additionally imposed requirements constituted an underground regulation, i.e., a regulation imposed without notice or comment.

4. It is a violation of due process to impose a requirement without first providing notice. *Municipal Stormwater and Urban Runoff Discharges,* 20-0304-I-07 (City of Lakewood, Claimant).

5. The County had used the same documentation for several years leading up to the fiscal years at issue and had always received reimbursement. It was arbitrary and capricious to change the requirements and reject the documentation subsequent to the

[1] These statistics are collected on a calendar, as opposed to fiscal, year basis.

time when new or different documentation could be generated. (The documentation was created in fiscal years 2017-2021; the Controller's Office did not object to the documentation until the audit commencing in August 2022.)

6. The 2009 Parameters and Guidelines amendment did not put the County or any other party on notice of any change in documentation requirements. The notice in support of the amendment simply stated that it was including "boiler plate" language. The language itself that was added by the amendment does not specify the requirements cited by the Controller's Office in its audit.

7. It was arbitrary and capricious for the Controller's Office to find that the County was entitled to zero reimbursement when there was no dispute that mandated services were rendered.

8. Where inadequate source documentation exists, it is arbitrary and capricious to preclude reimbursement in its entirety. Instead, reimbursement should be provided based on a reasonable estimate of the cost of services rendered. See e.g., *In re Incorrect Reduction Claim on Education Code Sections 44660-44665, etc*., Case No. 14-9825-I-01 ("The Stull Act"), September 23, 2016, at 19-20, 24) (where there is no dispute that mandated activities occurred, it is arbitrary and capricious to reduce reimbursement to $0); *In re Incorrect Reduction Claim on Family Code Sections 3060-3064, etc.,* Case Nos. 08-4237-I-02 and 12-4237-I-03 ("Child Abduction and Recovery"), March 25, 2016, p.17 (Commission upheld time incurred in subsequent year as reasonable estimate of time incurred in prior year).

II. FACTS

A. THE CLAIMS AT ISSUE

The Controller's Office audited FYs 2017-2018 through 2020-2021 (the "audit period"). The Controller's Office adjusted the County's claims to $0.00 as follows:

Fiscal Year	Actual Costs Claimed	Controller's Office's Reimbursement after Audit Adjustment
2017-2018	$3,136,557	$0.00
2018-2019	$2,703,020	$0.00
2019-2020	$2,307,814	$0.00
2020-2021	$2,144,841	$0.00
Total	$10,292,232	$0.00

Section 9, pp. 1086-88 (Audit Rpt., p. 4-5, 6).

B. SUMMARY OF MANDATE

The Child Abduction and Recovery program has been in place since 1976. The 2009 Amendment to the Parameters and Guidelines ("2009 Amended Parameters and Guidelines" or "Parameters and Guidelines") summarizes the mandate and reimbursable activities in pertinent part as follows:[2]

"I. SUMMARY OF MANDATE

> Chapter 1399, Statutes of 1976, added Sections 4600.1 and 4604 to and amended Sections 5157, 5160 and 5169 of the Civil Code, added Sections 278 and 278.5 to the Penal Code, and amended sections 11478.5 of the Welfare and Institutions Code, which increased the level of service provided by several county departments which must become involved in child custody matters. Where previously parents or others interested in the custody status of minors pursued their interest in court with no assistance from law enforcement agencies, due to this statute, counties are required to actively assist in the resolution of custody problems and the enforcement of custody decrees. To accomplish this, several additional tools were provided to the courts and enforcement agencies in this legislation, including changes in the procedures for filing petitions to determine custody and enforce visitation rights, increased authorization to issue warrants of arrest to insure compliance, and increased access to locator and other information maintained by County and State departments. These activities increased the level of service provided to the public under Title 9 of Part 5 of the Civil Code, the Uniform Child Custody Jurisdiction Act.
>
> Chapter 990, Statutes of 1983, amended Section 4604 of the Civil Code to clarify that the enforcement requirements of this section applied to visitation decrees as well as custody decrees.
>
> Chapter 162, Statutes of 1992, repealed Sections 4600.1, 4604, 5157, 5160, and 5169 of the Civil Code and without substantial change enacted Sections 3060 to 3064, 3130 to 3134.5, 3408, 3411, and 3421 of the Family Code.
>
> Chapter 988, Statutes of 1996, the Parental Kidnapping Prevention Act, repealed Sections 277, 278 and 278.5 of the Penal Code and enacted in (sic) a new statutory scheme in Sections 277, 278 and 278.5 which eliminated the distinction between cases with and cases without a preexisting child custody order.

[2] *Custody of Minors: Child Abduction and Recovery,* Amendment to Parameters and Guidelines, 05-PGA-26 (CSM- 4237), Amended: October 30, 2009, at 1-2, 3-6.

II. BOARD OF CONTROL DECISIONS

On September 19, 1979, the Board of Control determined that Chapter 1399, Statutes of 1976, imposed a reimbursable state mandate upon counties by requiring district attorney offices to actively assist in the resolution of child custody problems including visitation disputes, the enforcement of custody decrees and of any other order of the court in a child custody proceeding. These activities include all actions necessary to locate a child, the enforcement of child custody decrees, orders to appear, or any other court order defraying expenses related to the return of an illegally detained, abducted or concealed child, proceedings with civil court actions, and guaranteeing the appearance of offenders and minors in court actions. The Board's finding was in response to a claim of first impression filed by the County of San Bernardino.

. . .

V. REIMBURSEABLE COSTS

. . .

B. Reimbursable Activities:

[A]ll direct and indirect costs of labor, materials and supplies, training and travel for the following activities are eligible for reimbursement:

1. Obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders, including:

a. Contact with child(ren) and other involved persons.

(1) Receipt of reports and requests for assistance.

(2) Mediating with or advising involved individuals. Mediating services may be provided by other departments. If this is the case, indicate the department.

(3) Locating missing or concealed offender

and child(ren).

b. Utilizing any appropriate civil or criminal court action to secure compliance.

(1) Preparation and investigation of reports and request for assistance.

(2) Seeking physical restraint of offenders and/or the child(ren) to assure compliance with court orders.

(3) Process services and attendant court fees and costs.

(4) Depositions.

c. Physically recovering the child(ren).

(1) Travel expenses, food, lodging, and transportation for the escort and child(ren).

(2) Other personal necessities for the child. All such items purchased must be itemized.

2. Court actions and costs in cases involving child custody or visitation orders from another jurisdiction, which may include, but are not limited to, utilization of the Uniform Child Custody Jurisdiction Act (Family Code Sections 3400 through 3425) and actions relating to the Federal Parental Kidnapping Prevention Act (42 USC 1738A) and The Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction (Senate Treaty Document 99-11, 99th Congress, 1st Session).

a. Cost of providing foster care or other short-term care for any child pending return to the out-of-jurisdiction custodian. The reimbursable period of foster home care or other short-term care may not exceed three days unless special circumstances exist.

Please explain the special circumstances. A

maximum of ten days per child is allowable. Costs must be identified per child, per day. This cost must be reduced by the amount of state reimbursement for foster home care which is received by the county for the child(ren) so placed.

b. Cost of transporting the child(ren) to the out-of-jurisdiction custodian.

(1) Travel expenses, food, lodging, and transportation for the escort and child(ren).

(2) Other personal necessities for the child(ren). All such items purchased must be itemized. Cost recovered from any party, individual or agency, must be shown and used as an offset against costs reported in this section.

(3) Securing appearance of offender and/or child(ren) when an arrest warrant has been issued or other order of the court to produce the offender or child(ren).

(a) Cost of serving arrest warrant or order and detaining the individual in custody, if necessary, to assure appearance in accordance with the arrest warrant or order.

(b) Cost of providing foster home care or other short-term care for any child requiring such because of the detention of the individual having custody. The number of days for the foster home care or short-term care shall not exceed the number of days of the detention period of the individual physical custody of the minor.

(4) Return of an illegally obtained or concealed child(ren) to the legal custodian or agency.

(a) Costs of food, lodging, transportation and other personal necessities for the child(ren) from the time he/she is located until he/she is delivered to the legal custodian or agency. All personal necessities purchased must be itemized.

(b) Cost of an escort for the child(ren), including costs of food, lodging, transportation and other expenses where such costs are a proper charge against the county. The type of escort utilized must be specified.

Any funds received as a result of costs assessed against a defendant or other party in a criminal or civil action for the return or care of the minor(s) (or defendant, if not part of a criminal extradition) must be shown and used as an offset against these costs."

C. THE LOS ANGELES COUNTY DISTRICT ATTORNEY'S CHILD ABDUCTION SECTION

The Los Angeles County District Attorney's Office created its Child Abduction Section in 1986 to implement these mandates. International child abductions fell under the jurisdiction of the Child Abduction Section in 1988, when the United States signed the Hague Convention on the Civil Aspects of International Child Abduction (Hague). Under Article 7 of the Hague Convention, each District Attorney in California is deemed a competent authority and an intermediary of the United States Central Authority. (Family Code Section 3455 authorizes a District Attorney to act on behalf of the Family Court in Hague cases and appear in court on those matters.) Alarcon Declaration, ¶¶ 3 and 4.

In addition, the District Attorney's Office has a Bureau of Investigation Child Abduction Unit. Alarcon Declaration, ¶ 6. The Unit receives all Family Code §§ 3130-3134.5 orders submitted to the District Attorney's office by private citizens seeking enforcement of their orders. The Unit investigates these matters and conducts child recoveries both in and out of state. When needed, the Unit consults with the Child Abduction Section for assistance with Family Code § 3130 matters and submits all out-of-state recovery documents to the Assistant Head Deputy of the Target Crime Division

for review and signature. Not all Family Code § 3130 matters are prosecuted criminally but, when there is a concurrent criminal investigation pending, the Unit will coordinate with the handling law enforcement agency. On rare occasions, the Unit will serve as the investigation agency for criminal purposes and submit the case for criminal filing by the Child Abduction Section. Martin Declaration, ¶ 3.

During the audit period, the Child Abduction Section consisted of Deputy District Attorneys, paralegals, and an administrative clerk. The Bureau of Investigation Child Abduction Unit consisted of four assigned district attorney investigators (DAIs) and a supervising Sergeant. Alarcon Declaration, ¶¶ 5 and 6.

D. THE AUDIT

The Controller's Office initiated its audit of FYs 2017 through 2021 on August 5, 2022. *See* Letter to Arlene Barrera, dated August 5, 2022, (Anema Dec., ¶ 8, Ex.1.)

In support of its claims, the County submitted time studies, salary and benefits information, and an indirect cost calculation for each fiscal year (Alarcon Dec. ¶ 11, Ex. 3; Reimbursement Claims (Incorrect Reduction Claim Form, Section 10)). The County also provided the Controller's Office with documents from eight sample cases (Audit Rpt., p. 7).

As set forth above, the Controller's Office disallowed the County's claim in its entirety. The Controller's Office's disallowance, however, was not based on a finding that no mandated activities took place. Nor did the Controller's Office find that the County claimed costs that were excessive or funded by other sources. Instead, the sole basis for the Controller's disallowance was because the County purportedly did not provide contemporaneous source documents (Audit Rpt., pp.3, 6).

Basically, the Controller's Office found that, although each employee certified his or her time sheet as true and accurate, and the time sheet was further certified by the employee's supervisor, it was not sufficient that the County's time sheets distinguished between reimbursable and non-reimbursable activities and kept track of the work performed by referencing the particular code section for which work was done. Instead, according to the Controller's Office, the time sheet had to go further and divide the mandated activities into subcategories, such as case review, court appearances or investigations (Audit Rpt., pp.6-7, 15). (The Controller's Office noted what it referred to as some deficiencies in the time sheets for FYs 2018-19 and 2020-21, but did not base its decision on that ground (Audit Rpt., pp. 7, 20). As the County noted in its response to the audit, these alleged deficiencies were not disqualifying, and at best were only a basis for rejecting the particular time sheet, not all properly completed time sheets in their entirety (Audit Rpt., pp. 13-14, 19-20)).

The Controller's Office also found that one employee, the Intermediate Typist Clerk, devoted some time to Penal Code section 278.7 cases, referred to as "good cause" cases, and that this employee's time on these cases was not reimbursable because

section 278.7 cases were not identified in the 2009 Parameters and Guidelines (Audit Rpt., p. 7).

E. PRIOR TO THE AUDIT PERIOD, LOS ANGELES COUNTY'S CLAIMS WERE CONSISTENTLY REIMBURSED

The County has been submitting claims for reimbursements since the enactment of the Child Abduction and Recovery Program and has been consistently reimbursed for these costs. For example, since FY 2001[3] through the audit period, the County submitted the following claims and received the following amounts:

Fiscal Year	Claimed Amount	Amount Received
FY 2000-01	$1,568,069	$1,568,069
FY 2001-02	$1,820,681	$1,820,681
FY 2002-03	$1,918,032	$1,918,032
FY 2003-04	$2,011,224	$2,011,224
FY 2004-05	$1,882,805	$1,882,805
FY 2005-06	$2,059,975	$2,059,975
FY 2006-07	$2,161,454	$2,161,454
FY 2007-08	$2,347,491	$2,347,491
FY 2008-09	$2,533,407	$2,533,407
FY 2009-10	$2,577,273	$2,577,273
FY 2010-11	$2,965,357	$2,965,357
FY 2011-12	$2,833,390	$2,833,390
FY 2012-13	$2,657,629	$2,657,629
FY 2013-14	$2,773,461	$2,773,461
FY 2014-15	$2,836,527	$2,836,527
FY 2015-16	$3,105,753	$3,105,753
FY 2016-17	$2,872,431	$2,872,431

Anema Declaration, ¶ 6.

As these figures show, the County has received reimbursement in excess of $2,000,000 and as high as $3,105,753 for 12 consecutive years prior to the fiscal years at issue here, from FY 2005-06 through FY 2016-17. At no time during this period was the existence of mandated activity or the amount of reimbursement questioned.

The County continued with its same practice and with the same documentation for the audit period. For this period, however, the Controller's Office retroactively adjusted the claim to $0.00. The Controller's Office did so even though it did not dispute that mandated activities were performed.

[3] The County also submitted and was reimbursed for claims for fiscal years prior to 2001. For brevity's sake, the County is describing here the claims from FY 2001 forward.

III. THE AUDIT FOR FISCAL YEAR 2017-2018 SHOULD BE WITHDRAWN AS UNTIMELY

Preliminarily, as an independent basis for reversing the Controller's audit, the audit for FY 2017-2018 was untimely and should be withdrawn.

The County filed its reimbursement claim for FY 2017-2018 on January 31, 2019. (*See* Section 10, p. 1122, Form FAM-27, dated January 25, 2019; Anema Dec., ¶ 7). The Controller initiated its audit of this fiscal year on August 5, 2022. *See* Anema Dec., ¶ 8 and Ex. 1 (Letter to Arlene Barrera, dated August 5, 2022).

Government Code § 17558.5(a) provides that "[a] reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to the initiation of an audit by the Controller no later than *three years after the date that the actual reimbursement claim is filed or last amended*, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim." (Emphasis added.)

Here, the claim for FY 2017-2018 was filed on January 31, 2019, and the initiation of the audit for FY 2017-2018 occurred on August 5, 2022, more than three years later (Anema Dec., ¶¶ 7 and 8). The claim was not amended. Therefore, the audit for FY 2017-2018 was untimely and should be withdrawn.

In the audit, however, the Controller's Office contended that its audit was timely, relying on the provision of section 17558.5(a) that provides "if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim." (Audit Rpt., pp.14-15).

This exception, however, does not apply here. Under section 17558.5(a), the exception to the three-year statute of limitations applies only when "no funds are appropriated or no payment is made to a claimant for the program *for* the fiscal year for which the claim is filed." Govt. Code § 17558.5(a) (emphasis added). Here, it is undisputed that funds *were* appropriated and payment *was* made to the County *for* FY 2017-2018. See Anema Dec., ¶ 7 (payment); Gest Dec. ¶¶ 3 and 4 and Ex. 1 (appropriation of funds).

In applying Govt. Code § 17558.5(a), the Commission must apply the plain meaning of the statute. As the California Supreme Court held in *Romano v. Rockwell International, Inc.* (1996) 14 Cal.4th 479:

> We interpret statutory language according to its usual and ordinary import, keeping in mind the apparent purpose of the statute. (*Dyna-Med, Inc. v. Fair Employment & Housing Com.* (1987) 43 Cal. 3d 1379, 1386-1387. When no ambiguity appears, we give statutory terms their plain meaning. (*People v. Coronado* (1995) 12 Cal. 4th 145, 151.

14 Cal.4th at 493.

Here, the plain meaning of Govt. Code § 17558.5(a) provides that the exception upon which the Controller's Office relies applies only when no funds are appropriated or no payment is made for the fiscal year for which the claim is filed. As discussed above, funds were appropriated and payment was made to the County for FY 2017-2018. See Anema Dec., ¶ 7; Gest Dec. ¶¶ 3and 4 and Ex. 1. Under the plain meaning of Section 17558.5(a), therefore, the exception on which the Controller's Office relies does not apply and the audit had to be commenced within three years of the filing of the claim, i.e. by January 31, 2022.

In sum, because it is undisputed that funds were appropriated and payment was made for FY 2017-2018, the Controller's Office was required to commence the audit "three years after the date that the actual reimbursement claim is filed or last amended," Govt. Code § 17558.5(a), i.e., no later than three years after January 31, 2019, when the claim for reimbursement was filed. Because the Controller's Office did not initiate its audit during this three-year period, the audit was untimely and should be withdrawn. The County's claim for payment for Fiscal Year 2017-2018 in the amount of $3,136,557 should be reinstated.

IV. THE COUNTY'S CLAIMS WERE SUPPORTED BY SOURCE DOCUMENTS THAT SHOWED THE VALIDITY OF THE CLAIMED COSTS IN ACCORDANCE WITH THE PARAMETERS AND GUIDELINES

A. THE COUNTY SUBMITTED SOURCE DOCUMENTS CONSISTENT WITH THE PARAMETERS AND GUIDELINES

The County submitted time studies, salary and benefits information, and an indirect cost calculation in support of the costs incurred for each fiscal year (*See* Incorrect Reduction Claim Form, Section 10 (reimbursement claims); Alarcon Dec., ¶ 11, Ex. 3). Contrary to the Controller's assertion, these documents are valid source documents as set forth by the Parameters and Guidelines.

The 2009 Amended Parameters and Guidelines provide that claimed costs must be:

> "supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs . . . ."

2009 Amended Parameters and Guidelines, Section V. The County submitted such source documents here.

1. The County's Time Records are Source Documents Consistent with the Parameters and Guidelines

First, the County submitted time study reports. Although titled "time study," these are actually time sheets*, i.e.*, employee time records/time logs. Each time sheet was created at or near the time the actual cost was incurred, and reflected the validity of the costs, when they were incurred, and their relationship to the reimbursable activity:

a. Each deputy district attorney, paralegal, investigator, and clerk completed his or her own time sheet. Each time sheet set forth the time expended on both claimable and non-claimable matters and the date the time was incurred (Alarcon Dec., Exs. 1 and 3.) Thus, the time sheet was based on personal knowledge, distinguished between reimbursable and non-reimbursable costs, and reflected when the costs were incurred.

b. Each time sheet contained instructions as to how the time sheet was to be completed and distinguished between mandated activities. Obtaining compliance with court orders relating to custody orders was included on the time sheet under the Family Code §§ 3130-3133 category. The return of an illegally concealed child or minor to its legal custodian was included under the Penal Code §§ 277, 278, and 278.5 category. *See e.g.* Alarcon Dec., Ex. 1 p. 2). These instructions buttressed the validity and accuracy of the time sheets, making sure the time was allocated correctly between mandated and non-mandated activities. The allocation between Family and Penal Code tasks reflected the work's relationship to the reimbursable activities, *i.e.,* obtaining compliance with custody orders or return of illegally concealed children.

c. Each time sheet's directions specifically provided that all non-claimable activities were to be segregated and placed under the non-claimable section. *See e.g.* Alarcon Dec., Ex. 1 p. 2). Again, this ensured that only mandated activities were claimed.

d. The total hours expended on both claimable and non-claimable matters were totaled for each day. *Id*. at Exs. 1 and 3. This totaling served to ensure that the time was reported accurately.

e. Finally, each employee was instructed that the time sheets were to be completed on a daily basis, certified by the employee, and signed, dated, and submitted at the end of each month. *Id.* Each employee's supervisor also signed and certified that the time sheet is true and correct to the best of his or her knowledge. *Id.* By completing the time sheet on a daily basis, this meant that the time sheet was completed at or near the time the cost was incurred in accordance with the Parameters and Guidelines, and also minimized the risk that the time would be misallocated.

In addition to the time sheets, the Controller's Office also received a list of each attorney, paralegal, and investigator assigned to the appropriate category of compensable activities in support of each claim. With respect to the County, these would be Family Code §§ 3130-3133 or Penal Code §§ 277, 278, and 278.5 matters. Support documents showing salaries, benefits, and indirect costs were also supplied. *See* Section 10, Reimbursement Claims, pp. 1120-1199.

2. The County's Salary and Benefits Documents are Source Documents Consistent with the Parameters and Guidelines

With respect to salary and employee's benefits specifically, the Parameters and Guidelines required the documents to:

> "identify the employee(s), show the classification of the employee(s) involved, describe the mandated functions performed, and specify the actual number of hours devoted to each function, the productive hourly rate and the related benefits."

Parameters and Guidelines, Section VII.A.1.

Again, that was done here. Each submitted claim form was supported by a schedule of employees, their classifications, their salary and other benefits, and the mandated functions performed, i.e., Compliance with Court Orders (3130-3133) or Compliance with Court Orders (Program 277, 278, 278.5). See Claims, Form 2.

The County's time sheets reviewed by the Controller's Office also described the mandated functions and specified the actual number of hours devoted to each function. Each employee's time was described and allocated as either obtaining compliance with court orders (Family Code §§ 3130-3033), return of illegally concealed children or minors to their legal custodian (Penal Code §§ 277, 278, 278.5), or non-claimable activities as the case may have been. (See Alarcon Dec., Exs. 1 and 3.)

3. Additional Documentation

Finally, the County also submitted additional documentation specifically on its investigators' activities. During the audit, County representatives explained to the auditor that their investigators' time was almost exclusively devoted to claimable activities, *i.e.,* enforcing custody orders. In support of this fact, the Controller's Office was provided with a list of the cases the investigators handled during the audit period. The Controller's Office was also provided with the case files of representative cases so that the Controller's Office could review the activities performed by the investigators. In the few instances where an investigator may have assisted an attorney after the filing of a criminal case, there was a place for that to be indicated on the time record so that it was not included in the claim. Martin Dec., ¶ 4.

4. The County's Documents Described Its Employees' Activities in Accordance with the Parameters and Guidelines

The Controller's audit recognized that the County kept and submitted these time records. It noted that time was allocated between claimable and non-claimable activities, by Family and Penal Code section, and that employees were specifically instructed as to how to allocate their time (Audit Rpt., p. 15).

The Controller's Office nevertheless disallowed reimbursement in its entirety because, according to the Controller's Office, "descriptions of the mandated activities are

not provided" and non-claimable activities were "noted as '277.278/278.5 Non-Claimable' or 'Other Non-Claimable.'" Audit Rpt. at 15.

The Controller's Office's position, however, is not well taken. Descriptions of the mandated activities as described by the Parameters and Guidelines were provided. The Parameters and Guidelines describe the reimbursable activities to include:

> "1. Obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders, including
>
> . . .
>
> b. Utilizing any appropriate civil or criminal court action to secure compliance . . .
>
> 2. Court actions and costs in cases involving child custody or visitation orders from another jurisdiction . . . ."

Parameters and Guidelines, Section V.B.1 and 2. The County's time sheets described these activities by reference to the Family and Penal Code sections. See Section IV.A.1.b, above. Non-claimable activities were allocated to its own line entry.

Thus, the County's time sheets did describe the mandated activities, i.e., "obtaining compliance with court orders," as set forth in the Parameters and Guidelines. It did so by referring to the Family and Penal Codes that mandate these activities. The time sheets further excluded non-reimbursable time by creating a separate, excludable category for that time. (Further description of non-reimbursable time was not needed as no reimbursement was being sought for that time. It was included on the time sheet, however, as a further check to assure that only reimbursable time was claimed.) The Controller's Office's position was not well taken. [4]

---

[4] In the audit, the Controller's Office asserted that it could not identify the time an Intermediate Typist Clerk spent with respect to Penal Code § 278.7, referred to as "good cause" cases. The Controller's Office contended the Clerk Typist's time spent on good cause cases was not reimbursable because good cause cases were not identified in the Parameters and Guidelines as reimbursable (Audit Rpt., pp. 7, 18).

The Controller's Office's disallowance of this time demonstrates a lack of understanding of Penal Code § 278.7 and how it operates. Penal Code § 278.7 does not create a new crime or a separate proceeding. Penal Code § 278.7 was adopted at the same time as current Penal Code §§ 278 and 278.5 and sets forth a defense as to when Penal Code § 278.5 does not apply, i.e., when a person with a right to custody keeps, withholds, or conceals a child because of a good faith and reasonable belief the child will suffer immediate bodily injury or emotional harm. Penal Code § 278.7(a) and (b). Accordingly, "good cause" is not a separate proceeding but is a defense in a custody proceeding in

B. THE CONTROLLER'S OFFICE IMPOSED A REQUIREMENT NOT SET FORTH IN THE PARAMETERS AND GUIDELINES

The Controller's Office's complaint is not that the time sheets did not describe the mandated activities, when they were incurred, or their relationship to the reimbursable activities. The Controller's Office concedes this fact. Audit Report, p. 15 ("The time study/time sheet instructions list the Penal Code and Family Code section and 'Activity performed' or "Activities performed.'") Instead, the Controller's Office's complaint appears to be that the time sheets did not break the reflected activities into subcategories of those activities (Audit Report, p. 15). But the Parameters and Guidelines did not require such a description. Nowhere in the Parameters and Guidelines does it state that the description of reimbursable activities had to be broken down into subcategories.

This can be seen from the Parameters and Guidelines themselves. As set forth above, Section V of the Parameters and Guidelines provides that source documents should show the validity of the costs, when they were incurred, and their relationship to the reimbursable activities. Reimbursable activities are identified to include "obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders . . . . including utilizing any appropriate civil or criminal court action to secure compliance" and "court actions and costs in cases involving child custody or visitation orders from another jurisdiction. . . ." Parameters and Guidelines, Section V.B.1 and 2. Section V states specifically that source documents may include employee time records or time logs.

Parameters and Guidelines Section VII A.1 then specifically provides that for salary and employee benefits, the costs at issue here, the documents should "[i]dentify the employee(s), show the classification of the employee(s) involved, describe the mandated functions performed and specify the actual number of hours devoted to each function, the

---

which Penal Code § 278.5 is raised, which code section *is* identified as reimbursable in the Parameters and Guidelines.

As such, there are no separate section 278.7 cases. Instead, Penal Code § 278.7 is a defense raised by a parent or person with a right to custody in a custody case. The Intermediate Clerk Typist performs no work other than inputting into a database any report filed by the person who keeps, withholds, or conceals the child so that there will be record of the report should the defense be asserted *in the proceeding invoking section 278.5.* This time is de minimus, but in any event claimable because it is part of the proceeding in which Penal Code § 278.5 may be raised.

In sum, the Parameters and Guidelines did not need to identify "good cause" hearings as reimbursable costs because there is no such hearing independent of the custody proceedings in which Penal Code § 278.5 may be raised. Penal Code § 278.7 is simply a defense that can be heard in response to Penal Code § 278.5, and as such is part of proceedings that the Parameters and Guidelines already identify as reimbursable (Penal Code § 278.5). The Controller's Office's position that Penal Code § 278.7 is separate from Penal Code § 278.5 proceedings is based on a lack of understanding of these proceedings and lacks merit.

productive hourly rate, and the related benefits," which the County did through the documents in support of its claims and its employee time sheets. *See* Sections IV.A.1 through 4, above. *Nowhere do the Parameters and Guidelines state that the source documents must identify not only the reimbursable activities being claimed but also further break those activities into subcategories of those activities.* This is a requirement not found in the Parameters and Guidelines.

V. THE CONTROLLER'S OFFICE'S NEW REQUIREMENT FOR A BREAKDOWN OF REIMBURSABLE ACTIVITIES INTO SUB-ACTIVITIES CONSTITUTES AN UNLAWFUL UNDERGROUND REGULATION AND ITS IMPOSITION WAS A VIOLATION OF DUE PROCESS

A. THE CONTROLLER'S OFFICE'S NEW REQUIREMENTS CONSTITUTE AN UNLAWFUL UNDERGROUND REGULATION

The Controller's Office's imposition of new requirements with respect to the required content of the County's time records without notice or warning constitutes an underground regulation. As such, the imposition is unlawful.

The time records at issue here have been used and accepted by the Controller's Office without objection since 1994, the date of their last revision (See Alarcon Dec., ¶ 9 and Ex. 1; *see also* Anema Dec., ¶ 6). Prior to the audit, the Controller's Office never advised the County that its time records were insufficient. Instead, each year the County submitted claims and each year the claims were paid. *See e.g.,* Section II.E, above; Anema Dec., ¶ 6. It was not until 2022, after the audit was initiated, that the Controller's Office advised the County that it now required the County's time sheets to include subcategories of activities. This was more than one year after the last fiscal year at issue, at a time when it was impossible for the County to go back and revise the time sheets for the fiscal years at issue. No public notice of the adoption of this policy had ever been given; no text of a regulation to this effect had ever been issued.

The Controller, having accepted these time sheets for years prior to the audit periods at issue here, cannot without notice or warning choose to reverse its decision and find that the records are insufficient. To do so is an unlawful "underground regulation."

Under California's Administrative Procedure Act, Gov. Code, § 11340 et seq. ("APA"), an

> "agency must give the public notice of its proposed regulatory action; issue a complete text of the proposed regulation with a statement of the reasons for it; give interested parties an opportunity to comment on the proposed regulation; respond in writing to public comments; and forward a file of all materials on which the agency relied in the regulatory process to the Office of Administrative Law, which reviews the regulation for consistency with the law, clarity, and necessity."

Tidewater Marine Western, Inc. v. Bradshaw (1996) 14 Cal 4th 557, 569 (citations omitted).

One purpose of the APA is to ensure that those persons or entities whom a regulation will affect have a voice in its creation, as well as notice of the law's requirements so that they can conform their conduct accordingly. *Id.* at 568-569.

An underground regulation is a regulation that a court may determine to be invalid because it was not adopted in substantial compliance with the procedures of the APA. *Modesto City Schools v. Education Audits Appeal Panel* (2004) 123 Cal.App.4th 1365, 1381; *California Advocates for Nursing Home Reform v. Bontá* (2003) 106 Cal.App.4th 498, 506-507. To be deemed an underground regulation, the policy or rule at issue must meet two requirements: (1) the agency must intend it to apply generally rather than in a specific case;[5] and (2) the agency must adopt it to implement, interpret, or make specific the law enforced by the agency. *Modesto City Schools,* 123 Cal.App.4th at 1381. The APA was designed in part to prevent the use by administrative agencies of underground regulations. *California Advocates for Nursing Home Reform* 106 Cal.App.4th at 506. *See generally, Clovis Unified School Dist. v. Chiang* (2010) 188 Cal.App.4th 794, 800.

Here, the Controller's Office's new policy of requiring time sheets to include subcategories of the mandated activities meets the requirements of an underground regulation. First, it is a policy that the Controller's Office not only intends, but has in fact, applied generally. Since November 2022, the Controller's Office has conducted 11 audits of county District Attorney Child Custody claims throughout the State. In each, the Controller's Office has applied the policy at issue here. *See* Gest Dec., ¶ 7 and Ex. 2 (attaching 5 of these audits).

Second, the Controller's Office has adopted this policy as part of its implementation of the Child Custody mandates and the Parameters and Guidelines enforced by it. The Controller's Office has applied it when determining whether a document is an adequate source document.

As such, the Controller's Office's new requirement that source documentation include subcategories of activities is a policy or rule that is applied generally and was adopted to implement, interpret and make specific the Child Custody mandates and the parameters and guidelines enforced by it. *See Clovis Unified School Dist. v. Chiang,* 188 Cal.App.4th at 805 (contemporaneous source documentation rule used by Controller's Office in audits meets the two criteria for being an APA regulation.) No notice, regulatory or otherwise, however, was ever given as to this new policy or rule until it was applied in the audit. This new policy or rule was an unlawful underground regulation.

B. THE 2009 AMENDMENT TO THE PARAMETERS AND GUIDELINES DID NOT PUT THE COUNTY ON NOTICE OF THE CONTROLLER'S OFFICE'S NEW REQUIREMENTS

Indeed, the Controller's Office does not dispute that the requirement that a source document must break down the mandate into subcategories is a policy universally applied

[5] The rule need not apply universally; a rule applies generally so long as it declares how a certain class of cases will be decided. *Tidewater Marine,* 14 Cal.4th at 571.

to these mandate claims. Instead, the Controller's Office asserted that the 2009 Amended Parameters and Guidelines put the County on notice of these new requirements (Audit Report, p. 17). This argument lacks merit.

First, as previously set forth in Section IV.B, above, nowhere in the 2009 Amended Parameters and Guidelines does it specify that time sheets must reflect the subcategories required by the Controller's Office in the audit. The Parameters and Guidelines provide that claimed costs must be "supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities." Parameters and Guidelines, Section V. The County's time sheets show the validity of the costs, when they were incurred and their relationship to reimbursable activities by breaking down each employee's daily activities by citation to the appropriate mandate, *i.e.,* the Family or Penal Code sections, or non-claimable costs. Nowhere in the Parameters and Guidelines does it state that the citation to the mandated activities must be further broken down into subcategories.

Second, neither the Final Staff Analysis on the proposed 2009 amendment, nor the Commission's Hearing Minutes themselves, gave notice of this requirement. Instead, the matter was presented to the regulated community and the Commission as simply adding "boilerplate language." The staff analysis said the purpose of the amendment was to include the same "boilerplate language" in the Parameters and Guidelines that had otherwise been included in other Parameters and Guidelines since 2003. The Staff Analysis did not say that it was adding any requirement specific to Child Custody support documentation or that subcategories of activities had to be referenced in that documentation. Final Staff Analysis, Proposed Amendment to Parameters and Guidelines, pp. 1-2, October 30, 2009 Hearing.

Indeed, this same "boilerplate language" was also being added to 48 other programs. The matter was put on the consent calendar for the October 30, 2009, hearing along with another set of Parameters and Guidelines and was simply referenced as "update boilerplate language: Child Abduction and Recovery." Minutes, Commission on State Mandates, October 30, 2009.

Thus, the regulated community received no notice that any substantive change was being made to the Parameters and Guidelines. The language itself referenced only that actual costs may be claimed, and those costs must be supported by "source documents that show the validity of such costs, when they were incurred, and the relationship to the reimbursable activities." 2009 Amended Parameters and Guidelines, Section V. Nothing indicated that source documentation had to break down activities into subcategories. Instead, the regulated community was advised only that "boilerplate language" was being inserted.

The fact that the 2009 Amendment did not specifically require source documents to break down the mandated activities into subcategories is further evidenced by the Controller's Office's own Mandated Cost Manual. The Controller's Office issues its updated Mandated Cost Manual annually. The purpose of the manual is to "assist

claimants in preparing mandated cost claims for submission to the State Controller's Office." Mandated Cost Manual for Local Agencies, Forward (revised 10/24/24).

Section 9(a) of that manual addresses actual time reporting. It provides in pertinent part that:

> "Each program's Ps & Gs define reimbursable activities for each mandated cost program. When employees work on multiple activities, a distribution of their salaries or wages must be supported by personnel activity reports or equivalent documentation that must:
>
> (1) Reflect an after-the-fact (contemporaneous) distribution of the actual activity of each employee.
>
> (2) Account for the total activity for which each employee is compensated.
>
> (3) Be prepared at least monthly and must coincide with one or more pay periods.
>
> (4) Be signed by the employee."

Mandated Cost Manual for Local Agencies, p.15.

That is the case here. Each employee time sheet reflects an after-the-fact (contemporaneous) distribution of the employee's actual activity, accounts for each employee's total activity, is prepared monthly and coincides with one or more pay periods, and is signed by the employee, as well as his or her supervisor. See Alarcon Dec., Exs. 1 and 3.

The Mandated Cost Manual does not state that the claimant's time records must break down reimbursable activities into subcategories. The fact that it does not is evidence that the 2009 Amendment to the Parameters and Guidelines, the boilerplate language that was added, did not specify this requirement. If it did, the Mandated Cost Manual would have so specified.

Additionally, as guidance issued by the Controller's Office itself, the County was entitled to rely on the Mandated Cost Manual as to what its time sheets should reflect. It was arbitrary and capricious for the Controller's Office to reject documentation that was in compliance with its own Cost Manual. *Cf. Yamaha Corp. of America v. State Board of Equalization* (1998) 19 Cal.4th 1, 15 (State Board of Equalization annotations-digests of opinions written by Board legal staff-are entitled to consideration).

The Controller's Office can adopt a policy requiring Child Custody source documents to break down activities into subcategories. But to do so, it must first give notice and the opportunity to comment in accordance with the Administrative Procedure Act. *Tidewater Marine,* 14 Cal.4th at 569. The Controller's Office did not do so here. Its attempt to apply this underground regulation is unlawful, and the Controller's Office's actions must be reversed.

C. IT IS A VIOLATION OF DUE PROCESS TO IMPOSE A REQUIREMENT WITHOUT FIRST PROVIDING NOTICE

The imposition of a new requirement without notice is not only an underground regulation in violation of the APA, it is also a violation of due process.

In *In re Incorrect Reduction Claim*, Los Angeles Regional Water Quality Control Board Order No. 01-82, Case No. 20-0304-I-07, *Municipal Stormwater and Urban Runoff Discharges,* (City of Lakewood, Claimant) (July 22, 2022), the Commission considered an Incorrect Reduction Claim challenging reductions by the Controller's Office to reimbursement claims filed by the City of Lakewood under the Municipal Stormwater and Urban Runoff Discharges program.

In this claim, the Controller's Office had reduced Lakewood's reimbursement for FYs 2002-2003 through 2010-2011 based on the Controller's Office's finding that Lakewood had not provided contemporaneous source documents to support its claim under the reasonable reimbursement methodology for the number of trash collections performed during the audit period, and also that it had failed to offset from its claim Proposition A local return funds. *Id.* at 2. Specifically, the Controller found that Lakewood had failed to provide contemporaneous source documents to support its claim that it collected trash twice a week. *Id*. 11-12. The requirement that actual costs be traceable and supported by source documents that show the validity of such costs, when they were incurred, and the relationship to the reimbursable activities, was the same language as is at issue here. Id. 13.

The Parameters and Guidelines containing this requirement, however, were not adopted until March 2011, after the fiscal years at issue. Lakewood argued that applying this requirement retroactively violated due process. The Commission agreed.

The Commission first found that under the reasonable reimbursement methodology being used in this case, the contemporaneous source document requirement was not applicable. *Id.* at 27. The Commission then further found that, even assuming that the Parameters and Guidelines could be interpreted to require contemporaneous source documentation, applying such a requirement retroactively, before the Parameters and Guidelines were adopted, would violate due process. Id. 27. This Commission noted that *"due process requires reasonable notice of any substantive change affecting the substantive rights and liabilities of the parties,*" *Id.* at 28 (emphasis added), citing *In Re Cindy B.* (1987) 192 Cal.App.3d 771, 783-784. The Commission found that "a change is substantive if it imposes new, additional or different liabilities on past conduct." *Id.* at 28, citing *City of Modesto v. National Med., Inc.* (2005) 128 Cal.App.4th 518, 527.

That is the case here. As set forth in Section II.E. above, the County had consistently submitted claims for reimbursement and had been consistently reimbursed for these costs for over 15 years prior to the audit period. The claimed amounts and reimbursements were all based on the same documentation that was submitted for the

audit period. At no time was the County ever advised that the documentation was insufficient.

Only in the audit issued in 2024 did the Controller's Office impose this new requirement that the County's time sheets must set forth not only the reimbursable activities but subcategories of those activities. As evidenced by the Controller's Office's disallowance of costs based on this requirement, this new requirement was a substantive change as it imposed a new, additional obligation on past conduct.

Moreover, not only did the Controller's Office change the required documentation, but this change was announced and applied when compliant documentation could no longer be created. In accordance with the Parameters and Guidelines that required source documents be created at or near the time the activity occurred, the County's time sheets for Fiscal Years 2017 through 2021 were created at that time. The Controller's Office did not add the requirement that the time sheets break down the reimbursable activities into subcategories until the audit commenced in August 2022. At that time, the County could not re-create documents that would both be created at or near the time of the activity and meet the new requirements.

As this Commission found in *In re Incorrect Reduction Claim*, Los Angeles Regional Water Quality Control Board Order No. 01-82, Case No. 20-0304-I-07, *Municipal Stormwater and Urban Runoff Discharges*, it is a violation of due process to impose a new requirement without first providing notice. That is the case here. Here, the County had been consistently reimbursed for over 17 years based on time sheets that reflected time allocated between reimbursable activities but did not break those activities into subcategories. The County had no notice that the Controller's Office was changing its view of those time sheets until the Controller's Office issued its final audit report in May 2024, three to six years after the time sheets were completed, and after reimbursement based on those time sheets had previously and consistently been made. It was arbitrary and capricious, and a violation of due process, for the Controller's Office to retroactively apply this new requirement without first providing prior notice.

VI. WHEN THERE IS NO DISPUTE THAT MANDATED SERVICES WERE RENDERED, IT IS ARBITRARY AND CAPRICIOUS FOR THE CONTROLLER'S OFFICE TO FIND THAT THE COUNTY IS ENTITLED TO $0.00 REIMBURSEMENT. IF INADEQUATE SOURCE DOCUMENTS WERE SUBMITTED (WHICH THE COUNTY DISPUTES), THEN REIMBURSEMENT SHOULD BE PROVIDED BASED ON A REASONABLE ESTIMATE OF THE COSTS OF THE SERVICES RENDERED.

A. IT IS ARBITRARY AND CAPRICIOUS TO REDUCE A CLAIM TO $0.00 BASED ON INADEQUATE SOURCE DOCUMENTS WHERE THERE IS NO DISPUTE THAT MANDATED ACTIVITIES WERE RENDERED

The Controller Office's audit adjustment was based on a purported lack of contemporaneous source documents, not on a finding that mandated activities had not

been rendered (Audit Report, p. 6) ("The costs are primarily unallowable because the county did not provide contemporaneous source documentation to support the mandated functions performed or the actual number of hours devoted to each function.") As set forth above, the County disagrees with this conclusion. Its time sheets were formatted in accordance with the Parameters and Guidelines.

Nevertheless, even if the County's time sheets were not in compliance with the Parameters and Guidelines, it was arbitrary and capricious for the Controller's Office to find that the County was entitled to zero reimbursement, as there was no dispute that mandated services had been rendered. If the County's time sheets were not adequate source documents, then reimbursement should have been provided based on a reasonable estimate of the costs of services rendered.

In *In Re Incorrect Reduction Claim on Education Code §§ 44660-44665, etc.*, Case No. 14-9825-I-01 ("The Stull Act"), the Oceanside School District filed a claim seeking reimbursement of $1,270,420 in direct and indirect costs incurred in performing school personnel evaluations pursuant to Education Code §§ 44660-44665, as amended. The Controller's Office reduced the claim to $0 on the grounds that Oceanside's documentation did not identify employees evaluated during the audit period. *Id.* at 1-2, 18. Specifically, the Controller's Office found that Oceanside had not supported its claim with contemporaneous source documents identifying the number of evaluated employees. *Id.* at 9, 18.

After the audit, Oceanside provided documentation showing that 1,698 employees had been evaluated. The Controller's Office found that of the 1,698 employees, 1,149 evaluations fell under the mandate and offered to approve reimbursement in the amount of $35,967. *Id.* at 2.

The Commission found that Oceanside should be reimbursed the $35,967. *Id.* at 2. Of significance here is that the Commission held that, where there is no dispute that mandated activities occurred, it was arbitrary and capricious to reduce reimbursement to $0. *Id.* at 19-20. The Commission held, "the Controller's reduction of costs to $0 is arbitrary, capricious or entirely lacking in evidentiary support." *Id.* at 24.[6]

The same rule applies here. As in the Incorrect Reduction Claim brought by the Oceanside, there is no dispute that the County's District Attorney's Office and its investigators performed mandated activities during the audit period. If this Commission should find that the County did not support its claim with contemporaneous source documents (which the County disputes), then an alternative means to determine the reimbursable costs should be used.

[6] The Commission then went on to find that the Controller's Office's offer to allow reimbursement at 30 minutes per employee evaluated was supported by the record and was not arbitrary, capricious or entirely lacking in evidentiary support. *Id.* at 24.

B. ALTHOUGH THE COUNTY DOES NOT CONCEDE THAT ITS AUDIT PERIOD SOURCE DOCUMENTATION WAS INADEQUATE, THE COUNTY HAS ALSO PROVIDED AN ALTERNATIVE MEANS TO DETERMINE THE REASONABLE COSTS INCURRED

1. The County Has Provided an Alternative Means to Determine the Reimbursement to Which it is Entitled

As set forth above, the County's contemporaneous source documentation was consistent with the Parameters and Guidelines and the Controller's Office new requirements were an unlawful underground regulation, imposed without notice. The Controller's Office's audit should be set aside on those grounds.

Should this Commission, however, find that the documentation was inadequate and that the Controller's requirements were not an unlawful underground regulation or otherwise imposed without notice, then the County has supplied an alternative means to determine the reimbursement to which the County is entitled. After the audit, in accordance with the Controller's Office's new requirements, the County revised its time sheets to reflect both activities and tasks, *i.e*., reimbursable activities and subcategories of those activities. These time sheets were used commencing with FY 2023-2024.

During that time period, 12 employees worked on Child Custody and Recovery matters, including Deputy District Attorneys and Investigators. This number was similar to the 11 employees that worked during FY 2020-2021 and the prior years that were the subject of the audit. As set forth in the Declaration of Lam Tran, the time sheets used during FY 2023-2024 reflect a total of 7,794.67 hours devoted to the program at a cost of $1,567,429.62. Tran Dec., ¶¶ 3 through 5.

2. The Commission Can Use This Post-Audit Period Data to Find the Reimbursement to Which the County is Entitled

The Commission has found that it is appropriate to use post audit-period data such as the County has submitted here to find the reimbursement to which a claimant is entitled. In *In Re Incorrect Reduction Claim on Family Code Sections 3060-3064, etc*. Case Numbers 08-4237-I-02 and 12-4237-I-03 (Child Abduction and Recovery) (March 25, 2016), an Incorrect Reduction Claim that also involved child abduction and recovery payments, the Controller's Office had reduced the costs for FYs 1999-2000 through 2001-2002 because claimant County of Santa Clara's payroll documentation did not verify the time spent on the program or comply with the documentation requirements of the Parameters and Guidelines. The Controller's Office also rejected the use of a four-week time study conducted in Fiscal Year 2004-2005, but allowed reimbursement based on hours supported by employee time logs. *Id.* at 2, 7-8.

The Controller's Office also rejected reimbursement for FY 2003-2004 on the same grounds. *Id.*at 8, 16. Instead of reducing reimbursement to $0.00, however, the Controller's Office extrapolated the employee hours identified on time sheets for January

through June 2005 to determine the number of mandate-related hours incurred in 2003-2004, and allowed reimbursement based on that determination. *Id.*

The Commission upheld the use of this post audit-period time documentation to determine the reimbursement to which Santa Clara County was entitled, finding that its use was not arbitrary, capricious, or lacking in evidentiary support. *Id.* at 17.

That same rule should apply here. If the Commission finds that the County's time sheets were not adequate and that the Controller's requirements were not an unlawful underground regulation or otherwise imposed without notice, then the Commission should use the hours and costs reflected on the FY 2023-2024 time sheets as a reasonable estimate of the reimbursable costs incurred during the FYs 2017-2018 through 2020-2021.

First, these time sheets reflect not only the reimbursable activities, but also the tasks undertaken pursuant to those activities, and are thus in compliance with the Controller's Office's new subcategory requirements.

Second, the number of employees assigned to these activities during FY 2023-2024 is the same or similar to the number of employees during FYs 2017-2018 through 2020-2021, the years subject to the audit. *See* Tran Dec, ¶ 4.

Third, the number of hours and costs incurred in FY 2023-2024 is less than the number of hours and costs incurred during the years subject to the audit. Thus, if anything, using this estimate understates the actual costs to which the County is entitled to be reimbursed.

Accordingly, if the Commission finds that the County's time sheets were not adequate and that the Controller's requirements were not an unlawful underground regulation or otherwise imposed without notice, then the Commission should order that the County be reimbursed at least $1,567,429.62 per year for each of the fiscal years at issue.

VII. CONCLUSION

For the foregoing reasons, this Incorrect Reduction Claim should be granted. The Commission should find that the audit for FY 2017-2018 should be withdrawn as untimely and that the County is entitled to its claimed costs as submitted with respect to each of the Fiscal Years at issue.

In the alternative, should the Commission find that the County's documentation was inadequate (which the County disputes), then the Commission should find that the audit for FY 2017-2018 should be withdrawn and that the County is entitled to at least $1,567,429.62 for each of the subsequent Fiscal Years at issue.

SECTION 7

DOCUMENTARY EVIDENCE

AND DECLARATIONS

DECLARATION OF RACHELLE ANEMA

I, Rachelle Anema, hereby declare under penalty of perjury under the laws of the State of California that the following is true and correct based on my personal knowledge, information, and belief and review of the records in the Department of the Auditor-Controller:

1. I am employed by the County of Los Angeles ("County") Department of the Auditor-Controller and hold the title of Assistant Auditor-Controller. I oversee the Accounting, Property Tax Services, Property Tax Apportionment, and Disbursements Divisions. I previously held the position of Division Chief of the Accounting Division and oversaw multiple sections, including the Unfunded State Mandates, within the Division. I hold a Bachelor of Arts in Business Administration with an emphasis in Accounting from California State University, Fullerton.

2. Attached under Section 8 of the Incorrect Reduction Claim form are true and correct copies of the claiming instructions issued by the State Controller's Office (SCO) for the Custody of Minors-Child Abduction and Recovery Program for the fiscal years (FY) 2017-18 through 2020-21.

3. Attached under Section 9 of the Incorrect Reduction Claim is a true and correct copy of the SCO's Audit Report that the County received by e-mail on May 2, 2024, from the SCO.

4. Attached under Section 10 of the Incorrect Reduction Claim are copies of the reimbursement claims submitted by the County to the SCO for the FYs 2017-18 through 2020-21. These claims were submitted by the County's Auditor-Controller's Office.

5. I am familiar with the County records that reflect receipt of payments on the reimbursement claims for the Custody of Minors-Child Abduction and Recovery Program.

6. For the FYs 2008-09 through 2016-17, the County submitted the following claims and received the following amounts:

Fiscal Year	Claimed Amount	Amount Received
FY 2008-09	$ 2,533,407	$ 2,533,407
FY 2009-10	$ 2,577,273	$ 2,577,273
FY 2010-11	$ 2,965,357	$ 2,965,357
FY 2011-12	$ 2,833,390	$ 2,833,390
FY 2012-13	$ 2,657,629	$ 2,657,629
FY 2013-14	$ 2,773,461	$ 2,773,461
FY 2014-15	$ 2,836,527	$ 2,836,527
FY 2015-16	$ 3,105,753	$ 3,105,753
FY 2016-17	$ 2,872,431	$ 2,872,431

7. For the FYs 2017-18 through 2020-21, the County submitted the following claims and received the following amounts on the following dates:

Fiscal Year	Claim Amount Submitted To SCO	Claim Submission Date	SCO Payment Amount	SCO Payment Date	SCO Check Number
FY 2017-18	$ 3,136,557	01/31/2019	$ 3,136,557	08/15/2019	MA96103A
FY 2018-19	2,703,020	02/05/2020	2,703,020[1]	08/14/2020	MA05801A
FY 2019-20	2,307,814	02/11/2021	2,307,814	08/13/2021	MA15801A
FY 2020-21	2,144,841	02/01/2022	2,144,841	08/12/2022	MA25801A
Total	**$10,292,232**		**$10,292,232**		

8. Attached as Exhibit 1 is a true and correct copy of a Letter dated August 5, 2022, from the State Controller's Office to the Auditor-Controller of Los Angeles County.

I have personal knowledge of the foregoing facts and information presented in this Test Claim and, if so required, I could and would testify to the statements made herein. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this 24th day of April, 2025, in Los Angeles , California.

Rachelle Anema Digitally signed by Rachelle Anema Date: 2025.04.24 13:05:16 -07'00'

Rachelle Anema
Assistant Auditor-Controller
Department of the Auditor-Controller
County of Los Angeles

[1] The authorized payment amount for FY 2018-2019 was $2,703,020. The check amount for that year was $2,583,561 due to an offset from an unrelated program.

BETTY T. YEE
California State Controller

August 5, 2022

Arlene Barrera, Auditor-Controller
Los Angeles County
500 West Temple Street
Los Angeles, CA 90012

Re: Audit of Mandated Cost Claims for the Custody of Minors—Child Abduction and Recovery Program for the Period of July 1, 2017, through June 30, 2021

Dear Ms. Barrera:

This letter constitutes the initiation of an audit by the State Controller's Office of Los Angeles County's legislatively mandated Custody of Minors – Child Abduction and Recovery Program cost claims filed for fiscal year (FY) 2017-18 through FY 2020-21. The amount claimed for the audit period totals $10,292,392. The objective of our audit is to determine whether costs claimed represent increased costs as a result of the mandated program. To that end, we will assess whether costs claimed were supported by appropriate source documents, were not funded by another source, and were not unreasonable and/or excessive.

Alexandra Bonezzi, of our office, contacted the county on July 26, 2022, to schedule an entrance conference for Tuesday, August 16, 2022, at 9:00 a.m. The audit will be conducted in accordance with generally accepted government auditing standards. Government Code sections 12410, 17558.5, and 17561 provide the authority for this audit. We will begin audit fieldwork after the entrance conference.

Please furnish working accommodations for staff. Attached is a list of documents that we will need to begin the audit. We request that this information be made available at the time of the entrance conference. We will request additional documentation throughout the audit process, if necessary.

Lisa Kurokawa is the Bureau Chief with overall responsibility for the audit. Kimberly Tarvin, CPA, is the Division Chief, and is responsible for final review and signing the audit report.

Attachment—
Records Request for Mandated Cost Program
FY 2017-18 through 2020-21

---

1. Copies of claims filed for the Custody of Minors – Child Abduction and Recovery Program for FY 2017-18, FY 2018-19, FY 2019-20 and FY 2020-21
2. Copies of external and internal audit reports performed on the mandated cost program.
3. Organization charts for the county effective during the audit period, showing employee names and position titles.
4. Chart of accounts
5. Documentation that supports the productive hourly rate used, including support for benefit rates.
6. Employee timesheets or time logs that support claimed hours.
7. Access to payroll records showing employee salaries and benefits paid during the audit.
8. Access to general ledger accounts that support disbursements.
9. Documentation that supports amounts received from other funding sources.
10. Documentation that supports the indirect cost rate proposal.
11. List of child abduction cases for each fiscal year.
12. Access to case files.

DECLARATION OF ROSA ALARCON

I, ROSA ALARCON, hereby declare:

1. I am the Assistant Head Deputy of the Los Angeles District Attorney's Office's Target Crimes Division, which encompasses four sections, the Division's Animal Cruelty section, the Arson and Explosives section, the Child Abduction section, and the Stalking section. I have supervisorial responsibilities over all four sections, but my primary duties involve overseeing the Child Abduction section, including reviewing cases submitted for criminal filing consideration and applications for the return of children under the Hague Convention of the Civil Aspects of International Child Abduction. In this position, my duties include approving employee time sheets (also referred to as time study sheets) prepared to support claims for reimbursement from the State of California.

2. I have personal knowledge of the matters set forth herein and, if called to testify, could and would testify competently thereto.

3. The Los Angeles County District Attorney's Office created the Child Abduction Section in 1986. Authority was based on Assembly Bill 2549 passed in 1976, which created two parental child stealing crimes (now encoded as Penal Code (PC) sections 278 and 278.5), mandated District Attorneys to "take all actions necessary" to locate children who are subjects of a custody order (Family Code (FC) sections 3130-3134.5), and authorized state reimbursement to the counties for expenditures incurred in recovering children under Senate Bill (SB) 90.

4. International child abductions fell under the jurisdiction of the Child Abduction Section in 1988, when the United States signed the Hague Convention on the Civil Aspects of International Child Abduction (Hague). Under Article 7 of the Hague Convention, each District Attorney in California was deemed a competent authority and an intermediary of the United States

Central Authority. Family Code Section 3455 also authorizes a District Attorney to act on behalf of the Family Court in Hague cases and appear in court on those matters.

5. The Child Abduction Section currently consists of two Deputy District Attorneys and two paralegals. The section handles all criminal child abduction matters under PC 278 and 278.5, which are presented by outside law enforcement agencies to the District Attorney's office for filing consideration. The section also processes all Hague applications submitted by the Attorney General's Office, including the filing of Hague petitions in Family Court for the return of internationally abducted children to their country of habitual residence; Section Deputy District Attorneys appear in family court on those Hague matters. In addition to assisting the section's attorneys, the section's two paralegals also assist parents, whose children have been taken to another Hague signatory nation, with preparation of their "outgoing" Hague application.

6. In addition to the District Attorney's Office's Child Abduction Section, the District Attorney's Office also has a Bureau of Investigation Child Abduction Unit. The Unit has four assigned investigators (DAIs) and a supervising Sergeant.

7. During the period of July 1, 2017, through June 30, 2021, the Child Abduction Section of the Los Angeles County District Attorney's Office filed 141 cases and declined 244 more. The Office also handled 112 Hague cases submitted to it from the California Attorney General's Office. During this same period, the investigators in the Child Abduction Unit opened approximately 535 Family Section 3130 civil recovery order cases. The District Attorney's Office expended approximately 67,328 hours on these matters. For the calendar years 2017 through 2021, these efforts resulted in the recovery or reunification of over 300 minors from all over the country. (These statistics on the number of minors recovered or reunified are collected on a calendar, as opposed to fiscal, year basis.)

8. Attached as Exhibit 1 is a copy of the timesheet (referred to as a Time Study) that Deputy District Attorneys, paralegals, and investigators completed in keeping track of their activities and time during the period 2017 through 2021. The Deputy District Attorneys, paralegals and investigators were all instructed to complete these timesheets on a daily basis (Exhibit 1, page 2). The timesheet contains instructions on which activities fell within the form's particular categories, and specifically distinguishes between claimable and non-claimable activities. Each employee is required to certify that the sheet reflects a true and accurate report of his or her time. Each timesheet is also reviewed by the employee's supervisor, who must also certify that the time and activities reflected are true and correct, to the best of the supervisor's knowledge and belief.

9. Exhibit 1 indicates that it was revised as of February, 1994. I have been aware of this form's use since April, 2018, when I became Deputy-in-Charge of the Child Abduction Unit.

10. Attached as Exhibit 2 is a revised time sheet that Deputy District Attorneys, paralegals, and investigators completed in keeping track of their activities and time commencing with Fiscal Year 2023-2024. Like the prior time sheet, this time sheet is also certified as true and accurate by the employee and signed by both the employee and his or her supervisor. This timesheet breaks down the time by both activity and task codes, i.e., reimbursable activities and subcategories of those activities.

11. Attached as Exhibit 3 are true and correct copies of redacted time sheets completed by Child Abduction Section and Child Abduction Unit employees during the fiscal year periods 2017-18 through 2020-21. These time sheets (not redacted) were provided to the Controller's office in conjunction with the Controller's audit of these years.

I declare under penalty of perjury under the laws of the State of California that the forgoing

is true and correct.

Executed this 7th day of August, 2025, at Los Angeles, California.

Rosa Alarcon

PART II INSTRUCTIONS

A. TIME STUDY INSTRUCTIONS

Section 3130 - 3133

Activity performed under item number (1) involving enforcement of custody orders should be indicated in this category.

Section 3408(c) and 3408(d)

Activities performed under item number (2) involving out-of-state decrees and any related court activity should be indicated in this category.

Section 3411(a) & 3421(c)

Activities performed under item number (3) securing the appearance of an offender personally before the court should be indicated in this category.

Section 277, 278, 278.5

Activities performed under item number (4) in the return of an illegally concealed child or minor to its legal custodian should be indicated in this category.

Subtotal Item Number (6)

Activities performed (total number of hours) under items number 1 through 4 should be indicated in this category.

Section 277, 278, 278.5 — Non-Claimable (8)

All non-claimable custody of minors activities should be indicated in this category.

Other — Non-Claimable Activity Item Number (9)

Please explain any entries in this category.

Subtotal Item Number (11)

Total of activities performed under item number 6, 8 and 9 should be indicated in this category.

Vacation Time, Sick Leave, Etc. Item Number (12)

All vacation, sick leave, etc., utilized should be indicated in this category.

Daily Grand Total

All activities performed under items number 11 and 12 should be indicated in this category. The total number of hours worked each month should equal the total number of workable hours in each month (including overtime).

B. SPECIAL INSTRUCTIONS

Employee Instructions

Time studies are to be completed on a daily basis, recording time under the appropriate activity. Insure that the time study has been signed, dated and employee number indicated. Time studies are due at the end of each month.

Supervisory Instructions

Insure that all personnel complete their time study on a daily basis, recording their time under the appropriate activity as indicated. Time studies should be reviewed for completeness and accuracy as to total hours worked. Time studies should be forwarded to the Grants Coordinator, Hall of Records, Suite 540, by the fifth day of the following month.

SIGNATURE OF SUPERVISOR — DATE

DECLARATION OF JENNIFER MARTIN

I, JENNIFER MARTIN, hereby declare:

1. I am currently a Sergeant of the Criminal Division, Torrance Branch, of the Los Angeles District Attorney's Office's Bureau of Investigation. For ten years prior to that time, I was a member of the District Attorney's Office's Bureau of Investigation Child Abduction Unit. During that time, I worked as a Senior Investigator for eight years, and then, from April 2022 through October 2024, as the Supervisor (Sergeant) of that unit, with supervisorial responsibility over the unit's investigators and staff.

2. I have personal knowledge of the matters set forth herein and, if called to testify, could and would testify competently thereto.

3. The District Attorney's Office's Bureau of Investigation Child Abduction Unit receives all Family Code §§ 3130-3134.5 orders submitted to the District Attorney's office by private citizens seeking enforcement of their orders. The Unit investigates those matters and conducts child recoveries both in and out of state. When needed, the Unit consults with the Child Abduction Section for assistance with Family Code §3130 matters and submits all out-of-state recovery documents to the Assistant Head Deputy of the Target Crime Division for review and signature. Not all Family Code § 3130 mattes are prosecuted criminally but, when there is a concurrent criminal investigation pending, the Child Abduction Unit will coordinate with the handling law enforcement agency. On rare occasions, the Child Abduction Unit will serve as the investigation agency for criminal purposes and submit the case for criminal filing by the Child Abduction Section.

4. During the audit by the State Controller's Office, the County submitted additional documentation specifically on its investigators' activities. County representatives explained to the

auditor that their investigators' time was almost exclusively devoted to claimable activities, *i.e.*, enforcing custody orders. In support of this fact, the Controller's Office was provided with a list of the cases the investigators handled during the audit period. The Controller's Office was also provided with the case files of representative cases so that the Controller's Office could review the activities performed by the investigators. In the few instances where an investigator may have assisted an attorney after the filing of a criminal case, there was a place for that to be indicated on the time record so that it was not included in the claim.

I declare under penalty of perjury under the laws of the State of California that the forgoing is true and correct.

Executed this _14th__ day of April, 2025, at Los Angeles__, California.

Jennifer Martin

DECLARATION OF LAM TRAN

I, Lam Quoc Tran, hereby declare:

1. I am currently a Fiscal Officer in the Budget & Fiscal Services Division of the Los Angeles County District Attorney's Office and have held that position since March 2023. In that position, I am responsible for the Finance Division, including Account Payable, Cost Accounting, General Accounting, and Reconciliation sections.

2. I have personal knowledge of the matters set forth herein and, if called to testify, could and would testify competently thereto.

3. Attached as Exhibit 1 are redacted timesheets completed by the Child Abduction Section and Child Abduction Unit employee in Fiscal Year 2023-2024.

4. Attached as Exhibit 2 is a chart setting forth the number of employees assigned to these units in Fiscal Years 2020-2021 through 2023-2024.

5. The time sheets for Fiscal Year 2023-2024 reflect 7,794.67 hours devoted to reimbursable program activities at a cost of $1,567,429.62.

I declare under penalty of perjury under the laws of the State of California that the forgoing is true and correct.

Executed this 7th day of August, 2025, at Los Angeles, California.

Lam Tran

DECLARATION OF HOWARD GEST

I, Howard Gest, hereby declare:

1. I am a member of Burhenn & Gest and, as such, am one of the attorneys principally responsible for representing Los Angeles County in this matter.

2. I have personal knowledge of the matters set forth herein and, if called to testify, could and would testify competently thereto.

3. Attached hereto as Exhibit 1 is "State Controller's Office Schedule A1: Detail of State-Mandated Program Payments by Fiscal Year." This Schedule A1 was downloaded from the State Controller's website on June 9, 2025.

4. Exhibit 1 reflects Appropriation Number 0001-8885-2019-295-98 for the Custody of Minors - Child Abduction and Recovery Program for the fiscal year 2017-2018.

5. Exhibit 1 also reflects Appropriation Number 0001-8885-2020-295-98 for the Custody of Minors - Child Abduction and Recovery Program for the fiscal year 2018-2019.

6. Exhibit 1 also has entries for "Program Payments and Offsets."

7. The State Controller's website has links to a total of eleven Child Custody Audits from November 28, 2022, to May 23, 2025, in which the Controller's Office disallowed reimbursement based on alleged inadequate documentation. Attached as Exhibit 2 are copies of five Child Custody audits issued by the State Controller's Office. These copies were downloaded from the State Controller's website on June 9, 2025.

I declare under penalty of perjury under the laws of the State of California that the forgoing is true and correct.

Executed this 10th day of June, 2025, at Los Angeles, California.

Howard Gest

November 28, 2022

CERTIFIED MAIL—RETURN RECEIPT REQUESTED

Jeff Burgh, Auditor-Controller
Ventura County
800 South Victoria Avenue
Ventura, CA 93003

Dear Mr. Burgh:

The State Controller's Office audited the costs claimed by Ventura County for the legislatively mandated Custody of Minors – Child Abduction and Recovery Program for the period of July 1, 2016, through June 30, 2020.

The county claimed and was paid $4,284,397 for costs of the mandated program. Our audit found that $99,057 is allowable and $4,185,340 is unallowable. The costs are unallowable primarily because the county did not provide contemporaneous supporting documentation and did not claim actual costs.

Following issuance of this audit report, the Local Government Programs and Services Division of the State Controller's Office will notify the county of the adjustment to its claims via a system-generated letter for each fiscal year in the audit period.

This final audit report contains an adjustment to costs claimed by the county. If you disagree with the audit findings, you may file an Incorrect Reduction Claim (IRC) with the Commission on State Mandates (Commission). Pursuant to the Commission's regulations, outlined in Title 2, California Code of Regulations, section 1185.1, subdivision (c), an IRC challenging this adjustment must be filed with the Commission no later than three years following the date of this report, regardless of whether this report is subsequently supplemented, superseded, or otherwise amended. IRC information is available on the Commission's website at www.csm.ca.gov/forms/IRCForm.pdf.

If you have any questions, please contact Lisa Kurokawa, Chief, Compliance Audits Bureau, by telephone at (916) 327-3138.

Sincerely,

Audit Report

Summary

The State Controller's Office (SCO) audited the costs claimed by Ventura County for the legislatively mandated Custody of Minors – Child Abduction and Recovery (CAR) Program for the period of July 1, 2016, through June 30, 2020.

The county claimed and was paid $4,284,397 for costs of the mandated program. Our audit found that $99,057 is allowable and $4,185,340 is unallowable. The costs are unallowable primarily because the county did not provide contemporaneous supporting documentation and did not claim actual costs.

Background

Chapter 1399, Statutes of 1976, established the CAR Program, based on the following laws:

- Civil Code section 4600.1 (repealed and added as Family Code sections 3060 through 3064 by Chapter 162, Statutes of 1992);
- Penal Code (PC) sections 278 and 278.5 (repealed and added as PC sections 277, 278, and 278.5 by Chapter 988, Statutes of 1996); and
- Welfare and Institutions Code section 11478.5 (repealed and added as Family Code section 17506 by Chapter 478, Statutes of 1999; last amended by Chapter 759, Statutes of 2002).

These laws require the District Attorney's Office (DAO) to assist persons having legal custody of a child in:

- Locating their children when they are unlawfully taken away;
- Gaining enforcement of custody and visitation decrees and orders to appear;
- Defraying expenses related to the return of an illegally detained, abducted, or concealed child;
- Civil court action proceedings; and
- Guaranteeing the appearance of offenders and minors in court actions.

On September 19, 1979, the State Board of Control (now the Commission on State Mandates) determined that this legislation imposed a state mandate reimbursable under Government Code (GC) section 17561.

The parameters and guidelines establish the state mandate and define reimbursement criteria. The Commission on State Mandates adopted the parameters and guidelines on January 21, 1981; they were last amended on October 30, 2009. In compliance with GC section 17558, the SCO issues the *Mandated Cost Manual for Local Agencies* (*Mandated Cost Manual*) for mandated programs to assist local agencies in claiming reimbursable costs.

Audit Authority

We conducted this performance audit in accordance with GC sections 17558.5 and 17561, which authorize the SCO to audit the county's records to verify the actual amount of the mandated costs. In addition, GC section 12410 provides the SCO with general authority to audit the disbursement of state money for correctness, legality, and sufficient provisions of law.

Objective, Scope, and Methodology

The objective of our audit was to determine whether costs claimed represent increased costs resulting from the legislatively mandated Custody of Minors – CAR Program. Specifically, we conducted this audit to determine whether costs claimed were supported by appropriate source documents, were not funded by another source, and were not unreasonable and/or excessive.[1]

The audit period was July 1, 2016, through June 30, 2020.

To achieve our objective, we performed the following procedures:

- We reviewed the annual mandated cost claims filed by the county for the audit period and identified the significant cost components of each claim as salaries and benefits, materials and supplies, and indirect costs. We determined whether there were any errors or unusual or unexpected variances from year to year. We reviewed the claimed activities to determine whether they adhered to the SCO's *Mandated Cost Manual* and the program's parameters and guidelines.
- We completed an internal control questionnaire by interviewing key county staff members. We discussed the claim preparation process with county staff members to determine what information was obtained, who obtained it, and how it was used.
- We reviewed time records, which the county called time studies, completed by the county for the audit period. We also reviewed payroll records for claimed employees. We noted various issues with the reviewed time records. The records provided as support for the claimed costs did not meet the requirements of the program's parameters and guidelines (see Finding 1).
- We reviewed claimed materials and supplies costs, and found that the county claimed costs that were allocated to the CAR Program (Function SP04 Activity 3401) as direct costs applicable to the mandated program, although the costs were not actual costs supported by source documentation. Per the program's parameters and guidelines, only actual costs are allowed. We also found that the county claimed costs that were not supported by source documentation, and we were unable to verify that costs charged to Object 2301 – Gas and Diesel Fuel Internal Service Fund (ISF) and Object 2302 – Transportation Charges in the ISF were for mandated activities. We found $204,276 in materials and supplies costs to be unallowable (see Finding 2).

[1] Unreasonable and/or excessive costs include ineligible costs that are not identified in the program's parameters and guidelines as reimbursable costs.

- We reviewed the claimed indirect cost rates, including supporting documentation provided by the county. We found that the indirect cost rates were properly supported.
- We interviewed county personnel and reviewed the county's Single Audit Reports and revenues reports to identify potential sources of offsetting revenues and reimbursements from federal or pass-through programs applicable to this mandated program. We found that the county did receive offsetting revenue for this mandate in fiscal year (FY) 2017-18 and FY 2018-19. We noted no exceptions.

We did not audit the county's financial statements.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

Conclusion

As a result of performing the audit procedures, we found instances of noncompliance with the requirements described in our audit objective. We found that the county claimed unsupported and ineligible costs, as quantified in the Schedule and described in the Findings and Recommendations section. However, we did not find that the county claimed costs that were funded by other sources, aside from the offsetting revenues that were already reported on the claims.

For the audit period, Ventura County claimed and was paid $4,284,397 for costs of the legislatively mandated Custody of Minors – CAR Program. Our audit found that $99,057 is allowable and $4,185,340 is unallowable.

Following issuance of this audit report, the SCO's Local Government Programs and Services Division will notify the county of the adjustment to its claims via a system-generated letter for each fiscal year in the audit period.

Follow-up on Prior Audit Findings

The county has satisfactorily resolved the findings noted in our prior audit report for the period of July 1, 2003, through June 30, 2007, excluding July 1, 2004, through June 30, 2005, issued on July 28, 2010.

The prior audit report was conducted under the program's previous parameters and guidelines, adopted on August 26, 1999.

Views of Responsible Officials

We issued a draft audit report on September 21, 2022. The county's representatives responded by letters dated September 30, 2022, disagreeing with the audit results (Attachment).

Restricted Use

This audit report is solely for the information and use of Ventura County, the California Department of Finance, and the SCO; it is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this audit report, which is a matter of public record and is available on the SCO website at www.sco.ca.gov.

Indirect costs	900,617	-	(900,617)	Finding 1
Total direct and indirect costs	4,286,151	100,811	(4,185,340)	
Less: offsetting revenues and other reimbursements	(1,754)	(1,754)	-	
Total program costs [2, 4]	$ 4,284,397	99,057	$ (4,185,340)	
Less amount paid by the State [3]		(4,284,397)		
Amount paid in excess of allowable costs claimed		$ (4,185,340)		

[1] See the Findings and Recommendations section.

[2] The county originally claimed $1,072,924 for FY 2016-17; however, the SCO's Local Government Programs and Services Division identified an overstatement of claimed indirect costs and adjusted the claim down to $1,054,752, a difference of $18,172.

[3] Payment amount current as of August 2, 2022.

[4] The county originally claimed $1,099,002 for FY 2017-18; however, the SCO's Local Government Programs and Services Division identified an overstatement of claimed indirect costs and adjusted the claim down to $1,076,425, a difference of $22,577.

Findings and Recommendations

FINDING 1— Unsupported salaries, benefits, and related indirect costs

The county claimed $3,080,447 in salaries and benefits for the audit period. We determined that the entire amount is unallowable. The related unallowable indirect costs total $900,617, for total unallowable costs of $3,981,064. The costs are unallowable because the county did not provide contemporaneous source documentation to support the mandated functions performed or the actual number of hours devoted to each function.

Following is a summary of the unallowable salaries and benefits, the related indirect costs, and the audit adjustment:

		Fiscal Year				
		2016-17	2017-18	2018-19	2019-20	Total
Total unallowable salaries and benefits	A	(777,518)	(779,242)	(757,952)	(765,735)	(3,080,447)
Claimed indirect cost rate	B	27.00%	28.00%	29.00%	33.00%	
Related indirect costs (A × B)	C	(209,930)	(218,188)	(219,806)	(252,693)	(900,617)
Audit Adjustment (A + C)	D	$ (987,448)	$ (997,430)	$ (977,758)	$ (1,018,428)	$ (3,981,064)

The county provided monthly time studies that included hours charged to the following activity titles:

- CC: Enforcement of Decrees – Family Code Sections 3130 & 3131;
- CC: Court Activity – Family Code Sections 3130 & 3131;
- Out-of-State Decrees – CC: Offender Detention – Family Code Section 3400 et seq. UCCJEA; and
- PC: Return of Detained or Concealed Child – CA Penal Code Sections 278 & 278.5 (Criminal).

Other monthly time studies provided by the county included only the hours charged to the Child Abduction and Recovery Unit.

In addition, the county provided payroll reports for one Senior Attorney position that was charged 100% to the CAR Program. We requested source documentation for the mandated activities performed. The county stated that that the Senior Attorney position does not include collateral assignments or duties and thus does not maintain time studies.

During fieldwork, the county also provided us with declarations and time estimates for 13 different child abduction and recovery cases. These estimates were based on the employees' memory, date and timestamped emails, and their training and experience. Per the program's parameters and guidelines, signed declarations of estimated time spent on case activities are considered corroborating documents, and are not a substitute for source documents. Only actual costs traceable to source documents may be claimed for this program.

Based on the documentation provided, we were unable to determine the mandated functions performed, the actual number of hours devoted to each

function, or the validity of such costs. Without a description of the mandated functions, we were unable to determine whether the county claimed unallowable costs associated with criminal prosecution commencing with the defendant's first appearance in a California court, or claimed costs associated with non-mandated activities.

In addition, the county did not separately identify its time spent for on activities related to cases under PC section 278.7 (commonly referred to as "good cause" cases). Time spent on good-cause cases is unallowable because the parameters and guidelines do not identify "good cause" cases as reimbursable costs.

The parameters and guidelines incorporate requirements of PC sections 278 and 278.5, as amended by Chapter 988, Statutes of 1996. This law, known as the Parental Kidnapping Prevention Act, also added PC section 278.7. However, PC section 278.7 was not incorporated into the parameters and guidelines; therefore, any costs claimed under this section are not reimbursable.

Section VII.A.1., "Salaries and Employees' Benefits" of the parameters and guidelines states, in part:

> Identify the employee(s), show the classification of the employee(s) involved, describe the mandated functions performed and specify the actual number of hours devoted to each function, the productive hourly rate, and the related benefits. The average number of hours devoted to each function may be claimed if supported by a documented time study. . . .

Section V., "Reimbursable Costs," of the parameters and guidelines begins:

> To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.
>
> Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. **However, corroborating documents cannot be substituted for source documents** [emphasis added].

Recommendation

We recommend that the county:

- Follow the SCO's *Mandated Cost Manual* and the mandated program's parameters and guidelines when preparing its reimbursement claims; and
- Ensure that claimed costs are supported by source documentation.

County's Response

"Finding 1" relates to unsupported salaries, benefits, and related indirect costs. During the period subject to audit, the CARP unit was staffed with a prosecutor and investigators. The assigned investigators maintained monthly time studies (in addition to timesheets). The prosecutor, who served full-time in the CARP unit, completed timesheets indicating that her activities were 100% dedicated to CARP activities. When SCO staff indicated that the time studies and timesheets, in their current form, would not be considered a "source document," the CARP unit provided evidence corroborating the source documents, such as email correspondence, written legal instruments and other written product, court dockets, attestations, and case file documents. Despite these efforts to supplement the record of the time spent on CARP activities, all costs were determined to be unallowable. It is, however, undisputed that over 150 children were reunited with their legal parent or guardian during the period audited—activities subject to reimbursement pursuant to the mandate.

The audit determined that the DAO costs were unallowable, in part, because the time studies and timesheets did not exclude "good cause" cases. The Guidelines for CARP were initially drafted in 1981 and allow reimbursement for activities related to Penal Code sections 278 and 278.5 (child abduction statutes). Good Cause was established as a defense to child abduction where a parent claims in good faith that removal was necessary to prevent harm to the child. The codification of a Good Cause defense did not exist in 1981 but was later memorialized in Penal Code section 278.7. Notwithstanding subsequent amendments to the Guidelines, they have never been updated to expressly include or exclude 278.7. The SCO asserts that because Good Cause cases were created after the Guidelines and never explicitly incorporated, they are not a reimbursable activity. Significantly, Good Cause cases were not excluded from reimbursement in the 2003-2007 audit. Moreover, since Good Cause is a defense to a reimbursable activity, the litigation of Good Cause cases necessarily involves a reimbursable activity. Good Cause is so intertwined with reimbursable activity that its exclusion is arbitrary and inconsistent with the CARP mandate.

To ensure that our costs are reimbursed in the future, the DAO is implementing time keeping software that will capture extensive detail about cases and allowable activities. The DAO believes that with the enhanced record keeping, all future claims will be allowed. Additionally, with respect to Good Cause, the DAO will seek the specific inclusion of Penal Code section 278.7 in the Guidelines.

SCO Comments

Our findings and recommendation remain unchanged.

The county states:

> When SCO staff indicated that the time studies and timesheets in their current form, would not be considered a "source document," the CARP unit provided evidence corroborating the source documents, such as email correspondence, written legal instruments and other written product, court dockets, attestations, and case file documents. Despite these efforts to supplement the record of the time spent on CARP activities, all costs were determined to be unallowable.

The county must claim only the actual costs for the reimbursable program. Actual costs are supported by source documentation. Email correspondence, written legal instruments and other written products, court dockets, attestations, and case file documents are not considered source documents. The parameters and guidelines do not allow the county to "supplement the record" when source documents are not provided.

Section V., "Reimbursable Costs," of the parameters and guidelines states, in part:

> Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. **However, corroborating documents cannot be substituted for source documents** [emphasis added].

The county states "The audit determined that the DAO costs were unallowable, in part, because the time studies and timesheets did not exclude 'good cause' cases." During fieldwork, we determined that employees claimed time on activities related to cases under PC section 278.7 (commonly referred to as "good cause" cases). Activities performed under this penal code are not considered reimbursable mandated activities. Furthermore, the documentation provided as support for the claims did not contain the required detail to determine the mandated functions performed or identify employees' time spent on activities related to cases under PC section 278.7.

FINDING 2—
Overstated materials and supplies costs

The county claimed a total of $305,087 in materials and supplies costs for the audit period. We determined that $100,811 is allowable and $204,276 is unallowable. These costs are unallowable because the county claimed costs that were not actual costs incurred to implement the mandated activities, and costs that were allocated to the CAR Program rather than actual costs supported by source documentation, as required by the program's parameters and guidelines.

The following table shows the materials and supplies costs claimed by the DAO, the allowable costs, and the audit adjustment by fiscal year:

Materials and Supplies	Total Claimed	Total Allowable	Audit Adjustment
FY 2016-17			
Direct Materials and Supplies (including GSA Fleet)	$ 36,155	$ 22,383	$ (13,772)
Rent Allocation	28,370	-	(28,370)
IT Services Allocation	2,779	-	(2,779)
	$ 67,304	$ 22,383	$ (44,921)
FY 2017-18			
Direct Materials and Supplies (including GSA Fleet)	$ 42,492	$ 29,716	$ (12,776)
Rent Allocation	34,750	-	(34,750)
IT Services Allocation	3,391	-	(3,391)
	$ 80,633	$ 29,716	$ (50,917)
FY 2018-19			
Direct Materials and Supplies (including GSA Fleet)	$ 45,700	$ 27,029	$ (18,671)
Rent Allocation	29,453	-	(29,453)
IT Services Allocation	3,248	-	(3,248)
	$ 78,401	$ 27,029	$ (51,372)
FY 2019-20			
Direct Materials and Supplies (including GSA Fleet)	$ 45,396	$ 21,683	$ (23,713)
Rent Allocation	29,709	-	(29,709)
IT Services Allocation	3,644	-	(3,644)
	$ 78,749	$ 21,683	$ (57,066)
Total for Audit Period			
Direct Materials and Supplies (including GSA Fleet)	$ 169,743	$ 100,811	$ (68,932)
Rent Allocation	122,282	-	(122,282)
IT Services Allocation	13,062	-	(13,062)
	$ 305,087	$ 100,811	$ (204,276)

Direct Materials and Supplies (including General Services Agency Fleet)

The county claimed a total of $169,743 in direct costs, including General Services Agency (GSA) Fleet, for the audit period. The county provided a summary of all costs charged to the CAR Program (Function SP04 Activity 3401) within the Special Prosecution Division (Unit 2101) of the DAO's.

We judgmentally selected Object 2301 – Gas and Diesel Fuel ISF and Object 2302 – Transportation Charges ISF for review. We requested information from the county on what the charges were for and how they were recorded by employees. We also asked the county to provide documentation to show how these charges were related to child abduction and recovery cases. The county responded that investigators assigned to child abduction and recovery cases are issued county vehicles, and must report their mileage reading to the GSA Fleet department every month; however, fleet charges are not associated with specific cases. We were unable to verify that the monthly vehicle and fuel charges were spent directly on the mandated activities.

Rental Cost Allocations

The county claimed a total of $122,282 in rental costs allocated to the CAR Program. The county developed a methodology by which to allocate a percentage of rental costs incurred by the DAO's as direct costs applicable to the mandated program. For each fiscal year, the county calculated the ratio of CAR-related full time equivalent (FTE) to total employees working at the Ralston Street location. To determine program-related materials and supplies costs, the county applied the percentage to the total rental costs incurred at the Ralston Street location.

The following table illustrates the methodology the county used to calculate the CAR Program's rent costs, and the related audit adjustments by fiscal year.

	FY 2016-17			FY 2017-18			FY 2018-19			FY 2019-20			Total
CAR Program	Total Claimed	Total Allowable	Audit Adjustment	Total Claimed	Total Allowable	Audit Adjustment	Total Claimed	Total Allowable	Audit Adjustment	Total Claimed	Total Allowable	Audit Adjustment	Audit Adjustment
CAR Program FTE	4.29			4.29			3.68			3.61			
Ralston Street total employees ÷	44			37			38			40			
CAR Program % of Ralston Street employees	9.75%			11.59%			9.68%			9.03%			
Total rent charges at Ralston Street ×	$ 290,975			$ 299,706			$ 304,134			$ 329,190			
CAR Program rent allocation	$ 28,370	$ -	$ (28,370)	$ 34,750	$ -	$ (34,750)	$ 29,453	$ -	$ (29,453)	$ 29,709	$ -	$ (29,709)	$ (122,282)

Based on the documentation provided, we determined that a total of $122,282 in rental costs is unallowable. The costs are unallowable because the county did not claim actual costs that were supported by source documentation.

IT Service Cost Allocations

The county claimed a total of $13,062 for IT service costs allocated to the CAR Program. The county developed a methodology by which to allocate a percentage of IT service costs incurred by the DAO's as direct costs applicable to the mandated program. For each fiscal year, the county calculated the ratio of the CAR Program-related FTE to total DAO's FTE. To determine program-related materials and supplies costs, the county applied the percentage to the total IT service costs incurred by the DAO.

The following table illustrates the methodology used to calculate the CAR Program's IT service costs, and the related audit adjustments by fiscal year:

	FY 2016-17			FY 2017-18			FY 2018-19			FY 2019-20			Total
CAR Program	Total Claimed	Total Allowable	Audit Adjustment	Total Claimed	Total Allowable	Audit Adjustment	Total Claimed	Total Allowable	Audit Adjustment	Total Claimed	Total Allowable	Audit Adjustment	Audit Adjustment
CAR Program FTE	$ 4.29			$ 4.29			$ 3.68			$ 3.61			
Total DAO FTE ÷	59			64			64			58			
CAR Program allocation %	7.27%			6.70%			5.75%			6.28%			
Total IT service costs ×	$ 38,216			$ 50,594			$ 56,493			$ 58,036			
CAR Program IT service costs allocation	$ 2,779	$ -	$ (2,779)	$ 3,391	$ -	$ (3,391)	$ 3,248	$ -	$ (3,248)	$ 3,644	$ -	$ (3,644)	$ (13,062)

Based on the documentation provided, we determined that a total of $13,062 in IT service costs is unallowable. The costs are unallowable because the county did not claim actual costs that were supported by source documentation.

Section V., "Reimbursable Costs," of the parameters and guidelines begins:

> To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Recommendation

We recommend that the county:

- Follow the SCO's *Mandated Cost Manual* and the mandated program's parameters and guidelines when preparing its reimbursement claims; and
- Ensure that claimed costs include only eligible costs, are based on actual costs, and are properly supported.

County's Response

> "Finding 2" relates to material and supply costs. The Guidelines state that, "The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased costs is limited to the cost of an activity that the claimant is required to incur as a result of the mandate." The DAO interpreted this portion of the mandate differently than the SCO. The DAO applied a common practice among cost sharing programs where the proportional share of usage is applied to the appropriate program. As an example, if an investigator's time studies demonstrated that fifty percent of her time was spent on CARP activities, then fifty percent of her vehicle cost or office rent could be attributed to CARP. It is the SCO's position, however, that only increased costs solely attributable to CARP activity [are] allowable. For instance, because the DAO needs office space for activities other than CARP, no portion of the rent can be attributed to CARP even when determined on a value proportional to CARP activities performed. In the future, the DAO will no longer include any (proportionally) shared costs in its reimbursement requests.

SCO Comment

Our findings and recommendation remain unchanged.

The county states:

> The DAO applied a common practice among cost sharing programs where the proportional share of usage is applied to the appropriate program. As an example, if an investigator's time studies demonstrated that 50 percent of her time was spent on CARP activities, then fifty percent of her vehicle cost or office rent could be attributed to CARP. It is the SCO's position, however, that only increased costs solely attributable to CARP activity are allowable.

We disagree. We did not make the determination that "only increased costs solely attributable to CAR Program activity are allowable." Per the parameters and guidelines, only actual costs may be claimed; these costs are defined as "those costs actually incurred to implement the mandated activities." Costs based on full-time equivalency or a proportional share of usage are not considered actual costs.

SUBJECT: CUSTODY OF MINORS – CHILD ABDUCTION AND RECOVERY PROGRAM DRAFT AUDIT FINDINGS

Dear Ms. Kurokawa:

The purpose of this letter is to provide a response as requested to the draft of the State Controller's Office report regarding the claims of Ventura County for the legislatively mandated Custody of Minors – Child Abduction and Recovery Program (Chapter 1399, Statutes of 1976; Chapter 162, Statutes of 1992; and Chapter 988, Statutes of 1996) for the period of July 1, 2016, through June 30, 2020.

We have reviewed the draft report and the summary findings are as previously reported to us. Enclosed is the District Attorney's response which includes their views concerning the findings and their corrective actions.

The County disagrees with the disallowance of costs, in particular Good Cause cases, and reserves the right to file an "Incorrect Reduction Claim" with the Commission on State Mandates within three years of the State Controller's Office notification of adjustment.

If you have any questions, please contact Joanne McDonald, Assistant Auditor-Controller, at (805) 654-3191.

Sincerely,

JEFFERY S. BURGH
Auditor-Controller

Enclosure

RE: Custody of Minors – Child Abduction and Recovery Program

To Lisa Kurokawa:

The Ventura County District Attorney's Office ("DAO") is extremely proud of our efforts to reunite children with their legal parents and guardians from whom they were unlawfully taken. Although it is undisputed that the DAO performed the actual duties required by the Custody of Minors – Child Abduction and Recovery Program ("CARP") mandate, the audit of the DAO's CARP found that nearly all the DAO claimed expenditures are unallowable. The findings do not suggest in any way that there has been any misuse of government funds, rather, the sole issue is whether the DAO provided adequate source documents of its efforts to recover children.

By way of background, the DAO's CARP was last audited by the State Controller's Office ("SCO") in 2010 for the period of July 1, 2003 through June 30, 2007. That audit was successful in that the claimed expenses were found to be allowable. Considering the audit results and endorsement of the then current DAO practices regarding source documents and time keeping, the DAO did not change or alter its practices.

In 2009, the Commission on State Mandates ("Commission") amended the parameters and guidelines ("Guidelines") relating to CARP. The amendment imposed the requirement that actual costs must be supported by a source document. "A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records, or time logs, sign-in sheets, invoices and receipts. Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations." There is no evidence that the Commission or SCO notified

agencies that had previously submitted for reimbursement under CARP activity of the new amendment. Additionally, the Commission did not provide an example or template of an approved source document that would meet their requirements. Regardless, and with an understanding that an agency seeking reimbursement has a burden to consult the Guidelines when seeking reimbursement, the DAO maintained what it believed to be source documents and corroborating evidence to support its allowable expenditures (i.e., the same documents found to support the allowable costs in the audit of years 2003-2007).

"Finding 1" relates to unsupported salaries, benefits, and related indirect costs. During the period subject to audit, the CARP unit was staffed with a prosecutor and investigators. The assigned investigators maintained monthly time studies (in addition to timesheets). The prosecutor, who served full-time in the CARP unit, completed timesheets indicating that her activities were 100% dedicated to CARP activities. When SCO staff indicated that the time studies and timesheets, in their current form, would not be considered a "source document," the CARP unit provided evidence corroborating the source documents, such as email correspondence, written legal instruments and other written product, court dockets, attestations, and case file documents. Despite these efforts to supplement the record of the time spent on CARP activities, all costs were determined to be unallowable. It is, however, undisputed that over 150 children were reunited with their legal parent or guardian during the period audited – activities subject to reimbursement pursuant to the mandate.
