2 TITLE 2. ADMINISTRATION
3 DIVISION 2. FINANCIAL OPERATIONS
4 CHAPTER 2.5. COMMISSION ON STATE MANDATES

5 Article 1. General

6 § 1181.1. Delegation of Certain Functions; Executive Director Appeals.

7 (a) Whenever it is stated in these rules that the "Commission" may or shall exercise or
8 discharge any power, duty, purpose, function, or jurisdiction, the Commission on State
9 Mandates specifically has reserved the same for its own exclusive action.

10 (b) Whenever it is stated that the "executive director" may or shall exercise or discharge
11 any power, duty, purpose, function, or jurisdiction, or it is not expressly stated that the
12 Commission itself shall so act, the executive director of the Commission has the
13 authority to act thereon.

14 (c) A real party in interest to a matter may appeal to the Commission for review of the
15 actions and decisions of the executive director on that matter.

16 (1) The appellant shall file the appeal in writing within 10 days of first being served
17 written notice of the executive director's action or decision.

18 (2) The appellant shall certify, file, and serve the appeal in accordance with section
19 1181.3 of these regulations.

20 (3) The appeal shall explain the basis for the appeal, state the action being requested of
21 the Commission, and include all facts and materials the appellant believes are relevant
22 to the appeal.

23 (4) The executive director shall schedule the appeal for hearing and vote by the
24 Commission as soon as practicable following receipt of the appeal.

25 (5) Other parties may file comments on an appeal, which shall be certified, filed, and
26 served in accordance with section 1181.3 of these regulations.

27 (6) The Commission shall determine whether to uphold the executive director's decision
28 by a majority vote of the members present. The decision shall be final and not subject to
29 reconsideration.

30 (7) The executive director shall notify the appellant in writing within 10 days of the
31 Commission's decision.

32 (d) Nothing herein prohibits the executive director from delegating to subordinates as
33 provided in Government Code section 18572.

37 § 1181.2. Definitions.

38 Unless otherwise indicated, the following definitions and those found in Government

- 1 Code sections 17510 through 17524 apply to this chapter:
- 2 (a) "Affected state agency" means a state department or agency that is responsible, in
3 whole or in part, for implementation, enforcement, or administration of any statutes or
4 executive orders that are the subject of a matter.
- 5 (b) "Amendment" of a test claim means the addition of new allegations based on new
6 statutes or executive orders to an existing test claim. The addition or substitution of
7 parties and supporting declarations based on the original statutes or executive orders
8 alleged in an existing test claim is not an "amendment."
- 9 (c) "Claimant" means the local agency or school district filing a test claim or incorrect
10 reduction claim.
- 11 (d) "Commission staff" means the executive director, legal counsel, or other
12 Commission employee authorized by the Commission or the executive director to
13 represent the Commission on a specific claim or request, or to receive filings at the
14 Commission office.
- 15 (e) "Completed" means that all general and specific requirements for a new filing have
16 been satisfied by the claimant or requester.
- 17 (f) "Filing date" means the date received at the Commission's office during normal
18 business hours by any of the methods described in section 1181.3 of these regulations.
19 "Normal business hours" means from 8 a.m. until 5 p.m. of each day from Monday to
20 Friday, inclusive, other than state holidays, as provided by Government Code section
21 11020(a).
- 22 (g) "Incorrect reduction claim" means a claim alleging that the Office of State Controller
23 incorrectly reduced the reimbursement claim of a local agency or school district.
- 24 (h) "Informational hearing" means any hearing designed to gather and assess
25 information to assist the Commission in formulating policies, informing the public of
26 Commission actions, or obtaining public comment and opinion.
- 27 (i) "Interested party" means a local agency, school district, or state agency, with a
28 beneficial interest in the matter.
- 29 (j) "Interested person" means any individual, local agency, school district, state agency,
30 corporation, partnership, association, or other type of entity, who has an interest in a
31 matter before the Commission, but is not a party or interested party with respect to that
32 matter.
- 33 (k) "New filing" means a test claim, incorrect reduction claim, request to amend
34 parameters and guidelines, joint request for reasonable reimbursement methodology
35 and statewide estimate of costs, request for review of claiming instructions, request for
36 removal or inclusion of a program in the State Mandates Apportionment System,
37 request for review of the apportionment or base year entitlement of a program in the
38 State Mandates Apportionment System, request for mandate redetermination, or a
39 legislatively determined mandate.
- 40 (l) "Party" includes a party's representative of record who is expressly authorized in
41 writing to act on the party's behalf. A party's representative may be an individual, firm or

1 organization. When a party authorizes a firm or organization to represent them in
2 writing, any current member of the firm or organization may act on the party's behalf
3 without requiring a separate authorization. Party means the following for each matter as
4 specified below:

5 (1) "Party to a Test Claim" means the test claimant, the Department of Finance, and
6 other affected state agencies.

7 (2) "Party to an Incorrect Reduction Claim" means the claimant and the Office of State
8 Controller.

9 (3) "Party to a Request to Amend Parameters and Guidelines" means the requester, the
10 Department of Finance, the Office of State Controller, affected state and local agencies,
11 and affected school districts.

12 (4) "Party to a Joint Request for Reasonable Reimbursement Methodology" and "Party
13 to a Jointly Proposed Request for Early Termination of Reasonable Reimbursement
14 Methodology" means the test claimant and the Department of Finance.

15 (5) "Party to a Request for Review of Claiming Instructions" means the requester and
16 the Office of State Controller.

17 (6) "Party to a Request for Removal or Inclusion in State Mandates Apportionment
18 System" and "Party to a Request for Review of the Apportionment or Base Year
19 Entitlement of a Program in the State Mandates Apportionment System" means the
20 requester, the Department of Finance, and the Office of State Controller.

21 (7) "Party to a Request for Mandate Redetermination" means the requester, the
22 Department of Finance, the Office of State Controller, affected state and local agencies,
23 and affected school districts.

24 (m) "Real Party in Interest" means any person or entity whose interest will be directly
25 affected by the resolution of the matter.

26 (n) "Rulemaking proceeding" means any hearing designed to adopt, amend, or repeal
27 any rule, regulation, or standard of general application that implements, interprets, or
28 makes specific any provision of Title 2, Division 4, Part 7, beginning with Government
29 Code section 17500 or any other statute enforced or administered by the Commission.

30 (o) "Statewide cost estimate" means the approximate sum of money that local agencies
31 or school districts may have incurred to implement a state-mandated program or any
32 increased level of service of an existing mandated program. A statewide cost estimate
33 prepared by a test claimant pursuant to Government Code section 17553(b)(1)(E) shall
34 be an estimate of the first full fiscal year of actual or estimated costs based on the
35 statutes and executive orders alleged in a test claim. In adopting a statewide cost
36 estimate pursuant to Government Code section 17553(a), which shall be an estimate for
37 the initial period of reimbursement to be reported to the Legislature, the Commission
38 may consider the statewide cost estimate prepared by the test claimant, the initial
39 reimbursement claim data, and other relevant information regarding potential mandated
40 local costs, as applicable.

41 (p) "Statewide estimate of costs" is based on a joint reasonable reimbursement
42 methodology proposed by a test claimant and the Department of Finance pursuant to

1 Government Code section 17557.1, that is adopted by the Commission and reported to
2 the Legislature pursuant to Government Code section 17557.2.

3 (q) "Subsequent change in law" pursuant to Government Code 17570 means a change
4 in law that requires a finding that an incurred cost is a cost mandated by the state, as
5 defined by Government Code section 17514, or is not a cost mandated by the state
6 pursuant to Government Code section 17556, or a change in mandates law.

7 Amendments to article XIII B, section 6 of the California Constitution that were approved
8 by the voters on November 2, 2004 and changes in the statutes or executive orders that
9 impose new state-mandated activities and require a finding pursuant to Government
10 Code section 17551(a) are not a "subsequent change in law."

11 (r) "Teleconference" means a conference of individuals in different locations, connected
12 by electronic means, through audio, video, or both.

13 (s) "Test claim" means the first claim filed with the Commission alleging that a particular
14 statute or executive order imposes costs mandated by the state pursuant to
15 Government Code section 17521 and also includes a claim filed on a legislatively
16 determined mandate pursuant to Government Code section 17574(c). The test claim
17 procedure functions similarly to a class action and has been established to expeditiously
18 resolve disputes affecting multiple agencies.

19 (t) "Written material" means any paper or electronic document relevant to a matter that
20 is filed with the Commission except that "written material" does not include a "new filing"
21 as defined in subdivision (k) of this section.

22 Note: Authority cited: Sections 17527(g), 17553(a) and 17570(d), Government Code.
23 Reference: Sections 11020(a), 11123, 17516-17521, 17527(c), 17529, 17530, 17531,
24 17551, 17553, 17555, 17557, 17557.1, 17557.2, 17558, 17558.5, 17558.7, 17558.8,
25 17559, 17561, 17561.5, 17570, 17572, 17573, 17600 and 17612, Government Code;
26 *Redevelopment Agency v. Commission on State Mandates* (1996) 43 Cal.App.4th 1188;
27 and *City of San Jose v. State of California* (1996) 45 Cal.App.4th 1802.

28 **§ 1181.3. Certification, Formatting, Filing, and Service of Written Materials and**
29 **New Filings.**

30 (a) Certification. All new filings and written materials filed with the Commission shall be
31 signed at the end of the document, under penalty of perjury, with the declaration that the
32 filing is true and correct to the best of the declarant's personal knowledge, information,
33 or belief. The date of signing, the declarant's title, address, telephone number, and
34 email address, if applicable, shall be included.

35 (b) Documents filed with the Commission shall not contain personal identifying
36 information that violates state or federal privacy laws, including, but not limited to
37 California Civil Code section 1798 et seq.

38 (c) Formatting, Filing, and Service. New filings and written materials shall be filed as
39 described in this subdivision.

40 (1) Formatting. All new filings and written materials, except for supporting documents
41 that were either not created by the party or were originally created by the party for a

- 1 purpose other than providing evidence to the Commission, shall conform to all of the
2 following document formatting requirements.
- 3 (A) All text shall be written in Arial font, minimum 12-point font size.
- 4 (B) Color is strongly discouraged, and shall not be used as the sole means to
5 emphasize or convey information. If color is used to emphasize or convey information,
6 there shall be additional distinguishing marks, such as underlining or asterisks, to
7 differentiate areas where color is used.
- 8 (C) Lists shall use a formatting style such as bullet points, numbering, or an ordered list.
- 9 (D) Headings shall use heading styles to identify the headings' correct order of
10 diminishing hierarchy.
- 11 (E) Hard returns shall not be used to break up lines of text. Instead, space between
12 lines of text shall be made using paragraph spacing or the space after paragraph
13 function.
- 14 (F) If columns are used, the columns shall be formatted using the word processing
15 software's columns function.
- 16 (G) Tables shall use a simple table structure without split or merged cells, nested tables,
17 or blank columns or rows. Rows shall not be broken across multiple pages. One table
18 header row is allowed per table, which shall be repeated at the top of each page if the
19 table spans multiple pages.
- 20 (H) Hyperlinks shall be named in a manner that is clear, concise and meaningful out of
21 context. Bare URLs are not allowed, except as part of a formal citation to a web-based
22 source.
- 23 (I) Images shall include alternative text that describes the image, unless the image has
24 no informational value because it is purely decorative or the information it provides is
25 redundant to the main body of text.
- 26 (2) E-Filing. Except as provided in subdivision (c)(3) of this section, all new filings and
27 written materials shall be electronically filed (or e-filed) with the Commission via the
28 Commission's e-filing system, available on the Commission's website. Supporting
29 documents that were not created by the party or were created for a different purpose
30 shall still be required to follow the formatting requirements found in subdivisions
31 (c)(2)(B)(i)-(iii) of this section.
- 32 (A) Any new filing required to be filed on a form prescribed by the Commission shall be
33 digitally signed, using the digital signature technology and authentication process
34 contained within the Commission forms. The completed digital form shall not be
35 converted to PDF and shall be e-filed separately from any accompanying documents.
36 Accompanying documents shall be e-filed together in accordance with the requirements
37 of subdivisions (c)(2)(B) and (C) of this section.
- 38 (B) Documents e-filed with the Commission. All e-filed documents, other than forms
39 prescribed by the Commission, shall:
- 40 (i) be in unlocked PDF file format, to allow Commission staff to electronically date stamp
41 the document and append additional pages for posting on the Commission's website

1 with a proof of service for e-service by the Commission, in lieu of the filer serving the
2 document to the entire mailing list for the matter; and

3 (ii) include a scanned copy of the signed signature page, rather than a digitally signed
4 document. The scanned copy shall be in black and white (not gray scale or color).

5 (iii) be in a legible and searchable format using a "true PDF" (i.e., documents digitally
6 created in PDF, converted to PDF or printed to PDF) or optical character recognition
7 (OCR) function, as necessary.

8 (C) E-filed documents larger than 500 megabytes shall be e-filed in multiple volumes
9 and labeled as such (i.e., "Volume I, Volume II" etc.) and shall, in that case, include a
10 table of contents with electronic bookmarks which at minimum link to each document
11 within the exhibits, and for documents created for the purpose of filing with the
12 Commission also link to each heading, subheading, and component (including but not
13 limited to the table of contents, declarations, exhibits, proof of service) of the document.
14 Filing of color documents is strongly discouraged. However, if a color image(s) is
15 necessary for readability or comprehension, the color image(s) shall be e-filed in a
16 separate and final volume of exhibits. Documents not available or obtainable in
17 electronic form may be scanned and OCR'd and filed in a separate volume, however it
18 is prohibited to e-file scanned documents that are available or obtainable electronically.
19 E-filed documents that must be scanned, shall be scanned in black and white (not gray
20 scale or color).

21 (D) The filer is responsible for maintaining the signed original new filing or written
22 material for the duration of the process for the matter, including any period of appeal
23 (this may be an electronic document, depending on how the filer creates and maintains
24 its records).

25 (E) An automated notice that the document was successfully sent is immediately
26 available to the filer using the Commission's e-filing system and should be saved or
27 printed for the filer's records. Commission staff shall also reply by e-mail confirming
28 actual receipt of the legible, searchable document by the Commission within two
29 business days of receipt. In the absence of a confirmation e-mail from Commission
30 staff, it is the responsibility of the filer to obtain confirmation that the Commission
31 actually received the filing.

32 (F) By using e-filing, the filer agrees, in the event of failure of e-filing, to re-file the
33 document no later than the business day after the business day on which notice of the
34 failure of e-filing is received by the filer. The filer may re-file by any means authorized by
35 these rules, in order to maintain the original filing date. "Failure of e-filing" occurs when
36 the filer receives notification, in any manner, of non-receipt of an e-filed document or of
37 any other inability of Commission staff to access the document, including the failure to
38 meet the requirements of subdivisions (c)(2)(B)(i)-(iii) of this section.

39 (G) Documents e-filed with the Commission are served by Commission staff to persons
40 who have provided an e-mail address for the mailing list for the matter in accordance
41 with section 1181.4 of these regulations. E-filed documents do not need to be served by
42 the filer and proof of service does not need to be provided by the filer for persons who
43 have provided an e-mail address for the mailing list in accordance with section 1181.4.

1 Nothing in this regulation excuses a filer from serving hard copies of written material on
2 persons who appear on the mailing list and have not provided an e-mail address for the
3 mailing list, or from providing a proof of service with the e-filing to the Commission for
4 the service of the document on those persons.

5 (H) Upon confirmation of actual receipt of the e-filed document, Commission staff shall
6 notify all persons on the mailing list for the matter that written material may be viewed
7 on the Commission's website. For "new filings" as defined by section 1181.2(k) of these
8 regulations, Commission staff shall notify all persons on the mailing list prepared
9 pursuant to section 1181.4 of these regulations, of the availability of those filings on the
10 Commission's website when Commission staff issues its notice of complete filing to the
11 filer.

12 (I) The Commission may serve any document by e-mail service, or by making it
13 available at a particular URL, unless doing so would be contrary to state or federal law.

14 (J) The executive director may issue any order consistent with these rules to govern e-
15 mail service for a particular matter.

16 (3) Hard Copy Filing and Service in Cases of Undue Hardship or Significant Prejudice. If
17 e-filing legible and searchable PDF documents, as described in subdivision (c)(2) of this
18 section, would cause the filer undue hardship or significant prejudice, filing may occur
19 by first class mail, overnight delivery or personal service only upon approval of a written
20 request to the executive director.

21 (A) Filing. If the executive director authorizes filing by first class mail, overnight delivery,
22 or personal service, the filer shall file the unbound original document with the
23 Commission.

24 (B) Service. If written materials are filed in hard copy, the filing shall simultaneously be
25 served on everyone on the mailing list using the same method used for the filing. Unless
26 otherwise provided in this section, a proof of service shall be included with any written
27 material filed with the Commission. Proof of personal service requires a declaration of
28 the messenger of the time and place that the written material was served. Service is not
29 required for new filings because mailing lists for matters are only prepared, pursuant to
30 section 1181.4 of these regulations, after a new filing is deemed complete. Completed
31 new filings will be served on the mailing list by Commission staff with the Notice of
32 Complete Filing.

33 (4) Time of Filing. New filings or written materials filed with the Commission no later
34 than 5 p.m. on a business day (i.e., Monday through Friday, except state holidays) are
35 deemed filed on that business day. New filings or written materials filed with the
36 Commission after 5 p.m. on a business day, or on a Saturday, Sunday, or state holiday,
37 are deemed filed on the following business day.

38 Note: Authority cited: Sections 16.5, 17527(g), 17553(a), 17570(d) and 11104.5,

41 and 17573(g), Government Code.

1 **§ 1181.4. Mailing Lists and Numbering of Matters.**

2 (a) For all matters deemed complete, Commission staff shall prepare a mailing list of the
3 names, addresses, phone numbers and e-mail addresses of the parties, interested
4 parties, and interested persons who have requested inclusion on the mailing list. The
5 mailing list will be uploaded to the Commission’s website and an e-mail notification of its
6 availability will be sent to everyone on the list who has provided an e-mail address. A
7 hard copy will be provided by Commission staff to persons on the mailing list who have
8 not provided an e-mail address and to any person who requests a hard copy.

9 (b) By providing an e-mail address for the mailing list for a matter, a person consents to
10 e-mail service of documents for that matter.

11 (c) For the following new filings received by the Commission, the executive director shall
12 issue sequential matter numbers, by fiscal year, as follows:

- 13 (1) Test Claim (TC)
- 14 (2) Incorrect Reduction Claim (I)
- 15 (3) Request to Amend Parameters and Guidelines (PGA)
- 16 (4) Joint Request for Reasonable Reimbursement Methodology and Statewide Estimate
17 of Costs_(RRM)
- 18 (5) Request for Review of Claiming Instructions (RCI)
- 19 (6) Request for Removal, Inclusion, or Review of the Apportionment or Base Year
20 Entitlement of a Program in State Mandates Apportionment System (SMAS)
- 21 (7) Legislatively Determined Mandate (LDM)
- 22 (8) Request for Mandate Redetermination (MR)

26 **§ 1181.5. Appointment of Designees and Election and Duties of Officers.**

27 (a) If a Commission member, as defined by Government Code section 17525, with
28 statutory authority to designate a deputy to represent him or her makes a designation,
29 that designee may continue to serve on the Commission until the designation is revoked
30 by the current Commission member.

31 (b) Commission members as defined by Government Code section 17525 shall be
32 officers. Duties of Officers:

- 33 (1) Duties of Chairperson. The chairperson shall preside over all meetings of the
34 Commission when present. The chairperson has all the rights and responsibilities of the
35 other members, including the right to introduce motions or proposals and to speak and
36 vote on them while presiding. The chairperson has the power to appoint one or more
37 members of the Commission as a subcommittee to investigate and report to the
38 Commission on any matter within the scope of the purposes of the Commission or to

1 form advisory groups to assist the Commission or its subcommittees in fulfilling their
2 purposes.

3 (2) Duties of Vice Chairperson. The vice chairperson shall preside over all meetings of
4 the Commission at which the chairperson is not present. The vice chairperson has all
5 the rights and responsibilities of the other members, including the right to introduce
6 motions or proposals and to speak and vote on them while presiding.

7 (c) Time of Election. The Commission shall elect a chairperson and vice chairperson at
8 the January meeting of each year, or at the next regularly scheduled meeting, if no
9 meeting is held in January. In the calendar year following the statewide election of
10 constitutional officers, the Commission may postpone its election. The Commission may
11 authorize the executive director to conduct the election portion of its meeting.

12 (d) Vacancy. If an office (chairperson or vice-chairperson) held by a public member or
13 local elected official becomes vacant, an election shall be conducted as soon as
14 practicable to fill the vacant office.

15 (e) When Election Takes Effect. An election shall take effect immediately.

18 **§ 1181.6. Development and Approval of Commission Forms.**

19 (a) In consultation with interested parties and in accordance with applicable law and
20 these regulations, the executive director shall develop the test claim form, incorrect

22 improve the efficiency of the Commission's processes.

23 (b) The executive director shall conduct at least one workshop with interested parties,
24 Department of Finance, Office of the State Controller, other affected state agencies, and
25 interested persons before approval of a form.

26 (c) Upon development of a new form, the executive director shall notify claimants,
27 interested parties, affected state agencies, and interested persons, and shall
28 disseminate copies at least 10 days before the operative date of a form.

32 The executive director may waive a requirement to use any form specified by these
33 regulations.

34 Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference:
35 Sections 17530, 17553, 17558.7(c), 17558.7(e) and 17570(d)(1), Government Code.

36 **§ 1181.8. Commission Meeting Quorum and Voting Requirements.**

37 (a) A majority of the existing membership of the Commission shall constitute a quorum.

1 (b) All actions of the Commission, with the exception of requests to reconsider a prior
2 final decision as provided in section 1187.15, shall require the affirmative vote of at least
3 a majority of the existing membership of the Commission.

4 (c) In the case of a tie vote, the Commission may:

5 (1) Re-hear the item when the membership of the Commission changes or when an

8 (A) Assign the matter to a hearing panel or to a hearing officer, pursuant to section
9 1187.2 et seq., for hearing and preparation of a proposed decision for consideration by
10 the Commission. If the Commission assigns the matter to a hearing panel, the selection
11 of the hearing panel shall be by lot, or other means of random and impartial selection. A
12 majority of the votes cast by the members assigned to a hearing panel is required for
13 the approval of a preliminary decision on matters and applications for a finding of
14 significant financial distress; or

15 (B) Direct staff to prepare another proposed decision, based on an interpretation of the
16 law and evidence in the record, for consideration by the Commission.

16 (b) Claimants may agree to file a test claim as a joint effort if the claimants attest to all of
17 the following in the test claim filing:

18 (1) The claimants allege state-mandated costs result from the same statute or executive
19 order;

20 (2) The claimants agree on all issues of the test claim; and

21 (3) The claimants have designated one person to act as the sole representative for all
22 claimants.

23 Otherwise, the first claim filed on a statute or executive order by a similarly situated
24 claimant is the test claim and no duplicate test claims will be accepted by the
25 Commission. Other similarly situated affected agencies may participate in the process
26 by filing comments in writing on any agenda item as provided in section 1181.10 of
27 these regulations, and may attend any Commission hearing on the test claim and
28 provide written or oral comments to the Commission. Affected agencies that are not
29 similarly situated, meaning that test claim statutes affect them differently, may file a test
30 claim on the same statutes as the first claim, but must demonstrate how and why they
31 are affected differently.

32 (c) Except as provided in Government Code sections 17573 and 17574, any test claim
33 or amendment filed with the Commission must be filed not later than 12 months (365
34 days) following the effective date of a statute or executive order, or within 12 months
35 (365 days) of first incurring increased costs as a result of a statute or executive order,
36 whichever is later.

37 (d) All test claims, or amendments thereto, shall be filed on a form developed by the
38 executive director and shall contain all of the elements and supplemental documents
39 required by statute, regulation and the form. When an omnibus bill is pled, claimant

1 shall file only the relevant pages of the statute, including the Legislative Counsel's
2 Digest and the specific statutory changes at issue.

3 (e) A test claim, or amendment thereto, and accompanying documents shall be certified,
4 filed, and served in accordance with section 1181.3 of these regulations. All
5 representations of fact shall be supported by documentary or testimonial evidence in
6 accordance with section 1187.5 of these regulations.

7 (f) Within 10 days of receipt of a test claim, or amendment thereto, Commission staff
8 shall notify the claimant if the test claim is complete or incomplete. Test claims will be
9 considered incomplete if any of the requirements of Government Code section 17553 or
10 this section are illegible, not included, or are not met. If a complete test claim is not
11 received within 30 calendar days from the date the incomplete test claim was returned,
12 the executive director may disallow the original test claim filing date. A new test claim
13 may be accepted on the same statute or executive order alleged to impose a
14 reimbursable state-mandated program.

15 (g) Any test claim, or portion of a test claim, that the Commission lacks jurisdiction to
16 hear for any reason, including that the test claim was not filed within the period of
17 limitation required by subdivision (c) of this section, may be rejected or dismissed by the
18 executive director with a written notice stating the reason therefor. However, for an
19 otherwise timely and complete test claim over which the Commission would have
20 jurisdiction, except that it was filed by a local agency that is not eligible to seek
21 reimbursement because it is not subject to the taxing and spending limitations of articles
22 XIII A and B of the California Constitution, the Commission shall follow the process
23 outlined in section 1187.14(b).

24 Note: Authority cited: Sections 17527(g) and 17553, Government Code. Reference:
25 Sections 17521, 17530, 17551, 17553, 17557(e), 17573, 17574, 24000, 24300.5,

27 and Sections 35034 and 35035, Education Code.

28 **§ 1183.2. Review of Test Claim.**

29 (a) Within 10 days of receipt of a completed test claim, or amendment thereto,
30 Commission staff shall make a copy of the test claim or amendment available to those
31 named on the mailing list prepared in accordance with section 1181.4 of these
32 regulations and shall post it on the Commission's web-site.

33 (b) Written comments concerning the test claim shall be certified, filed, and served
34 within 30 days from the date the test claim or amendment is issued for comment and in
35 accordance with section 1181.3 of these regulations.

36 (c) Content and Form. Written comments on the test claim shall contain the following
37 documentary evidence, if applicable:

38 (1) If representations of fact are made, they shall be supported by documentary or
39 testimonial evidence in accordance with section 1187.5 of these regulations.

40 (2) A copy of relevant portions of state constitutional provisions, federal statutes, and
41 executive orders, and a copy of administrative decisions and court decisions that may
42 impact the alleged mandate, unless the authorities are also cited in the test claim. The

1 specific statutes and chapters, articles, sections, regulatory registers, and page
2 numbers shall be identified. Published court decisions arising from state mandate
3 determinations by the Board of Control and the Commission on State Mandates, article
4 XIII B, section 6 of the California Constitution, and Government Code sections 17500 et
5 seq., are exempt from the requirements of this subdivision.

6 Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference:
7 Sections 17530 and 17553(a), Government Code.

8 **§ 1183.3. Claimant's Rebuttal.**

9 (a) Written rebuttals to written comments concerning a test claim may be filed, and shall
10 be certified, filed, and served in accordance with section 1181.3 of these regulations
11 within 30 days of service of the written comments.

12 (b) Content and Form.

13 (1) If representations of fact are made, they shall be supported by documentary or
14 testimonial evidence in accordance with section 1187.5 of these regulations.

15 (2) Include a copy of relevant portions of state constitutional provisions, federal statutes,
16 and executive orders, and a copy of administrative decisions and court decisions that
17 are cited in the rebuttal, unless the authorities are also cited in the test claim or any
18 opposition thereto. Published court decisions arising from state mandate determinations
19 by the Board of Control and the Commission on State Mandates, article XIII B, section 6
20 of the California Constitution, and Government Code sections 17500 et seq., are
21 exempt from the requirement to include a copy. The specific statutes and chapters,
22 articles, sections, regulatory registers, and page numbers of the authorities shall be
23 identified in the written rebuttal.

24 Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference:
25 Sections 17530 and 17553(a), Government Code.

26 **§ 1183.4. Claimant's Motion to Consolidate or Sever Test Claims.**

27 Within 30 days of the filing date of a test claim deemed complete, a claimant may file a
28 motion with the executive director to consolidate part or all of any test claim with another
29 test claim, or to sever any part of any test claim, if necessary to ensure the complete,
30 fair, or timely consideration of any test claim.

31 (a) Any motion to consolidate or to sever shall be certified, filed, and served in
32 accordance with section 1181.3 of these regulations. If written representations of fact
33 are made, they shall be supported by documentary or testimonial evidence in
34 accordance with section 1187.5 of these regulations.

35 (b) Within 30 days after receipt of a motion to consolidate or sever, the executive
36 director may consolidate or sever any test claim.

37 Note: Authority cited: Section 17527(g) and 17553(a), Government Code. Reference:
38 Sections 17530, 17553 and 17554, Government Code.

1 **§ 1183.5. Executive Director's Authority to Consolidate or Sever Test Claims.**

2 (a) The executive director may consolidate part or all of any test claim with another test
3 claim or sever a test claim, if necessary to ensure the complete, fair, or timely
4 consideration of any test claim.

5 (b) At least 10 days before the action is taken, the executive director shall
6 simultaneously serve on the parties and interested parties on the mailing list described
7 in section 1181.4 of these regulations, and post on the Commission's website, a notice
8 of any proposed action to consolidate or sever.

9 Note: Authority cited: Section 17527(g), 17553 and 17554, Government Code.

10 Reference: Sections 17530, 17553 and 17554, Government Code.

11 **§ 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision.**

12 (a) Before the hearing on the test claim, Commission staff shall prepare a proposed
13 decision for the test claim, which shall include but not be limited to a review of the
14 written comments filed. The proposed decision shall describe and analyze the test claim
15 to assist the Commission in determining whether the alleged statutes or executive
16 orders contain a reimbursable state-mandated program under article XIII B, section 6 of
17 the California Constitution.

18 (b) At least eight weeks before the hearing, or at a time required by the executive
19 director or stipulated to by the parties, Commission staff shall prepare a draft proposed
20 decision and distribute it to the parties, interested parties, and those on the mailing list
21 described in section 1181.4 of these regulations, and shall post it on the Commission's
22 website.

23 (c) Anyone may file written comments concerning the draft proposed decision. If
24 representations of fact are made, they shall be supported by documentary or testimonial
25 evidence in accordance with section 1187.5 of these regulations. Written comments
26 shall be certified, filed, and served in accordance with section 1181.3 of these
27 regulations, by the date determined and noticed by the executive director. A three-week
28 period for comments shall be given, subject to the executive director's authority to
29 expedite all matters pursuant to Government Code section 17530. All written comments
30 timely filed shall be reviewed by Commission staff and may be incorporated into the
31 proposed decision for the test claim.

32 (d) It is the Commission's policy to discourage the introduction of late comments,
33 exhibits, or other evidence filed after the three-week comment period described in
34 subdivision (c) of this section. The Commission need not rely on, and staff need not
35 respond to, late comments, exhibits, or other evidence filed in response to a draft
36 proposed decision after the comment period expires.

37 Note: Authority cited: Sections 17527(g) and 17553, Government Code. Reference:
38 Sections 17514, 17530, 17551 and 17553, Government Code.

39 **§ 1183.7. Content of Parameters and Guidelines.**

40 The parameters and guidelines shall describe the claimable reimbursable costs and
41 contain the following information:

- 1 (a) Summary of the Mandate. A summary of the mandate identifying the statutes or
2 executive orders that contain the mandate and the increased level of service and
3 activities found to be required under those statutes or executive orders.
- 4 (b) Eligible Claimants. A description of the local governmental entities eligible to file for
5 reimbursement.
- 6 (c) Period of Reimbursement. A description of the period of reimbursement specifying
7 the beginning and ending (if applicable) of the reimbursement period.
- 8 (d) Reimbursable Activities. A description of the specific costs and types of costs that
9 are reimbursable, including one-time costs and on-going costs, and reasonably
10 necessary activities required to comply with the mandate. "Reasonably necessary
11 activities" are those activities necessary to comply with the statutes, regulations and
12 other executive orders found to impose a state-mandated program. Activities required
13 by statutes, regulations and other executive orders that were not pled in the test claim
14 may only be used to define reasonably necessary activities to the extent that
15 compliance with the approved state-mandated activities would not otherwise be
16 possible. Whether an activity is reasonably necessary is a mixed question of law and
17 fact. All representations of fact to support any proposed reasonably necessary activities
18 shall be supported by documentary evidence in accordance with section 1187.5 of
19 these regulations.
- 20 (e) Claim Preparation. Instruction on claim preparation, including instructions for direct
21 and indirect cost reporting for actual costs incurred, or application of a reasonable
22 reimbursement methodology.
- 23 (f) Record Retention. Notice of the Office of the State Controller's authority to audit
24 claims and the amount of time supporting documents must be retained during the period
25 subject to audit.
- 26 (g) Any Offsetting Revenues and Reimbursements that reduce the cost of any
27 reimbursable activity, including the identification of:
- 28 (1) Dedicated state and federal funds appropriated for this program.
- 29 (2) Non-local agency funds dedicated for this program.
- 30 (3) Local agency's general purpose funds for this program.
- 31 (4) Service charge, fee, or assessment authority to offset part of the costs of this
32 program.
- 33 (h) Any Offsetting Savings. Identification of any offsetting savings provided by the test
34 claim statute or executive order, or other statute or executive order, which decreases
35 the cost of any reimbursable activity and permits or requires the discontinuance or
36 reduction in the level of service of the program.
- 37 (i) Claiming Instructions. Notice of the Office of the State Controller's duty to issue
38 claiming instructions, which constitutes notice of the right of local agencies and school
39 districts to file reimbursement claims, based upon the decision and parameters and
40 guidelines adopted by the Commission.

1 (j) Remedies Before the Commission. Instructions for filing requests to review claiming
2 instructions and requests to amend parameters and guidelines with the Commission.

3 (k) Legal and Factual Basis. Notice that the legal and factual basis for the parameters
4 and guidelines are found in the administrative record for the test claim, which is on file
5 with the Commission.

6 Note: Authority cited: Sections 17517.5, 17527(g) and 17553(a), Government Code.

8 Code.

9 **§ 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of**
10 **Comments.**

11 (a) Within 30 days of adoption of the decision on a test claim, or the early termination or
12 expiration of a reasonable reimbursement methodology, the successful test claimant
13 shall file with the Commission proposed parameters and guidelines, pursuant to
14 Government Code section 17557(a). Proposed parameters and guidelines shall be
15 certified, filed, and served in accordance with section 1181.3 of these regulations. If
16 representations of fact are made, they shall be supported by documentary or testimonial
17 evidence in accordance with section 1187.5 of these regulations.

18 (b) If any of the elements described in section 1183.7 are missing or are not adequately
19 addressed, Commission staff shall, within 10 days of receipt, deem the proposed
20 parameters and guidelines incomplete and shall return the proposal to the claimants
21 with a description of the subjects that are to be redrafted or supplemented.

22 (c) Within 10 days of receipt of completed proposed parameters and guidelines,
23 Commission staff shall issue a copy to those who are on the mailing list described in
24 section 1181.4 of these regulations, and shall post it on the Commission's website.

25 (d) Commission staff shall notify all recipients that they shall have the opportunity to file
26 written comments concerning the proposed parameters and guidelines within 15 days of
27 service.

28 (e) Written comments shall be certified, filed, and served in accordance with section
29 1181.3 of these regulations. If representations of fact are made, they shall be supported
30 by documentary or testimonial evidence in accordance with section 1187.5 of these
31 regulations.

32 (f) Within 15 days of service of the comments, parties, interested parties, and interested
33 persons may file written rebuttals with the Commission. Rebuttals shall be certified,
34 filed, and served in accordance with section 1181.3 of these regulations. If
35 representations of fact are made, they shall be supported by documentary or testimonial
36 evidence in accordance with section 1187.5 of these regulations.

37 Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference:
38 Sections 17530, 17553(a), 17557 and 17557.2, Government Code.

39 **§ 1183.9. Expedited Process for Proposed Parameters and Guidelines.**

40 (a) After adoption of a decision on a test claim, but before claimant files proposed
41 parameters and guidelines, Commission staff may expedite the parameters and

1 guidelines process by preparing and issuing draft expedited parameters and guidelines
2 to assist the claimant. The draft expedited parameters and guidelines shall be served to
3 everyone on the mailing list described in section 1181.4 of these regulations, and shall
4 be posted on the Commission's website.

5 In lieu of filing an original proposal pursuant to Government Code section 17557(a), the
6 successful test claimant may file comments on the draft expedited parameters and
7 guidelines with the Commission which may include proposed modifications. Such
8 comments shall be certified, filed, and served in accordance with section 1181.3 of
9 these regulations. If representations of fact are made, they shall be supported by
10 documentary or testimonial evidence in accordance with section 1187.5 of these
11 regulations.

12 (b) Parties, interested parties, and interested persons may file comments on the draft
13 expedited parameters and guidelines within 21 days of service of Commission staff's
14 draft proposal. Such comments shall be certified, filed, and served in accordance with
15 section 1181.3 of these regulations. If representations of fact are made, they shall be
16 supported by documentary or testimonial evidence in accordance with section 1187.5 of
17 these regulations.

18 (c) Within 15 days of service of the comments filed pursuant to subdivision (b) of this
19 section, parties, interested parties, and interested persons may file and serve rebuttals.
20 Such rebuttals shall be certified, filed, and served in accordance with section 1181.3 of
21 these regulations. If representations of fact are made, they shall be supported by
22 documentary or testimonial evidence in accordance with section 1187.5 of these
23 regulations.

24 (d) If no comments are filed on the draft expedited parameters and guidelines that raise
25 substantive issues regarding any of the elements described in section 1183.7, a draft
26 proposed decision in accordance with section 1183.13(a) of these regulations need not
27 be prepared and the executive director may schedule the proposed decision and
28 parameters and guidelines for adoption at the next regularly scheduled hearing in
29 accordance with section 1183.13(d) of these regulations.

30 Note: Authority cited: Sections 17517.5, 17527(g), 17530 and 17553(a), Government
31 Code. Reference: Sections 17553(a), 17556(e) and 17557, Government Code.

32 **§ 1183.10. Reasonable Reimbursement Methodology.**

33 (a) Government Code section 17518.5 defines a "reasonable reimbursement
34 methodology" as a formula for reimbursing local agencies and school districts for costs
35 mandated by the state, as defined in Section 17514.

36 (b) For purposes of developing a reasonable reimbursement methodology pursuant to
37 Government Code sections 17557 or 17557.1, the following definitions apply:

38 (1) "Costs to implement the mandate in a cost-efficient manner" include only those costs
39 for the activities that were determined to be reimbursable by the Commission in the
40 decision on the test claim, and the costs of reasonably necessary activities to comply
41 with the mandate pursuant to section 1183.7(d) of these regulations.

1 (2) When surveying or otherwise gathering cost data to develop a formula,
2 "representative sample of claimants" does not include eligible claimants that do not
3 respond to surveys or otherwise participate in submitting cost data.

4 (c) An interested party may file cost information or other cost projections that can be the
5 basis of a reasonable reimbursement methodology, and letters in support of a draft
6 reasonable reimbursement methodology proposed pursuant to Government Code
7 section 17557.1. Such information shall be certified, filed and served in accordance with
8 section 1181.3 of these regulations. All representations of fact shall be supported by
9 documentary or testimonial evidence in accordance with section 1187.5 of these
10 regulations.

11 Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference:
12 Sections 17518.5, 17557 and 17557.1, Government Code.

13 **§ 1183.11. Alternative Process: Joint Reasonable Reimbursement Methodology**
14 **and Statewide Estimate of Costs.**

15 (a) Notwithstanding Government Code section 17557, within 30 days of the adoption of
16 a decision on a test claim, the successful test claimant and the Department of Finance
17 may notify the executive director in writing of their intent to follow the process described
18 in Government Code sections 17557.1-17557.2 to develop a reasonable reimbursement
19 methodology and statewide estimate of costs.

20 (b) The written notification shall provide all information and filing dates, as specified in
21 Government Code section 17557.1(a), and shall be certified, filed, and served in
22 accordance with section 1181.3 of these regulations.

23 (c) At the request of the test claimant and the Department of Finance, the executive
24 director may provide for up to four extensions of the 180-day period to file the draft
25 reasonable reimbursement methodology and proposed statewide estimate of costs for
26 the initial claiming period and budget year. Any request must be based on good cause
27 as described in section 1187.9 and also include an update of all information and filing
28 dates provided in the original written notification filed pursuant to Government Code
29 section 17557.1(a). If no draft has been filed and no request for an extension has been
30 made by the filing date specified in the notice of intent to develop a reasonable
31 reimbursement methodology, or if all extensions have been exhausted, the executive
32 director shall issue a letter notifying the test claimant of the duty to file proposed
33 parameters and guidelines within 30 days under Government Code section 17557(a).

34 (d) The test claimant and Department of Finance shall certify, file, and serve any filings
35 made pursuant to Government Code section 17557.1 in accordance with section 1181.3
36 of these regulations. If representations of fact are made, they shall be supported by
37 documentary or testimonial evidence in accordance with section 1187.5 of these
38 regulations.

39 (e) Commission staff shall notify all recipients that they shall have the opportunity to file
40 written comments concerning the draft reasonable reimbursement methodology and
41 proposed statewide estimate of costs within 15 days of service.

1 (f) Written comments shall be certified, filed, and served in accordance with section
2 1181.3 of these regulations. If representations of fact are made, they shall be supported
3 by documentary or testimonial evidence in accordance with section 1187.5 of these
4 regulations.

5 (g) Within seven days of service of the written comments, the test claimant and
6 Department of Finance may file written rebuttals which shall be certified, filed, and
7 served in accordance with section 1181.3 of these regulations. If representations of fact
8 are made, they shall be supported by documentary or testimonial evidence in
9 accordance with section 1187.5 of these regulations.

10 (h) At least 10 days prior to the next hearing, Commission staff shall review comments
11 and issue a staff recommendation on whether the Commission should approve the draft
12 reasonable reimbursement methodology and adopt the proposed statewide estimate of
13 costs pursuant to Government Code section 17557.2.

14 Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference:
15 Sections 17557, 17557.1 and 17557.2, Government Code.

16 **§ 1183.12. Reasonable Reimbursement Methodology, Included in Parameters and**
17 **Guidelines.**

18 (a) If the claimant indicates in the proposed parameters and guidelines or comments
19 that a reasonable reimbursement methodology, as defined in Government Code section
20 17518.5, should be considered for inclusion in the parameters and guidelines, or if the
21 Department of Finance, Office of the State Controller, any affected state agency, or
22 eligible claimant proposes consideration of a reasonable reimbursement methodology,
23 Commission staff may schedule an informal conference in accordance with section
24 1187.4 of these regulations to discuss the methodology and plan for proposing a
25 reasonable reimbursement methodology.

26 (b) A proposed reasonable reimbursement methodology, as described in Government
27 Code section 17518.5, shall include any documentation or assumption relied upon to
28 develop the proposed methodology.

29 (c) Commission staff shall notify all recipients that they shall have the opportunity to file
30 written comments concerning the proposed reasonable reimbursement methodology
31 within 15 days of service.

32 (d) Proposed reasonable reimbursement methodologies and comments regarding those
33 proposals shall be certified, filed, and served in accordance with section 1181.3 of these
34 regulations. If representations of fact are made, they shall be supported by documentary
35 or testimonial evidence in accordance with section 1187.5 of these regulations.

36 (e) Within 15 days of service of the written comments prepared by other parties and
37 interested parties, the party that proposed the reasonable reimbursement methodology
38 may file a written rebuttal with the Commission, and shall certify, file, and serve the
39 rebuttal in accordance with section 1181.3 of these regulations. If representations of fact
40 are made, they shall be supported by documentary or testimonial evidence in
41 accordance with section 1187.5 of these regulations.

2 Sections 17518.5, 17557, 17557.1 and 17557.2, Government Code.

3 **§ 1183.13. Adoption of Parameters and Guidelines.**

4 (a) Except as provided in section 1183.9(d) of these regulations, after review of the test
5 claim decision, claimant’s proposed parameters and guidelines or draft expedited
6 parameters and guidelines, and written comments and rebuttals, Commission staff shall
7 prepare a draft proposed decision and parameters and guidelines. Commission staff’s
8 recommendation may include a reasonable reimbursement methodology developed
9 pursuant to Government Code section 17518.5 and proposed pursuant to section
10 1183.12 of these regulations.

11 (b) Written comments on the draft proposed decision and parameters and guidelines
12 shall be certified, filed, and served in accordance with section 1181.3 of these
13 regulations, by the date noticed by the executive director. A three-week period for
14 comments shall be given, subject to the executive director’s authority to expedite all
15 matters pursuant to Government Code section 17530. If representations of fact are
16 made, they shall be supported by documentary or testimonial evidence in accordance
17 with section 1187.5 of these regulations. All written comments timely filed shall be
18 reviewed by Commission staff and may be incorporated into the proposed decision and
19 parameters and guidelines.

20 (c) It is the Commission’s policy to discourage the introduction of late comments,
21 exhibits, or other evidence filed after the three-week comment period described in
22 subdivision (b) of this section. The Commission need not rely on, and staff need not
23 respond to, late comments, exhibits, or other evidence filed in response to a draft
24 proposed decision and parameters and guidelines after the comment period expires.

25 (d) The Commission shall conduct a hearing in accordance with article 7 of these
26 regulations before adoption of the proposed decision and parameters and guidelines.

27 (e) Within 10 days after the adoption of the decision and parameters and guidelines, the
28 executive director shall issue it to the Office of the State Controller and to everyone on
29 the mailing list described in section 1181.4 of these regulations, and shall post a copy
30 on the Commission's website.

33 **§ 1183.14. Statewide Cost Estimate.**

34 (a) If the Commission determines that there are state-mandated costs pursuant to

23 (b) Copies of the proposals filed under subdivision (a) shall be filed and served in
24 accordance with section 1181.3 of these regulations.

21 (a) All requests pursuant to Government Code section 17557 to amend parameters and
22 guidelines shall include the proposed language for the specific sections of the existing
23 parameters and guidelines that are to be changed, and include a narrative explaining

27 (1) Delete any reimbursable activity that is repealed by statute or executive order after
28 the adoption of the original or last amended parameters and guidelines.

29 (2) Update offsetting revenue and offsetting savings that apply to the mandated
30 program and do not require a new legal finding that there are "no costs mandated by the
31 state" under Government Code section 17556(e).

32 (3) Include a reasonable reimbursement methodology for all or some of the
33 reimbursable activities in accordance with Government Code section 17518.5. Any
34 request to include a reasonable reimbursement methodology based on, in whole or in
35 part, costs that have been included in claims submitted to the Controller, shall include a
36 statement to this effect on the cover or first page of the request.

37 (4) Clarify reimbursable activities consistent with the original decisions on the test claim
38 and parameters and guidelines.

40 of the original state-mandated program pursuant to section 1183.7(d) of these
41 regulations.

- 1 (6) Define what is not reimbursable consistent with the original decisions on the test
2 claim and parameters and guidelines.
- 3 (7) Consolidate the parameters and guidelines for two or more programs.
- 4 (8) Amend the "boilerplate" language.
- 5 (b) For purposes of this section, "boilerplate" language is defined as the language in the
6 parameters and guidelines that is not unique to the state-mandated program that is the
7 subject of the parameters and guidelines.
- 8 (c) The addition or substitution of requesters and supporting declarations based on the
9 original facts alleged in an existing parameters and guidelines amendment request is
10 not an "amendment." However, new proposals for amendments must be filed as a new
11 parameters and guidelines amendment request.
- 12 (d) A claimant or state agency requesting an amendment to existing parameters and
13 guidelines shall certify, file, and serve the request in accordance with section 1181.3 of
14 these regulations. If representations of fact are made, they shall be supported by
15 documentary or testimonial evidence in accordance with section 1187.5 of these
16 regulations.
- 17 (e) Within 10 days of receipt of a request to amend parameters and guidelines,
18 Commission staff shall issue a copy to those who are on the mailing list described in
19 section 1181.4 of these regulations, and shall post the request on the Commission's
20 website.
- 21 (f) Commission staff shall notify those who are on the mailing list described in section
22 1181.4 of these regulations that they shall have the opportunity to file written comments
23 concerning the proposed amendment of the parameters and guidelines within 21 days
24 of service, and shall post a copy of the notice on the Commission's website.
- 25 (g) Written comments on the request to amend the parameters and guidelines shall be
26 certified, filed, and served in accordance with section 1181.3 of these regulations. If
27 representations of fact are made, they shall be supported by documentary or testimonial
28 evidence in accordance with section 1187.5 of these regulations.
- 29 (h) Written rebuttals to the comments may be filed within 21 days of service of the
30 comments. Written rebuttals shall be certified, filed, and served in accordance with
31 section 1181.3 of these regulations. If representations of fact are made, they shall be
32 supported by documentary or testimonial evidence in accordance with section 1187.5 of
33 these regulations.
- 34 (i) After review of the proposed amendment to the parameters and guidelines, written
35 comments, and rebuttals filed, Commission staff shall prepare and issue for comment a
36 draft proposed decision recommending whether the requester's proposed amendment
37 to the parameters and guidelines should be adopted.
- 38 (j) Written comments on the draft proposed decision and recommendation on the
39 proposed amendment to the parameters and guidelines shall be certified, filed, and
40 served in accordance with section 1181.3 of these regulations, by the date noticed by
41 the executive director. A three-week period for comments shall be given, subject to the
42 executive director's authority to expedite all matters pursuant to Government Code

1 section 17530. If representations of fact are made, they shall be supported by
2 documentary or testimonial evidence in accordance with section 1187.5 of these
3 regulations. All written comments timely filed shall be reviewed by Commission staff and
4 may be incorporated into the proposed decision and recommendation on the proposed
5 amendment to the parameters and guidelines.

6 (k) It is the Commission's policy to discourage the introduction of late comments,
7 exhibits, or other evidence filed after the three-week comment period described in
8 subdivision (j) of this section. The Commission need not rely on, and staff need not
9 respond to, late comments, exhibits, or other evidence filed in response to a draft
10 proposed decision after the comment period expires.

11 (l) An amendment shall be made only after the Commission has conducted a hearing in
12 accordance with article 7 of these regulations.

14 Sections 17518.5, 17530, 17553 and 17557, Government Code.

15 **§ 1183.18. Timelines.**

16 (a) In computing any period of time prescribed by these regulations and applicable
17 statutes, including the filing date as defined in section 1181.2 of these regulations, the
18 following rules shall apply:

19 (1) The day of the act, event, or default from which the designated period of time begins
20 to run shall not be included. The last day of the period so computed shall be included,
21 unless it is a Saturday, Sunday, or state holiday.

22 (2) Days representing extensions of time and postponements of hearings granted to the
23 parties shall be tolled and may not be counted toward the date on which a statewide
24 cost estimate must be adopted by the Commission.

25 (3) Days following a test claimant's submission of incomplete information to the
26 Commission, from the date on which Commission staff returns the incomplete
27 information to the claimant up to the date on which the Commission receives complete
28 information from the test claimant, shall be tolled and may not be counted toward the
29 date on which a statewide cost estimate must be adopted by the Commission.

30 (4) If a party or interested party to a test claim notifies Commission staff that a
31 reasonable reimbursement methodology may be developed for inclusion in pending
32 parameters and guidelines, the days following the date of the notification up to the date
33 on which a reasonable reimbursement methodology is developed, shall be tolled and
34 may not be counted toward the date on which a statewide cost estimate must be
35 adopted by the Commission. The days tolled shall not exceed 60 days from the date of
36 the notification.

37 (5) If the test claimant and the Department of Finance notify the Commission staff in
38 writing of their intent to develop a reasonable reimbursement methodology and
39 statewide estimate of costs for the initial claiming period and budget year for
40 reimbursement pursuant to Government Code section 17557.1, the days following the
41 date of the notification up to the date on which a draft reasonable reimbursement
42 methodology and proposed statewide estimate of costs are developed and filed with the

1 Commission, shall be tolled and may not be counted toward the date by which a
2 statewide cost estimate must be adopted by the Commission. The days tolled shall not
3 exceed 180 days from the date of the notification.

4 (6) Three days shall be added to any prescribed period in which a party or interested
5 party is required or permitted to do an act after service of a document upon that party or
6 interested party by mail. The three days added for mail service shall be tolled and may
7 not be counted toward the date on which a statewide cost estimate must be adopted.

8 (7) Solely for the purpose of determining when a statewide cost estimate shall be
9 adopted, test claims that are amended, severed, or consolidated shall be deemed filed
10 on the effective date of the last amendment, severance, or consolidation, unless
11 otherwise stipulated by the parties and approved by the executive director.

12 (8) Days between the effective date of the parameters and guidelines and the date the
13 initial reimbursement claims are due to the Office of the State Controller shall be tolled
14 and may not be counted toward the date on which a statewide cost estimate must be
15 adopted by the Commission.

16 (b) The following timelines shall be used by Commission staff as a reference for the
17 timely processing of test claims, adoption of statewide cost estimates or statewide
18 estimates of costs:

- 36 (a) Upon request of a local agency or school district, the Commission shall review
 37 claiming instructions issued by the Office of State Controller.
- 38 (b) A request to review claiming instructions shall include the following:
- 39 (1) A copy of the disputed claiming instructions.
- 40 (2) If available, correspondence or other documentation that verifies the local agency or
 41 school district sought to resolve the dispute through the Office of State Controller.

- 1 (3) A narrative that details the suggested changes and the reasons why the local
2 agency or school district finds the claiming instructions need to be modified.
- 3 (4) The name, address, telephone number, and e-mail address of the agency contact
4 person.
- 5 (c) An original request to review claiming instructions shall be certified, filed, and served
6 in accordance with section 1181.3 of these regulations. If representations of fact are
7 made, they shall be supported by documentary or testimonial evidence in accordance
8 with section 1187.5 of these regulations.
- 9 (d) Within 10 days of receipt of a request to review claiming instructions, Commission
10 staff shall notify the local agency or school district that filed the request if the filing is
11 complete or incomplete. A request to review the claiming instructions shall be
12 considered incomplete if any of the elements required in subdivision (b) or (c) of this
13 section are illegible or not included. Incomplete requests shall be returned to the local
14 agency or school district. If a complete request is not received by the Commission within
15 30 days from the date the incomplete request was returned, the executive director may
16 deem the request withdrawn.
- 17 (e) Within 10 days of receipt of a complete request to review claiming instructions,
18 Commission staff shall issue a copy to all persons who are on the mailing list described
19 in section 1181.4 of these regulations. Commission staff shall provide notice that written

21 days of service of the notice of complete filing. A copy of the notice shall also be posted
22 on the Commission's website.
- 23 (f) Written comments shall be certified, filed, and served in accordance with section
24 1181.3 of these regulations. If representations of fact are made, they shall be supported
25 by documentary or testimonial evidence in accordance with section 1187.5 of these
26 regulations.
- 27 (g) Within 30 days of service of the written comments, the requester may file a written
28 rebuttal to the Commission which shall be certified, filed, and served in accordance with
29 section 1181.3 of these regulations. If representations of fact are made, they shall be
30 supported by documentary or testimonial evidence in accordance with section 1187.5 of
31 these regulations.
- 32 (h) Before hearing a request to review claiming instructions, Commission staff shall
33 prepare a draft proposed decision that shall include a review of the request and any
34 comments filed, and a staff recommendation on whether the request should be
35 approved or denied.
- 36 (i) The requester and any state agency or interested party may file written comments on
37 the draft proposed decision. Written comments shall be certified, filed, and served in

13 (m) An approved change to the claiming instructions shall be subject to the following
14 schedule:

15 (1) A request for review filed before the deadline for initial claims as specified in the
16 claiming instructions shall apply to all years eligible for reimbursement as defined in the
17 original parameters and guidelines.

18 (2) A request for review filed after the initial claiming deadline must be filed on or before

20 17560 following a fiscal year to establish eligibility for reimbursement for that fiscal year.

21 (n) A request to review claiming instructions may be withdrawn by written application to

14 Commission no later than three years following the date a claimant first receives from
15 the Office of State Controller a final state audit report, letter, or other written notice of

19 the reason for the adjustment. The filing shall be returned to the claimant for lack of

6 **§ 1185.2. Review of Incorrect Reduction Claims.**

7 (a) Within 10 days of receipt of an incorrect reduction claim, Commission staff shall
8 notify the claimant if the incorrect reduction claim is complete or incomplete. Incorrect
9 reduction claims will be considered incomplete if any of the requirements of section
10 1185.1 are illegible or not included or if the requirements of those subdivisions are not
11 met. Incomplete incorrect reduction claims shall be returned to the claimant. If a
12 complete incorrect reduction claim is not received by the Commission within 30 days
13 from the date the incomplete claim was returned to the claimant, the executive director
14 shall deem the filing to be withdrawn.

15 (b) Any incorrect reduction claim, or portion of an incorrect reduction claim, that the
16 Commission lacks jurisdiction to hear for any reason, including that the incorrect
17 reduction claim was not filed within the period of limitation required by section 1185.1(c)
18 of these regulations, may be rejected or dismissed by the executive director with a
19 written notice stating the reason therefor.

20 (c) Within 10 days of receipt of a complete incorrect reduction claim, Commission staff
21 shall provide a copy of the claim to the Office of State Controller.

22 (d) Commission staff shall notify the Office of State Controller that written comments
23 and supporting documentation in connection with an incorrect reduction claim shall be
24 filed no more than 90 days from the date the copy of the claim is provided to the Office
25 of State Controller. Written comments and supporting documentation shall be certified,
26 filed, and served in accordance with section 1181.3 of these regulations. If
27 representations of fact are made, they shall be supported by documentary or testimonial
28 evidence in accordance with section 1187.5 of these regulations.

29 (e) The claimant and interested parties may file written rebuttals to the Office of State
30 Controller's comments within 30 days of service of the Office of State Controller's

37 **§ 1185.3. Consolidation of Claims Initiated by an Individual Claimant.**

38 (a) On behalf of a class of claimants, an individual claimant may initiate the
39 consolidation of claims alleging an incorrect reduction as described in Government
40 Code section 17558.7, if all of the following apply:

1 (1) The method, act, or practice that the claimant alleges led to the reduction has led to
2 similar reductions of other parties' claims, and all of the claims involve common
3 questions of law or fact.

4 (2) The common questions of law or fact among the claims predominate over any
5 matter affecting only an individual claim.

6 (3) The consolidation of similar claims by individual claimants would result in consistent
7 decision making by the Commission.

8 (4) The claimant filing the consolidated claim would fairly and adequately protect the
9 interests of the other claimants.

10 (b) A claimant that seeks to file a consolidated incorrect reduction claim shall notify the
11 Commission of its intent at the time of filing on a form provided by the Commission. The
12 consolidated incorrect reduction claim shall be filed in accordance with section 1185.1
13 of these regulations and contain a narrative that explains the elements in subdivision (a)
14 of this section. All representations of fact shall be supported by documentary or
15 testimonial evidence in accordance with section 1187.5 of these regulations.

16 (c) Within 10 days of receipt of a consolidated incorrect reduction claim, Commission
17 staff shall notify the claimant if the consolidated incorrect reduction claim is complete or
18 incomplete. A consolidated incorrect reduction claim is incomplete if the claim has not
19 been filed in accordance with subdivision (b) of this section, or is illegible. Incomplete
20 consolidated incorrect reduction claims shall be returned to the claimant. If a complete
21 consolidated incorrect reduction claim is not received by the Commission within 30 days
22 from the date the incomplete claim was returned to the claimant, the executive director
23 shall deem the filing to be withdrawn.

24 (d) Any consolidated incorrect reduction claim, or portion of a consolidated incorrect
25 reduction claim, that the Commission lacks jurisdiction to hear for any reason may be
26 rejected or dismissed by the executive director in accordance with section 1185.2(b) of
27 these regulations.

28 (e) If the consolidated incorrect reduction claim is complete, Commission staff shall
29 request the Office of the State Controller to provide the Commission, within 30 days, a
30 list of claimants for whom the Controller has reduced similar claims under the same
31 mandate, and the date each claimant was notified of an adjustment.

32 (f) Upon receipt of the list from the Office of the State Controller, the Commission shall
33 notify the list of other claimants experiencing similar reductions by the Controller under
34 the same mandate and other interested parties of the original claimant's intent to
35 consolidate an incorrect reduction claim.

36 Note: Authority cited: Sections 17527(g), 17553(a) and 17558.7(g), Government Code.
37 Reference: Sections 17558.5(c) and 17558.7, Government Code.

38 **§ 1185.4. Joining a Consolidated Incorrect Reduction Claim.**

39 (a) Within 30 days of receipt of the Commission's notice regarding the original
40 claimant's notice of intent to consolidate an incorrect reduction claim, any other eligible
41 claimant may, on a form provided by the Commission, file a notice of intent to join the
42 consolidated incorrect reduction claim.

1 (b) All notices of intent to join a consolidated incorrect reduction claim shall comply with
2 section 1185.1(c) and contain at least the following elements and documents:

3 (1) A copy of the final state audit report, letter, or other written notice of adjustment from
4 the Office of State Controller that explains the claim components adjusted, amounts
5 reduced, and the reasons for the reduction.

6 (2) A copy of the subject reimbursement claims submitted to the Office of State
7 Controller.

8 (3) A notice of intent to join a consolidated incorrect reduction claim shall include a
9 certification by the joining claimant authorizing the original claimant to act as its
10 representative in the consolidated incorrect reduction claim, and a declaration under
11 penalty of perjury that the filing is true and complete to the best of the declarant's
12 personal knowledge, information, or belief. The date signed, the declarant's title,
13 address, telephone number, and e-mail address shall be included. All representations of
14 fact shall be supported by testimonial or documentary evidence in accordance with
15 section 1187.5 of these regulations.

16 (4) The joining claimant shall certify, file, and serve one original notice of intent to join
17 and accompanying documents in accordance with section 1181.3 of these regulations.

18 (c) Within 10 days of receipt of a notice of intent to join a consolidated incorrect
19 reduction claim, Commission staff shall notify the joining claimant if the notice of intent
20 to join is complete or incomplete. Notices of intent to join a consolidated incorrect
21 reduction claim will be considered incomplete if any of the elements required in
22 subdivision (b) of this section are illegible or not included. Incomplete notices of intent
23 shall be returned to the joining claimant. If a complete notice of intent to join a
24 consolidated incorrect reduction claim is not received by the Commission within 30 days
25 from the date the incomplete notice of intent was returned to the joining claimant, the
26 executive director may deem the filing withdrawn.

27 (d) Any notice of intent to join the consolidated incorrect reduction claim, or portion
28 thereof, that the Commission lacks jurisdiction to hear for any reason, including that the
29 notice was not filed within the period of limitation required by section 1185.1(c) of these
30 regulations, may be rejected or dismissed by the executive director with a written notice
31 stating the reason therefor.

32 Note: Authority cited: Sections 17527(g), 17553(a) and 17558.7(g), Government Code.

34 **§ 1185.5. Opting Out of a Consolidated Incorrect Reduction Claim.**

35 Pursuant to Government Code section 17558.7(f), each claimant that files a notice of
36 intent to join a consolidated incorrect reduction claim may opt out and not be bound by
37 any determination made on the consolidated claim.

38 (a) To opt out of a consolidated incorrect reduction claim, claimants shall file a written
39 notice with the Commission within 15 days of service of the Office of State Controller's
40 comments. A copy of the notice must be served in accordance with section 1181.3 of
41 these regulations.

1 (b) No later than one year after opting out, or within the period of limitation under section
2 1185.1(c) of these regulations, whichever is later, a claimant that opts out of a
3 consolidated claim shall file an individual incorrect reduction claim in accordance with
4 section 1185.1 of these regulations in order to preserve its right to challenge a reduction
5 made by the Controller on that same mandate.

6 (c) If a claimant opts out of a consolidated incorrect reduction claim and an individual
7 incorrect reduction claim for that entity is already on file with the Commission, the
8 individual filing is automatically reinstated.

13 The executive director may consolidate or sever any incorrect reduction claim in part or
14 whole, when necessary to ensure the complete, fair, or timely consideration of any
15 incorrect reduction claim.

16 (a) At least 30 days before the action is taken, the executive director shall
17 simultaneously serve on all persons on the mailing list described in section 1181.4 of
18 these regulations a notice of any proposed action to consolidate or sever and shall post
19 the notice on the Commission's website.

20 (b) During the 30-day notice period, a claimant may file a written request that an
21 individual incorrect reduction claim be severed from a proposed consolidation, which
22 shall be filed and served, in accordance with section 1181.3 of these regulations. Timely
23 requests to sever shall be approved by the executive director.

24 (c) Late requests for severing an individual incorrect reduction claim shall be denied.

27 **§ 1185.7. Review of Completed Incorrect Reduction Claims and Preparation of**
28 **Proposed Decision.**

29 (a) The Commission shall conduct a hearing in accordance with article 7 of these
30 regulations before adopting a decision on an individual or consolidated incorrect
31 reduction claim.

32 (b) Before hearing an individual or consolidated incorrect reduction claim, Commission
33 staff shall prepare a proposed decision for the incorrect reduction claim that shall
34 include a review of the incorrect reduction claim, comments and rebuttals filed on the
35 claim and, to the extent that it is relevant to the claim, a review of the test claim decision
36 and decision and parameters and guidelines. The proposed decision shall also include
37 a staff recommendation on whether the claimant's reimbursement claim was incorrectly
38 reduced.

39 (c) At least eight weeks before the hearing or at a time required by the executive
40 director or stipulated to by the claimant and the Office of State Controller, Commission

1 staff shall issue the draft proposed decision to all those on the mailing list described in
2 section 1181.4 of these regulations.

3 (d) A three-week period for comments shall be given, subject to the executive director's
4 authority to expedite all matters pursuant to Government Code section 17530. Written
5 comments may be filed and shall be certified, filed, and served in accordance with
6 section 1181.3 of these regulations, by the date determined and noticed by the
7 executive director. If representations of fact are made, they shall be supported by
8 documentary or testimonial evidence in accordance with section 1187.5 of these
9 regulations. All written comments timely filed shall be reviewed by Commission staff and
10 may be incorporated into the proposed decision for the incorrect reduction claim.

11 (e) It is the Commission's policy to discourage the introduction of late comments,
12 exhibits, or other evidence filed after the three-week comment period described in
13 subdivision (d) of this section. The Commission need not rely on, and staff need not
14 respond to, late comments, exhibits, or other evidence filed in response to a draft
15 proposed decision after the comment period expires.

20 consolidated incorrect reduction claim, may be withdrawn by written application any
21 time before a decision is adopted or by oral application at the time of hearing. If an
22 application is made, the executive director shall issue a letter to the claimant and the
23 State Controller dismissing the claim.

24 (b) An incorrect reduction claim, by the original claimant in a consolidated incorrect
25 reduction claim, may be withdrawn by written application any time before a decision is
26 adopted or by oral application at the time of hearing. The original claimant shall certify,
27 file, and serve the written application in accordance with section 1181.3 of these
28 regulations and Commission staff shall post a copy of the notice on the Commission's
29 website for 60 days prior to dismissal of the incorrect reduction claim. If one of the joint
30 claimants takes over the claim, it shall, within 60 days of providing notice of its intent to
31 take over the claim, perfect the filing by filing the written narrative as required by section
32 1185.1 of these regulations. If none of the joint claimants takes over the claim by
33 substitution of parties within 60 days of service and posting of the application to
34 withdraw, the executive director shall issue a letter to everyone on the mailing list
35 described in section 1181.4 of these regulations dismissing the claim and providing the
36 joint claimants with an opportunity to perfect their individual claims within 60 days of

13 (b) Stable costs. Stable costs are those costs incurred by local agencies or school

24 Office may request that the Commission review a mandated cost program for possible
25 inclusion in the State Mandates Apportionment System in accordance with Government
26 Code section 17615.1.

27 (b) In order to obtain a review and determination regarding inclusion in the system, a

29 Inclusion" in accordance with section 1181.3 of these regulations.

30 (c) The request for inclusion must contain at least the following:

1 (d) The Commission shall consider the recommendation of the Controller for each new
2 mandate proposed for inclusion in the State Mandates Apportionment System in
3 accordance with Government Code section 17615.4(c).

4 (e) Requests for inclusion will be considered incomplete if any of the elements or

13 **§ 1186.3. Adoption of Finding for Request for Inclusion.**

14 (a) The Commission, after reviewing the request for inclusion and conducting at least
15 one hearing in accordance with article 7 of these regulations, shall adopt a finding that
16 the mandated program will or will not be included in the State Mandates Apportionment
17 System.

18 (b) The primary criteria to be used by the Commission in making a determination will
19 include a review of the mandated program to determine if the program has a history of
20 stable costs for most claimants, if the mandated program has been recently modified,
21 and if inclusion would accurately reflect the costs of the state mandated program.

22 (c) Upon adoption of a finding that a mandated program should be included in the State
23 Mandates Apportionment System, the Commission shall direct the Controller to include
24 the program in the system.

25 Note: Authority cited: Sections 17527(g) and 17615.1, Government Code. Reference:

30 has been modified or amended by the Legislature or an executive order for possible
31 removal of the program from the system in accordance with Section 17615.7 of the
32 Government Code.

33 (b) In order to obtain a review and determination regarding removal of a program from

6 Apportionment System.

7 (4) Any other information that will substantiate the request or that would have a bearing

9 (d) Requests for removal will be considered incomplete if any of the elements or
10 documents required in subdivision (c) of this section are illegible or not included.
11 Incomplete requests for removal shall be returned to the requester for completion.

12 (e) Request for removal filings and any state agency recommendations shall be subject
13 to the requirements of article 7 of these regulations beginning at section 1187. If

20 one hearing in accordance in article 7 of these regulations, shall adopt a finding that the
21 mandated program will or will not continue to be included in the State Mandates
22 Apportionment System.

23 (b) The primary criteria to be used by the Commission in making a determination
24 regarding removal will include whether the mandated program was significantly modified
25 or amended by the Legislature or by executive order so as to affect the ongoing costs of
26 the program in a way that the historical costs of the program are no longer an accurate
27 reflection of continuing costs.

28 (c) Upon adoption of a finding that a mandated program should be removed from the
29 system, the Commission shall direct the Controller to remove the program from the
30 system. In that direction to the Controller, the Commission shall specify if the program
31 will be removed temporarily or for an indefinite period of time.

9 and the calculations necessary to show that the program needing modification either
10 under or over reimburse the local agency or school district's actual costs by 20 percent
11 or by \$1,000, whichever is less.
12 (d) Requests for review will be considered incomplete if any of the elements required in
13 subdivision (c) of this section are illegible or not included. Incomplete requests for
14 review shall be returned to the requester for completion. If a complete request is not
15 received by the Commission within 30 days from the date the incomplete request was
16 returned, the Commission shall deem the request to be withdrawn.

24 (b) If the Commission determines that a local agency or school district's apportionment
25 falls short of reimbursing all mandates upon which the apportionment or base year
26 entitlement is based by 20 percent or by \$1,000, whichever is less, then the
27 Commission shall direct the Controller to adjust the apportionment accordingly.
28 (c) If the Commission determines that a local agency or school district's apportionment
29 adequately reflects the costs incurred by the local agency or school district for all
30 mandates upon which that apportionment is based, the Commission may, in its
31 discretion, direct the Controller to withhold the costs of the Commission's review from
32 the next apportionment to the local agency or school district. A direction to withhold
33 costs from the next apportionment will be made only when the Commission determines
34 that the request to review an apportionment was frivolous and without merit.

- 39 (a) A "matter," subject to hearings and decisions under article 7 of these regulations,
40 shall include test claims, proposed parameters and guidelines, requests to amend

1 parameters and guidelines, incorrect reduction claims, requests to approve a joint
2 reasonable reimbursement methodology and statewide estimate of costs, joint requests
3 for early termination of a joint reasonable reimbursement methodology, requests for
4 inclusion or removal from the State Mandates Apportionment System, requests for
5 review of apportionment or base year entitlement for programs included in the State
6 Mandates Apportionment System, requests for review of the Office of State Controller's
7 claiming instructions, and requests for mandate redetermination.

8 (b) A matter is set for hearing when Commission staff issues its draft proposed decision.
9 A written notice of the date, time, and place of hearing shall be issued to everyone on
10 the mailing list as described in section 1181.4 of these regulations and shall be posted
11 on the Commission's website.

15 **§ 1187.2. Assignment to Hearing Panels/Hearing Officers.**

16 (a) After an informational hearing, in accordance with Article 8 of these regulations, the
17 Commission's chairperson may assign a matter before the Commission to a hearing
18 panel consisting of one or more members or to a hearing officer for hearing and
19 preparation of a proposed decision that may be adopted as the decision in the case.

20 (b) Assignments by the Commission chairperson of members on hearing panels shall
21 be rotated among the members with the composition of the members so assigned being
22 varied and changed to assure that there shall never be a fixed and continued
23 composition of members.

24 (c) A matter shall be heard and decided by the Commission itself at the request of any
25 two members of the Commission.

26 Note: Authority cited: Sections 17527(c), 17527(g), 17532 and 17553(a), Government
27 Code. Reference: Sections 17532 and 17551, Government Code.

28 **§ 1187.3. Objection to Hearing Panel, Hearing Officer, or Commission Member.**

29 (a) Any party may ask that a matter be heard by the Commission itself rather than by a
30 hearing panel or hearing officer.

31 (b) Any party may request the disqualification of any hearing officer or Commission
32 member, before the taking of evidence at a hearing, by filing an affidavit stating with
33 particularity the grounds upon which it is alleged that a fair and impartial hearing cannot
34 be provided. Where the request concerns a Commission member, the issue shall be
35 determined by the other members of the Commission. Where the request concerns the
36 hearing officer, the issue shall be determined by the Commission itself, if the
37 Commission itself hears the case with the hearing officer; otherwise the issue shall be
38 determined by the hearing officer.

1 **§ 1187.4. Informal Conference.**

2 (a) An informal conference may be scheduled by the Commission or the executive
3 director of their own accord or by request of a party or interested party to the matter in
4 question. The parties and interested parties to the matter shall be invited to participate.
5 With the consent of the parties, the informal conference may be a teleconference.

6 (b) At least 10 days before any informal conference, Commission staff shall serve notice
7 of the conference to those on the mailing list for the matter in question as established
8 pursuant to section 1181.4 of these regulations.

9 (c) The purpose of an informal conference may be to:

10 (1) Set dates for receiving comments or rebuttal comments; completing the proposed
11 decision; and hearing the matter.

12 (2) Give the claimant or requester the opportunity to present the matter and to respond
13 to questions from Commission staff and parties and interested parties for the purpose of
14 resolving or clarifying issues of fact or law.

15 (3) Consider whether a reasonable reimbursement methodology may be developed and
16 included in the parameters and guidelines.

17 (4) Review a draft reasonable reimbursement methodology and proposed statewide
18 estimate of costs that are jointly prepared by the test claimant and the Department of
19 Finance pursuant to Government Code section 17557.1.

20 (5) Identify issues and determine methods of resolving those issues.

21 (d) Any party may notify the executive director of any interested parties who should be
22 invited to attend an informal conference.

23 (e) Anything said, any document disclosed, and any new representations of fact made
24 during an informal conference shall not be made part of the administrative record of a
25 matter unless properly admitted into the record through the submission of an
26 amendment to a matter, written comment, rebuttal, or public testimony.

28 Sections 17518.5, 17530, 17551, 17553(a) and 17557.1, Government Code.

29 **§ 1187.5. Evidence Submitted to the Commission.**

30 (a) The hearings will not be conducted according to technical rules relating to evidence
31 and witnesses. Any relevant non-repetitive evidence shall be admitted if it is the sort of
32 evidence on which responsible persons are accustomed to rely in the conduct of serious
33 affairs. Irrelevant and unduly repetitious evidence shall be excluded. Hearsay evidence
34 may be used for the purpose of supplementing or explaining other evidence but shall
35 not be sufficient in itself to support a finding unless it would be admissible over objection
36 in civil actions.

37 (b) Oral or written representations of fact offered by any person at an article 7 hearing
38 shall be under oath or affirmation. All written representations of fact submitted to the
39 Commission must be signed under penalty of perjury by persons who are authorized

1 and competent to do so and must be based upon the declarant's personal knowledge,
2 information, or belief.

3 (c) Official notice may be taken in the manner and of the information described in
4 Government Code Section 11515.

5 (d) Each party shall have the right to present witnesses, introduce exhibits, and propose
6 to the chairperson questions for opposing witnesses. Evidence may be submitted to
7 support or rebut any issue. If declarations are to be used in lieu of testimony, the party
8 proposing to use the declaration shall comply with Government Code Section 11514.

9 Note: Authority cited: Sections 17527(e), 17527(g), 17553, 17558.7, 17570, 17615.1

12 17559, 17570, 17571 and 17615.7, Government Code.

13 **§ 1187.6. Conduct of Hearing.**

14 (a) Each party shall have the right to present witnesses, to introduce exhibits, and to
15 propose to the chairperson questions for opposing witnesses in support or rebuttal of
16 any matter relevant to the issues even if that matter was not covered in the direct
17 examination. The Commission chair or hearing officer, however, may limit the length of
18 testimony to a specific amount of time, or limit the time for each party or witness.

19 (b) The presiding member, Commission members, hearing panel member or hearing
20 officer may question any party or witness and may admit any relevant and material
21 evidence.

22 (c) The taking of evidence in a hearing shall be controlled by the Commission or hearing
23 officer in the manner best suited to ascertain the facts and safeguard the rights of the
24 parties. Prior to taking evidence, the issues and the order of presenting evidence will be
25 explained.

26 (d) The hearing will ordinarily proceed in the following manner. Commission staff will
27 summarize the matter. The claimant or requester and aligned parties and interested
28 parties will state their positions and present evidence. Opposing parties or interested
29 parties will thereafter state their positions and present evidence. The claimant or
30 requester will then be given an opportunity to reply.

31 (e) The Commission or hearing officer may call a party, or any other person who is
32 present, to testify under oath or affirmation. Any member of the Commission, its
33 executive director, or hearing officer may question witnesses.

34 (f) The Commission or the executive director may require that prepared written
35 testimony or other evidence be filed in advance of any hearing to facilitate the orderly
36 consideration of issues at the hearing.

37 (g) Commission public hearings shall be recorded by stenographic reporter or electronic
38 recording or both. The transcript or recordings shall be kept for the period of time
39 required by applicable law governing the retention of records of state agency public
40 proceedings, or until the conclusion of administrative or judicial proceedings, whichever
41 is later.

3 **§ 1187.7. Witnesses and Subpoenas.**

4 (a) A party shall arrange for the presence of its own witnesses at a hearing.

5 (b) A subpoena may be issued upon a majority vote of the Commission. A party
6 requesting a subpoena shall file a written application with the Commission at least six
7 weeks prior to the Commission meeting at which the request will be considered.

8 (c) An application for a subpoena to compel the attendance of a witness shall be made
9 by affidavit and shall give the name and address of the person to be subpoenaed, shall
10 describe the matters to be testified on, shall set forth in detail the relevance to the
11 issues involved in the matter, shall specify the date, time, and place of the hearing on
12 the matter and that, to the best of the applicant's personal knowledge, information, or
13 belief, the person to be subpoenaed has knowledge of the matter. If the applicant is
14 unable to obtain the name of the person who has knowledge of the matter, the name of
15 the director of the state or local agency or superintendent of a school district may be
16 used for the application.

17 (d) An application for subpoena duces tecum for the production by a witness of books,
18 papers, correspondence, memoranda, or other records, including records of the
19 claimant or requester, shall be made by affidavit and shall give the name and address of
20 the person to be subpoenaed, shall describe the documents or things desired to be
21 produced, shall set forth in detail the relevance to the issues involved in the matter, shall
22 specify the date on which the documents or things shall be produced, and that, to the
23 best of the applicant's personal knowledge, information, or belief, the witness has the
24 documents or things in his or her possession or under his or her control and that none
25 of the documents or things desired to be produced are public records accessible to the
26 public pursuant to Section 7920.000 et seq., of the Government Code. If the applicant is
27 unable to obtain the name of the person who has possession or control of the
28 documents or things desired to be produced, the name of the director or superintendent
29 or custodian of records of the state or local agency or school district may be used for
30 the application.

31 (e) When a request for subpoena or subpoena duces tecum is approved by the
32 Commission, the subpoena or subpoena duces tecum shall be issued signed by the
33 executive director, but otherwise be blank.

34 (f) Before service, all appropriate portions of the blank subpoena or subpoena duces
35 tecum shall be completed by the applicant, and the name, address, and telephone
36 number of the applicant shall be included on the form. Service of subpoenas and
37 subpoenas duces tecum shall be made with a copy of the affidavit and shall be
38 arranged for by applicants.

39 (g) Except as otherwise provided in this section, service of subpoenas or subpoenas
40 duces tecum shall be in accordance with the provisions of Section 1985 et seq., of the
41 Code of Civil Procedure.

3 **§ 1187.8. Representation at Hearing.**

4 (a) A party may appear in person or through an authorized representative. An
5 authorized representative may be an individual, firm, or organization. When using an
6 authorized representative, a party shall designate in writing the authorized
7 representative to act as its sole representative and shall certify, file, and serve written
8 notice identifying the authorized representative in accordance with section 1181.3 of
9 these regulations.

10 (b) A representative of a party shall be deemed to control all matters respecting the
11 interest of that party in the proceeding. All correspondence and communications shall
12 be issued to the authorized representative. Any current member of a designated firm or
13 organization may appear as the party's representative, without requiring the party
14 withdraw the designation and designate a new representative.

15 (c) Withdrawal of appearance of any representative may be effected by certifying, filing,
16 and serving a written notice of withdrawal in accordance with section 1181.3 of these
17 regulations. Any change in representation shall be authorized by the party in writing and
18 certified, filed, and served in accordance with section 1181.3 of these regulations.

23 **§ 1187.9. Extensions of Time to File Comments or Rebuttals and Postponements
24 and Continuances of Hearings.**

25 (a) Requests for Extensions of Time

26 Any party or interested party to a matter may request an extension of time by filing a
27 request with the executive director before the date set for filing of comments or rebuttals
28 with Commission staff on that matter. The request shall fully explain the reasons for the
29 extension, propose a new date for filing, and be certified, filed, and served in
30 accordance with section 1181.3 of these regulations. So long as a postponement of a
31 hearing would not be required, there is no prejudice to any party or interested party, and
32 there is no other good reason for denial, the request shall be approved. A party to a
33 matter may request an extension of time that would necessitate rescheduling a hearing,
34 but shall also include a request for postponement of the hearing, pursuant to subdivision
35 (b) of this section. Within two business days of receipt of the request, the executive
36 director shall determine whether the extension will be granted and notify all persons on
37 the mailing list prepared pursuant to section 1181.4 of these regulations.

38 (b) Requests for Postponement of Hearing

39 A party to an article 7 matter may request a postponement of a hearing on that matter,
40 until the next regularly scheduled hearing. Although postponements of hearings are
41 disfavored, each request for a postponement must be considered on its own merits. The
42 request shall fully explain the reasons for the postponement, and be certified, filed, and

1 served in accordance with section 1181.3 of these regulations. Within two business
2 days of receipt of the request, the executive director shall determine whether the
3 postponement will be granted and notify all persons on the mailing list prepared
4 pursuant to section 1181.4 of these regulations. The executive director may postpone
5 the matter only on an affirmative showing of good cause.

6 (1) Circumstances that may indicate good cause include:

7 (A) The unavailability of a party, party representative, or witness because of death,
8 illness, or other excusable circumstances;

9 (B) The substitution of a party representative, but only where there is an affirmative
10 showing that the substitution is required in the interests of justice;

11 (C) The addition of a new party if:

12 1. The new party has not had a reasonable opportunity to prepare for hearing; or
13 2. The other parties have not had a reasonable opportunity to prepare for hearing in
14 regard to the new party's involvement in the matter;

15 (D) A party's excused inability to obtain essential testimony, documents, or other
16 material evidence despite diligent efforts;

17 (E) A significant, unanticipated change in the status of the matter as a result of which
18 the matter is not ready for hearing; or

19 (F) The number and complexity of the issues.

20 (2) Other factors to be considered: In determining whether to grant a postponement, the
21 executive director shall consider the facts and circumstances that are relevant to the
22 determination. These may include:

23 (A) The proximity of the hearing date;

24 (B) Whether there was any previous postponement, extension of time, or delay of
25 hearing due to any party;

26 (C) The length of the postponement requested;

27 (D) The availability of alternative means to address the problem that gave rise to the
28 request for a postponement;

29 (E) The prejudice that parties or witnesses will suffer as a result of the postponement;

30 (F) If the matter was granted expedited scheduling, the reasons for that status and
31 whether the need for a postponement outweighs the need to avoid delay;

32 (G) The Commission's backlog of matters and the impact of granting a postponement
33 on other pending matters;

34 (H) Whether the claimant or requester representative is engaged in a trial or other
35 hearing that conflicts with the Commission hearing;

36 (I) Whether, pursuant to Government Code 17554, all parties have stipulated to a
37 postponement; and

1 (J) Whether the interests of justice are best served by a postponement, by moving
2 forward with the hearing on the matter, or by imposing conditions on the postponement.

3 (3) Approval of Requests for Postponement

4 (A) A request filed by the claimant or requester at least 15 days before the hearing shall
5 be approved by the executive director for good cause.

6 (B) A request filed by stipulation of the parties, including the claimant or requester, shall
7 be approved by the executive director for good cause.

8 (C) A request filed by the claimant or requester less than 15 days before the hearing
9 may be approved by the executive director for good cause.

10 (D) A request filed by an interested party may be approved by the executive director for
11 good cause. If a state agency makes a request before filing comments on the test claim,
12 that request shall be accompanied by a notice of intent to oppose the test claim in whole
13 or in part.

14 (4) Postponement on Commission Staff's Own Motion: The executive director may
15 postpone a hearing on a matter for good cause and shall notify all persons on the
16 mailing list prepared pursuant to section 1181.4 of these regulations.

17 (c) Continuance of a Hearing

18 (1) Prior to the adoption of its written decision on the matter being heard, the
19 Commission on its own motion, or upon a clear showing of good cause at the request of
20 a party, may continue a hearing to another time or place. Written notice of the time and
21 place of the continued hearing, except as provided herein, shall be in accordance with
22 section 1187.1 of these regulations. When a continuance is ordered during a hearing,
23 oral notice of the time and place of the continued hearing may also be given to each
24 party present at the hearing.

25 (2) Continuances will be granted only upon a clear showing of good cause as described
26 in subdivision (b). In determining whether there is good cause for a continuance the
27 following policy should be taken into consideration: Continuances are not favored by the
28 Commission. The parties are expected to submit for decision all matters in controversy
29 at a single hearing and to produce at the hearing all necessary evidence, including
30 witnesses, documents and anything considered essential in the proof of a party's
31 allegations.

35 **§ 1187.10. Decision; Action on Proposed Decision.**

36 (a) The Commission shall adopt a decision for all matters subject to hearings and
37 decisions under article 7 of these regulations.

38 (b) If a matter is heard before the Commission itself, the Commission may adopt the
39 proposed decision on the same day as the hearing.

1 (c) If a matter is heard by a hearing panel or a hearing officer alone, the panel or
2 hearing officer shall prepare a proposed decision that may be adopted as the decision
3 of the Commission at the next Commission meeting.

4 (d) A copy of the proposed decision shall be filed by Commission staff as a public
5 record and a copy of the proposed decision shall be served by Commission staff on
6 each party. The Commission itself may adopt the proposed decision or decide the case
7 itself, provided that the Commission itself shall decide no matters provided for in this
8 subdivision without affording the parties the opportunity to present either oral or written
9 argument before the Commission.

10 (e) If the proposed decision of Commission staff is not adopted by the Commission, as
11 provided in subsections (b) or (c), the Commission shall direct appropriate modification
12 of the proposed decision and thereafter adopt it as the Commission's decision.

13 (f) Except as provided for in subdivision (b), the proposed decision shall be prepared
14 within a reasonable time following submission of the matter to the hearing officer or
15 panel, and within a reasonable time after the evidentiary hearing. It shall be served on
16 the parties promptly thereafter.

18 Sections 17532, 17551 and 17553(a), Government Code.

19 **§ 1187.11. Form of Decision.**

20 (a) Any decision adopted pursuant to evidence introduced at an adjudicatory hearing
21 shall be in writing, be based on the record, and shall include a statement of reasons for
22 the decision, findings and conclusions. A copy of the decision shall be served on those
23 identified on the mailing list established pursuant to section 1181.4 of these regulations.
24 The effective date of the decision is the date it is first mailed or served.

25 (b) After a decision has been adopted and served, it shall not be changed except to
26 correct clerical errors, in which case a corrected decision shall be prepared and served
27 on all persons on the mailing list prepared pursuant to section 1181.4 of these
28 regulations.

32 **§ 1187.12. Withdrawal of a Matter.**

33 A matter, or any portion of a matter, other than a test claim, may be withdrawn by
34 written application of the claimant or requester any time before a decision is adopted, or
35 by oral application at the time of hearing. A test claim, or portion thereof, may be
36 withdrawn by the claimant upon written application to the executive director any time
37 before a decision is adopted or after enactment of a legislatively determined mandate
38 on the same statute or executive order pursuant to Government Code section 17574.
39 The claimant or requester shall certify, file, and serve the written application in
40 accordance with section 1181.3 of these regulations. Dismissal of items withdrawn
41 pursuant to this section shall be in accordance with the procedures described in section
42 1187.14 of these regulations.

2 Sections 17551 and 17553, Government Code.

3 **§ 1187.13. Abandonment of a Matter.**

4 (a) The executive director may deem a matter "abandoned" if any of the following occur:

5 (1) The claimant or requester does not respond, within 60 days of service, to a written
6 notification sent to the superintendent of the school district or chief administrative officer
7 of the local agency or director of a state agency that the matter will be deemed
8 "abandoned."

9 (2) The matter has been postponed or placed on inactive status by the claimant or
10 requester for a period of more than one year. However, delays or postponements under
11 the following circumstances will not be considered for purposes of computing whether a
12 matter has been postponed or placed on inactive status by the claimant or requester for
13 more than one year:

14 (A) Delays or postponements made at the request of the Commission or opposing party
15 to the matter;

16 (B) Delays or postponements, made at the request of the claimant or requester, pending
17 the resolution of a matter currently before the Commission of an issue similar to or
18 related to the postponed matter; and

19 (C) Delays or postponements, made at the request of the claimant or requester,
20 pending the resolution of litigation of an issue similar to or related to the postponed
21 matter.

23 Sections 17530 and 17553(a), Government Code.

24 **§ 1187.14. Substitution of Parties and Dismissal of a Matter.**

25 (a) A matter, other than a test claim, that has been withdrawn in accordance with
26 section 1187.12 or deemed abandoned in accordance with section 1187.13, may be
27 dismissed by the executive director. Commission staff shall issue a written notice of
28 dismissal to everyone on the mailing list for the matter to be dismissed.

29 (b) A test claim that has been withdrawn or deemed abandoned may be dismissed by
30 the Commission on its own motion or by a motion of a party after notice and an
31 opportunity to be heard has been provided to the claimant, parties and interested
32 parties as provided below.

33 (1) For test claims that are withdrawn, deemed abandoned, or filed by an agency that is
34 not eligible to seek reimbursement because it is not subject to the taxing and spending
35 limitations of article XIII A and B of the California Constitution, Commission staff shall
36 serve written notice to initiate dismissal of the test claim to everyone on the mailing list
37 for the matter. The notice shall announce that another local agency or school district
38 may take over the claim by substitution of parties within 60 days of the issuance of the
39 notice. The notice shall also announce the opportunity to file written comments on the
40 proposed dismissal of the test claim. A copy of the notice shall also be posted on the
41 Commission's website.

1 (2) Written comments shall be certified, filed, and served in accordance with section
2 1181.3 of these regulations. If representations of fact are made, they shall be supported
3 by documentary or testimonial evidence in accordance with section 1187.5 of these
4 regulations.

5 (3) If no other local agency or school district takes over the test claim by substitution of
6 parties within 60 days of the issuance of the notice, the Commission shall hear the
7 proposed dismissal of the test claim.

8 (4) The hearing on a dismissal of a test claim shall be conducted in accordance with
9 article 7 of these regulations.

10 Note: Authority cited: Sections 17527(c), 17527(g) and 17553(a), Government Code.

12 **§ 1187.15. Reconsideration of an Adopted Decision on a Test Claim or Incorrect**
13 **Reduction Claim.**

14 (a) Notwithstanding section 1187.11(b) of these regulations, the Commission may order
15 a reconsideration or amend all or part of an adopted decision on a test claim (including
16 a new test claim decision adopted pursuant to a mandate redetermination) or incorrect
17 reduction claim on petition of any party, interested party, or Commission member only
18 upon a showing of new or different facts, circumstances, or law, or a clerical error. The
19 power to order a reconsideration or amend an adopted decision on a test claim or
20 incorrect reduction claim shall expire 30 days after the adopted decision is served on
21 the claimant or requester. If additional time is needed to evaluate a petition for
22 reconsideration filed before the expiration of the 30-day period, the Commission may
23 grant a stay of that expiration for no more than 30 days, solely for the purpose of
24 considering the petition. A request for reconsideration shall be deemed automatically
25 stayed for the 30-day period. If no action is taken on a petition within the time allowed
26 for ordering reconsideration, the petition shall be deemed denied.

27 (b) All requests for reconsideration from any party or interested party shall be certified,
28 filed, and served in accordance with section 1181.3 of these regulations and shall
29 contain the following:

30 (1) The name and address of the requester;

31 (2) A copy of the Commission's adopted decision;

32 (3) A detailed statement of the clerical error or the new or different facts, circumstances,
33 or law supporting the request, and all documentation to support the request. For the
34 purposes of this section, an alleged new or different law shall not include a later enacted
35 statute without a retroactive application.

36 (4) A description of the proposed amendment to the decision on the test claim or
37 incorrect reduction claim; and

38 (5) If representations of fact are made, they shall be supported by documentary or
39 testimonial evidence in accordance with section 1187.5 of these regulations.

- 1 (c) Commission member requests may be made orally during a regularly scheduled
2 Commission meeting. Commission staff shall prepare the written request based on the
3 elements specified in subsections (b)(1-5) above.
- 4 (d) Any signatory to a written agreement that settles a matter may not request
5 reconsideration of that matter if the matter is settled with prejudice.
- 6 (e) Before the Commission considers the request for reconsideration, Commission staff
7 shall prepare a written analysis that includes a review of the request and written
8 comments filed by other state agencies, interested parties, and the requester. The
9 written analysis shall address whether the request for reconsideration is timely,
10 complete, diligent, and is based on a clerical error or new or different facts,
11 circumstances, or law that is likely to support an amendment to the findings or
12 conclusions in the adopted decision on the test claim or incorrect reduction claim, and
13 include a recommendation on whether or not the request for reconsideration should be
14 granted. The Commission shall consider the request for reconsideration and the written
15 staff analysis at a scheduled meeting. Five affirmative votes shall be required to grant
16 the request for reconsideration and schedule the request for a second hearing on the
17 merits.
- 18 (f) If the Commission grants the request for reconsideration, a second hearing shall be
19 conducted to determine if the adopted decision on a test claim or incorrect reduction
20 claim must be amended based on a clerical error or new or different facts,
21 circumstances, or law.
- 22 (1) The following procedures shall govern the Commission's reconsideration of the
23 adopted decision:
- 24 (A) At least eight weeks before the Commission is scheduled to reconsider an adopted
25 decision, or at another time determined by the executive director, Commission staff
26 shall prepare a draft proposed decision and issue it to those on the mailing list for the
27 matter established pursuant to section 1181.4 of these regulations.
- 28 (B) Written comments may be filed with the Commission on the draft proposed decision.
29 All representations of fact shall be supported by documentary or testimonial evidence in
30 accordance with section 1187.5 of these regulations. Written comments shall be
31 certified, filed, and served in accordance with section 1181.3 of these regulations. A
32 three-week period for comments shall be given, subject to the executive director's
33 authority to expedite all matters pursuant to Government Code section 17530. All
34 written comments timely filed shall be reviewed by Commission staff and may be
35 incorporated into the proposed decision presented to the Commission.
- 36 (2) The procedures set forth in article 7 shall govern the Commission's hearings and
37 decisions process, except that five affirmative votes shall be required to amend an
38 adopted decision on a test claim or incorrect reduction claim.
- 39 (g) If the Commission changes an adopted decision on a test claim, the procedures set
40 forth in Sections 1183.7 through 1183.14 of these regulations shall govern the adoption
41 of parameters and guidelines or amended parameters and guidelines, and the statewide
42 cost estimate, if applicable.

1 (h) Failure to seek Commission reconsideration of an adopted decision shall not affect a
2 party's right to seek judicial review pursuant to Government Code section 17559(b).

3 (i) This section only applies to reconsiderations requested pursuant to Government
4 Code section 17559(a); it does not apply to remands or reconsiderations directed by the
5 courts or by statute.

12 these regulations include: a proposed assignment of an article 7 matter to a hearing
13 officer, a rulemaking proceeding, the adoption of a statewide cost estimate, and any
14 other subject that meets the definition of "informational hearing" in section 1181.2 of
15 these regulations and is not subject to hearings under article 7 of these regulations.

16 (b) An article 8 matter is set for hearing when Commission staff issues its notice and
17 agenda providing the date, time, and place of the hearing to everyone on the mailing list
18 described in section 1181.4 of these regulations.

19 (c) Commission staff shall issue notice of an informational hearing in accordance with
20 Government Code section 11120 et seq. The notice shall include the following:

22 reference to any code sections or other provisions of law pursuant to which the
23 information is to be gathered or disseminated;

24 (2) A statement of the nature and purpose of the proceedings;

25 (3) A statement requiring the presence and participation of any persons the Commission
26 may direct, consistent with the nature and purpose of the proceedings;

27 (4) A statement indicating the time during which written comments will be received and
28 the manner by which the comments shall be filed;

29 (5) A statement that any person may make oral comments on the subject of the hearing;
30 and

31 (6) A statement setting forth additional procedures deemed necessary by the
32 Commission and not inconsistent with these regulations.

34 Sections 11125, 17527(c) and 17532, Government Code.

35 **§ 1188.2. Rulemaking.**

36 (a) Petitions:

37 (1) Any person may petition the Commission to request rulemaking hearings. The
38 petition shall be filed and served in accordance with section 1181.3 of these regulations
39 and shall include:

- 1 (A) The name, address, and telephone number of the petitioner;
2 (B) The substance or nature of the regulation, amendment, or repeal requested;
3 (C) The reasons for the request; and
4 (D) Reference to the authority of the Commission to take the action requested.
- 5 (2) The petition shall be filed with the executive director who shall, within seven days
6 after its filing, determine whether the petition contains the information specified in
7 subsection (a)(1) of this section.
- 8 (A) If the executive director determines that the petition is complete, it shall be certified
9 in writing as complete and the petitioner shall be so notified.
- 10 (B) If the executive director determines that the petition is not complete, it shall be
11 returned to the petitioner accompanied by a statement of its defects. The petitioner may
12 correct the petition and resubmit it at any time.
- 13 (3) Upon certification by the executive director, the Commission shall, within 60 days

15 writing, or grant the petition, directing staff to prepare an appropriate order pursuant to
16 subdivision (b) of this section.
- 17 (b) Commission Order to Initiate a Rulemaking Proceeding. The Commission may, upon
18 its own motion or upon granting a petition filed pursuant to subdivision (a) of this
19 section, adopt an order to initiate a rulemaking proceeding in accordance with the
20 procedures of Government Code sections 11346.2, 11346.4, 11346.8, and 11346.9.
- 21 (c) Notice.
- 22 (1) Notice of a rulemaking proceeding shall be given in accordance with Government
23 Code section 11346.4.
- 24 (2) At least 10 days prior to the first hearing in a proceeding ordered pursuant to
25 subdivision (b) of this section, the executive director shall cause notice of the hearing to
26 be issued to every person requested to participate in the proceedings, and to any
27 person who the executive director determines to be concerned with the subject matter
28 of the proceeding, and shall post a copy of the notice on the Commission's website.
- 29 (3) In addition to the requirements of subsections (c)(1) and (2) of this section, notice of
30 additional hearing shall be required at least 10 days prior to the commencement of the
31 hearing unless continuation is orally announced in a public hearing.
- 32 (4) Nothing in this section shall preclude the Commission from publishing notice in
33 additional forms or media as the executive director may prescribe.
- 34 (5) A copy of the order adopted pursuant to subdivision (b) of this section shall

1 **Article 9. Conflict-of-Interest Code for the Commission on State**
2 **Mandates**

3 **§ 1189.10. General Provisions.**

4 The Political Reform Act (Government Code Sections 81000, et seq.) requires state and
5 local government agencies to adopt and promulgate conflict-of-interest codes. The Fair
6 Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. §
7 18730) that contains the terms of a standard conflict-of-interest code, which can be
8 incorporated by reference in an agency’s code. After public notice and hearing, the
9 standard code may be amended by the Fair Political Practices Commission to conform
10 to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of
11 Regulations, Section 18730 and any amendments to it duly adopted by the Fair Political
12 Practices Commission are hereby incorporated by reference. This regulation and the
13 attached Appendix, designating positions and establishing disclosure categories shall
14 constitute the conflict-of-interest code of the Commission on State Mandates
15 (Commission).

16 Individuals holding designated positions shall file their statements of economic interests
17 with the Commission, which will make the statements available for public inspection and
18 reproduction. (Gov. Code, § 81008.) Upon receipt of the statements for the Commission
19 members, their alternates, and the Executive Director, the Commission shall make and
20 retain a copy and forward the originals to the Fair Political Practices Commission. All
21 other statements will be retained by the Commission.

2 designated employee shall complete ethics orientation training. Employees who
3 become designated employees after January 1, 2004, shall complete the training within
4 six months of appointment and thereafter according to the schedule established by the
5 commission. Members and alternates of the commission may take training with their
6 employing agency and certify to the commission that they have completed the training.

7 **Article 10. Mandate Redetermination Process**

8 **§ 1190.1. Filing a Request to Adopt a New Test Claim Decision.**

9 (a) A local agency or a school district, statewide association of local agencies or school
10 districts, the Department of Finance, Office of the State Controller, or other affected
11 state agency, may file a request to adopt a new test claim decision to supersede a
12 previously adopted test claim decision by making a showing that the state's liability
13 pursuant to Article XIII B, section 6(a) of the California Constitution for the previously
14 adopted test claim decision has been modified based on a "subsequent change in law"
15 as defined by Government Code section 17570(a)(2). Such a request is known as a
16 "request for mandate redetermination."

17 (b) All requests for mandate redetermination shall be filed on a form developed by the
18 executive director and shall contain a detailed analysis of how and why the state's
19 liability for mandate reimbursement has been modified pursuant to article XIII B, section
20 6(a) of the California Constitution and all of the elements and accompanying documents
21 required by the form and Government Code section 17570(d). If representations of fact
22 are made, they shall be supported by documentary or testimonial evidence in
23 accordance with section 1187.5 of these regulations.

24 (c) The detailed analysis of how and why the state's liability for mandate reimbursement
25 has been modified pursuant to article XIII B, section 6(a) of the California Constitution
26 based on a "subsequent change in law" as defined by Government Code section 17570
27 requires more than a written narrative or simple statement of the facts and law. It
28 requires the application of the law (Gov. Code § 17570 (a) and (b)) to the facts (i.e. the
29 alleged subsequent change in law) discussing, for each activity addressed in the prior
30 test claim decision, how and why the state's liability for that activity has been modified.
31 Specific references shall be made to statutes and chapters, articles, sections, and page
32 numbers that are alleged to impose or not impose a reimbursable state-mandated
33 program.

34 (d) A request for mandate redetermination and accompanying documents shall be
35 certified, filed, and served in accordance with section 1181.3 of these regulations.

36 (e) Within 10 days of receipt of a request for mandate redetermination, Commission
37 staff shall notify the requester if the request is complete or incomplete and refer the
38 requester to these regulations. Requests for mandate redetermination shall be
39 considered incomplete if any of the elements required in subdivisions (b), (c), or (d) of
40 this section are illegible or are not included. If a complete request for mandate
41 redetermination is not received within 30 calendar days from the date the incomplete
42 request was returned, the executive director shall disallow the original request filing
43 date. New requests for mandate redetermination may be accepted on the same

1 subsequent change in law alleged to modify the state’s liability pursuant to article XIII B,
2 section 6(a) of the California Constitution.

3 (f) A request for mandate redetermination shall be filed on or before June 30 following a
4 fiscal year in order to establish eligibility for reimbursement or loss of reimbursement for
5 that fiscal year.

6 (g) A requester may not add a new subsequent change in law to a request for mandate
7 redetermination after the request has been deemed complete.

8 (h) Any request for mandate redetermination that fails to allege a "subsequent change in
9 law," as defined by Government Code section 17570, shall be returned by the executive
10 director with a written notice stating the reason that the request is being returned. These
11 filings may include, but are not limited to, requests that meet the requirements for a
12 proposed parameters and guidelines amendment or a new test claim filing.

13 Note: Authority cited: Sections 17527(g), 17553(a) and 17570(d), Government Code.
14 Reference: Sections 17530 and 17570, Government Code.

15 **§ 1190.2. Review and Response.**

16 (a) Within 10 days of receipt of a complete request for mandate redetermination,
17 Commission staff shall issue a written notice to the Department of Finance, Office of the
18 State Controller, any affected state agency, the original test claimant, and any known
19 interested party, that:

20 (1) A copy of the request for mandate redetermination has been posted on the
21 Commission’s website, and

22 (2) Written comments concerning the request for mandate redetermination may be filed
23 within 30 days and evidence may also be presented at the hearing on the request for
24 mandate redetermination.

25 (b) Content and Form. Written comments on the request for mandate redetermination
26 shall contain the following documentary evidence, if applicable:

27 (1) If representations of fact are made, they must be supported by documentary or
28 testimonial evidence in accordance with section 1187.5 of these regulations.

29 (2) A copy of relevant portions of state constitutional provisions, state and federal
30 statutes, and executive orders, and a copy of administrative decisions and court
31 decisions that may impact the alleged mandate, unless the authorities are also cited in
32 the request to adopt a new test claim decision. The specific statutes and chapters,
33 articles, sections, and page numbers must be identified. Published court decisions
34 arising from state mandate determinations by the Board of Control and the Commission,
35 article XIII B, section 6 of the California Constitution, and Government Code sections
36 17500 et seq., are exempt from the requirements of this subsection. When an omnibus
37 bill is relevant to the response, only the relevant pages of the statute, including the
38 Legislative Counsel’s Digest and the specific statutory amendments at issue shall be
39 filed.

40 (c) Filing. Written comments and supporting documentation concerning a request for
41 mandate redetermination shall be certified, filed, and served in accordance with Section

1 1181.3 of these regulations.

2 Note: Authority cited: Sections 17527(g), 17553(a) and 17570(d), Government Code.
3 Reference: Section 17570, Government Code.

4 **§ 1190.3. Rebuttal.**

5 (a) Parties and interested parties shall be given an opportunity to rebut written
6 comments concerning a request for mandate redetermination by filing written rebuttals
7 within 30 days of service of the comments.

8 (b) Content and Form. A written rebuttal shall contain the following documentary
9 evidence, if applicable:

10 (1) If representations of fact are made, they must be supported by documentary or
11 testimonial evidence in accordance with section 1187.5 of these regulations.

12 (2) A copy of relevant portions of state constitutional provisions, federal statutes, and
13 executive orders, and a copy of administrative decisions and court decisions that are
14 cited in the rebuttal, unless the authorities are also cited in the request to adopt a new
15 test claim decision or any response thereto. The specific statutes and chapters, articles,
16 sections, and page numbers shall be identified. Published court decisions arising from
17 state mandate determinations by the Board of Control and the Commission, article XIII
18 B, section 6 of the California Constitution, and Government Code sections 17500 et
19 seq., are exempt from the requirements of this subsection. When an omnibus bill is
20 relevant to the rebuttal, only the relevant pages of the statute, including the Legislative
21 Counsel's Digest and the specific statutory amendments at issue shall be filed.

22 (c) The rebuttal to a comment concerning a request for mandate redetermination shall
23 be certified, filed, and served in accordance with section 1181.3 of these regulations.

24 Note: Authority cited: Sections 17527(g), 17553(a) and 17570(d), Government Code.
25 Reference: Section 17570, Government Code.

26 **§ 1190.4. Executive Director's Authority to Consolidate Requests for Mandate**
27 **Redetermination.**

28 (a) The executive director may consolidate two or more requests for mandate
29 redetermination for the second hearing, if some or all of the same statutes, regulations
30 or executive orders are at issue, if necessary to ensure the complete, fair, or timely
31 consideration of any request for mandate redetermination.

32 (b) At least 10 days before the action is taken, the executive director shall serve on the
33 parties and interested parties on the mailing list described in section 1181.4 of these
34 regulations, and post on the Commission's website, a notice of any proposed action to
35 consolidate.

36 Note: Authority cited: Section 17527(g), 17553(a) and 17570(d), Government Code.
37 Reference: Sections 17530, 17554 and 17570, Government Code.

38 **§ 1190.5. Hearing Process and Form of Decision.**

39 Notwithstanding any other provision of these regulations, mandate redetermination
40 process hearings and decisions shall be subject to article 7 of these regulations. There

1 shall be a two-step hearing process for requests to adopt a new test claim decision as
2 follows:

3 (a) The First Hearing:

4 (1) The first hearing shall be limited to the issue of whether the requester has made an
5 adequate showing that identifies a subsequent change in law as defined by Government
6 Code section 17570, material to the prior test claim decision, which may modify the
7 state's liability pursuant to article XIII B, section 6(a) of the California Constitution. The
8 Commission shall find that the requester has made an adequate showing if it finds that
9 the request, when considered in light of all of the written comments and supporting
10 documentation in the record of this request, has a substantial possibility of prevailing at
11 the second hearing.

12 (2) At least eight weeks before the hearing or at another time required by the executive
13 director or stipulated to by the parties, Commission staff shall prepare a draft proposed
14 decision and issue it to the parties, interested parties, and any person who requests a
15 copy, and shall post it on the Commission's website. A request for mandate
16 redetermination is set for the first hearing when Commission staff issues its draft
17 proposed decision. A written notice of the date, time, and place of the first hearing shall
18 be served on everyone on the mailing list described in section 1181.4 of these
19 regulations and posted on the Commission's website.

20 (3) Written comments concerning the draft proposed decision may be filed with the
21 Commission. Written comments shall be certified, filed, and served in accordance with
22 section 1181.3 of these regulations, by the date determined and noticed by the
23 executive director. A three-week period for comments shall be given, subject to the
24 executive director's authority to expedite all matters pursuant to Government Code
25 section 17530. If representations of fact are made, they shall be supported by
26 documentary or testimonial evidence in accordance with section 1187.5 of these
27 regulations. All written comments timely filed shall be reviewed by Commission staff and
28 may be incorporated into the proposed decision of the request to adopt a new test claim
29 decision.

30 (A) It is the Commission's policy to discourage the introduction of late comments,
31 exhibits, or other evidence filed after the three-week comment period described in
32 subdivision (a)(3) of this section. The Commission need not rely on, and staff need not
33 respond to, late comments, exhibits, or other evidence filed in response to a draft
34 proposed decision.

35 (4) Before the first hearing on the request for mandate redetermination, Commission
36 staff shall prepare a proposed decision limited to the issue of whether the requester has
37 made a showing that identifies a subsequent change in law, material to the prior test
38 claim decision, which may modify the state's liability pursuant to article XIII B, section
39 6(a) of the California Constitution. This proposed decision shall consider the request,
40 written comment, rebuttals and supporting documentation filed by the parties and
41 interested parties. The proposed decision for the first hearing shall find that the
42 requester has made an adequate showing if staff finds that the request, when
43 considered in light of all of the written comments and supporting documentation in the
44 record of this request, has a substantial possibility of prevailing at the second hearing.

- 1 (5) If, at the first hearing, the Commission finds that:
- 2 (A) The requester has not made an adequate showing, when considered in light of all of
3 the written comments, rebuttals and supporting documentation in the record and

6 denying the request for mandate redetermination.
- 7 (B) The requester has made an adequate showing, when considered in light of all of the

- 12 (6) Everyone on the mailing list described in section 1181.4 of these regulations shall be
13 issued written notice that the Commission's decision has been posted on the

15 hearing have also been posted on the Commission's website.
- 16 (b) The Second Hearing:
- 17 (1) If the Commission proceeds to the second hearing, it shall consider whether the

24 modified liability of the state.
- 25 (2) Before the second hearing, Commission staff shall prepare a proposed decision. At

- 32 (3) Any party or interested party may file written comments concerning the draft
33 proposed decision with the Commission. Written comments shall be certified, filed, and
34 served in accordance with section 1181.3 of these regulations, by the date determined
35 and noticed by the executive director. A three-week period for comments shall be given,

- 41 (A) It is the Commission's policy to discourage the introduction of late comments,
42 exhibits, or other evidence filed after the three-week comment period described in
43 subdivision (b)(3) of this section. The Commission need not rely on, and staff need not

1 respond to, late comments, exhibits, or other evidence filed in response to a draft
2 proposed decision.

3 (4) If, at the second hearing, the Commission finds that the state’s liability pursuant to
4 article XIII B, section 6(a) of the California Constitution:

5 (A) has not been modified based on a subsequent change in law as defined by
6 Government Code section 17570 (a)(2), the Commission shall issue a decision denying
7 the request.

8 (B) has been modified based on a subsequent change in law, as defined by
9 Government Code section 17570 (a)(2) the Commission shall adopt a new decision to
10 supersede the prior decision. The new decision shall be prepared in writing, based on
11 the record, and shall include a statement of reasons for the decision, findings, and
12 conclusions.

13 (5) Everyone on the mailing list described in section 1181.4 of these regulations shall be
14 issued written notice that a copy of the decision has been posted on the Commission’s
15 website.

16 (6) After a decision or proposed decision has been served or posted on the

19 Commission’s website. Everyone on the mailing list described in section 1181.4 of these
20 regulations shall be issued written notice that a copy of the revised decision has been
21 posted on the Commission’s website.

22 (7) If a new decision is adopted that finds that the State’s liability under article XIII B,
