I. BACKGROUND AND SUMMARY OF MANDATE

Chapter 498, Statutes of 1983, added Education Code Section 48260.5 which requires school districts, upon a pupil's initial classification as a truant, to notify the pupil's parent or guardian by first-class mail or other reasonable means of (1) the pupil's truancy; (2) that the parent or guardian is obligated to compel the attendance of the pupil at school; and (3) that parents or guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with section 48290) of Chapter 2 of Part 27.

Additionally, the district must inform parents and guardians of (1) alternative educational programs available in the district, and (2) the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy.

A truancy occurs when a student is absent from school without valid excuse three (3) full days in one school year, or is tardy or absent without valid excuse for more than any thirty (30)-minute period during the school day on n three (3) occasions in one school year, or any combination thereof. (Definition from Ed. Code, § 48260, as amended by Stats. 1994, ch. 1023 and Stats. 1995, ch. 19.)

Upon a student's initial classification as a truant, the school must perform the requirements mandated by Education Code section 48260.5 as enacted by Statutes 1983, chapter 498 and amended by Statutes 1994, chapter 1023, and Statutes 1995, chapter 19.

Board of Control Decision

On November 29, 1984, the State Board of Control determined that Education Code Section 48260.5, as added by Chapter 498, Statutes of 1983, constitutes a

state mandated program because it requires an increased level of service by requiring specified notifications be sent to the parents or guardians of pupils upon initial classification of truancy.

Amendment to Parameters and Guidelines

The Legislature directed the Commission on State Mandates to revise the parameters and guidelines to modify the definition of truant and the required elements to be included in the initial truancy notifications to conform reimbursable activities to Statutes 1994, chapter 1023, and Statutes 1995, chapter 19, effective July 1, 2006. (Stats., 2007, ch. 69 (AB 1698).)

II. ELIGIBLE CLAIMANTS

The claimants are all school districts and county offices of education of the state of California, except a community college district, as defined by Government Code Section 17519 (formerly Revenue and Taxation Code 2208.5), that incur increased costs as a result of implementing the program activities of Education Code Section 48260.5, Chapter 498, Statutes of 1983.

III. PERIOD OF REIMBURSEMENT

The amendments to the parameters and guidelines adopted on January 31, 2008 are effective July 1, 2006.

IV. REIMBURSABLE COSTS

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of Mandate

The eligible claimant shall be reimbursed for only those costs incurred for planning the notification process, revising district procedures, the printing and distribution of notification forms, and associated record keeping.

B. Reimbursable Activities

For each eligible school district the direct and indirect costs of labor, supplies, and services incurred for the following mandated program activities are reimbursable:

1. Planning and Preparation -- One-time

Planning the method of implementation, revising school district policies, and designing and printing the forms.

2. Notification process -- On-going

Identifying the truant pupils to receive the notification, preparing and distributing by first-class mail or other reasonable means the forms to parents/guardians, and associated recordkeeping to provide parents/guardians with the following required information upon a pupil's initial classification as a truant:

- a. That the pupil is truant.
- b. That the parent or guardian is obligated to compel the attendance of the pupil at school.
- c. That parents or guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48260) of Chapter 2 of Part 27.
- d. That alternative educational programs are available in the district.
- e. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy.
- f. That the pupil may be subject to prosecution under Section 48264.
- g. That the pupil may be subject to suspension, restriction, or delay of the pupil's driving privileges pursuant to Section 13202.7 of the Vehicle Code.
- h. That it is recommended that the parent or guardian accompany the pupil to school and attend classes with the pupil for one day.

C. Uniform Cost Allowance

Pursuant to Government Code section 17557, the Commission on State Mandates has adopted a uniform cost allowance for reimbursement in lieu of payment of total actual costs incurred. The uniform cost allowance is based on the number of initial notifications of truancy distributed pursuant to Education Code Section 48260.5, Chapter 498, Statutes of 1983.

For fiscal year 1992-93, the uniform cost allowance is \$10.21 per initial notification of truancy distributed. The cost allowance shall be adjusted each subsequent year by the Implicit Price Deflator.

D. Unique Costs

School districts incurring unique costs within the scope of the reimbursable mandated activities may submit a request to amend the parameters and guidelines to the Commission for the unique costs to be approved for reimbursement, Pursuant to Section 1185.3, Title 2, California Code of Regulations, such requests must be made by November 30 immediately following the fiscal year of the reimbursement claim in which reimbursement for the costs is requested.

V. CLAIM PREPARATION

Each claim for reimbursement pursuant to Education Code Section 48260.5, Chapter 498, Statutes of 1983, must be timely filed and provide documentation in support of the reimbursement claimed for this mandated program.

A. Uniform Cost Allowance Reimbursement

Report the number of initial notifications of truancy distributed during the year. Do not include in that count the number of notifications or other contacts which may result from the initial notification to the parent or guardian. The agency must maintain documentation that indicates the total number of initial notifications of truancy distributed.

B. Recognized Unique Costs

As of fiscal year 1992-93, the Commission has not identified any circumstances which would cause a school district to incur additional costs to implement this mandate which have not already been incorporated in the uniform cost allowance.

If and when the Commission recognizes any unique circumstances which can cause the school district to incur additional reasonable costs to implement this mandated program, these unique implementation costs will be reimbursed for specified fiscal years in addition to the uniform cost allowance.

School districts which incur these recognized unique costs will be required to support those actual costs in the following manner:

1. Narrative Statement of Unique Costs Incurred

Provide a detailed written explanation of the costs associated with the unique circumstances recognized by the Commission.

2. Employee Salaries and Benefits

Identify the employee(s) and their job classification, describe the mandated functions performed, and specify the actual number of hours devoted to each function, the productive hourly rate, and the related benefits. The staff time claimed must be supported by source documentation, such as time reports, however, the average number of hours devoted to each function may be claimed if supported by a documented time study.

3. Services and Supplies

Only expenditures which can be identified as a direct cost as a result of the mandated program can be claimed. List cost of materials which have been consumed or expended specifically for the purposes of this mandated program.

4. Allowable Overhead Costs

School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education. County offices of education must use the J-73A (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the State Department of Education.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter<sup>1</sup> is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

For auditing purposes, documents must be kept on file for a period of 3 years from the date of final payment by the State Controller, unless otherwise specified by statute and be made available at the request of the State Controller or his agent.

A. Uniform Allowance Reimbursement

Documentation which indicates the total number of initial notifications of truancy distributed.

B. Reimbursement of Unique Costs

In addition to maintaining the **same** documentation as required for uniform cost allowance reimbursement, all costs claimed must be traceable to source documents **and/or** worksheets that show evidence of the validity of such **costs**.

VIII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT

Any offsetting savings the claimants experience as a direct result of this statute must be deducted from the uniform cost allowance and actual cost reimbursement for unique circumstances claimed. In addition, reimbursement for this mandated

program received from any source, e.g., federal, state, etc., shall be identified and deducted from this claim.
