RE: Incorrect Reduction Claim for the City of Lathrop, 02-9635802-I-62 Government Code Section 53646

Statutes 1995, Chapter 783 (SB 564)

Statutes 1996, Chapters 156 (SB 864) and 749 (SB 109)

Fiscal Year 1995/96 Fiscal Year 1996/97 Investment Reports

Dear Ms. Opie:

This letter is in response to the above-entitled Incorrect Reduction Claim. The subject claims were reduced because many of the activities were not reimbursable, and there was a lack of source documentation. In addition to the inability to verify the claim, the lack of source documentation also makes it difficult to prorate reimbursement for those activities for which only a portion of the expense was reimbursable. The reductions were appropriate given the Parameters and Guidelines, the statement of decision, applicable statutes, and amount of documentation provided.

The Controller's Office is empowered to audit claims for mandated costs and to reduce those that are "excessive or unreasonable." This power has been affirmed in recent cases, such as the Incorrect Reductions Claims (IRCs) for the *Graduation Requirements* mandate<sup>2</sup>. If the claimant disputes the adjustments made by the Controller pursuant to

<sup>&</sup>lt;sup>1</sup> See Government Code Section 17561, subdivisions (d)(1)(C) and (d)(2), and Section 17564.

<sup>&</sup>lt;sup>2</sup> See for example, the Statement of Decision in the Incorrect Reduction Claim of San Diego Unified School District [No. CSM 4435-I-01 and 4435-I-37], adopted September 28, 2000, at page 9.

Ms. Shirley Opie July 23, 2003 Page 2

that power, the burden is upon them to demonstrate that they are entitled to the full amount of the claim. This principle likewise has been upheld in the *Graduation Requirements* line of IRCs<sup>3</sup>. In this case, the claimant has not come forward with documentation that demonstrates that they are entitled to the full amount claimed.

The claimant includes costs for such non-reimbursable activities as ongoing data entry and reconciliation. As this office has made clear in both the Los Angeles Investment Reports IRC and the Request to Amend the Parameters & Guidelines of the Investment Reports Mandate, we do not believe that the ongoing daily (or similar frequency) activities of data entry and ledger reconciliation are reimbursable. Since they are relevant to this IRC, we incorporate by reference the arguments contained in the IRC [CSM 00-9635802-I-01] and the Request to Amend [CSM 96-358-02 and 00-PGA-02]. Since this claim contains claims for reimbursement of activities or costs that are only partially reimbursable, source documents are needed to determine the pro rata reimbursement, if any, to which the claimants are entitled. Unfortunately, the claimant does not provide any documentation to substantiate the time and tasks submitted on the claim forms, as neither timesheets nor detailed tasks were available for review by audit staff. Without these documents, it is impossible to determine reimbursability of some salaries claimed, and this also makes it impossible to determine the reimbursability of materials and supplies, such as software, which are used for both mandated and non-mandated purposes. Thus, either SCO audit staff was put in the position of denying 100% of the claims outright, or making reasonable adjustments. SCO staff acknowledged that time was spent in the preparation of the quarterly/annual investment reports and allowed a reasonable amount despite the lack of documentation to substantiate the claims. Such a decision was well within the Controller's authority given the absence of supporting documentation and the applicable statutory provisions effective at the time of the transactions.4

The Parameters and Guidelines provide in Section VI (A) regarding salaries and benefits, "the source documents required to be maintained by the claimant may include, but are not limited to, employee time cards and/or cost allocation reports." Subsection B, of Section VI, dealing with services and supplies, provides that "source documents required to be

<sup>3</sup> See for example, the Statement of Decision in the Incorrect Reduction Claim of San Diego Unified School District [No. CSM 4435-I-01 and 4435-I-37], adopted September 28, 2000, at page 16.

<sup>&</sup>lt;sup>4</sup> California Government Code Section 17564(c)(2) which provided "...The Controller shall pay these estimated claims, and approved reimbursement claims, from funds appropriated expressly therefore, provided that the Controller (1) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (2) may reduce any claim which the Controller determines is excessive or unreasonable..."

Ms. Shirley Opie July 23, 2003 Page 3

maintained by the claimant may include, but are not limited to, invoices, lease documentation and other documents evidencing the validity of the expenditure."

Section VII of the Parameters and Guidelines specifically provides "for auditing purposes, all costs claimed shall be traceable to source documents (e.g., employee time records, invoices, receipts, purchase orders, contracts, worksheets, calendars, declarations, etc.)" that show evidence of the validity of such costs and their relationship to the mandate. All documentation in support of claimed costs shall be made available to the State Controller or his/her agent, as may be requested, and all reimbursement claims are subject to audit during the period specified in Government Code section 17558.5, subdivision (a).

The Claiming Instructions clearly state that for audit purposes, all supporting documents must be retained for a period of two years after the end of the calendar year in which the reimbursement claim was filed or last amended, whichever is later. When no funds are appropriated for the initial claim at the time the claim was filed, supporting documents must be retained for two years from the date of the initial payment of the claim. Such documents shall be made available to the State Controller's Office on request.

As stated above, the absence of source documentation precludes the Controller from verifying the total claim. Therefore, reasonable reductions were made, taking into consideration that some time had been spent to comply with the mandate for investment reporting. Additional reductions were made for claimed costs that were not covered by the mandate in Government Code section 53646(a), (b) and (e).

Attached please find an analysis from our Division of Accounting and Reporting (Attachment 1), and supporting documentation with declaration (Attachment 2). Exhibits referenced in the Division of Accounting and Reporting's analysis are either included or have been previously exchanged between the parties.

Sincerely,

SHAWN D. SILVA

# Investment Reports City of Lathrop For Fiscal Years 1995-96 and 1996-97 Analysis of Incorrect Reduction Claim

Prepared by Ginny Brummels March 19, 2003

**Exhibit 1:** Declaration of Virginia Brummels;

**Exhibit 2:** Analysis of the claim filed for fiscal years 1995-96, and 1996-97;

**Exhibit 3**: Includes a copy of the Incorrect Reduction Claim (IRC) for the Investment Reports program for the City of Lathrop;

These adjustments were made in accordance with Government Code Section 17564 (c)(2), which states "...the Controller (2) may reduce any claim which the Controller determines is excessive or unreasonable...".

On May 20, 1998, the City of Lathrop filed an actual claim of \$3,215 for the state mandated Investment Reports program for 1995-96. This claim was reduced for salaries and benefits and corresponding indirect costs for system maintenance and daily data download activities that were deemed by the State Controller's Office (SCO) Division of Accounting and Reporting (DAR) staff as activities not mandated or as non-reimbursable components of the Parameters and Guidelines (Ps & Gs). This claim contained \$3,215 in costs that were deemed excessive to prepare and submit the annual statement of investment policies, which consists of changes to those existing policies, and the quarterly report of investments as required by the Investment Reports program. No time sheets or detailed tasks were available. DAR staff recognized that the county would have incurred a cost and made a reasonable effort to provide reasonable compensation for this activity. SCO did not perform a time study to determine if this was an appropriate amount of time to perform the preparation of the quarterly report of investments. Total costs disallowed for this year totaled \$1,506.

On May 20, 1998, the City of Lathrop filed an actual claim of \$8,093 for the state mandated Investment Reports program for 1996-97. This claim was reduced for salaries and benefits and corresponding indirect costs for system maintenance and daily data download activities that were deemed by the SCO's DAR staff as activities not mandated or as non-reimbursable components of the Ps & Gs. This claim contained \$8,093 in costs that were deemed excessive to prepare and submit the annual statement of

investment policies, which consists of changes to those existing policies, and the quarterly report of investments as required by the Investment Reports program. No time sheets or detailed tasks were available. DAR staff recognized that the county would have incurred a cost and made a reasonable effort to provide reasonable compensation for this activity. SCO did not perform a time study to determine if this was an appropriate amount of time to perform the preparation of the quarterly report of investments. Total costs disallowed for this year totaled \$5,497.
