Statute, Chapter and Code Section/Executive Order Section, Effective Date, and Register Number: the mandated activities specifically contained within Public Utilities Code SEC. 15. Section 132354.1(b) (2), (3), and (4), (c), (d), and (e). This section and subsections directly relate to the reimbursable provisions of this test claim. The activity cost below includes various auditor positions that have been hired or estimated to be hired. It should be pointed out that there are no duplicate positions or cost identified below rather the position classification may be repeated as SANDAG is seeking more than one auditor (position) with the same classification. Below include positions (actual and estimated) specifically to accommodate the statutory mandate section and subsections stated above. Each position and associated cost are seen as the "Activity" that will jointly share responsibility to audit and ensure that the mandated requirements are accomplished. Further, the cost associated with the auditor positions which include equipment and supplies, required training and development and professional dues and licensing are cost associated and required for government auditors. If the positions to accommodate the mandate did not exists, the associated cost would also not exist, therefore SANDAG believes that these costs are as a result of the required state mandate and are increased costs. Detail activity costs are found in sections D to F. These Activities identified tie specifically within Public Utilities Code SEC. 15. Section 132354.1(b) (2), (3), and (4), (c), (d), and (e). The activities will ensure that...The SANDAG Office of the Independent Performance Auditor (OIPA) is the official body of SANDAG to investigate allegations of potential fraud, waste, and abuse identified by SANDAG staff or other stakeholders. The OIPA serves as the SANDAG Board of Directors oversight function that objectively evaluates and recommends improvements to SANDAG including prioritizing its efforts by continuously facilitating an objective risk assessment. The OIPA's audit functions are designed to include timely reporting of significant issues to appropriate oversight authorities. The OIPA is also responsible for developing and recommending that the board adopt internal control guidelines. Specifically relating to amended SEC. 15. Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), no requirements existed prior to 2017, nor in any of the intervening years, until the passage of Chapter 658, Statutes of 2017, filed on October 11, 2017, to mandate that SANDAG appoint an independent performance auditor who shall have the power to appoint and employee as deemed necessary (page 9 and Addendum from internet).

# BEFORE THE COMMISSION ON STATE MANDATES

Test Claim of: San Diego Association of Governments AB805: Activity of the Independent Performance Auditor Chaptered by Secretary of State - Chapter 658, Statutes of 2017 STATEMENT OF THE CLAIM

The San Diego Association of Governments (SANDAG) is eligible to claim reimbursement for state mandated cost under the California Constitution as SANDAG meets both 1) a local agency; and 2) subject to the tax and spend limitations of articles XIII A and B of the California Constitution.

SANDAG is a special district subject to the types of constitutional taxing and spending limitations that article XIII B, section 6(a) of the California Constitution (Section 6) is designed to address. Consistent with its scope of inquiry in the present case, the Commission has consistently determined that a local agency's eligibility to seek reimbursement pursuant to Section 6 depends on whether the local agency is subject to the taxing limitations in articles XIII A and XIII C and spending limitations in article XIII B of the California Constitution. Local agencies which are subject to the limitations generally gualify as a "local agency" for purposes of Section 6, while entities who are not subject to these limitations tend not to qualify. (See, e.g., Parameters and Guidelines Amendment, (Jan. 26, 2006), Animal Adoption, 04 PGA-01 and 02 (98-TC-11) (authorizing reimbursement to joint powers authority comprised of a city and/or county); Parameters and Guidelines (Amended), California Public Records Act, 02 TC-10 and 02 TC-51 (14-MR-02) (eligible claimants include any entity subject to articles XIII A, XIII, B and XIII C); Redevelopment Agency v. Comm'n on State Mandates, (1997) 55 Cal. App. 4th 976, 987 (determining that redevelopment agencies cannot obtain reimbursement for mandated activities, in part, because they are exempt from the restrictions of article XIII B).)

Articles XIII A, XIII B and XIII C provide the following limitations, in part: Article XIII A, § 4 requires a 2/3 vote of qualified electors prior to imposing special taxes; Article XIII B, § 1 prohibits local government appropriations from exceeding the appropriations limit for the entity for the prior year with limited exceptions; Article XIII C, § 1 defines "special tax" to mean "any tax imposed for specific purposes, including a tax imposed for specific purposes, which is placed into a general fund; Article XIII C, § 2 requires all taxes to be either general taxes or special taxes, prohibits special districts from adopting general taxes, and requires special taxes to be approved by 2/3 of electors. SANDAG is authorized to levy a retail transactions and use tax in the incorporated and unincorporated territory of the county. (Pub. Util. Code, §§ 132300, 132362.) Similar to special taxes, this tax is subject to approval by a supermajority of electors and is capped at 1%. (Pub. Util. Code, § 132307.) As part of the ballot proposition to approve imposition of the tax, an appropriations limit was also required to be established. (Pub. Util. Code, § 132309.) The consolidated agency is also authorized to initiate proceedings to establish a district pursuant to the Mello-Roos Community Facilities Act of 1982, and may impose a special tax within the district, subject to approval by 2/3 of the votes cast. (Pub. Util. Code, § 132370.4.) These statutory limitations on the consolidated agency's taxing and spending authority align with the constitutional limitations on local government taxing and spending authority in articles XIII A, XIII B, and XIII C, which demonstrate that SANDAG should be considered a "local agency" subject to the tax and spend limitations of articles XIII A and B of the California Constitution, and thus eligible to seek a subvention of funds under Sec. 6.

Andre Douzdijian, SANDAG's Chief Financial Officer is an authorized designee and among those authorized to file a test claim under section 1183.1(a)(1-5) of the Commission's regulations which states that "...the general manager or <u>other officer</u> with authority delegated by the governing body by ordinance or resolution for a special district...".

Resolution No. RTC-2019-04 "Adoption of FY2020 Program Budget and Providing for All Authorizations Necessary and Pertinent Thereto" provide delegated authority by the Board of Directors to SANDAG's Executive Director, or his/her designee. In regard to this claim, Andre Douzijian, SANDAG's Chief Financial Officer is has been delegated by the Executive Director, Hasan Ikhrata, whom was delegated by the Board of Directors. To ensure adherence to Commission Regulations, Executive Director Hasan Ikhrata officially delegated specific authority to Andre Douzigian, SANDAG's Chief Financial Officer regarding AB805 for execution and submission of one or more test claims to the California Commission on State Mandates. Evidence of delegated authority and Resolution No. RTC-2019-04 is enclosed.

#### A. MANDATE SUMMARY

The statute cited above on which this test claim is based, added and amended sections of the Public Utilities Code, relating to Transportation. This test claim is geared specifically at increased cost relating the amended **SEC. 15.** Section 132354.1 (b) (2), (3), and (4),(c),(d), and (e) which includes requirements that the San Diego Association of Governments (SANDAG) to appoint an independent performance auditor to conduct or to cause to be conducted performance audits of

all departments, offices, boards, activities, agencies, and programs relating to the agency. It also provides that the IPA have the power to appoint and employee personnel as believed necessary for efficient and effective administration of affairs of the office. The IPA is also charged with the responsibilities to investigate any material claim of financial fraud, waste or impropriety within the agency, claimant, or other persons.

As passed, Public Utilities Code SEC. 15. Section 132354.1 as amended reads as follows:

(a) The board shall arrange for a post audit of the financial transactions and records of the consolidated agency to be made at least annually by a certified public accountant.

(b) (1) The audit committee shall appoint an independent performance auditor, subject to approval by the board, who may only be removed for cause by a vote of at least two-thirds of the audit committee and the board.

(2) The independent performance auditor shall have authority to conduct or to cause to be conducted performance audits of all departments, offices, boards, activities, agencies, and programs of the consolidated agency. The auditor shall prepare annually an audit plan and conduct audits in accordance therewith and perform those other duties as may be required by ordinance or as provided by the California Constitution and general laws of the state. The auditor shall follow government auditing standards. All officers and employees of the consolidated agency shall furnish to the auditor unrestricted access to employees, information, and records, including electronic data, within their custody regarding powers, duties, activities, organization, property, financial transactions, contracts, and methods of business required to conduct an audit or otherwise perform audit duties. It is also the duty of any consolidated agency officer, employee, or agent to fully cooperate with the auditor, and to make full disclosure of all pertinent information.

(3) The auditor shall have the power to appoint, employ, and remove assistants, employees, and personnel as deemed necessary for the efficient and effective administration of the affairs of the office and to prescribe their duties, scope of authority, and qualifications.

(4) The auditor may investigate any material claim of financial fraud, waste, or impropriety within the consolidated agency and for that purpose may summon any officer, agent, or employee of the consolidated agency, any claimant, or other person, and examine him or her upon oath or affirmation relative thereto. All consolidated agency contracts with consultants, vendors, or agencies will be prepared with an adequate audit provision to allow the auditor access to the entity's records needed to verify compliance with the terms specified in the contract. Results of all audits and reports shall be made available to the public in accordance with the requirements of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of the Title 1 of the Government Code).

(c) The board shall develop and adopt internal control guidelines to prevent and detect financial errors and fraud based on the internal control guidelines developed by the Controller pursuant to Section 12422.5 of the Government Code and the standards adopted by the American Institute of Certified Public Accountants.

(d) The board shall develop and adopt an administration policy that includes a process to conduct staff performance evaluations on a regular basis to determine if the knowledge, skills, and abilities of staff members are sufficient to perform their respective functions, and shall monitor the evaluation process on a regular basis.

(e) The board members shall make an annual report to their member agencies at a public meeting pursuant to Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, that includes a summary of activities by the consolidated agency including, but not limited to, program developments, project updates, changes to voter-approved expenditure plans, and potential ballot measures.

With the passage of this mandate, SANDAG's Board of Directors have been required to hire an Independent Performance Auditor (IPA) and additional auditing resources to accommodate the amended sections eligible for reimbursement of increased cost which exceeds one thousand dollars (\$1,000) of cost as a result of the required state mandated activity.

The SANDAG Office of the Independent Performance Auditor (OIPA) is the official body of SANDAG to investigate allegations of potential fraud, waste, and abuse identified by SANDAG staff or other stakeholders.

The OIPA serves as the SANDAG Board of Directors oversight function that objectively evaluates and recommends improvements to SANDAG including prioritizing its efforts by continuously facilitating an objective risk assessment. The OIPA's audit functions are designed to include timely reporting of significant issues to appropriate oversight authorities. The OIPA is also responsible for developing and recommending that the board adopt internal control guidelines.

# B. SANDAG LEGISLATIVE HISTORY PRIOR TO STATE MANDATE AMENDMENTS

Specifically relating to amended **SEC. 15.** Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), no requirements existed prior to 2017, nor in any of the intervening years, until the passage of Chapter 658, Statutes of 2017, filed on October 11, 2017, to mandate that SANDAG appoint an independent performance auditor who shall have the power to appoint and employee as deemed necessary...

Since inception in 1980 (forty-years), SANDAG has employed one full-time internal audit positions that helped the organization to ensure a sufficient system of controls and adhere to applicable laws, rules, regulations and policies. SANDAG's previous internal auditor reported directly to management and the audit plan was approved by management. Consequently, the skeletal staff had no independence and no ability to report risk to the Board. There was not an Audit Committee to submit audit findings that reached beyond management. This position currently exists and is not be included in this mandate test claim.

In 2017, public trust was harmed as a result of misstated forecasts and cost projections. This trust has not been fully restored still today. As a result, AB805 was written with specific acts required which determined to contain costs mandated by the state.

C. SPECIFIC STATUTORY SECTIONS THAT CONTAIN THE MANDATED ACTIVITIES As related above, the mandated activities specifically contained within Public Utilities Code SEC. 15. Section 132354.1(b) (2), (3), and (4), (c), (d), and (e). This section and subsections directly relate to the reimbursable provisions of this test claim.

The detailed activity cost below includes various auditor positions that have been hired or estimated to be hired. It should be pointed out that there are no duplicate positions or cost identified below rather the position classification may be repeated as SANDAG is seeking more than one auditor (position) with the same classification.

Below include positions (actual and estimated) specifically to accommodate the statutory mandate section and subsections stated above. Each position and associated cost are seen as the "Activity" that will jointly share responsibility to audit and ensure that the mandated requirements are accomplished.

Further, the cost associated with the auditor positions which include equipment and supplies, required training and development and professional dues and licensing are cost associated and required for government auditors and professional auditing standards which are <u>required</u> to be followed according to AB805. <u>If the</u> <u>positions to accommodate the mandate did not exists, the associated cost would</u> also not exist, therefore SANDAG believes that these costs are as a result of the required state mandate and are increased costs.

Below in sections D to F are Activities identified that tie specifically within Public Utilities Code SEC. 15. Section 132354.1(b) (2), (3), and (4), (c), (d), and (e). The activities will ensure that...

The SANDAG Office of the Independent Performance Auditor (OIPA) is the official body of SANDAG to investigate allegations of potential fraud, waste, and abuse identified by SANDAG staff or other stakeholders.

The OIPA serves as the SANDAG Board of Directors oversight function that objectively evaluates and recommends improvements to SANDAG including prioritizing its efforts by continuously facilitating an objective risk assessment. The OIPA's audit functions are designed to include timely reporting of significant issues to appropriate oversight authorities. The OIPA is also responsible for developing and recommending that the board adopt internal control guidelines.

#### H. DEDICATED FUNDING SOURCES FOR THIS MANDATE

**FY 2019-20** State: \$0.00 Federal: \$0.00 Local agency's general-purpose funds: 0.00 Other nonlocal agency funds: \$136,617.28 (borrowed/temporary funding source 2 years) Fee authority to offset costs: \$293,541.48 (membership fees)

## I. STATEWIDE COST ESTIMATES OF ALL LOCAL AGENCIES RELATING TO THIS MANDATE - (FY19/20)

This test claim specifically relates to amended **SEC. 15.** Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e). This referenced section of which this test claim is being filed, solely relate to the state-imposed acts that are specific to SANDAG who will bear the full increased activity and costs to carry out this section of the mandate. The detailed for this calculation is found in **section E and F above in the amount of Total Actual (\$295,537.61) and Estimated (\$134,621.15) cost FY 19/20 \$430,158.76 (page 11-12).** 

# J. REIMBURSABLE COSTS MANDATED BY THE STATE

The costs incurred by SANDAG as a result of the statute included in the test claim are all reimbursable costs as such costs are "costs mandated by the State" under Article XIII B (6) of the California Constitution, and Section 17500 et seq. Of the Government Code. Section 17514 of the Government Code defines "costs mandated by the state", and specifies the following three requirements:

- 1. There are "increased costs which a local agency is required to incur after July 1, 1980."
- 2. The costs are incurred "as a result of any statute enacted on or after January 1, 1975."
- 3. The costs are the result of "a new program or higher level of service of an existing program within the meaning of Section 6 of Article XIIIB of the California Constitution. "

All three of the above requirements for finding costs mandated by the State are met as described previously herein.

# K. MANDATE: MEETS BOTH SUPREME COURT TESTS

The mandate created by these three statutes clearly meets both tests that the Supreme Court in the *County of Los Angeles v. State of California* (1987) created for determining what constitutes a reimbursable state mandated local program. Those two tests, which the Commission on State Mandates relies upon to determine if a reimbursable mandate exists, are the "unique to government" and the "carry out a state policy" tests. Their application to this test claim is discussed below.

## Mandate is Unique to SANDAG - a Local Government Entity

The statutory scheme set forth above imposes a unique requirement on SANDAG as a local government. AB805, specifically relating to amended **SEC. 15.** Section 132354.1 (b)(2), (3), and (4), (c), (d), and (e), requires SANDAG to appoint an independent performance auditor, who is given the power to employee or appoint necessary resources. The IPA is given unique authority to conduct or to cause to be conducted performance audits of all departments, offices, boards, activities, agencies, and programs of the consolidated agency and investigate any material claim of financial fraud, waste, or impropriety within the consolidated agency and for that purpose may summon any officer, agent, or employee of the consolidated agency, any claimant, or other person, and examine him or her upon oath or affirmation relative thereto. Consequently, only SANDAG as an entity of local government is responsible for fulfilling these amended mandated acts. This mandate only applies to SANDAG.

#### Mandate Carries Out a State Policy

From the legislation, specifically relating to amended **SEC. 15.** Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), it is clear that the state wishes there to be independent audit oversight with the ability to employee sufficient audit resources that would help prevent potential fraud, waste, and abuse of public funds managed by SANDAG, to ensure that good systems of controls exists, and that SANDAG is transparent, held accountable, and is operating efficiently and effectively while acting in the best interest of the public.

In summary, the statute mandates that SANDAG appoint an independent performance auditor and employee sufficient audit resources, to perform duties that essentially help prevent fraud, waste, and abuse. To this end, SANDAG has had to appoint an independent performance auditor, employee and has plans to employee sufficient audit staff in order to comply with this legislation. Further, the cost associated with the activity cost, including equipment and supplies, training and development, and professional fees and licensing are required as a government auditor and under professional auditing standards which are required to be followed according to AB805, and are or will be incurred as a result of the position. If the mandate did not exist, the activity cost, including the associated cost would not exist, therefore SANDAG believes the total activity cost identified are increased cost as a result of a state mandate.

# L. STATE FUNDING DISCLAIMERS ARE NOT APPLICABLE

There are seven disclaimers specified in Government Code, Section 17556 which could serve to bar recovery of "costs mandated by the State", as defined in

Government Code, Section 17556. None of the seven disclaimers apply to this test claim:

- a) The claim is submitted by a local agency or school district which requests legislative authority for that local agency or school district to implement the Program specified in the statutes, and that statute imposes costs upon the local agency or school district requesting the legislative authority.
- b) The statute or executive order affirmed for the State that which had been declared existing law or regulation by action of the courts.
- c) The statute or executive order implemented a federal law or regulation and resulted in costs mandated by the federal government, unless the statute or executive order mandates costs which exceed the mandate in that federal law or regulation.
- d) The local agency or school district has the authority to levy service charges, fees or assessments <u>sufficient</u> to pay for the mandated program or increased level of service (*Please see explanation relating to this disclaimer below*).
- e) The statute or executive order provides for offsetting savings to local agencies or school districts *which result in no net costs* to the local agencies or school districts or includes additional revenue that was specifically intended to fund. the costs of the State mandate in an amount sufficient to fund the cost of the State mandate.
- f) The statute or executive order-imposed duties which were expressly included in a ballot measure approved by the voters in a Statewide election.
- g) The statute created a new crime or infraction, eliminated a crime or infraction, or changed the penalty for a crime or infraction, but only for that portion of the statute relating directly to the enforcement of the crime or infraction.

Though SANDAG has the ability to and has assessed membership assessment fees to board members that represent the county and cities around the San Diego Region, the amounts collected are <u>not sufficient</u> to pay for the full mandated program increased cost. As a result of the state-imposed mandate, in 2019, SANDAG <u>doubled</u> membership assessments fees to help recover some of the increased cost that resulted from the state-imposed mandate. Since April of 2019, the assessments have and continue to be used to offset the cost mandated cost, but there are residuals cost associated with the state-imposed mandate. The amounts collected are <u>not sufficient and do result in cost incurred that are fully covered by offsets</u>, thus the remainder of the cost associated with the mandate-imposed actions and increased level of activity is what SANDAG is seeking through this test claim; for *neither d or e (above) would be applicable*. Test Claim Form Sections 4-7 Worksheet will reflect the amount of assessments collected as an offset to the total cost and is identified under the fee authority to offset costs section.

Specifically relating to amended SEC. 15. Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), none of the above disclaimers have any application to SANDAG's test claim. Though SANDAG has the authority to collect membership fees, and has, disclaimer (d) or (e) above, do not apply. SANDAG does not collect fees that are sufficient to fully cover the increased cost associated with mandated program or increased level of service that has been imposed by the State. As recognized by the California Supreme Court in Dept. of Finance v. Commission on State Mandates (Kern High School District) (2003) 30 Cal.4th 727, state reimbursement for a mandated program may be required notwithstanding the availability of partial funding for that program if the funding provided would not fully cover the compliance costs. (Id. at pp. 747-748.)

SANDAG's Membership Fee Assessment Authority states:

"PUC 132354 states in part: "The consolidated agency shall have and may exercise all rights and powers, expressed or implied, that are necessary to carry out the purposes and intent of this chapter, including, but not limited to, the power to do all of the following: . . . (h) To fix and collect fees for any services rendered by it.

Article VI, Section 2. of the SANDAG Bylaws states: Responsibility for supplying funds for that portion of the budget for SANDAG, which is to be supplied by the Member Agencies, as adopted by the Board of Directors, shall be divided among the Member Agencies based on their population with each Member Agency including within its budget as funds to be supplied to SANDAG that sum of money determined by taking the ratio its population bears to the total population of the region and multiplying it by that portion of the approved budget to be supplied by the Member Agencies. Payment of this determined sum of money shall be made by each Member Agency by July 15 of each year. If payment by a Member Agency has not been made by September 1 of each year, that Member Agency shall no longer vote as a member of the Board of Directors. A delinquent Member Agency will be allowed to vote when full payment has been made, including interest computed from July 15 at the established legal rate."

Further, in review of other state mandated perimeters and guidelines of test claims approved by the Commission on State Mandates the following statement is embedded. *Per P&G's for the Administrative License Suspension - Per Se (98-TC-16):* 

## **"VII. OFFSETTING SAVINGS AND REIMBURSEMENTS**

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. *In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, including fees collected pursuant to Vehicle Code section 14905*; federal funds and other state funds; and grant monies received by the state and passed through to local agencies ( obtained by Public Law 100-690, which added United States Code, title 23, sections 408 and 410), shall be identified and deducted from this claim."

In 2019, SANDAG doubled membership assessment fees to cover the cost associated with the position of the Independent Performance Auditor on an annual basis (FY19/20). This amount will be applied as an annual offset to the total cost which include other audit resources and support staff necessary to carry out the state-imposed mandate. However, the assessment fees are <u>not sufficient</u> and <u>do not fully</u> <u>cover</u> the cost of other audit staff and associated cost required in order to accommodate the mandate.

# Conclusion

The enactment of Chapter 658, Statutes of 2017, specifically relating to amended SEC. 15. Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), imposed a new state mandated program and cost on SANDAG, by requiring it to appoint an independent performance auditor and employee sufficient audit resources, to bring independent oversight that would help to prevent fraud, waste, and abuse. The mandated program meets all the criteria and tests for the Commission on State Mandates to find a reimbursable state mandated program. None of the identified disclaimers or other statutory or constitutional provisions that would relieve the State from its constitutional obligation to provide reimbursement have any application to this claim including (d) and (e) above, as the assessment fees are not sufficient enough to fully offset the total cost associated with the imposed state imposed mandate. Lastly, the activity cost identified include cost associated with audit positions that are required as a government auditor and professional auditing standards required to be followed according to AB805 and are or will be incurred as a result of the position. If the state mandated activity was not required, the positions would not be required, and the cost associated with the positions would not exist. Therefore, SANDAG believes that the associated activity cost is increased cost as a result of the activity cost required to accommodate the state mandated statutes, acts, sections and subsections.

According to the Commission Hearsay and Personal Knowledge evidence may be used for the purpose of sufficient evidence if it would be admissible over objection in civil actions.

The foregoing facts are <u>known to me personally</u> and in some cases <u>hearsay</u> where I did not directly enter cost information into the accounting system, however still having been the been the approver or reviewer of the information. I am personally conversant with the foregoing facts, and if so required, I could and would testify to the statements made herein.

# **DECLARATION OF ANDRE DOUZDJIAN**

I, Andre Douzdjian, make the following declaration under oath:

I am the Chief Financial Officer for SANDAG, and as part of my duties, I am also the person responsible to ensure SB 90 claims are accurately reported. As part of my duties, I would be responsible for the complete and timely recovery of costs mandated by the State.

I declare that I have examined the State mandated duties and resulting costs, in implementing the subject law, and find that such costs are, in my opinion, "costs mandated by the State", as defined in Government Code, Section 17514:

"'Costs mandated by the State' means any increased costs which a local agency or school district is required to incur after July 1, 1980, as a result of any statute enacted on or after January 1, 1975, or any executive order implementing any statute enacted on or after January 1, 1975, which mandates a new program or higher level of service of an existing program within the meaning of Section 6 of Article XIII B of the California Constitution."

I declare that the actual cost commenced on April 2, 2019 to June 30, 2019 (FY18/19), continued incurred cost from July 1, 2019 to April 29, 2020, additional added cost from January 2, 2020 to April 29, 2020 (FY19/20), and estimated annual increased costs from April 30, 2020 to June 30, 2020 (FY19/20) has been or will be incurred by SANDAG to implement the alleged mandate as stated, starting on page 11, Section D through F are supported and accurate.

I declare that the identified funds stated, starting on page 14 Section H are accurate in regards to all local, state, or federal funds, and fee authority that may be used to offset the increased costs that will be incurred by SANDAG to implement the alleged mandate, including direct and indirect costs.

I declare that the described new activities performed to implement specified provisions of the new statute or executive order alleged to impose a reimbursable state-mandated program specifically regarding the enactment of Chapter 658, Statutes of 2017, specifically relating to amended SEC. 15. Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), which imposed a new state mandated program and cost on SANDAG, by requiring it to appoint an independent performance auditor and employee sufficient audit resources, to bring independent oversight that would help to prevent fraud, waste, and abuse. Furthermore, the activity cost identified include cost associated with audit positions that are required as a government auditor and professional auditing standards required to be followed according to AB805 and are or will be incurred as a result of the position. If the state mandated activity was not required, the positions would not be required, and the cost associated with the positions would not exist. Therefore, as the CFO I believe that the associated activity cost is increased cost as a result of the activity cost required to accommodate the state mandated statutes, acts, sections and subsections.

I declare that the activity described on the attached Addendum specifically relating to amended SEC. 15. Section 132354.1 (b) (2), (3), and (4), (c), (d), and (e), which imposed a new state mandated program and cost on SANDAG has created a state mandate (Attached Addendum page 15-16). Further I declare that under SEC. 19. which states that "If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code" that SANDAG has a state mandate imposed that contains acts due to cost mandated by the state (Attached Addendum page 17, last paragraph).

I further declare that the period of reimbursement and payments received for full reimbursement of costs for a legislatively determined mandate pursuant to <u>Government Code section 17573</u>, and the authority to file a test claim pursuant to paragraph (1) of subdivision (c) of <u>Government Code section 17574</u> exist for this test claim. The first cost incurred on April 2, 2019 to June 30, 2019 (FY 18/19) with continued incurred cost added for the period of July 1, 2019 to April 29, 2020, additional incurred cost from January 2, 2020 to April 29, 2020 (FY 19/20) and estimated cost for the period of April 30, 2020 to June 30, 2020 (FY 19/20).

[ Approved by Governor October 11, 2017. Filed with Secretary of State October 11, 2017. ]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 805, Gonzalez Fletcher. County of San Diego: transportation agencies.

(1) Existing law provides for the consolidation of certain regional transportation planning, programming, and related functions in San Diego County from various existing agencies including the San Diego Association of Governments (SANDAG), the San Diego Metropolitan Transit Development Board, also known as the San Diego Metropolitan Transit System (MTS), and the North County Transit District (NCTD).

Existing law provides for the consolidated agency, commonly known as SANDAG, to be governed by a board of directors of 21 city and county members selected by the governing body of each member agency. Existing law provides that the officers of the board are the chairperson and the vice chairperson.

This bill would require the mayor and the president of the city council of the City of San Diego to serve on the board. The bill would delete the requirement for the chair of the County of San Diego Board of Supervisors to serve on the board. The bill would also revise the selection of alternate members of the board. The bill would require that the chairperson and vice chairperson be elected by the membership of the board every 2 years or when a vacancy exists by the weighted vote process and that the chairperson and the vice chairperson not represent the same subregion.

Existing law, in order for the SANDAG board to act on any item, generally requires a majority vote of the members present on the basis of one vote per agency as well as a weighted vote pursuant to a specified process, except in the case of consent items.

This bill would modify the weighted vote process.

Existing law provides for SANDAG to have 4 standing policy advisory committees named the executive, transportation, regional planning, and borders committees.

This bill would increase the membership of the transportation committee from 9 to 10 members and would additionally provide for an audit committee with specified responsibilities, including the appointment of an

independent performance auditor. The bill would require SANDAG to submit an annual report to the Legislature, developed by its transportation committee, that outlines various matters related to public transit.

Existing law provides for the consolidated agency to prepare a regional comprehensive plan containing various elements, as specified.

This bill would require the regional comprehensive plan to address greenhouse gas emissions reduction targets set by the State Air Resources Board and would require the plan to include strategies that provide for mode shift to public transportation. The bill would also require the board members of the consolidated agency to make an annual report to their member agencies at a public meeting that includes a summary of the activities of the consolidated agency, including, but not limited to, program developments, project updates, changes to voter-approved expenditure plans, and potential ballot measures.

(2) Existing law creates MTS and NCTD, with various public transit responsibilities in the southern and northern parts of the County of San Diego, respectively. Existing law provides for MTS to be governed by a board of 15 members generally consisting of city and county representatives selected by member agencies. Existing law provides that the chairperson of the MTS board is a resident of the County of San Diego selected by the board, as specified.

This bill would require one of the 4 San Diego City Council members on the MTS board to be the mayor. The bill would grant to the City of Chula Vista a 2nd member, who would be the mayor. The bill would require the chairperson of the MTS board to be selected by the board. The bill would also revise the process for selecting alternate members of the MTS board.

Existing law generally provides that official acts of the MTS or NCTD board require the affirmative vote of the majority of the members of the board, except that a weighted vote of the MTS board may be requested pursuant to a specified process.

This bill would create a similar weighted voting process for NCTD and modify the weighted voting process for the MTS.

Existing law authorizes various transportation agencies, including SANDAG, to impose a transactions and use tax for transportation purposes within its jurisdiction, subject to approval of 2/3 of the voters and various other requirements. Existing law provides for issuance of bonds backed by these tax revenues, as specified.

This bill would additionally authorize MTS and NCTD to individually impose a specified transactions and use tax within their respective portions of the County of San Diego, with revenues to be used for public transit purposes, as specified, serving their jurisdictions, and to issue bonds backed by these tax revenues, subject to similar requirements.

The bill would authorize the MTS and the NCTD to increase the amount of the necessary preparatory costs incident to the administration and operation of the ordinance imposing a transactions and use tax. The bill would also require the MTS and the NCTD to provide to the California Department of Tax and Fee Administration, within 45 days of the approval of the ordinance by the voters, a complete alphabetical list of all streets within the affected unincorporated area of their respective jurisdictions, maintain that list on their Internet Web sites, and provide a specified legal description and a map or plat.

Existing law authorizes the board of the MTS, the NCTD, and the consolidated agency to enter into and perform all necessary contracts to construct or develop property for transit purposes, including, but not limited to, employing labor and doing all acts necessary and convenient for the full exercise of the powers granted to each of these agencies.

This bill would prohibit the MTS, the NCTD, and the consolidated agency from entering into a construction contract over \$1,000,000 with any entity unless the entity provides to each agency an enforceable commitment that the entity and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or a contract that falls within an apprenticeship occupation in the building and construction trades, except as specified.

(3) Existing law provides that if the consolidated agency provides compensation to the County of San Diego for the cost of including an ordinance or measure on the ballot, the consolidated agency may call an election, including an advisory election, in the county on any ordinance or measure regarding the governance of or matters related to the powers, privileges, or duties of the consolidated agency, including, but not limited to,

merger or complete consolidation of the transit boards. However, existing law also provides that a complete consolidation requires enactment of a statute by the Legislature.

This bill would require that any ordinance or measure adopted pursuant to these provisions be consistent with, and not in conflict with, any other statutory provisions governing the consolidated agency.

(4) By imposing additional requirements on local agencies, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

#### THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

**SECTION 1.** Section 120050.2 of the Public Utilities Code is amended to read:

**120050.2.** The board consists of 15 members selected as follows:

(a) One member of the County of San Diego Board of Supervisors, appointed by the board of supervisors.

(b) One member of each city council appointed individually by the city councils of the Cities of Coronado, El Cajon, Imperial Beach, La Mesa, Lemon Grove, National City, Poway, and Santee.
