No later than one (1) year after opting out, or within the statute of limitations under [section 1185.1\(c\)](#) of the Commission’s regulations, whichever is later, a claimant that opts out of a consolidated claim shall file an individual incorrect reduction claim pursuant to Commission requirements in order to preserve its right to challenge a reduction made by the Controller on that same mandate. If a claimant opts out of a consolidated incorrect reduction claim and an individual incorrect reduction claim for that entity is already on file with the Commission, the individual filing is automatically reinstated.

6. Written Detailed Narrative

On February 23, 2022, the State Controller's Office (SCO) issued its final audit report on the County of Sacramento District Attorney's Office (DA's Office) claims for costs incurred based on the legislatively created Child Abduction and Recovery Program (Chapter 1399, Statutes of 1976; Chapter 162, Statutes of 1992; and Chapter 988, Statutes of 1996) for the period of July 1, 2016, through June 30, 2019. The County is attaching a copy of the final audit report for reference. The SCO incorrectly reduced the County's claim of \$1,885,876 by \$465,094. The County requests the Commission of State Mandates to reverse the audit findings and to award the County the correct claim in the amount of \$1,885,876.

Background

District attorney offices are required by state mandate to actively assist in the resolution of child custody problems and enforce custody decrees and other orders of the court in child custody proceedings. All direct and indirect costs of labor, materials and supplies, and training and travel for activities related to that mandate are reimbursable from the state.

Summary of Mandate:

Chapter 1399, Statutes of 1976, added Sections 4600.1 and 4604 to and amended Sections 5157, 5160 and 5169 of the Civil Code, added Sections 278 and 278.5 to the Penal Code, and amended sections 11478.5 of the Welfare and Institutions Code, which increased the level of service provided by several county departments which must become involved in child custody matters. Where previously parents or others interested in the custody status of minors pursued their interest in court with no assistance from law enforcement agencies, due to this statute counties are required to actively assist in the resolution of custody problems and the enforcement of custody decrees. To accomplish this, several additional tools were provided to the courts and enforcement agencies in this legislation, including changes in the procedures for filing petitions to determine custody and enforce visitation rights, increased authorization to issue warrants of arrest to insure compliance, and increased access to locator and other information maintained by County and State departments. These activities increased the level of service provided to the public under Title 9 of Part 5 of the Civil Code, the Uniform Child Custody Jurisdiction Act.

Chapter 990, Statutes of 1983, amended Section 4604 of the Civil Code to clarify that the enforcement requirements of this section applied to visitation decrees as well as custody decrees.

Chapter 162, Statutes of 1992, repealed Sections 4600.1, 4604, 5157, 5160, and 5169 of the Civil Code and without substantial change enacted Sections 3060 to 3064, 3130 to 3134.5, 3408, 3411, and 3421 of the Family Code.

Chapter 988, Statutes of 1996, the Parental Kidnapping Prevention Act, repealed Sections 277, 278 and 278.5 of the Penal Code and enacted in a new statutory scheme in Sections 277, 278 and 278.5 which eliminated the distinction between cases with and cases without a preexisting child custody order.¹

Board of Control Decision:

On September 19, 1979, the Board of Control determined that Chapter 1399, Statutes of 1976, imposed a reimbursable state mandate upon counties by requiring district attorney offices to actively assist in the resolution of child custody problems including visitation disputes, the enforcement of custody decrees and of any other order of the court in a child custody proceeding. These activities include all actions necessary to locate a child, the enforcement of child custody decrees, orders to appear, or any other court order defraying expenses related to the return of an illegally detained, abducted or concealed child, proceedings with civil court actions, and guaranteeing the appearance of offenders and minors in court actions.²

Reimbursable Activities:

[A]ll direct and indirect costs of labor, materials and supplies, training and travel for the following activities are eligible for reimbursement:

1. Obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders, including:
 - a. Contact with child(ren) and other involved persons.
 - (1) Receipt of reports and requests for assistance.
 - (2) Meditating with or advising involved individuals.
Mediating services may be provided by other departments. If this is the case, indicate the department.
 - (3) Locating missing or concealed offender and child(ren).
 - b. Utilizing any appropriate civil or criminal court action to secure compliance.
 - (1) Preparation and investigation of reports and request for assistance.

- (2) Seeking physical restraint of offenders and/or the child(ren) to assure compliance with court orders.
 - (3) Process services and attendant court fees and costs.
 - (4) Depositions.
 - c. Physically recovering the child(ren).
 - (1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
 - (2) Other personal necessities for the child. All such items purchased must be itemized.
2. Court actions and costs in cases involving child custody or visitation orders from another jurisdiction, which may include, but are not limited to, utilization of the Uniform Child Custody Jurisdiction Act (Family Code Sections 3400 through 3425) and actions relating to the Federal Parental Kidnapping Prevention Act (42 USC 1738A) and The Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction (Senate Treaty Document 99-11, 99th Congress, 1st Session).
 - a. Cost of providing foster care or other short-term care for any child pending return to the out-of-jurisdiction custodian. The reimbursable period of foster home care or other short-term care may not exceed three days unless special circumstances exist.

Please explain the special circumstances. A maximum of ten days per child is allowable. Costs must be identified per child, per day. This cost must be reduced by the amount of state reimbursement for foster home care which is received by the county for the child(ren) so placed.
 - b. Cost of transporting the child(ren) to the out-of-jurisdiction custodian.
 - (1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
 - (2) Other personal necessities for the child(ren). All such items purchased must be itemized. Cost recovered from any party, individual or agency, must be shown and used as an offset against costs reported in this section.
 - (3) Securing appearance of offender and/or child(ren) when an arrest warrant has been issued or other order of the court to produce the offender or child(ren).
 1. Cost of serving arrest warrant or order and detaining the individual in custody, if necessary, to assure appearance in accordance with the arrest warrant or order.
 2. Cost of providing foster home care or other short-term care for any child requiring such because of the detention of the individual having custody. The number of days for the foster home care or short-term care shall

- not exceed the number of days of the detention period of the individual physical custody of the minor.
- (4) Return of an illegally obtained or concealed child(ren) to the legal custodian or agency.
- (a) Costs of food, lodging, transportation and other personal necessities for the child(ren) from the time he/she is located until he/she is delivered to the legal custodian or agency. All personal necessities purchased must be itemized.
- (b) Cost of an escort for the child(ren), including costs of food, lodging, transportation and other expenses where such costs are a proper charge against the county. The type of escort utilized must be specified.
- Any funds received as a result of costs assessed against a defendant or other party in a criminal or civil action for the return or care of the minor(s) (or defendant, if not part of a criminal extradition) must be shown and used as an offset against these costs.³

Based on the reimbursable activities noted above, the DA's Office submitted claims in the total amount of \$1,885,876 for the period of July 1, 2016, through June 30, 2019.

Finding 1 – Overstated salaries and benefit costs and related indirect costs

Standard Distributed Times

The Audit Report concluded that salaries and benefits for Standard Distributed (SD) time in the amount of \$154,127 claimed by the DA's Office were unallowable. Auditors claimed SD time is not actual time spent on traceable mandated activities. We do not agree with this finding.

California Family Code sections 3130 through 3134.5 mandate that district attorneys assist the courts in enforcing their child custody and visitation orders and in locating and returning children who have been taken or detained in violation of another person's custody right. Prosecutors are authorized to utilize any appropriate civil or criminal proceeding to assist the courts in enforcing their orders and to locate and recover missing children. Child abduction work is reimbursable by the state under the Child Abduction and Recovery Mandate.

The DA's Office has a State Targeted Offenders Program (STOP), which consists of our Child Abduction and Recovery Program, CDCR prison prosecutions, and other state-reimbursed programs. Having the STOP Unit allows for consolidation of supervisory, clerical, and other general costs such as rent, phones, office supplies,

³ *Id.*, at pgs. 3-6.

and insurance for which the state will provide reimbursement. These costs were then subdivided amongst the various state-reimbursed programs within STOP, directly allocating those expenses to the appropriate program according to time studies. Employees who worked on Child Abduction cases tracked their time daily and only time actually worked on applicable cases was thereafter billed to the state. The DA's Office has attorneys, criminal investigators, and investigative assistants who work exclusively on Child Abduction and Recovery cases. For other employees who provided supportive activities, such as clerical, supervisory, and billing, when they recorded time generally, those hours were proportioned based on the number worked during the month.

If not for state mandate, the DA's Office would not have had these dedicated employees and their increased related costs of employment handling Child Abduction and Recovery matters. The DA's Office allocated and claimed these costs using what was believed to be a reasonable methodology, which was applied consistently and not disproportionately allocated to this mandated program. The time claimed was general administrative time on behalf of eligible cases as a whole, spread amongst the programs based on the full-time equivalent percentage for each program.

In finding that this methodology was unallowable, the audit relied upon and quoted the following language from Section V of the 2009 *Custody of Minors: Child Abduction and Recovery* Amendment to Parameters and Guidelines ("Parameters and Guidelines"):

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.⁴

The auditor raised concerns regarding Standard Distributed (SD) time, which involved nonspecific program activities, particularly focusing on the actual time spent on traceable mandated activities. However, the language of Section V does not require that all costs be linked to a specific case. Instead, it mandates that only "actual costs" (emphasis added) be claimed, defined as "those costs actually incurred to implement the mandated activities." The guidelines explicitly allow the use of "employee time records or time logs" to demonstrate these actual costs. Additionally, Section V permits the use of "worksheets" and "cost allocation reports (system generated)" as supporting evidence to validate these costs. The guidelines recognize and allow for the allocation of cost, provided they are directly related to the mandated

⁴ *Id.*, at pg. 4.

activities. Furthermore Subsection A of Section V clarifies that, "Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren) by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation...." This includes both direct and indirect costs, suggesting that a range of related activities, even if not tied to a specific case, may be considered reimbursable if they are essential to fulfilling the mandated program activities.

The DA's Office has properly submitted for reimbursement those increased costs which it was required to incur in order to conduct the mandated activities related to Child Abduction and Recovery. The DA's Office used time records, time logs, and worksheets generated by employees detailing the time they worked on Child Abduction and Recovery activities, and then used cost allocation to determine the full-time equivalent percentage of those expenses attributable to that particular program. These reflect the DA's actual costs associated with providing these mandated actions. The DA's Office consolidation of services saves the state by avoiding duplicative costs.

"Good Cause" Cases

The Audit Report concluded that \$32,276 the DA's Office claimed for time spent on activities for Penal Code section 278.7 cases (commonly known as "Good Cause" cases) are unallowable. Auditors claimed that the Parameters and Guidelines do not identify activities related to Penal Code section 278.7 cases as a reimbursable cost. However, we disagree with the finding that costs relating to investigations which lead to a "Good Cause" case are not reimbursable. The initial investigative work is a necessary part of the mandated activities, such as locating a child or enforcing custody order, and should be reimbursable even if the case is later categorized under "Good Cause".

Child abduction cases take many different forms, oftentimes evolving as an investigation unfolds. Complaints of a child abduction are received and reviewed by DA staff. It is not uncommon that while investigating a complaint, the DA's Office will be contacted by the alleged offender with a "Good Cause" claim pursuant to Penal Code section 278.7 that the person has a good faith and reasonable belief that the child, if left with the other person, will suffer immediate bodily injury or physical harm. Furthermore, frequently the DA's Office will receive multiple complaints regarding the same child or children and involved parties, which may relate back to a prior "Good Cause" claim, but each new complaint must be investigated anew.

The Legislature created the Child Abduction and Recovery Mandate by statute in 1976. The code sections that set forth these provisions and the specific mandates were thereafter repealed and reissued with different section numbers. Former Civil Code section 4604 was reissued as Family Code sections 3130 and 3131. Family Code section 3130 provides that if a petition to determine custody of a child has been filed

in court or a temporary order pending determination of custody has been entered, and the whereabouts of a party in possession of the child are not known or there is reason to believe that the party may not appear in the proceedings although ordered to appear personally with the child, *district attorneys are mandated to take all actions necessary to locate the party and the child and to procure compliance with the order to appear with the child for purposes of adjudication of custody.* Family Code section 3131 provides that if a custody or visitation order has been entered and the child is taken or detained by another person in violation of the order, *district attorneys are mandated to take all actions necessary to locate and return the child and the person who violated the order,* as well as assist in enforcement of the custody or visitation order or other order of the court by use of an appropriate civil or criminal proceeding. Neither section provides for or mentions a “Good Cause” exception. Although such a claim may arise in the course of an investigation, district attorneys are still mandated by statute to take all actions necessary in locating the parties and procuring compliance, which would necessarily involve an evaluation of any “Good Cause” claim that is made.

Furthermore, as previously noted, Subsection A of Section V in the Parameters and Guidelines provides, “Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney *actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren)* by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation...” (emphasis added). Actively assisting in the resolution of child custody and visitation problems can involve and result in a “Good Cause” claim. All actions necessary in locating and returning a child can involve and result in a “Good Cause” claim. Thus, those costs should be allowable as they fall within mandated activities.

Moreover, Section VI of the Parameters and Guidelines only lists as “Non-Reimbursable Costs” the following:

Costs associated with criminal prosecution, commencing with the defendant’s first appearance in a California court, for offenses defined in Sections 278 or 278.5 of the Penal code, wherein the missing, abducted, or concealed child(ren) has been returned to the lawful person or agency.

Section VI only disallows costs associated with criminal prosecution once a defendant has appeared in court and excludes costs for prosecuting offenses under sections 278 and 278.5 of the Penal Code. It does not exclude “Good Cause” cases nor does it reference Penal Code section 278.7.

In creating the Child Abduction and Recovery Mandate in 1976, the Legislature added, amongst other things, two specific Penal Code provisions that prosecutors could charge as part of their authorization to utilize any appropriate civil or criminal proceedings to assist, as mandated, the courts in enforcing their orders and to locate and recover missing children (these two criminal provisions were later renumbered

as Penal Code sections 278 and 278.5). In 1996, the Legislature added Penal Code section 278.7, which provides a specific exception for prosecutions under section 278.5 for "Good Cause" claims. Essentially, section 278.7 creates a defense to prosecution under section 278.5.

Penal Code section 278.7 provides that section 278.5 does not apply if three criteria are met. First, the person must make a report within a reasonable time frame to the office of the district attorney of the county where the child resided before the action. Second, the person must commence within a reasonable time a custody proceeding in a court of competent jurisdiction consistent with the federal Parental Kidnapping Prevention Act or the Uniform Child Custody Jurisdiction Act. Third, the person must inform the district attorney's office of any change of address or telephone number of the person and the child. Until all three criteria are met, the person is still considered to fall under the provisions of section 278.5, for which all costs are reimbursable per the program's parameters and guidelines. This is the practice that the DA's Office has followed: once these criteria are met, the DA's Office marks the case as a "Good Cause" and stops billing time.

Part of investigating a potential criminal matter involves a determination of whether any particular defenses would excuse or justify the behavior, thus negating the possibility of successfully utilizing criminal proceedings to prosecute the matter. Imagine the state mandated that district attorneys investigate homicide cases under Penal Code section 187. However, Penal Code section 196 sets forth when a homicide may be justified, which includes homicides committed in self-defense. Using the same logic followed in the Audit Report, prosecutors would not be entitled to reimbursement for investigation for any homicide where the investigation led to a determination that the homicide was committed in self-defense because Penal Code section 196 is a different provision than section 187. However, it is still a homicide. Similarly, "Good Cause" cases are still a form of child abduction, where one person has deprived another of lawful custody or visitation, but for a lawfully excused reason.

A change in allowable indirect costs of \$61,671 was associated with the adjustments from the SD times and "Good Cause" cases. The method of determining the indirect cost was not subject to a finding. For each eligible claim the DA's Office has met the criteria set by the parameters and guidelines; all direct and indirect costs of SD times and "Good Cause" cases are eligible for reimbursement totaling \$248,074.

Finding 2 – Overstated materials and supplies costs

As previously noted in the Standard Distributed Times discussion in response to Finding 1, the DA's Office similarly relied on the reasonable methodology of cost allocation based on full-time equivalents (FTEs) to determine materials and supplies costs for this program. These costs include California mandated employment costs, general office supplies, computer infrastructure, phones, and leased facilities charges all used by staff working on the Child Abduction and Recovery Program. The Audit

Report concluded that \$217,020 in materials and supplies costs were unallowable. The auditor noted that each cost had to be actual and supported by documentation specific to the mandated activities. We do not agree with this finding, as the allocation methodology used was a reasonable approach to capture the actual costs associated with supporting the program.

The employees who worked on child abduction matters tracked their time and only noted billable hours for reimbursable activities. From this, it can be calculated what percentage of their time was spent on reimbursable mandated activities, which then was used to determine the actual cost of related materials and supplies used in those efforts. As noted above, the Parameters and Guidelines permit cost allocation and allow for determining actual cost based on time records, time logs, and worksheets. This is a reasonable and appropriate manner to show actual cost. The state's audit process is now imposing additional requirements and limitations not set forth in the Parameters and Guidelines.

Included in materials and supplies is State Unemployment Insurance (UI), Workers Compensation, and employee pension obligations. The UI program is mandated in accordance with federal law, the California UI Code and the California Code of Regulations, Title 22. All California employers must provide workers' compensation benefits to their employees under California labor Code Section 3700. Sacramento County is one of 20 counties which created and operated pension systems under the County Employees Retirement Law of 1937. All three of these employee costs are calculated and distributed through the County's Allocated Cost Package (ACP) and specifically excluded from the Productive Hour Rates provided by the Department of Finance. In the Audit Report under Finding 2 it is noted, "These costs are unallowable because the county claimed costs that were allocated to the State Targeted Offenders Unit, rather than actual cost supported by source documentation."⁵ The County does allocate the above reference costs because Sacramento County self-insures these mandated payroll costs, which is cheaper for the County and ultimately cheaper for the program.

The auditors determined, "The costs are unallowable because the county did not claim actual costs supported by source documentation."⁶ The general ledger of actual cost for STOP with cost calculations was provided to the auditors as requested by the California State Controller in the January 14, 2021, Sacramento County Engagement Letter. All material provided to the auditors followed the language from Section V of the Parameters and Guidelines. The general ledger only included actual cost, supported by time records, invoices, and receipts. All accounting and worksheets show the validity of such cost, are traceable and were created at or near the same time the actual cost was incurred.

⁶ *Id.*, at pg. 14.

To analyze this finding further, the cost of phones can be used as an example. Employees need phones to do their jobs. A service fee is imposed to have that phone available. According to the auditor, the DA's Office can only charge for the cost of the phone attributable to a particular case, i.e., the minutes spent on the phone per actual case. Some of these employees worked exclusively on child abduction cases. For the remaining employees who split time working on child abduction cases and other state-mandated activities, the costs were fully denied, despite the fact that they could be reasonably allocated based on the proportion of hours worked on qualifying activities, for which they tracked their time. They would not have had a phone for this particular work if not mandated to perform these functions. Even though exact usage could not be determined, the flat-rate phone charges should have been eligible for allocation based on the proportion of hours worked on qualifying activities. As a further example, denying this as an actual cost would be akin to saying reimbursement would not be available for the full cost of a desk chair and would instead only be allowable for the portion of the cost of the chair for the actual minutes we could show spent sitting in it directly working on a particular case.

To further show the validity of the methodology used by the DA's Office, the DA's Office provided an alternative cost allocation worksheet based on the audited allowed case hours worked for further consideration. The alternative method totaled \$222,966, which is tied to a case based on productive hourly rate. The disallowed claim amount based on current methodology was \$217,020. The difference between the two methods is only \$5,946, providing further evidence that the current methodology is comparably accurate and reasonable.

For each eligible claim, the DA's Office has met the criteria set by the Parameters and Guidelines as stated in Section V for "Reimbursable Costs." All material and supplies costs have been directly identified relating to the mandated program and further supported directly tying to all allowable case hours. Since the State has already withheld funds from future claims, the DA's Office is requesting the \$217,020 of material and supplies costs to be determined allowable and refunded to Sacramento County.

I, John Black, declare as follows:

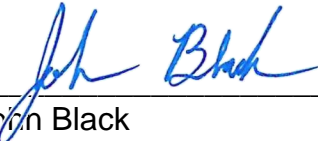

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched the District Attorney's files from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. The research required involved logging into the District Attorney's proprietary Timetrack system, where staff, in the regular course of a business, contemporaneously enter their time spent on state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2016 through June 30, 2017. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, Stop Billing Detail Report for July 1, 2016 through June 30, 2017, is the data record created, consists of 476 pages, and provides a listing of the personnel cost amounts claimed during this time period amounting in 4,080.15 hours, totaling \$358,408.49.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

I, John Black, declare as follows:

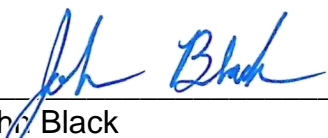

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County COMPASS data system from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. The research required retrieving the transactions for Fund Center 5805812, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney's staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2016 through June 30, 2017. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, COMPASS Accounting Journal for fiscal year 2017, reflects billings from July 1, 2016 through June 30, 2017 associated with the Child Abduction and Recovery Program during this time period totaling \$4,946,969.72.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

John Black

I, John Black, declare as follows:

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County Cost Allocation Plan files from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. This information is reported to the California State Controller's Office. The research required retrieving the Cost Allocation Plan and pulling the costs reported under billing code 0015812 STATETAR, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney' staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2016 through June 30, 2017. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, California OMB A87 Cost Allocation Plan, page 10, for July 1, 2016 through June 30, 2017, shows the costs associated with the Child Abduction and Recovery Program during this time period totaling \$20,570.¹

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

I, John Black, declare as follows:

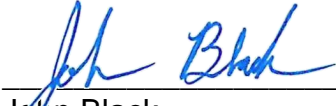

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County COMPASS data system from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. The research required retrieving the transactions for Fund Center 5805812, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney's staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2017 through June 30, 2018. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, COMPASS Accounting Journal for fiscal year 2018, reflects billings from July 1, 2017 through June 30, 2018 associated with the Child Abduction and Recovery Program during this time period totaling \$4,848,318.96.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

I, John Black, declare as follows:

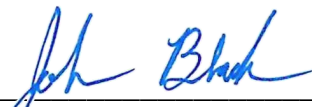

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County Cost Allocation Plan files from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. This information is reported to the California State Controller's Office. The research required retrieving the Cost Allocation Plan and pulling the costs reported under billing code 0015812 STATETAR, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney' staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2017 through June 30, 2018. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, California OMB A87 Cost Allocation Plan, page 10, for July 1, 2017 through June 30, 2018, shows the costs associated with the Child Abduction and Recovery Program during this time period totaling \$6,044.¹

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

Attachment: Sacramento County, OMB A87 Cost Allocation Plan for July 1, 2017- June 30, 2018, page 6.

¹ The total County Cost Allocation Plan is 354 pages in length, but only page 10 addresses costs associated with the Child Abduction and Recovery Program. The full document was omitted for efficiency but can be produced if necessary.

I, John Black, declare as follows:

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County COMPASS data system from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. The research required retrieving the transactions for Fund Center 5805812, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney's staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2018 through June 30, 2019. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, COMPASS Accounting Journal for fiscal year 2019, reflects billings from July 1, 2018 through June 30, 2019 associated with the Child Abduction and Recovery Program during this time period totaling \$5,099,746.94.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

I, John Black, declare as follows:

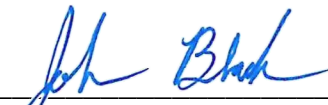

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County Cost Allocation Plan files from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. This information is reported to the California State Controller's Office. The research required retrieving the Cost Allocation Plan and pulling the costs reported under billing code 0015812 STATETAR, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney' staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2018 through June 30, 2019. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, California OMB A87 Cost Allocation Plan, page 9, for July 1, 2018 through June 30, 2019, shows the costs associated with the Child Abduction and Recovery Program during this time period totaling \$4,192.¹

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

Office of the State Controller
State-Mandated Costs Claiming Instructions No. 2012-32
Custody of Minors-Child Abduction and Recovery – Program No. 13
Revised September 1, 2019

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller’s Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Custody of Minors-Child Abduction and Recovery program. SCO issues these claiming instructions subsequent to the Commission on State Mandates (CSM) adopting the Parameters and Guidelines (Ps & Gs). The amended Ps & Gs are included as an integral part of the claiming instructions.

On September 19, 1979, CSM adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On October 30, 2009, CSM approved the amendments to the Ps & Gs to clarify the source documentation requirements and record retention language, as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Pursuant to GC section 17560(a), annual reimbursement claims may be filed by **February 15** following the fiscal year in which costs were incurred. If the deadline falls on a weekend or holiday, claims are due the following business day. Claims filed after the deadline must be reduced by a late penalty. **Claims filed more than one year after the deadline will not be accepted.**

Penalty

- **Initial Reimbursement Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561(d)(3).

- **Annual Reimbursement Claims**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount, not to exceed \$10,000, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564(a), states that no claim may be filed pursuant to sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the Ps & Gs adopted by CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by SCO as deemed necessary. Pursuant to GC section 17558.5(a), a reimbursement claim for actual costs filed by a claimant is subject to audit by SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for SCO to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Mandated costs claiming instructions and forms are available online at the SCO's website: **www.sco.ca.gov/ard_mancost.html**.

State Controller's Office, Claimant

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

I. SUMMARY OF MANDATE

Chapter 1399, Statutes of 1976, added Sections 4600.1 and 4604 to and amended Sections 5157, 5160, and 5169 of the Civil Code, added Section 278 and 278.5 to the Penal Code, and amended sections 11478.5 of the Welfare and Institutions Code, which increased the level of service provided by several county departments which must become involved in child custody matters. Where previously parents or others interested in the custody status of minors pursued their interests in court with no assistance from law enforcement agencies, due to this statute counties are required to actively assist in the resolution of custody problems and the enforcement of custody decrees. To accomplish this, several additional tools were provided to the courts and enforcement agencies in this legislation, including changes in the procedures for filing petitions to determine custody and enforce visitation rights, increased authorization to issue warrants of arrest to insure compliance, and increased access to locator and other information maintained by County and State departments. These activities increased the level of service provided to the public under Title 9 of Part 5 of the Civil Code, the Uniform Child Custody Jurisdiction Act.

Chapter 990, Statutes of 1983, amended Section 4604 of the Civil Code to clarify that the enforcement requirements of this section applied to visitation decrees as well as custody decrees.

Chapter 162, Statutes of 1992, repealed Sections 4600.1, 4604, 5157, 5160, and 5169 of the Civil Code and without substantial change enacted Sections 3060 to 3064, 3130 to 3134.5, 3408, 3411, and 3421 of the Family Code.

Chapter 988, Statutes of 1996, the Parental Kidnapping Prevention Act, repealed Sections 277, 278 and 278.5 of the Penal Code and enacted in a new statutory scheme in Sections 277, 278 and 278.5 which eliminated the distinction between cases with and cases without a preexisting child custody order.

II. BOARD OF CONTROL DECISIONS

On September 19, 1979, the Board of Control determined that Chapter 1399, Statutes of 1976, imposed a reimbursable state mandate upon counties by requiring district attorney offices to actively assist in the resolution of child custody problems including visitation disputes, the enforcement of custody decrees and of any other order of the court in a child custody proceeding. These activities include all actions necessary to locate a child, the enforcement of child custody decrees, orders to appear, or any other court order defraying expenses related to the return of an illegally detained, abducted or concealed child, proceeding with civil court actions, and guaranteeing the appearance of offenders and minors in court actions. The Board's finding was in response to a claim of first impression filed by the County of San Bernardino.

III. ELIGIBLE CLAIMANTS

Any county which incurs increased costs as a result of this mandate is eligible to claim reimbursement of those costs.

IV. PERIOD OF REIMBURSEMENT

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Chapter 1399, Statutes of 1976, became effective January 1, 1977. Section 17557 of the Government Code (GC) stated that a test claim must be submitted on or before November 30th following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was filed on April 17, 1979; therefore, costs incurred on or after July 1, 1978, are reimbursable. San Bernardino County may claim and be reimbursed for mandated costs incurred on or after July 1, 1977.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561 (d) (3) of the Government Code (GC), all claims for reimbursement of costs shall be submitted within 120 days of issuance of the claiming instructions by the State Controller.

If the total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code Section 17564.

V. REIMBURSABLE COSTS

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of the Mandate

Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren) by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody or visitation, as provided in Family Code Sections 3130 to 3134.5, with the exception of those activities listed in

Section VI.

B. Reimbursable Activities

For each eligible claimant meeting the above criteria, all direct and indirect costs of labor, materials and supplies, training and travel for the following activities are eligible for reimbursement:

1. Obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders, including:
 - a. Contact with child(ren) and other involved persons.
 - (1) Receipt of reports and requests for assistance.
 - (2) Mediating with or advising involved individuals. Mediating services may be provided by other departments. If this is the case, indicate the department.
 - (3) Locating missing or concealed offender and child(ren).
 - b. Utilizing any appropriate civil or criminal court action to secure compliance.
 - (1) Preparation and investigation of reports and requests for assistance.
 - (2) Seeking physical restraint of offenders and/or the child(ren) to assure compliance with court orders.
 - (3) Process services and attendant court fees and costs.
 - (4) Depositions.
 - c. Physically recovering the child(ren).
 - (1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
 - (2) Other personal necessities for the child. All such items purchased must be itemized.
2. Court actions and costs in cases involving child custody or visitation orders from another jurisdiction, which may include, but are not limited to, utilization of the Uniform Child Custody Jurisdiction Act (Family Code Sections 3400 through 3425) and actions relating to the Federal Parental Kidnapping Prevention Act (42 USC 1738A) and The Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction (Senate Treaty Document 99-11, 99th Congress, 1st Session).
 - a. Cost of providing foster care or other short-term care for any child pending return to the out-of-jurisdiction custodian. The reimbursable period of foster home care or other short-term care

may not exceed three days unless special circumstances exist.

Please explain the special circumstances. A maximum of ten days per child is allowable. Costs must be identified per child, per day.

This cost must be reduced by the amount of state reimbursement for foster home care which is received by the county for the child(ren) so placed.

- b. Cost of transporting the child(ren) to the out-of-jurisdiction custodian.
 - (1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
 - (2) Other personal necessities for the child(ren). All such items purchased must be itemized. Cost recovered from any party, individual or agency, must be shown and used as an offset against costs reported in this section.
 - (3) Securing appearance of offender and/or child(ren) when an arrest warrant has been issued or other order of the court to produce the offender or child(ren).
 - (a) Cost of serving arrest warrant or order and detaining the individual in custody, if necessary, to assure appearance in accordance with the arrest warrant or order.
 - (b) Cost of providing foster home care or other short-term care for any child requiring such because of the detention of the individual having custody. The number of days for the foster home care or short-term care shall not exceed the number of days of the detention period of the individual having physical custody of the minor.
 - (4) Return of an illegally obtained or concealed child(ren) to the legal custodian or agency.
 - (a) Costs of food, lodging, transportation and other personal necessities for the child(ren) from the time he/she is located until he/she is delivered to the legal custodian or agency. All personal necessities purchased must be itemized.
 - (b) Cost of an escort for the child(ren), including costs

of food, lodging, transportation and other expenses where such costs are a proper charge against the county. The type of escort utilized must be specified.

Any funds received as a result of costs assessed against a defendant or other party in a criminal or civil action for the return or care of the minor(s) (or defendant, if not part of a criminal extradition) must be shown and used as an offset against these costs.

VI. NON-REIMBURSABLE COSTS

- A. Costs associated with criminal prosecution, commencing with the defendant's first appearance in a California court, for offenses defined in Sections 278 or 278.5 of the Penal Code, wherein the missing, abducted, or concealed child(ren) has been returned to the lawful person or agency.

VII. CLAIM PREPARATION AND SUBMISSION

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section V of this document.

A. Direct Costs

Direct costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

1. Salary and Employees' Benefits

Identify the employee(s), show the classification of the employee(s) involved, describe the mandated functions performed and specify the actual number of hours devoted to each function, the productive hourly rate, and the related benefits. The average number of hours devoted to each function may be claimed if supported by a documented time study. Benefits are reimbursable; however, benefit rates must be itemized. If no itemization is submitted, 21 percent must be used for computation of claimed cost.

2. Contracted Services

Provide copies of the contract, separately show the contract services performed relative to the mandate, and the itemized costs for such services. Invoices must be submitted as supporting documentation with

the claim.

3. Materials and Supplies

Only expenditures which can be identified as a direct cost of the mandate such as, but not limited to, vehicles, office equipment, communication devices, memberships, subscriptions, publications, may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received from the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

4. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlement are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points, and travel costs.

5. Training

The cost of training an employee to perform the mandated activities is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem. Ongoing training is essential to the performance of this mandate because of frequent turnover in staff, rapidly changing technology, and developments in case law, statutes, and procedures. Reimbursable training under this section includes child abduction training scheduled during the California Family Support Council's conferences, the annual advanced child abduction training sponsored by the California District Attorney Association, and all other professional training.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate, and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through

a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) for the department if the indirect cost rate claimed exceeds 10%. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB Circular A-87. An ICRP must be submitted with the claim when the indirect cost rate exceeds 10%.

1. Reimbursements

On a separate schedule, show details of any reimbursements received from the individuals or agencies involved in these cases. Show the total amount of such reimbursements as a reduction of the amount claimed on the cost summary form.

In addition, the costs claimed must be reduced by the amount recovered from the charges imposed by the court.

Any amount received by a county and forwarded directly to the state, must be reported on the cost summary form, but will not reduce the amount of the claim.

2. Mileage and Travel

Local entities will be reimbursed according to the rules of the local jurisdiction.

VIII. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

IX. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT

Any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source e.g., federal, state, etc., shall be identified and deducted from the claim.

X. REQUIRED CERTIFICATION

An authorized representative of the claimant will be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained therein.

All offsetting revenues and reimbursements set forth in the parameters and guidelines are identified, and all costs claimed are supported by source documentation currently maintained by the claimant.

The amount for this reimbursement is hereby claimed from the State for payment of actual costs set forth on the attached statements.

Joyce Renison, Assistant Auditor-Controller
Sacramento County
700 H Street, Room 3650
Sacramento, CA 95814

Dear Ms. Renison:

The State Controller's Office (SCO) audited the costs claimed by Sacramento County for the legislatively mandated Custody of Minors – Child Abduction and Recovery Program for the period of July 1, 2016, through June 30, 2019.

The county claimed and was paid \$1,885,876 for costs of the mandated program. Our audit found that \$1,420,782 is allowable and \$465,094 is unallowable. The costs are unallowable primarily because the county claimed costs for unallowable activities and did not claim actual costs.

Following issuance of this audit report, the SCO's Local Government Programs Services Division will notify the county of the adjustment to its claims via a system-generated letter for each fiscal year in the audit period.

This final audit report contains an adjustment to costs claimed by the county. If you disagree with the audit findings, you may file an Incorrect Reduction Claim (IRC) with the Commission on State Mandates (Commission). Pursuant to the Commission's regulations, outlined in Title 2, California Code of Regulations, section 1185.1, subdivision (c), an IRC challenging this adjustment must be filed with the Commission no later than three years following the date of this report, regardless of whether this report is subsequently supplemented, superseded, or otherwise amended. IRC information is available on the Commission's website at www.csm.ca.gov/forms/IRCForm.pdf.

If you have any questions, please contact Lisa Kurokawa, Chief, Compliance Audits Bureau, by telephone at (916) 327-3138.

Audit Report

Summary

The State Controller’s Office (SCO) audited the costs claimed by Sacramento County for the legislatively mandated Custody of Minors – Child Abduction and Recovery Program for the period of July 1, 2016, through June 30, 2019.

The county claimed and was paid \$1,885,876 for costs of the mandated program. Our audit found that \$1,420,782 is allowable and \$465,094 is unallowable. The costs are unallowable primarily because the county claimed costs for unallowable activities and did not claim actual costs.

Background

Chapter 1399, Statutes of 1976, established the Child Abduction and Recovery mandated program, based on the following laws:

- Civil Code section 4600.1 (repealed and added as Family Code sections 3060 through 3064 by Chapter 162, Statutes of 1992);
- Penal Code (PC) sections 278 and 278.5 (repealed and added as PC sections 277, 278, and 278.5 by Chapter 988, Statutes of 1996); and
- Welfare and Institutions Code section 11478.5 (repealed and added as Family Code section 17506 by Chapter 478, Statutes of 1999; last amended by Chapter 759, Statutes of 2002).

These laws require the District Attorney’s Office to assist persons having legal custody of a child in:

- Locating their children when they are unlawfully taken away;
- Gaining enforcement of custody and visitation decrees and orders to appear;
- Defraying expenses related to the return of an illegally detained, abducted, or concealed child;
- Civil court action proceedings; and
- Guaranteeing the appearance of offenders and minors in court actions.

On September 19, 1979, the State Board of Control (now the Commission on State Mandates) determined that this legislation imposed a state mandate reimbursable under Government Code (GC) section 17561.

The parameters and guidelines establish the state mandate and define the reimbursement criteria. The Commission on State Mandates adopted the parameters and guidelines on January 21, 1981; they were last amended on October 30, 2009. In compliance with GC section 17558, the SCO issues claiming instructions for mandated programs to assist local agencies in claiming reimbursable costs.

Audit Authority

We conducted this performance audit in accordance with GC sections 17558.5 and 17561, which authorize the SCO to audit the county's records to verify the actual amount of the mandated costs. In addition, GC section 12410 provides the SCO with general audit authority to audit the disbursement of state money for correctness, legality, and sufficient provisions of law.

Objective, Scope, and Methodology

The objective of our audit was to determine whether costs claimed represent increased costs resulting from the legislatively mandated Custody of Minors – Child Abduction and Recovery Program. Specifically, we conducted this audit to determine whether costs claimed were supported by appropriate source documents, were not funded by another source, and were not unreasonable and/or excessive.¹

The audit period was July 1, 2016, through June 30, 2019.

To achieve our objective, we completed the following tasks:

- We reviewed the annual mandated cost claims filed by the county for the audit period and identified the significant cost components of each claim as salaries and benefits, materials and supplies, travel and training, and indirect costs. We determined whether there were any errors or unusual or unexpected variances from year to year. We reviewed the activities claimed to determine whether they adhered to the SCO's claiming instructions and the program's parameters and guidelines.
- We completed an internal control questionnaire by interviewing key county staff. We discussed the claim preparation process with county staff to determine what information was obtained, who obtained it, and how it was used.
- We reviewed activity codes charged by the county and job descriptions for the audit period.
- We judgmentally selected the following cases for review:
 - Fiscal year (FY) 2016-17 – six cases, which equaled 21% of Salaries and Benefits claimed for the year;
 - FY 2017-18 – nine cases, which equaled 20% of Salaries and Benefits claimed for the year; and
 - FY 2018-19 – 10 cases, which equaled 20% of Salaries and Benefits claimed for the year.
- We isolated the claimed costs associated with standard distributed time, as these costs are not specifically for the mandated cost program. 100% of these costs are unallowable (see Finding 1 for more information).

¹ Unreasonable and/or excessive costs include ineligible costs that are not identified in the program's parameters and guidelines as reimbursable costs.

- We isolated the claimed costs associated with PC section 278.7 (commonly known as “good cause” cases), as these cases are not allowable per the program’s parameters and guidelines. 100% of these costs are unallowable (see Finding 1 for more information).
- We traced claimed productive hourly rates for the audit period to county-provided personnel budget schedules. We noted no exceptions to the claimed productive hourly rates.
- We reviewed claimed materials and supplies costs and found that the county claimed costs that were allocated to the State Targeted Offenders Unit as direct costs applicable to the mandated program, although the costs were not actual costs supported by source documentation. Per the program’s parameters and guidelines, only actual costs are allowed. We found \$217,020 in materials and supplies costs to be unallowable (see Finding 2 for more information).
- We reviewed 100% of the claimed travel and training costs for the audit period. We found immaterial variances in the claimed travel and training costs that did not result in a finding.
- We reviewed the claimed indirect cost rates, including supporting documentation provided by the county. We found that the indirect cost rates were properly supported.
- We interviewed county personnel and reviewed the county’s Single Audit Reports and revenues reports to identify potential sources of offsetting revenues and reimbursements from federal or pass-through programs applicable to this mandated program. We found that the county did not receive any funding for this mandate that should be offset from claimed costs.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

We did not audit the county’s financial statements.

Conclusion

As a result of performing the audit procedures, we found instances of noncompliance with the requirements described in our audit objective. We did not find that the county claimed costs that were funded by other sources; however, we did find that it claimed unsupported and ineligible costs, as quantified in the Schedule and described in the Findings and Recommendations section of this audit report.

For the audit period, the county claimed and was paid \$1,885,876 for costs of the legislatively mandated Custody of Minors – Child Abduction and Recovery Program. Our audit found that \$1,420,782 is allowable and \$465,094 is unallowable.

Following issuance of this audit report, the SCO's Local Government Programs and Services Division will notify the county of the adjustment to its claims via a system-generated letter for each fiscal year in the audit period.

**Follow-up on
Prior Audit
Findings**

The county has satisfactorily resolved the findings noted in our prior audit report for the period of July 1, 2001, through June 30, 2003, issued on August 5, 2005.

**Views of
Responsible
Officials**

We issued a draft report on November 17, 2021. John Black, CPA, Chief, Administrative and Fiscal Services, responded by letter dated December 10, 2021, disagreeing with the audit results. This final audit report includes the county's response.

Restricted Use

This audit report is solely for the information and use of Sacramento County, the California Department of Finance, and the SCO; it is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this audit report, which is a matter of public record and is available on the SCO website at www.sco.ca.gov.

Findings and Recommendations

FINDING 1— Overstated salaries and benefit costs and related indirect costs

The county claimed \$1,210,415 in salaries and benefits for the audit period. We determined that \$1,024,012 is allowable and \$186,403 is unallowable. The related unallowable indirect costs total \$61,671, for total unallowable costs of \$248,074. The costs are unallowable because the county claimed time for activities performed for “good cause” cases, and did not claim actual time spent on mandated activities.

The following table summarizes the overstated salaries and benefits, the related indirect costs, and the audit adjustment:

	<u>FY 2016-17</u>	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Total</u>
Overstated salaries and benefits:				
“Good cause” cases (PC section 278.7)	\$ (9,910)	\$ (6,757)	\$ (15,609)	\$ (32,276)
Standard distributed time	(40,314)	(44,849)	(68,964)	(154,127)
Total unallowable salaries and benefits	A (50,224)	(51,606)	(84,573)	(186,403)
Claimed indirect cost rate	B 34.96%	31.58%	32.89%	
Related indirect costs (A × B)	C (17,558)	(16,297)	(27,816)	(61,671)
Audit adjustment (A + C)	D \$ (67,782)	\$ (67,903)	\$ (112,389)	\$ (248,074)

Standard Distributed Time

The county claimed time for employees working on non-program-specific activities—including supervisory, general clerical, and billing—for the State Targeted Offenders Unit. This time is categorized as standard distributed (SD) time, and is allocated monthly, based on the unit’s case load for all programs. The time is then spread amongst the programs based on the full-time equivalent percentage for each program.

We determined that \$154,127 claimed for SD time salaries and benefits is unallowable, because SD time is not actual time spent on traceable mandated activities.

Section V, “Reimbursable Costs,” of the parameters and guidelines states, in part:

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

“Good Cause” Cases

The county claimed time spent on activities for PC section 278.7 cases (commonly referred to as “good cause” cases). We determined that the salaries and benefits claimed, totaling \$32,276, are unallowable because

the parameters and guidelines do not identify activities related to PC section 278.7 cases as a reimbursable cost.

The parameters and guidelines incorporate requirements of PC sections 278 and 278.5, as amended by Chapter 988, Statutes of 1996. This law, known as the Parental Kidnapping Prevention Act, also added section 278.7 to the Penal Code. However, PC section 278.7 was not incorporated into the parameters and guidelines; therefore, any costs claimed under this section are not reimbursable.

Recommendation

We recommend that the county:

- Follow the mandated program claiming instructions and the parameters and guidelines when preparing its reimbursement claims; and
- Ensure that claimed costs include only eligible costs, are based on actual costs, and are properly supported.

County Response

Standard Distributed Times

The Audit Report concluded that salaries and benefits for Standard Distributed (SD) time in the amount of \$154,127 claimed by the DA's Office during the audit period (July 1, 2016 – June 30, 2019) were unallowable. We do not agree with this finding.

California Family Code sections 3130 through 3134.5 mandate that District Attorneys assist the courts in enforcing their child custody and visitation orders and in locating and returning children who have been taken or detained in violation of another person's custody right. Prosecutors are authorized to utilize any appropriate civil or criminal proceeding to assist the courts in enforcing their orders and to locate and recover missing children. District Attorneys' child abduction work is reimbursable by the state under the Child Abduction and Recovery Mandate.

The DA's Office has a State Targeted Offenders Program (STOP), which consists of our Child Abduction and Recovery Program, CDCR prison prosecutions, and other state-reimbursed programs. This allows for consolidation of supervisory, clerical, and other general costs such as rent, phones, office supplies, and insurance for which the state will provide reimbursement. These costs were then subdivided amongst the various state-reimbursed programs within STOP, directly allocating those expenses to the appropriate program according to time studies. Employees who worked on Child Abduction cases tracked their time daily and only time actually worked on applicable cases was thereafter billed to the state. Many of these employees work exclusively on Child Abduction and Recovery cases. For other employees who provided supportive activities, such as clerical, supervisory, and billing, when they recorded time generally, those hours were proportioned based on the number of worked during the month. If not for state mandate, the DA's Office would not have had these dedicated employees and their related costs of employment handling Child Abduction and Recovery matters. The DA's Office allocated and claimed these costs using what was believed to be a reasonable methodology, which was applied consistently

and not disproportionately allocated to this mandated program. The time claimed was general administrative time on behalf of eligible cases as a whole, spread amongst the programs based on the full-time equivalent percentage for each program.

In finding that this methodology was unallowable, the audit relied upon and quoted the following language from section V of the 2009 *Custody of Minors: Child Abduction and Recovery* Amendment to Parameters and Guidelines (“Parameters and Guidelines”):

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Furthermore, the auditor noted that each cost had to be attributed to an actual case. However, the language of section V does not require that all costs be attributed to an actual *case*. Instead, it uses the language of “actual costs” (emphasis added). These are defined as “those costs actually incurred to implement the mandated activities.” It specifically allows the use of “employee time records or time logs” as a methodology to show actual costs. Additionally, section V goes on to provide that evidence corroborating the validity of costs may include “worksheets” and “cost allocation reports (system generated).” Section V by its very terms anticipates and allows for allocating costs. Subsection A of section V provides, “Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren) by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation....” This includes both direct and indirect costs.

The DA’s Office has properly submitted for reimbursement those increased costs which it was required to incur in order to conduct the mandated activities related to Child Abduction and Recovery. The DA’s Office used time records, time logs, and worksheets generated by employees detailing the time they worked on Child Abduction and Recovery activities, and then used cost allocation to determine the full-time equivalent percentage of those expenses attributable to that particular program. These reflect the DA’s actual costs associated with providing these mandated actions. The DA’s Office consolidation of services saves the state by avoiding duplicative costs.

We respectfully disagree with the audit’s findings and intend to submit an Incorrect Reduction Claim. However, in light of the audit’s findings and to avoid future billing disputes, moving forward, until any Incorrect Reduction Claim is resolved, the DA’s Office will individually track administrative time by case. Adjustments have been made to update time keeping so that all costs are directly charged to the specific case worked.

“Good Cause” Cases

Child abduction cases take many different forms, oftentimes evolving as an investigation unfolds. Complaints of a child abduction are received and reviewed by DA staff. It is not uncommon that while investigating a complaint, the DA’s Office will be contacted by the alleged offender with a “Good Cause” claim pursuant to Penal Code section 278.7 that the person has a good faith and reasonable belief that the child, if left with the other person, will suffer immediate bodily injury or physical harm. Furthermore, frequently the DA’s Office will receive multiple complaints regarding the same child or children and involved parties, which may relate back to a prior “Good Cause” claim, but each new complaint must be investigated anew.

The Audit Report noted that, even if otherwise in the context of a child abduction investigation, “Good Cause” cases are unallowable because the Parameters and Guidelines do not identify activities related to section 278.7 cases as a reimbursable cost. The finding determined that the DA’s Office claimed unallowable costs in the amount of \$32,276 related to “Good Cause” cases. We do not agree with this finding.

The Legislature created the Child Abduction and Recovery Mandate by statute in 1976. The code sections that set forth these provisions and the specific mandates were thereafter repealed and reissued with different section numbers. Former Civil Code section 4604 was reissued as Family Code sections 3130 and 3131. Family Code section 3130 provides that if a petition to determine custody of a child has been filed in court or a temporary order pending determination of custody has been entered, and the whereabouts of a party in possession of the child are not known or there is reason to believe that the party may not appear in the proceedings although ordered to appear personally with the child, *District Attorneys are mandated to take all actions necessary to locate the party and the child and to procure compliance with the order to appear with the child for purposes of adjudication of custody.* Family Code section 3131 provides that if a custody or visitation order has been entered and the child is taken or detained by another person in violation of the order, *District Attorneys are mandated to take all actions necessary to locate and return the child and the person who violated the order,* as well as assist in enforcement of the custody or visitation order or other order of the court by use of an appropriate civil or criminal proceeding. Neither section provides for or mentions a “Good Cause” exception. Although such a claim may arise in the course of an investigation, District Attorneys are still mandated by statute to take all actions necessary in locating the parties and procuring compliance, which would necessarily involve an evaluation of any “Good Cause” claim that is made.

Furthermore, as previously noted, subsection A of section V in the Parameters and Guidelines provides, “Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney *actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren)* by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation...” (emphasis added). Actively assisting in the resolution of child custody and visitation problems can involve and result in a “Good Cause” claim. All actions necessary in locating and returning a child can involve and result in a “Good Cause” claim. Thus, those costs should be allowable as they fall within mandated activities.

In creating the Child Abduction and Recovery Mandate in 1976, the Legislature added, amongst other things, two specific Penal Code provisions that prosecutors could charge as part of their authorization to utilize any appropriate civil or criminal proceedings to assist, as mandated, the courts in enforcing their orders and to locate and recover missing children (these two criminal provisions were later renumbered as Penal Code sections 278 and 278.5). In 1996, the Legislature added Penal Code section 278.7, which provides a specific exception for prosecutions under section 278.5 for “Good Cause” claims. Essentially, section 278.7 creates a defense to prosecution under section 278.5.

Part of investigating a potential criminal matter involves a determination of whether any particular defenses would excuse or justify the behavior, thus negating the possibility of successfully utilizing criminal proceedings to prosecute the matter. Imagine the state mandated that DA’s Offices investigate homicide cases under Penal Code section 187. However, Penal Code section 196 sets forth when a homicide may be justified, which includes homicides committed in self-defense. Using the same logic followed in the Audit Report, prosecutors would not be entitled to reimbursement for investigation for any homicide where the investigation led to a determination that the homicide was committed in self-defense because Penal Code section 196 is a different provision than section 187. However, it is still a homicide. Similarly, “Good Cause” cases are still a form of child abduction, where one person has deprived another of lawful custody or visitation, but for a lawfully excused reason.

We respectfully disagree with the audit’s findings and intend to submit an Incorrect Reduction Claim. However, in light of the audit’s findings and to avoid future billing disputes, moving forward, until any Incorrect Reduction Claim is resolved, the DA’s Office will review and modify its method of tracking “Good Cause” cases. Additional training has been provided to staff. Time will be tracked to the appropriate case and case review will occur prior to reimbursement request.

A change in allowable indirect costs of \$61,671 was associated with the adjustments from the SD times and “Good Cause” cases. The method of determining the indirect cost was not subject to a finding.

SCO’s Response

Our finding and recommendation remain unchanged.

Standard Distributed Times

In an email from the county dated February 3, 2021, the county explained the SD time as follows:

This is time spent working on non-program specific activities for the [State Targeted Offenders] unit as a whole. For example, a clerical person performs the mail run which takes 2.0 hours. They enter this as 2.0 hours general clerical and charge it to the whole unit. If we only worked on 4 cases that month, (1 Child Abduction, 1 SVP, 1 Prisons and 1 WF), each case in the month would get the 2.0 hours spread based on the FTE percentage for each unit.

Section V. (Reimbursable Activities) of the parameters and guidelines states, in part:

Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities.

Per the county, SD time is spent working on “non-program specific activities.” As these claimed costs are non-program-specific, we are unable to determine the validity of these costs and their relationship to the reimbursable activities.

Furthermore, the county separately identified, and claimed, a category called Program Distributed (PD) time. The county explained in an email dated February 3, 2021:

This is time spent working on a program but not a specific case. When entered in the system, it spreads this time over all the cases that were worked on in that specific program for the month. For example, a clerical person work on updating the child abduction logs for 2 hours. They enter this as 2.0 hours general clerical and charge it to the Child Abduction program. If we only worked on 2 child abduction cases throughout the month, each case would show 1.0 hours of PD – General Clerical billing.

We determined that PD time was allowable, as the activities performed were directly related the Child Abduction and Recovery Program. Any disallowed PD time was directly attributable to time spent on activities related to PC section 278.7 cases (commonly referred to as “good cause” cases). These cases are not incorporated into the program’s parameters and guidelines.

The county states “Furthermore, the auditor noted that each cost had to be attributed to an actual case.” We disagree with this statement.

As stated in the county’s response, “Employees who worked on Child Abduction cases tracked their time daily and only time actually worked on applicable cases was thereafter billed to the state.” For the time claimed for employees’ activities performed directly on cases, we requested case files to determine the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. The county disagrees with the exclusion of SD time as part this audit report, but its own records already segregate SD time and PD time. PD time is directly attributable to Child Abductions cases, but SD time is for “non-program specific” activities and, per the program’s parameters and guidelines, is not considered an “actual cost.”

“Good Cause” Cases

The county states:

Actively assisting in the resolution of child custody and visitation problems can involve and result in a “Good Cause” claim. All actions necessary in locating and returning a child can involve and result in a “Good Cause” claim. Thus, those costs should be allowable as they fall within mandated activities.

We disagree. The costs do not “fall within the mandated activities,” because activities for PC 278.7 are not identified in the parameters and guidelines.

During the audit, the county provided a list of “good cause” cases that it had misidentified. As stated by the county in an email on August 27, 2021, “The cases were reported to the county as ‘Good Cause’ cases but turned out to be child abduction cases after all.” Therefore, we allowed the time spent on mandated activities performed on these misidentified cases. All other “good cause” cases confirmed by the county, and the associated time claimed, were disallowed.

**FINDING 2—
Overstated materials
and supplies costs**

The county claimed a total of \$260,652 in materials and supplies costs for the audit period. We determined that \$43,632 is allowable and \$217,020 is unallowable. These costs are unallowable because the county claimed costs that were allocated to the State Targeted Offenders Unit, rather than actual costs supported by source documentation.

The following table shows the materials and supplies costs claimed by the State Targeted Offenders Unit, the allowable costs, and the audit adjustment by fiscal year:

Fiscal Year	Amount Claimed	Amount Allowable	Audit Adjustment
2016-17	\$ 67,970	\$ 2,966	\$ (65,004)
2017-18	81,806	7,937	(73,869)
2018-19	110,876	32,729	(78,147)
	<u>\$260,652</u>	<u>\$ 43,632</u>	<u>\$(217,020)</u>

The county developed a methodology for allocating a percentage of materials and supplies costs incurred by the State Targeted Offenders Unit as direct costs applicable to the mandated program. For each fiscal year, the county calculated the ratio of the State Targeted Offenders Unit’s program-related salaries and benefits to the unit’s total salaries and benefits. To determine program-related materials and supplies costs, the county applied the applicable percentage to the materials and supplies costs incurred by the State Targeted Offenders Unit.

The following table illustrates the methodology used to calculate the State Targeted Offenders Unit’s materials and supplies costs, and the related audit adjustments by fiscal year.

Costs for the State Targeted Offenders Unit	Fiscal Year									Total Audit Adj.
	2016-17			2017-18			2018-19			
	Total Claimed	Total Allowable	Total Adj.	Total Claimed	Total Allowable	Total Adj.	Total Claimed	Total Allowable	Total Adj.	
Non-salary and benefit costs	\$ 737,151	-		\$ 788,279	-		\$ 747,223	-		
Less: travel and training	(18,842)	-		(21,113)	-		(23,290)	-		
Non-travel and training costs	718,309	-		767,166	-		723,933	-		
Percent of salaries and benefits related to program	x 9.0495%	-		9.6288%	-		10.7948%	-		
Non-travel and training costs reported as direct program materials and supplies	65,004	-		73,869	-		78,147	-		
Actual direct materials and supplies	2,966	2,966		7,937	7,937		32,729	32,729		
Total materials and supplies costs	<u>\$ 67,970</u>	<u>\$ 2,966</u>	<u>\$(65,004)</u>	<u>\$ 81,806</u>	<u>\$ 7,937</u>	<u>\$(73,869)</u>	<u>\$ 110,876</u>	<u>\$ 32,729</u>	<u>\$(78,147)</u>	<u>\$(217,020)</u>

Based on the documentation provided, we determined that a total of \$217,020 in materials and supplies costs is unallowable. The costs are unallowable because the county did not claim actual costs that were supported by source documentation.

Section V., “Reimbursable Costs,” of the parameters and guidelines states, in part:

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Recommendation

We recommend that the county:

- Follow the mandated program claiming instructions and the parameters and guidelines when preparing its reimbursement claims; and
- Ensure that claimed costs include only eligible costs, are based on actual costs, and are properly supported.

County’s Response

As previously noted in the Standard Distributed Times discussion in response to Finding 1, the DA’s Office similarly relied on the reasonable methodology of cost allocation based on full-time equivalents (FTEs) to determine materials and supplies costs for this program. These costs include California mandated employment costs, general office supplies, computer infrastructure, phones, and leased facilities charges all used by staff working on the Child Abduction and Recovery Program. The Audit Report concluded that \$217,020 in materials and supplies costs were unallowable. The auditor noted that each cost had to be directly attributable to a particular case. We do not agree with this finding.

The employees who worked on child abduction matters tracked their time and only noted billable hours for reimbursable activities. From this, it can be calculated what percentage of their time was spent on reimbursable mandated activities, which then was used to determine the actual cost of related materials and supplies used in those efforts. As noted above, the Parameters and Guidelines permit cost allocation and allow for determining actual cost based on time records, time logs, and worksheets. This is a reasonable and appropriate manner to show actual cost. This audit process is now imposing additional requirements and limitations not set forth in the Parameters and Guidelines.

To analyze this finding further, the cost of phones can be used as an example. Employees need phones to do their jobs. A service fee is imposed to have that phone available. According to the auditor, the DA’s Office can only charge for the cost of the phone attributable to a particular case, i.e., the minutes spent on the phone per actual case. Some

of these employees worked exclusively on child abduction cases. The remaining employees split time working on child abduction cases and other state-mandated activities, for which they tracked their time. They would not have had a phone for this particular work if not mandated to perform these functions. Denying this as an actual cost would be akin to saying reimbursement would not be available for the cost of a desk chair and would instead only be allowable for the portion of the cost of the chair for the actual minutes we could show spent sitting in it directly working on a particular case.

To further show the validity of the methodology used by the DA's Office, the DA's Office provided an alternative cost allocation worksheet based on productive hourly rates and actual hours worked for further consideration. The alternative method totaled \$222,966 after backing out the unallowed SD time. The disallowed claim amount based on current methodology was \$217,020. The difference between the two methods is only \$5,946, providing further evidence that the current methodology is comparably accurate and reasonable.

We respectfully disagree with the audit's findings and intend to submit an Incorrect Reduction Claim. However, in light of the audit's findings and to avoid future billing disputes, moving forward, until any Incorrect Reduction Claim is resolved, the DA's Office will no longer request reimbursement using cost allocation methodologies. Management is working to implement a tracking mechanism for program costs so they can follow the claiming instructions as established in this audit process.

SCO's Response

Our finding and recommendation remain unchanged.

The county states "The auditor noted that each cost had to be directly attributable to a particular case." We disagree.

The county claimed both direct and allocated materials and supplies costs. For the direct materials and supplies costs claimed, we requested support to show the validity of claimed costs and their relationship to the reimbursable activities. The county supported the costs with child abduction and recovery case files. The county provided the related case files, and we determined that all direct materials supplies costs were allowable. We noted no exceptions for the direct materials and supplies costs claimed.

The county developed a methodology for allocating a percentage of materials and supplies costs incurred by the State Targeted Offenders Unit as direct costs applicable to the mandated program. These costs were allocated across all programs within the State Targeted Offenders Unit, but were claimed as direct costs directly attributable to the Child Abduction program.

The county states:

As noted above, the Parameters and Guidelines permit cost allocation and allow for determining actual cost based on time records, time logs, and worksheets. This is a reasonable and appropriate manner to show actual cost. This audit process is now imposing additional requirements and limitations not set forth in the Parameters and Guidelines.

We disagree. Cost allocation reports are considered corroborating documents and not source documents.

Section V. (Reimbursable Activities) of the parameters and guidelines states, in part:

A source document is a document created at or near the same time the actual costs were incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations ...However, corroborating documents cannot be substituted for source documents.

The county must claim only the actual costs for the reimbursable program. Actual costs are supported by source documentation. Cost allocation reports are not considered source documents.

Re: Audit of Legislatively Mandated Custody of Minors – Child Abduction and Recovery Program

Dear Ms. Kurokawa,

The Sacramento County District Attorney's (DA's) Office respectfully submits the following responses to the California State Controller's Audit Report regarding Sacramento County Custody of Minors – Child Abduction and Recovery Program for the period of July 1, 2016 – June 30, 2019.

Finding 1 – Overstated salaries and benefit costs and related indirect costs

Standard Distributed Times

The Audit Report concluded that salaries and benefits for Standard Distributed (SD) time in the amount of \$154,127 claimed by the DA's Office during the audit period (July 1, 2016 – June 30, 2019) were unallowable. We do not agree with this finding.

California Family Code sections 3130 through 3134.5 mandate that District Attorneys assist the courts in enforcing their child custody and visitation orders and in locating and returning children who have been taken or detained in violation of another person's custody right. Prosecutors are authorized to utilize any appropriate civil or criminal proceeding to assist the courts in enforcing their orders and to locate and recover missing children. District Attorneys' child abduction work is reimbursable by the state under the Child Abduction and Recovery Mandate.

The DA's Office has a State Targeted Offenders Program (STOP), which consists of our Child Abduction and Recovery Program, CDCR prison prosecutions, and other state-reimbursed programs. This allows for consolidation of supervisory, clerical, and other general costs such as rent, phones, office supplies, and insurance for which the state will provide reimbursement. These costs were then subdivided amongst the various state-reimbursed programs within STOP, directly allocating those expenses to the appropriate program according to time studies. Employees who worked on Child Abduction cases tracked their time daily and only time actually worked on applicable cases was thereafter billed to the state. Many of these employees work exclusively on Child Abduction and Recovery cases. For other employees who provided supportive activities, such as clerical, supervisory, and billing, when they recorded time generally, those hours were proportioned based on the number of worked during the month. If not for state mandate, the DA's Office would not have had these dedicated employees and their related costs of employment handling Child Abduction and Recovery matters. The DA's Office allocated and claimed these costs using what was believed to be a reasonable methodology, which was applied consistently and not disproportionately allocated to this mandated program. The time claimed was general administrative time on behalf of eligible cases as a whole, spread amongst the programs based on the full-time equivalent percentage for each program.

In finding that this methodology was unallowable, the audit relied upon and quoted the following language from section V of the 2009 *Custody of Minors: Child Abduction and Recovery* Amendment to Parameters and Guidelines ("Parameters and Guidelines"):

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Furthermore, the auditor noted that each cost had to be attributed to an actual case. However, the language of section V does not require that all costs be attributed to an actual case. Instead, it uses the language of "actual costs" (emphasis added). These are defined as "those costs actually incurred to implement the mandated activities." It specifically allows the use of

"employee time records or time logs" as a methodology to show actual costs. Additionally, section V goes on to provide that evidence corroborating the validity of costs may include "worksheets" and "cost allocation reports (system generated)." Section V by its very terms anticipates and allows for allocating costs. Subsection A of section V provides, "Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren) by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation...." This includes both direct and indirect costs.

The DA's Office has properly submitted for reimbursement those increased costs which it was required to incur in order to conduct the mandated activities related to Child Abduction and Recovery. The DA's Office used time records, time logs, and worksheets generated by employees detailing the time they worked on Child Abduction and Recovery activities, and then used cost allocation to determine the full-time equivalent percentage of those expenses attributable to that particular program. These reflect the DA's actual costs associated with providing these mandated actions. The DA's Office consolidation of services saves the state by avoiding duplicative costs.

We respectfully disagree with the audit's findings and intend to submit an Incorrect Reduction Claim. However, in light of the audit's findings and to avoid future billing disputes, moving forward, until any Incorrect Reduction Claim is resolved, the DA's Office will individually track administrative time by case. Adjustments have been made to update time keeping so that all costs are directly charged to the specific case worked.

"Good Cause" Cases

Child abduction cases take many different forms, oftentimes evolving as an investigation unfolds. Complaints of a child abduction are received and reviewed by DA staff. It is not uncommon that while investigating a complaint, the DA's Office will be contacted by the alleged offender with a "Good Cause" claim pursuant to Penal Code section 278.7 that the person has a good faith and reasonable belief that the child, if left with the other person, will suffer immediate bodily injury or physical harm. Furthermore, frequently the DA's Office will receive multiple complaints regarding the same child or children and involved parties, which may relate back to a prior "Good Cause" claim, but each new complaint must be investigated anew.

The Audit Report noted that, even if otherwise in the context of a child

abduction investigation, "Good Cause" cases are unallowable because the Parameters and Guidelines do not identify activities related to section 278.7 cases as a reimbursable cost. The finding determined that the DA's Office claimed unallowable costs in the amount of \$32,276 related to "Good Cause" cases. We do not agree with this finding.

The Legislature created the Child Abduction and Recovery Mandate by statute in 1976. The code sections that set forth these provisions and the specific mandates were thereafter repealed and reissued with different section numbers. Former Civil Code section 4604 was reissued as Family Code sections 3130 and 3131. Family Code section 3130 provides that if a petition to determine custody of a child has been filed in court or a temporary order pending determination of custody has been entered, and the whereabouts of a party in possession of the child are not known or there is reason to believe that the party may not appear in the proceedings although ordered to appear personally with the child, *District Attorneys are mandated to take all actions necessary to locate the party and the child and to procure compliance with the order to appear with the child for purposes of adjudication of custody.* Family Code section 3131 provides that if a custody or visitation order has been entered and the child is taken or detained by another person in violation of the order, *District Attorneys are mandated to take all actions necessary to locate and return the child and the person who violated the order,* as well as assist in enforcement of the custody or visitation order or other order of the court by use of an appropriate civil or criminal proceeding. Neither section provides for or mentions a "Good Cause" exception. Although such a claim may arise in the course of an investigation, District Attorneys are still mandated by statute to take all actions necessary in locating the parties and procuring compliance, which would necessarily involve an evaluation of any "Good Cause" claim that is made.

Furthermore, as previously noted, subsection A of section V in the Parameters and Guidelines provides, "Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney *actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren)* by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation..." (emphasis added). Actively assisting in the resolution of child custody and visitation problems can involve and result in a "Good Cause" claim. All actions necessary in locating and returning a child can involve and result in a "Good Cause" claim. Thus, those costs should be allowable as they fall within mandated activities.

In creating the Child Abduction and Recovery Mandate in 1976, the Legislature added, amongst other things, two specific Penal Code provisions that prosecutors could charge as part of their authorization to utilize any appropriate civil or criminal proceedings to assist, as mandated, the courts in enforcing their orders and to locate and recover missing children (these two criminal provisions were later renumbered as Penal Code sections 278 and 278.5). In 1996, the Legislature added Penal Code section 278.7, which provides a specific exception for prosecutions under section 278.5 for "Good Cause" claims. Essentially, section 278.7 creates a defense to prosecution under section 278.5.

Part of investigating a potential criminal matter involves a determination of whether any particular defenses would excuse or justify the behavior, thus negating the possibility of successfully utilizing criminal proceedings to prosecute the matter. Imagine the state mandated that DA's Offices investigate homicide cases under Penal Code section 187. However, Penal Code section 196 sets forth when a homicide may be justified, which includes homicides committed in self-defense. Using the same logic followed in the Audit Report, prosecutors would not be entitled to reimbursement for investigation for any homicide where the investigation led to a determination that the homicide was committed in self-defense because Penal Code section 196 is a different provision than section 187. However, it is still a homicide. Similarly, "Good Cause" cases are still a form of child abduction, where one person has deprived another of lawful custody or visitation, but for a lawfully excused reason.

We respectfully disagree with the audit's findings and intend to submit an Incorrect Reduction Claim. However, in light of the audit's findings and to avoid future billing disputes, moving forward, until any Incorrect Reduction Claim is resolved, the DA's Office will review and modify its method of tracking "Good Cause" cases. Additional training has been provided to staff. Time will be tracked to the appropriate case and case review will occur prior to reimbursement request.

A change in allowable indirect costs of \$61,671 was associated with the adjustments from the SD times and "Good Cause" cases. The method of determining the indirect cost was not subject to a finding.

Finding 2 – Overstated materials and supplies costs

As previously noted in the Standard Distributed Times discussion in response to Finding 1, the DA's Office similarly relied on the reasonable methodology of cost allocation based on full-time equivalents (FTEs) to determine

materials and supplies costs for this program. These costs include California mandated employment costs, general office supplies, computer infrastructure, phones, and leased facilities charges all used by staff working on the Child Abduction and Recovery Program. The Audit Report concluded that \$217,020 in materials and supplies costs were unallowable. The auditor noted that each cost had to be directly attributable to a particular case. We do not agree with this finding.

The employees who worked on child abduction matters tracked their time and only noted billable hours for reimbursable activities. From this, it can be calculated what percentage of their time was spent on reimbursable mandated activities, which then was used to determine the actual cost of related materials and supplies used in those efforts. As noted above, the Parameters and Guidelines permit cost allocation and allow for determining actual cost based on time records, time logs, and worksheets. This is a reasonable and appropriate manner to show actual cost. This audit process is now imposing additional requirements and limitations not set forth in the Parameters and Guidelines.

To analyze this finding further, the cost of phones can be used as an example. Employees need phones to do their jobs. A service fee is imposed to have that phone available. According to the auditor, the DA's Office can only charge for the cost of the phone attributable to a particular case, i.e., the minutes spent on the phone per actual case. Some of these employees worked exclusively on child abduction cases. The remaining employees split time working on child abduction cases and other state-mandated activities, for which they tracked their time. They would not have had a phone for this particular work if not mandated to perform these functions. Denying this as an actual cost would be akin to saying reimbursement would not be available for the cost of a desk chair and would instead only be allowable for the portion of the cost of the chair for the actual minutes we could show spent sitting in it directly working on a particular case.

To further show the validity of the methodology used by the DA's Office, the DA's Office provided an alternative cost allocation worksheet based on productive hourly rates and actual hours worked for further consideration. The alternative method totaled \$222,966 after backing out the unallowed SD time. The disallowed claim amount based on current methodology was \$217,020. The difference between the two methods is only \$5,946, providing further evidence that the current methodology is comparably accurate and reasonable.

We respectfully disagree with the audit's findings and intend to submit an Incorrect Reduction Claim. However, in light of the audit's findings and to

avoid future billing disputes, moving forward, until any Incorrect Reduction Claim is resolved, the DA's Office will no longer request reimbursement using cost allocation methodologies. Management is working to implement a tracking mechanism for program costs so they can follow the claiming instructions as established in this audit process.

Sincerely,

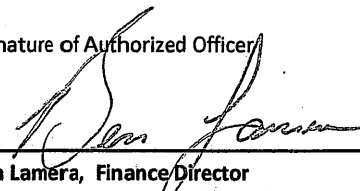

John Black, CPA
